Estimate of the Western Gas Construction Company in the amount of 315.00 -109

Estimate of the Webster Manufacturing Company in the amount of 2,000.00 -109

Agreement between City of Fort Wayne and Western Gas Construction Company entered into on the 16th day of March, 1933, approved, -112

Estimate No. 2, of Hipskind Heating & Plumbing Co. in the amount $10,449.50--114

Estimate No. 1, of Sussman Asbestos Company, in the amount of $2,109.00 - 116

Estimate of Max Irmscher and Sons, in the amount of $8,000.00 - 118

Estimate of Ingersoll-Rand Company, in the amount of $314.00 - 119

Estimate of Henry Electric Co. Division #14, in the amount of $1163.65 - 125

Sub-contract
Lead sheathed cables, unit package cable jointing materials - The General Cable Corporation - 126

Estimate of the Froehlich & Emery Engineering Company, for field and office supervision in the amount of $1,000.00 - 127

Sub-Contract (Hatzel & Buehler)
Cable terminal and accessories - General Cable Corporation - 127

RESOLUTION
Construction of new boiler plant and additional steam turbine generating unit and accessories - 128

Agreement by and between the City of Fort Wayne and The Froehlich & Emery Engineering Company, Re; new boiler plant, etc., approved and ordered sent to Council - 128

Estimate 1, Division 12- Deel Electrical Engineering & Construction Company approved in the amount of $4,867.44- 131

Divisions 1, 2, 3, 4 and 10 - estimates in the amount of 15,000.10 - 133

Estimate No. 2, United Conveyors Corp. in the amount of 6,375.00 - 135

Estimate of Hatzel and Buehler, Inc., Division No. 13, amount of 2,125.00 - 135

Estimate No. 2, Sussman Asbestos Co., in the amount of 3,026.00 - 137

Estimate No. 2, Deel Electric Eng. & Constr, Co. 3,478.52 - 139

Private Side Track Agreement between N. Y. C. Railroad Co. and City of Fort Wayne, APPROVED (the sum of $149.29) - 142

The Froehlich & Emery Engineering Company presented plans, specifications and estimates for Division No. 1 - One 15,000 kilowatt, steam turbine generating unit and accessories ALSO Division No. 2 - One surface condenser with circulating pump, condensate pumps, pump drives, air ejectors etc. - 144

Notice to Contractors for the receiving of bids for the above - 144

Estimate No. 2, Division No. 14, Henry Electric Company $1,286.90 - 146

Estimate of American Engineering Company in the amount of $621.00 - 148

CITY LIGHT AND POWER WORKS PROJECT

Estimate No. 3, in favor of Hipskind Heating & Plumbing Co. amount	$5,176.50	- 150
Estimate of Froehlich & Emery Engineering Company	$5,500.00	- 150
Communication from Martin Braun, RE Deel Electric. Eng. Co. fees due	52.00	- 153
" " " " " Henry Electric Co.	58.35	- 153
Extra Orders,		
Hatzel & Buehler, connecting temporarily induced and forced draft and control etc. for Boiler No. 3,	510.00	- 153
Estimate of N. Y. Central R. R. Co, purchase price of 123 ft. of Railroad's side track, pumping plant at Clinton Street	142.29	- 15[illegible]
Estimate of the Sussman Asbestos Company in the amount of	1520.00	- 154
Estimate of Hatzel and Buehler, Inc., in the amount of	2075.00	- 154
Estimate of Hatzel & Buehler, Inc., in the amount of	510.10	- 157
Contract for Sub-structure and Steel Stairways for Battery and Control Building at Filtration Substation awarded to Max Irmschers	1554.00	- 159
Receive Bids - One 15,000 K. W. Steam Turbine Generating Unit and One Condenser for 15,000 K. W. Turbine		- 161
Estimate of the General Electric Company Divisions 1-2-3-6	$12,552.50	- 163
Estimate of Schmeling & Alter removal of boiler (second)	566.54	- 163
Estimate of Froehlich & Emery Eng. Co. for Field and Of. Supervision approved	$1,500.00	- 168
John Dehner, Inc., for removal of brick off of old boiler approved	200.00	- 168
Contract awarded DIVISION NO. 1 - One (1) steam turbine driven generating unit and accessories - GENERAL ELECTRIC CO.	$247,500.00	- 170
Contract awarded DIVISION NO. 2 - One (1) surface condenser with circulating Pump etc. - WESTINGHOUSE ELEC. & MFG. co.	$ 38,460.00	- 170
Contract for Super-Structure for the Battery and Control Building at the Filtration Substation awarded to Max Irmscher and Sons,	$1,909.00	- 171
Extra Work Order		
General Electric Company, furnishing of certain switchboard equipment, labor and materials for temporary installation of equipment for forced and induced draft fan motors for Boiler No. 3,	356.00	- 172
Communication, Allen-Sherman-Hoff Co. (additional payments on contract)		- 175
Contract- [illegible] Council		- 175
Estimate of General Electric Co. for extra work order in the amount of (ordered paid)	356.00	- 177
Contract Bond GENERAL ELECTRIC CO. Division No.1 referred to City Attorney	-183	- 180
Contract Bond WESTINGHOUSE ELECTRIC MFG. CO. Division No. 2 referred to C. Atty.	-183	- 180
Estimate of J. M. Cutshall & Sons, wrecking radial brick chimneys	$1,143.00	- 180
Estimate of Sussman Asbestos Compahy (insulation) in the amount of	906.00	- 180
Estimate of Sussman Asbestos Co. for extra work (Order #1912A, amount of	213.00	- 181
Estimate No. 8, Max Irmscher and Sons, in the amount of	$8,906.50	- 185
Estimate of Hatzel & Buehler, Inc., in the amount of	$2,800.00	- 185
Estimate No. 3, Deel Electrical Engineering & Construction Co.	$2,704.04	- 185
Engineering fee due the Engineers Froehlich & Emery in the amount of	$3,078.80	- 187
Estimate of Cochrane Corporation in the amount of	849.30	- 187

CITY LIGHT & POWER PROJECT

Estimate of the General Electric Company, in the amount of	$29,112.65	- 194
Estimate of Henry Electric, Estimate No. 3, Division #14,	434.35	- 194
Extra Work Order Henry Electric Company, in the amount of	$4.50 also $3.13	- 194
City Light Department authorized to accept script in payment for service also place script stamp on same		- 195
Communication from Westinghouse Electric & Mfg. Co. confirming statement that G. E. auxiliary drives be used on Surface Condenser		-196
Request of Deel Elect. Eng. and Const. Co. for remitting direct to General Cable Corp. for materials in connection with underground power line from City Light Power House to Three Rivers Filtration Plant, approved		-196
Estimate of Hatzel and Buehler, Inc., approved in the amount of	$ 4,000.00	-196
Estimate of the Froehlich & Emery Engineering Co. for field and office supervision, in the amount of (approved)	$ 1,500.00	- 197
Estimate of Max Irmscher and Sons, for Sub-Structure and Stairways in the amount of	$ 1,554.00	- 202
Estimate of Max Irmscher and Sons for Super-Structure	$ 1,909.00	- 202
Estimate of Max Irmscher and Sons Requisition #9,	4,033.25	- 202
Estimate of General Electric Company in the amount of	17,181.90	- 202
Estimate of Western Gas Construction Company,	209.10	- 202
Estimate of Allen-Sherman-Hoff Company	1,500.00	- 202
Extra Work Order Max Irmscher and Sons, in the amount of	331.29	- 202
Extra Work Order General Electric Company, in the amount of	$2,048.86	- 202
Extra Work Orders Hatzel & Buehler, Inc., in the following amounts: No. 2 - $764.69; No. 3 - $671.86; No. 4 - $698.07; No. 5 - $2,264.10; No. 6 - $1,790.76; No. 7 - $1,816.34		- 202
Extra Work Order Max Irmscher and Sons, re-placing old concrete floor, amount of	$187.90	- 204
Estimate of Max Irmscher & Sons, in the amount of	$187.90	- 208
Estimate of Max Irmscher & Sons, order extra work	$331.29	- 210
Contract between DEEL ELECTRIC ENG. CONSTRUC. CO -- GENERAL CABLE CORP. CITY OF FORT WAYNE -- DIME SAVINGS AND TRUST CO.		- 211
Extra Work Order American Engineering Co. in the amount of (Bernutz blocks) Note: Two separate orders	($405.00)221	- 213
Extra Work Order Max Irmscher and Sons, (re-roofing old buildings) approved	$849.64	- 213
Estimate of Max Irmscher & Sons, Requisition #10, in the amount of	$5,005.65	- 213
Hipskind Heating and Plumbing Co. in the amount of	2,286.50	- 213
Western Gas Construction Co, in the amount of	1,275.00	- 213
Estimate of Froehlich & Emery Eng. Co. field and office supervision	1,000.00	- 213
The Froehlich & Emery Engineering Co. presented plans, specifications and estimate for Division No. 1 and Division No. 2. (culvert and retaining wall)		- 214

CITY LIGHT AND POWER WORKS PROJECT

Receive bids for the removal of turbine and condenser		- 216
Receive bids for culvert and retaining wall, Divisions 1 and 2		- 217
Communication, Building Trades Council, (Re: Max Irmscher & Sons)		- 220
Extra Work Order Deel Electrical Engineering & Construction Co. No. 1,	$1,928.08	- 221
No. 2,	1,983.06	- 221
Estimate of Hatzel & Buehler, Inc., in the amount of (approved)	5,000.00	- 221
Estimate of General Electric Co., in the amount of (approved)	2,048.86	- 221
Estimate of Deel Electrical Engineering & Const. Co. Inc., Order #1	1,928.08	- 221
Estimate of Deel Electrical Engineering & Const. Co. Inc., Order #2	1,983.06	-221
Division No. 1 - Culvert, etc, contract awarded to MAX IRMSCHERS	1,866.00	- 222
Division No. 2 - Retaining Wall, etc. contract awarded to IRMSCHERS	1,895.00	- 222
Removal of Old Turbine and Condenser - contract awarded to CONSUMERS PIPE AND SUPPLY CO.	400.00	- 223
Estimate No. 4, of Deel Electrical Engineering & Construction Co. in the amount of $17,524.08 to be paid in separate payments General Cable Corporation in amount of $15,291.32 and the Deel Electrical Engineering and Construction Co. through the Dime Bank, in the amount of $2,232.76		- 228
Estimate of Western Gas Construction Co. in the amount of	1,952.75	- 229
Estimate of Hipskind Heating & Plumbing Co	637.50	- 229
Estimate of the Froehlich & Emery Engineering Co for field and office	1,000.00	- 229
Estimate of New York Central R. R. Co. 123 ft. of track Plant #1 Tres.	142.29	- 229
Estimate No. 11, Max Irmscher and Sons, in the amount of	7,572.22	- 233
Estimate of the American Engineering Co. in the amount of	886.67	- 233
Affidavit of Deel Electrical Engineering & Construction Co. invoices		- 233
Estimate of the Deel Electrical Engineering and Construction Co. through the Dime Bank (part of Est. No. 4). in the amount	2,232.76	- 234
Communication of Whitehead & Kales Co. referred to City (opinion)	-238	- 236
Estimate of the Froehlich & Emery Engineering Co. for field and office supervision for month of October, in the amount of (approved)	1,000.00	- 239
Estimate No. 2, C. O. Bartlett & Snow Company in the amount of	620.00	- 245
Estimate No. 3, United Conveyor Corporation, in the amount of	2,412.64	- 245
Estimate No. 12, Max Irmscher and Sons, in the amount of	4,050.68	- 245
Extra Work Order Max Irmscher and Sons, Items Nos. 1-2-3 (approved)		- 245
Extra Work Order Max Irmscher and Sons, Items Nos. 1-2-3-4 (approved)		- 245
Agreement of the Fidelity and Deposit Co. of Maryland consents to payment by the City of Fort Wayne, the sum of $15,291.32 to General Cable Cor.		- 246
Estimate of the American Engineering Company, in the amount of	3,408.00	- 248
Estimate of the Webster Manufacturing Company, in the amount of	766.58	- 248
Estimate of the General Electric Compahy, in the amount of	$15,726.70	- 248

CITY LIGHT & POWER PROJECT

Estimate of John Dehner, Inc., for dirt excavated from Spy Run Creek and hauled to the Filtration Plant, in the amount of	$1,624.95-248
Estimate of Max Irmscher and Sons, (Division 1) in amount of	$1,866.00-250
Estimate of Max Irmscher and Sons, (Division 2) in amount of	$1,895.00-250
Estimate of Max Irmscher and Sons (Extra Work Or. (Items 1-2-3)	$1,072.64-250
Estimate of Max Irmscher and Sons in the amount of (Items 1-2-3-4)	192.62-250
Estimate of American Engineering Co. in the amount of	810.00-250
Henry Electric Company, in the amount of	476.52-250
Estimate of Hipskind Heating & Plumbing Co. in the amount of	828.75-250
Estimate of Hatzel and Buehler, Inc., in the amount of Ex.Ord. #3,	671.86-250
Estimate of Allen-Sherman-Hoff Company, in the amount of	252.00-250
Estimate of John Dehner, Inc., for dirt excavated from Spy Run Creed and hauled to Filtration Plant in the amount of	$1,315.35-255
Estimate of John Dehner, Inc., for material delivered to Sub-station at Filtration Plant in the amount of	127.50-255
Certificate of final acceptance from Froehlich & Emery Enc. Co. to the Otis Elevator Company	-255
Estimate No. 13 in favor of Max Irmscher and Sons, in the amount of	$1,896.50-255
Estimate of Max Irmscher and Sons, order for extra work approved by the Board on Sept. 22, 1932, for the installation of additional operating mechanism for the steel sash, in amount of	58.00-255
Estimate of Hatzel and Buehler, Inc., in the amount of	$1,000.00-255
Estimate of Hatzel and Buehler, Inc., Extra Work Order #2, amount of	764.69-255
Estimate of Hatzel and Buehler, Inc., Extra Work Order #7, amount of	1,816.34-255
Extra Work Order	
Max Irmscher and Sons, furnishing of labor and materials for new slag covered roofing and concrete saddle over storage room, located under sidetrack and south of track hopper pit,	45.00-255
City Light and Power Works instructed to pay Howard Benninghoff, Asst. City Atty. for legal services for the year 1933, the amount	300.00-256
City Light and Power Works instructed to pay Howard Benninghoff, Asst. City Atty. for yr. 1934, monthly payments of $75.00 amount of	900.00-256
The Froehlich & Emery Engineering Company presented plans, specifications and estimates for the furnishing of all labor, materials, apparatus and tools necessary for the alteration of the turbine building, including the construction of the turbine foundation and the demolition and removal of parts of the present building	-260
Notice to Contractors of the receiving of bids for alteration of turbine,etc	-260
Proposal of Wallace and Tiernan for treating the circulating slime control in surface condensers at Municipal Light Plant, filed	-261
Extra Work Order	
Deel Electrical Engineering and Const. Co. for increasing the depth of the corner and line post of Filtration Plant, Power Plant and Upriver Substation fences, in the amount of	76.00-261
Estimate of Deel Electrical Engineering and Sonst. Co.,Inc. amount	$750.92-261
Estimate of Allen-Sherman-Hoff Company, in the amount of	$1,033.50-261
Estimate of the United Conveyor Corporation (Estimate #5) amount of	1,075.25-261
Estimate of Schmeling & Alter in the amount of	1,177.50-261

CITY LIGHT & POWER PROJECT

Extra Work Order Schmeling and Alcer, in the amount of (approved)	$97.50	- 267
Estimate of The Babcock & Wilcox Co., in the amount of (approved)	$19,932.00	- 267
Estimate of Max Irmscher and Sons (approved) in the amount of	45.00	- 267
Estimate of Western Gas Construction Co., (approved) in the amount of	$2,389.65	- 267
Estimate of Western Gas Construction Co., (approved) in the amount of	562.70	- 267
Estimate of the Western Gas Construction Co. (approved) in the amt. of	435.00	- 267
Estimate No. 5, in favor of Sussman Asbestos Co. in the amount of	$1,392.00	- 270
Estimate No. 14, in favor of Max Irmscher and Sons, in the amount of	$12,128.80	- 270
Communication from F. & E. Re: letter to Babcock & Wilcox Co.	90.28	- 270
Receive Bids - Alteration of Turbine Bldg., including construction of turbine foundations and demolition and removal of parts of present building		- 272
Contract Awarded - for Turbine Bldg, etc. to CHARLES R. WERMUTH & SON,INC. in the amount of	$12,923.00	- 274
Contract Approved and ordered sent to Council, Charles R. Wermuth & Son,Inc.		- 274
Extra Work Order Hipskind Heating & Plumbing Co., 8" black steel pipe in place of 8" cast iron in the amount of	$ 258.00	- 283
Purchase Order For One large capacity vacuum type solution feed chlorinator, 60-day trial basis, in the amount of	$ 1,990.00	- 283
Purchase Order For One Program control panel, necessary chlorine solution piping; One automatic water valve; One service water strainer; One Orthotolidin testing outfit, air separating chamber etc.	$ 1,569.80	- 283
Estimate of the Webster Mfg. Co. in the amount of	158.42	- 283
Estimate of the Froehlich & Emery Engineering Co. Field & Office Sup.	1,000.00	- 283
Claim filed by the Western Gas Construction Company against the Martin Wrecking Company, in the amount of	45.00	- 283
Estimate of the Froehlich & Emery Engineering Company, fee due	387.69	- 293
Estimate of Froehlich & Emery for blue prints and specifications etc.	38.20	- 293
Communication, from General Electric Co. Re: Oil Circuit Breaker Equipment in City Light Plant, referred to Engineers		- 294
Otis Elevator Company - Maintenance Service Contract		- 295
Estimate No. 6, in favor of Sussman Asbestos Company in the amount of	$ 4,167.00	- 297
Estimate of Hatzel and Buehler, Inc., in the amount of	1,000.00	- 297
Extra Work Order: Dix-Kelly Electric Co. Contract #19, add.wiring-condt.	391.89	- 303
Estimate of Hipskind Heating & Plumbing Co. in the amount of	1,066.75	- 307
Estimate of Froehlich & Emery Engineering Co. Field and Office Superv	1,000.00	- 307
Deel Electrical Eng. & Const. Co. Inc. in the amount of	(1,150.00)	- 307
Deel Electrical Eng. & Const. Co., Inc., in the amount of	(3,607.10	- 307
Deel Electrical Engineering & Const. Co. and the Dime Trust and Savings Bank, the amount of	(4,146.91)	- 307
General Cable Corporation, the amount of	(610.19	- 307

CITY LIGHT & POWER PROJECT

Claim filed by George B. Limbert & Co., against the Hipskind Heating and Plumbing Co. in the amount of	$3,635.71-311
Extra Work Order (No. 8) Hatzel and Buehler, Inc., in the amount of	$1,917.93-312
Extra Work Order (No. 3) The General Electric Company, in the amount of	$ 423.50-312
Receive Bids - Air Duct and Closing Plate	-312
Estimate of Whitehead and Kales Co., in the amount of	$5,321.25-316
Estimate of the Western Gas Construction Co. in the amount of	$4,854.30-316
The Froehlich & Emery submitted plans, specifications and estimate for complete system of steam, exhaust, water and oil piping for Power Plant (APPROVED)	-316
Award Contract - Air Duct, Closing Plate and Sealing Plate to ART IRON & WIRE WORKS, INC.	-317
Estimate #7 in favor of Sussman Asbestos Co. in the amount of	$1,072.00-318
Estimate of Hatzel and Buehler, Inc., in the amount of	$2,264.10-318
Estimate of the General Electric Co., in the amount of	$8,563.15-318
Estimate of the Froehlich & Emery Engineering Co. in the amount of	800.00-318
Estimate of Charles R. Wermuth and Son, Inc.,	$4,912.33-323
Estimate of the Froehlich & Emery Eng. Co. in the amount of	900.00-323
Plans-Specifs. submitted (Division No. 1 - Switchboard, Motor Starters, etc. (Division No. 2 - Underground System, Wiring, etc.	-323
Communication, Charles R. Wermuth & Son, Inc., RE: material in connection with turbine foundation work	-326 326
Estimate of American Engineering Co., in the amount of	$1,000.00-335
Estimate of the Babcock & Wilcox Co., in the amount of	10,000.00-335
Estimate of the United Conveyor Corporation in the amount of	1,393.65-335
Receive Bids - for the construction, delivery and erection of a complete system of steam, exhaust, water and oil piping for, in and about the Power Plant	-336
Estimate #8 of Sussman Asbestos Co., in the amount of	$833.00-338
Extra Work Order Babcock & Wilcox Co., temporary roof over boilers #1-2	$200.90-338
Extra Work Order John Dehner, Inc., for excavating, trimming and sloping the banks of Spy Run Cree, in the amount of	$460.90-339
Purchase Order Art Iron & Wire Works, Inc., erecting two pieces of grating and cutting holes for pipes in existing grating in ash tank bay, for the sum of	52.00-339
Piping Contract - awarded to INDUSTRIAL PIPING & ENGINEERING CO. at and for their alternate bid, in the amount of	$43,180.00-340
Receive Bids - Division No. 1- Switchboard, Motor Starters, etc. Division No. 2- Underground System, Wiring etc.	-341

CITY LIGHT & POWER PROJECT

Bond of Industrial Piping & Engineering Co., signed by the Standard Accident Insurance Company - referred to City Attorney	345	- 343
Hatzel & Buehler, Inc, for extra work order #8, approved in the	$1,917.93.-	326
Contract for complete system of steam, exhaust, water and oil piping awarded to INDUSTRIAL PIPING & ENGINEERING CO.	43,180.00	- 340
Receive Bids - DIVISION NO. 1 - Switchboard, Motor Starters, Power Cabinet and Lighting Transformers. DIVISION NO. 2 - Underground System Wiring and Miscellaneous Electrical Work		- 341
Claim of the National Mill Supply Co. against the Hipskind Heating & Plumbing Company, in the amount of	$2,180.60	- 347
Engineering fee due the Froehlich & Emery Engineering Co. amount of	495.40	- 348
Estimate for blue prints in connection with piping specifications	82.63	- 348
Award Contract - DIVISION NO. 1 -Switchboard, Motor Starters, Power Cabinet and Lighting Transformers. to THE GENERAL ELECTRIC COMPANY,	$24,978.00	- 349 350
Award Contract - DIVISION NO. 2 -Underground System Wiring and miscellaneous Electrical Work to the KELSO-WAGNER COMPANY,	$10,325.00	- 349 350
Estimate of Charles R. Wermuth and Son, Inc. in the amount of	2,396.00	- 350
Estimate of Hatzel and Buehler, Inc., in the amount of	1,790.76	- 350
Estimate of the Froehlich & Emery Eng. Co. in the amount of	1,000.00	- 350
Extra Work Order (No. 1) Henry Electric Company, Boiler House Lighting in the amount of	267.70	- 351
Contract of the General Electric Company, covering Division #1, Switchboard, Motor Starters, etc. Approved and Ordered sent to the Council		- 351
Affidavit of Henry Electric Co. authorizing the Board to pay from their final estimate - to the National Mill Supply Co. to the Protective Electrical Supply Co.	1,000.00 345.65	- 352 - 352
Estimate of the Henry Electiric Co, in the amount of	1,345.65	- 352
Estimate of Hatzel & Buehler, Inc., in the amount of	700.00	- 355
Estimate of United Conveyor Corp. in the amount of	775.00	- 355
Estimate of Max Irmscher and Sons, in the amount of	5,000.00	- 355
Estimate of the Sussman Sussman Asbestos Co., in the amount of	167.00	- 355
Estimate of Charles R. Wermuth and Son, Inc., in the amount of	711.62	- 355
Bond of the General Electric Company, covering Division #1 Switchboard, Motor Starters, etc. referred to City Attorney	-361	- 359
Claim of the P and H Supply Company against Hipskind Heating and Plumbing Company in the amount of (filed)	1200.21	- 359
Bond of General Electric Company, covering contract for Division 1,- Switchboard, Motor Starters, Power Cabinet and Lighting Transformers, APPROVED		- 361
General Electric Company, paid for the installation of One 15000 K.W. Steam turbine Generating unit and accessories the amount the balance in 7 monthly installments of $21,000.00 each	100,500.00	--362
Westinghouse Electric and Mfg. Co. paid for One Condenser, etc., the amount of $17,460.00 and the balance in 7 monthly installments of $3,000.00 each		- 362

CITY LIGHT & POWER PROJECT

Extra Work Order Charles R. Wermuth & Son, Inc., for the extension of the turbine foundation to a lower elevation, making soil tests, furnishing and placing an anchor bolt template, furnishing drain line supports, etc., in the amount of	$6,382.19	-362 ✓
Division No. 2 - Underground System Wiring, and Miscellaneous Electrical Work, the contract RESCINDED that was awarded to the Kelso-Wagner Company April 10th, 1934		-363
Division No. 2 - Underground System Wiring, and Miscellaneous Electrical Work, RE-ADVERTISED		-363
Sub-contract Electrical Equipment covered by Division 1, to Hatzel & Buehler		- 365 ✓
Sub-contract Division No. 1, Item #B, Cell Structure, to Decelco, Inc.		- 365 ✓
Purchase Order Issued to General Electric Company, for the necessary parts to change over the present 7500 K.W. Turbine, so as to operate same on a steam condition of 375 pounds gauge, etc.	$8,025.00	- 368 ✓
Estimate of the Sussman Asbestos Co., in the amount of (No. 10)	$2,680.00	- 371
Estimate of the Sussman Asbestos Co., for extra work in the amount	9.80	- 371
Estimate of the Deel Electrical Engineering and Construction Co.Inc.. in the amount of $2,857.90 ($100.00 RETAINED)		- 371
Claim of General Cable Corporation against Deel Electric Company ordered paid in the amount of	$2,236.14	- 371

Estimate of Hatzel & Buehler, Inc., in the amount of	$7,821.00	- 390
Estimate of Charles R. Wermuth and Son, Inc., in the amount of	$1,388.00	- 390
Estimate of the Industrial Piping and Engineering Company,	11,300.75	- 392
Estimate of the Froehlich & Emery Engineering Co. engineering fee due - Division 1 and Division 2, in the amount of	284.34	- 392
Estimate of the Froehlich & Emery Engineering Co. blue prints and specifications furnished to bidders in the amount of	47.41	- 392

CITY LIGHT & POWER PROJECT

Estimate of Charles R. Wermuth and Son, Inc., in the amount of	$ 292.48	-407
Estimate of Hatzel & Buehler, Inc., in the amount of	$3,000.00	-407
Third Estimate of Industrial Piping and Engineering Co. in the amount	$8,797.00	-407
Final Estimate General Electric Co. Divisions 1-10 inc. in the amount	$9,215.00	-407
Final Estimate of Max Irmscher & Sons, in the amount of	$3,354.90	-407
Engineering fee due the Froehlich & Emery Engineering Co. in the amt.	$1,000.00	- 407
Estimate of the General Electric Company, in the amount of	$9,000.00	- 414
Estimate of Hatzel & Buehler, Inc., in the amount of	$6,500.00	- 416
Final Estimate of The Babcock & Wilcox Company, in the amount of	$2,298.50	- 416
Report from London Guarantee & Accident Co. Ltd., of the inspection made on the boilers		- 417
Estimate of Charles R. Wermuth and Son, Inc., in the amount of	$2,901.67	- 427
Estimate of the Industrial Piping & Engineering Company,	$6,205.00	- 427
Estimate of the Westinghouse Electric & Manufacturing Co., amount of	$1,835.00	- 427
Estimate of the Westinghouse Electric & Manufacturing Co., amount of	$ 783.00	- 427
Estimate of the Westinghouse Electric & Manufacturing Co., amount of	$1,167.00	- 427
Purchase Order Issued to the Art Mosaic & Tile Company for the finishing of the top of the foundation for the 15,000 K. W. turbo-generator with 6" x 6" select red quarry tile, including the necessary mortar bed, and patching of turbine room floor, approved		- 427
Estimate of the Froehlich & Emery Engineering Company, for field and office supervision, in the amount of	$1,000.00	- 431
Estimate of the Art Iron & Wire Works, Inc., in the amount of	500.00	- 432
SCRAP COPPER WIRE (Notice to Metal Buyers) etc.	-445 -442-438 - 436	- 432
Report of appraisal Scrap Copper Wire		- 432
Estimate of the General Electric Co.	423.50	- 437
Estimate of the Industrial Piping and Engineering Co. in the amount of	$4,449.75	- 439
Estimate of the Froehlich & Emery Engineering Co. for field and office supervision in the amount of	$1,000.00	- 444
Purchase Order Issued to Babcock & Wilcox Co. in the amounts of	$7,062.00-$235.00-135.00	-(447)448
Purchase Order Issued to Ingersoll-Rand Company, in the amount of	508.00	- 448
Purchase Order Bailey Meter Company, in the amount of	66.00	- 448
Purchase Order General Electric Company, in the amount of	325.00	- 448
Release of Claim National Mill Supply Co. against City of Fort Wayne and Hipskind Heating and Plumbing Co. in the amount of	$2,180.60	- 454
Release of Claim P & H Supply Co. against City of Fort Wayne and Hipskind Heating and Plumbing Co. in the amount of	$1,200.21	- 454
Purchase Order Hipskind Heating & Plumbing Co. in the amount of	300.00	- 454

CITY LIGHT & POWER WORKS PROJECT

City Light & Power Works instructed to pay the Hipskind Heating & Plumbing Co. the amount of $2,164.29, being the balance due on contract, except the amount retained of $3,635.71, etc.		454
City Light & Power Works instructed to pay the Hipskind Heating and Plumbing Co. for extra work in the amount of	$245.80	454
Communication, American Engineering Company (Guarantee) Hele-Shaw transmission units		460
Extra Work Order Charles R. Wermuth and Son, Inc., for construction of the stoker drive foundations and one top heater foundation, etc.	$246.90	460
Extra Work Order Charles R. Wermuth and Son, Inc., for additional sidewalk and to make changes in first floor slab (approve)	$114.79	460
Extra Work Order General Electric Co. Items 1-2-3-4 (approve)	$565.50	460
Extra Work Order Hatzel & Buehler, Inc., (approve) Items 1-2-3-4-5-6-7	$ 915.22	461
Estimate of the American Engineering Company in the amount of	1,971.50	462
Estimate of the General Electric Co. in the amount of	4,086.70	462
Estimate of the Industrial Piping and Engineering Co. in the amount	1,755.25	462
Estimate of Charles R. Wermuth and Son, Inc., in the amount of	114.79	462
Estimate of Charles R. Wermuth and Son, Inc., in the amount of	246.90	462
Estimate of Hatzel and Buehler, Inc., in the amount of	$2,791.25	462
Estimate of Hatzel and Buehler, Inc., in the amount of covering Items 2-3-4-6 of Extra Work Order No. 1	307.22	462
Estimate of American Engineering Co. in the amount of	554.23	464
Estimate of the General Electric Company in the amount of	565.50	466
Estimate of the General Electric Company in the amount of	$5,350.00	466
Estimate due Froehlich & Emery Engineering Co. balance due on boiler contract in the amount of	144.78	466
Estimate due Froehlich & Emery Engineering Co. on 15,000 K.W. turbine contract the amount of	$3,247.63	466
Estimate due Froehlich & Emery Engineering Co. the amount of	$ 208.24	466
Estimate of Hatzel & Buehler, Inc., in the amount of	$ 108.00	473
Release of claim filed against Hipskind Heating & Plumbing Co. and City of Fort Wayne by Geo. B. Limbert and Co. in amount	$3,635.71	474
Guarantee of George B. Limbert and Company, (Hipskind Contract)		474
City Light & Power Works instructed to pay to the Hipskind Heating & Plumbing Co. and Geo. B. Limbert and Co. the amount of also, to the Hipskind Heating and Plumbing Co. amount of	$2,792.00 843.71	474 474
Estimate of Hatzel & Buehler, Inc., in the amount of	500.00	475
Seventh and Final Estimate of Charles R. Wermuth and Son, Inc., amt.	267.25	475
City Light & Power Works instructed to pay Deel Electrical Engineering and Construction Co. Inc., balance due on contract, amount	100.00	477
City Light & Power Works check to the American Engineering Co. amount for operating engineers services (RETURNED)	554.23 - 482	477

Sixty-second Estimate for professional engineering services (Con.#7)	$159.51	-34
Sixty-third Estimate for professional engineering services (Con. #6)	$896.70	-34
Contract No. 14, Anthony Boulevard Dam-Pumping Station, bids REJECTED		-34
Contract No. 14, Anthony Blvd. Dam and Pumping Station, certified checks returned		-34
Contract No. 14, Engineers instructed to make analysis of unit prices		-34
Estimate of John Dehner, Inc., extra fill at Filtration Plant site in amt.	$249.55	-35
Contract No. 16, Furnishing and erection of Centrifugal Pumping Units (Receive Bid		-37
Contract No. 14, Anthony Boulevard Dam and Pumping Station, REVISED Plans, Specifications and estimate approved, advertise Notice to Contractors		-39

WATER PROJECT

Parnell Avenue remonstrators against laying of 42" raw water supply main in and along Parnell Avenue, meeting with Board -54

Contract No. 8, Tenth Progress Estimate in favor of V. M. Nussbaum & Co $1,509.64-55

Contract No. 12, Second Progress Estimate in favor of Omega Machine Co. 400.00-55

Contract No. 14, Anthony Boulevard Dam and Pumping Station as RE-ADVERTISED -59

Thirteenth Progress Estimate in favor of Max Irmscher and Sons, Contract No. 6, in the amount of $9,663.27-64

Sixty-fourth Estimate for professional engineering services in the amount $443.27-64

Contract No. 17, furnishing and erection of the Hydro-Electric Power Unit for Anthony Boulevard Dam and Pumping Station, plans, specifications and estimate - **approved** -64

Contract No. 18, furnishihg of the Pump Discharge Valves for Anthony Boulevard Dam, plans, specifications and estimate - **approved** -64

Parnell Avenue remonstrators with Attorney Creighton H. Williams, met with Board -64

Manufacturers' report and Certificate of Boiler Inspection on boilers installed at Filtration Plant, filed -68

Contract No. 7, Third Progress Estimate in favor of Byron-Jackson Co. $9,570.60-68

Contract No. 8, V. M. Nussbaum and Company authorized to furnish and install extras in the amount of $346.20-68

Fifty-eighth Estimate for professional engineering services, amount of $7,335.00-78

Sixty-sixth Estimate for professional engineering services, amount of 8.00-78

Contract No. 6, Fourteenth Progress Estimate - Max Irmscher & Sons 11,985.61--88

Contract No. 8, Eleventh Progress Estimate - V. M. Nussbaum & Co., 475.05 -88

Contract No. 10, First Progress Estimate - Flinn & Dreffein Company, 9,380.00--88

Sixty-eighth Estimate for professional engineering services 187.60 -88

Seventieth Estimate for professional engineering services 489.71 -88

Contract No. 17, Hydro-electric Power Unit, RECEIVE BIDS -89

Contract No. 18, Pump Discharge Valves, RECEIVE BIDS -90

Orders for Extra Work:
V. M. Nussbaum and Company, Contract No. 8, for the furnishing of materials and labor for extra wiring under Contracts #10-11-12, amount $294.57 approved -92

Order for Extra Work:
V. M. Nussbaum & Company, Contract No. 8, for the additional wiring for 3 extra motors and 12 extra control stations also wiring for oil switches and mercoids in connection with changes under Contract #11 $224.81-93

Contract No. 6, Fifteenth Progress Estimate, - Max Irmscher & Sons, $87,261.83-93

Seventy-first Estimate for professional engineering services 1,745.24-93

City Light & Power Works instructed to investigate and report on advisability and estimate of cost for running 2300 volt high line on Lafayette St. or Tennessee Avenue to the Three Rivers Filtration Plant and Pumping Station, -102 -95

Contract No.14, Anthony Boulevard Dam and Pumping Station, REVISED plans and specifications, CONTRACT AWARDED to CHARLES R. WERMUTH AND SON, INC. amount of contract - $238,778.76-101

Contract No. 14, Anthony Boulevard Dam and Pumping Station, REVISED plans and specifications, Contract approved and ordered sent to the Council -101

WATER PROJECT

Contract No. 12, Third Progress Estimate, Omega Machine Co. in amount $5,248.00-102

Seventy-second Estimate for professional engineering services, amount $ 104.96-102

Estimate Indiana Service Corporation, cost of installing track on Baltes Avenue from Spy Run Avenue, East into Filtration Building, $ 317.16-103

Order for Extra Work:
V. M. Nussbaum & Company Contract No. 8, amount $2,137.65-104
(Itemized on page 104)

Contract No. 11, First Progress Estimate, The Fuller Company, amount $6,430.00-106-7

Contract No. 8, Twelfth Progress Estimate, V. M. Nussbaum & Co. amount 742.54-106-7

Contract No. 6, Sixteenth Progress Estimate, Max Irmscher & Sons, amt$10,694.01-106-7

Seventy-fourth Estimate for professional engineering services $128.60-106-7

Seventy-fifth Estimate for professional engineering services $463.88-106-7

Contract No. 15, Routing of Raw Water Supply Main, -108

City Engineer instructed to notify Northern Indiana Public Service Company to remove gas mains along Parnell Ave. that interfere with Raw Water supply main. -108

Statement from Max Irmscher and Sons, showing records of payments to sub-contractors on Three Rivers filtration and pumping station, -109

Roofing Guarantee from B. Mifflin Hood Company, for 18" Shale Tapered Mission Tile -112

Guarantee and Roofing Bond from Dahm Brothers, for Tar and Gravel Roof -112

Contract No. 17, - Hydraulic Turbine complete, awarded to THE JAMES LEFFEL AND COMPANY, for the amount of $7,632.00-112

Contract No. 17 - Hydraulic Turbine complete, ordered sent to Council Tuesday, March 28, 1933, at 8:00 P. M. -112

Order for Extra Work:
Max Irmscher and Sons, Contract No. 6, $117.24-114

Order for Extra Work:
Max Irmscher and Sons, Contract No. 6, $397.07-114

Thirteenth Progress Estimate, V. M. Nussbaum & Co. Contract, amount $6,555.31-117

Contract No. 6, additional compensation for piping installation under sub-contract to Hipskind Heating & Plumbing Co. -117

Contract No. 17, Vertical Water Wheel Generator awarded to GENERAL ELECTRIC CO.-117

Contract No. 6, requisition of Max Irmscher and Sons, for approval of Asbestos Insulating and Roofing Co, using hairfelt insulation for cold water pipe, etc. -118

Contract No. 14, SUB-CONTRACTS AWARDED TO:
Earthwork: - John Dehner, Inc. -118
Pile Work: - John Dehner, Inc. -118
Re-inforcing Steel: Joslyn Manufacturing Co. -118

Contract No. 9, Water Works Department instructed to pay the Michigan Valve and Foundry Company the amount of $2,000.00-118

Communication from State School, (sewage Colony Farm in connection with Dam-127-119

Contract No. 9, Bond of Michigan Valve & Foundry Co. approved -119

WATER PROJECT

Contract No. 6, Seventeenth Progress Estimate in the amount of $5,478.71-120

Contract No. 6, Seventy-seventh Estimate for professional Eng.Services $359.57-120

Contract No. 17-A, James Leffel Co. (1) 219 kv-a sent to Council -120

Contract No. 18, Pump Discharge Valves awarded to FORT WAYNE PIPE & SUPPLY CO $7,980.00-120

Contract No. 18, Pump Discharge Valves-Fort Wayne Pipe & Supply Company, approved and ordered sent to Council -120

Contract No. 14, Communication from H. D. S. & D. with reference to Steel Pil.-121

Contract No. 15, Communication from H. D. S. & D. with reference raising elevation of pipe line St. Joseph River -121

Contract No. 6, SUB-CONTRACTS (Awarded to)
Hairfelt insulation of water pipes - Asbestos Insulating and Roofing Company -121

Order for Extra Work:
Max Irmscher and Sons, Contract #6, canopy for vent stack on softener building, $48.30-121

Contract No. 14, SUB-CONTRACTS (Awarded to)
Concrete Roof Tile Work - George Rackle and Sons Company -121
Limestone and Granite - Geake Brothers -121

Bronze Tablet for Three Rivers Filtration Plant (list of names) -126

Contract No. 15, Raising raw water supply main beneath St. Joseph River -126

Contract No. 16, awarded to AMERICAN WELL WORKS, (see page 131) $16,995.00-126

Contract No. 14, "Fenestra" sash approval TAKEN UNDER ADVISEMENT -127

Contract No. 16, MODIFIED awarded to PAUL A. FLORIAN and HARRY G. CHAPMAN Receivers of the American Well Works $17,811.00-131

Contract No. 16, MODIFIED, approved and ordered sent to Council -131

Contract for sodding slopes at Three Rivers Filtration and Pumping Station awarded to Phillips Sodding & Grading Service -133

Contract No. 16, Performance Bond - Fort Wayne Pipe & Supply Co. referred to City Attorney -134-133

Contract No. 17, Performance Bond - The James Leffel and Co. referred to City Attorney -134-133

Contract No. 6, Eighteenth Progress Estimate - Max Irmscher and Sons, in the amount $45,289.39-133
Seventy-eighth Estimate for professional engineering services $ 905.79-133

Contract No. 14, SUB-CONTRACTS AWARDED TO:
Pipe Work: - Roberts Filter Manufacturing Co. -135
Miscellaneous and Ornamental Iron Work: - Art Iron & Wire Wks-135
Terrazzo and Tile Work: - Art Mosaic and Tile Company -135
Plumbing and Heating: - A. Hattersley and Sons -135
Precast Cement Balustrades: - Acker Cement Products & Sup.Co.-135

Contract No. 12, Fourth Progress Estimate - Omega Machine Company $ 786.00-135

Seventy-ninth Estimate for professional engineering services, amount 15.72-135

Eightieth Estimate for professional engineering services in amount of 239.40-135

Contract No. 14, First Progress Estimate - Chas. Wermuth & Son, $6,198.46-137

Eighty-first Estimate for professional engineering services amount of $373.97-137

WATER PROJECT

Receive Bids
Steel-Girder Bridge East terminus of California Road to Anthony Boulevard Dam site., -139

Contract awarded Steel Girder Bridge, to FRED LUTZ & SONS, 855.00 -140

Contract No. 8, V. M. Nussbaum & Company, from the Fourteenth Progress Estimate, omit the amount of $446.00 (REVISED ESTIMATE) $2,632.36 -140

Contract No. 14, SUB-CONTRACTS (AWARDED TO): Charles R. Wermuth & Son. Inc.,
Millwork - Gilmartin Lumber Company, -140
Hardware - C. C. Schlatter and Company, -140
Sluice Gates (List "D" in specifications) - Chapman Valve Mfg. Co. -140
Drainage Pump - Swaby Manufacturing Co. -140
Linoleum - Wolf & Dessauer -140

Contract No. 14, SUB-CONTRACTS (Dis-approved by Board):
Steel Sash "Fenestra" - Detroit Steel Products Co. -140
Insulation and Bituminous Roofing and Sheet Metal Work - Detroit Cornice and Slate Company -140
Glass and Glazing - Toledo Plate and Window Glass Company -140
Reinforcing Steel - N. Cranton and Sons, -140
Structural Steel - Lakeside Bridge and Steel Company -140
Tainter Gates - Lakeside Bridge and Steel Company -140

Contract No. 6, Additional compensation claimed - Hipskind Heating & Pl. Co. -140

Contract No. 14, SUB-CONTRACTS (AWARDED TO):
Pressed Steel Doors, frames and trim - Builders Supply Company representing United Metal Products Co. -143
Toilet Compartment Doors - Don E. White. -143

Three Rivers Filtration and Pumping Station (Changing of Slopes) -146

Order for Extra Work,
Max Irmscher and Sons, Contract No. 6, Painting $334.86 -147

Contract No. 14, Clause in Agreement between City and Chas. R. Wermuth & Son, relative to employment of Fort Wayne labor, etc. -148

Contract No. 14, SUB-CONTRACTS (AWARDED TO)
Steel Sash Frames and Screens - William Bayley Co., Springfield, O. -148
Structural Steel and Tainter Gates- Lakeside Bridge & Steel Co. -148
Reinforcing Steel - N. Cramton and Sons, Detroit -148
Contract No. 14, Sub-contract - awarded to Oliver S. Jones -150
Contract No. 16, Centrifugal Pumping Units - Re-advertised Notice to Contrs. -151

Contract No. 14, SUB-CONTRACT (AWARDED TO)
Tainter Gate Hoist - V. C. Bowser. Reduction contract pr. $129.00 -151

Contract No. 14, SUBSTITUTE Toncan Iron Pipe for Cast Iron Pipe bet. Pumping Station and the termination of same reduction of Contract price $960 -151

Communication from Martin Braun, Electrical Inspector, Re. Western Gas Con.Co. -153

Proposal of French Nurseries for planting at Three Rivers Fil. $1,960.00 -153

Contract No. 20, furnishing and erection of Chlorine and Ammonia Equipment plans, specifications and estimate -approved -154

Estimate of John Dehner, Inc., - Extra dirt for Filtration Plant 937.00 -154

Estimate of John Dehner, Inc., - Roadway west of New Reservoir etc. 81.70 -154

Contract No. 14, Second Progress Estimate- Charles R. Wermuth & Son 21,509.94 -157

Eighty-third Estimate for professional engineering services 680.20 -157

Contract No. 14, SUB-CONTRACTS (Dis-approved by Board)
Granite Work - Cold Spring Granite Co - -157
Cut Stone Work - Edward Edinger Company -157

Order for Extra Work Dix-Kelly Electric Shop, Inc., Contract No. 19, installation of a 4-conductor cable, in lieu of a 3-conductor cable for the motor to the No. 1 pump in the Anthony Blvd. pumping Station etc., in the amount of	$239.22	- 253
Release - Omar Zumbrun and Son, against Hipskind Heating & Plumb.Co.	65.00	- 255
Release - Hipskind Heating & Plumb.Co.against Omar Zumbrun & Son. Max Irmscher and Sons, and Bass Foundry & Machine Co.	71.77	- 255
Estimate of John Dehner, Inc.for replacing pavement on north end of Parnell Avenue, in amount of	$7,026.25	- 255
Order for Extra Work Charles R. Wermuth and Son, Inc. Contract No. 14, for the installation of brass strips between the terrazzo base and tile floor, Anthony Blvd. Pumping Station in the amount of	$149.50	- 255
Communication - from Protective Electrical Supply Co., extending congratulations upon completion and dedication of the Filtration Plant		- 255
Address of W. C. Hoad at dedication ceremonies of Three Rivers Filtration		- 256
Water Works Department instructed to pay Howard Benninghoff, Asst.C.At. for legal services for the year 1933, the amount of	$300.00	- 256
Water Works Department instructed to pay Howard Benninghoff, Asst. City Atty. for yr. 1934, monthly payments $75.00 amount of	$900.00	- 256
Contract No. 17, The James Leffel and Company, in the amount of (First Progress Estimate)	$3,434.40	- 257
Contract No. 17, The James Leffel and Company, 2d Prog. Estimate	381.60	- 257
Contract No. 14, Charles R. Wermuth and Son, 8th Prog. Estimate	$26,355.97	- 257
Contract No. 19, Dix-Kelly Electric Shop, 4th Progress Estimate	1,738.01	- 257
One Hundred Fifteenth Estimate for professional engineering serv.	68.69	- 257
One Hundred Twenty-fourth Estimate for professional engineering serv.	7.63	- 257
One Hundred Twenty-third Estimate for professional engineering serv.	777.12	- 257
One Hundred Twenty-second Estimate for professional eng. services	34.76	- 257
Communication from Fort Wayne Pipe & Supply Co. Re. balance due them for furnishing and delivering gage valves under Contract 9,	$375.00	- 258
Order for Extra Work Charles R. Wermuth and Son, Inc. Contract No. 14, painting of hand rubbed concrete ceilings in Motor Control Room, Boiler Room, Generator Control Room and entrance to the Transformer Room in the amount of	65.69	- 258
ALSO, adding brass strips between the terrazzo border and linoleum floor in the office in the amount of	6.90	- 258
Contract No. 6 - Mr. Shoecraft gave detailed explanation of Extra Work Items #84 to 92 inclusive (See page		- 259
Communication from the Northwestern National Insurance Co, stating that Michigan Valve and Foundry Co., is indebted to them	$144.30	- 261
Release of claim of Hipskind Heating & Plumbing Co. against City of Fort Wayne, Max Irmscher and Sons, in the amount of	$107.21	- 261
Release of claims of Hipskind Heating & Plumbing Co. against the City of Fort Wayne, Max Irmscher and Sons, and Roberts Filter Mfg. Co. in the amount of	$3,917.70	- 261
Contract No. 6, - $5,000.00 retained from the Twentieth Progress Estimate in favor of Max Irmscher and Sons, approved and ordered paid		- 261
Contract No. 6 - communication relative to contract price and extras also affidavits of contractors and sub-contractors		- 265

Contract No. 19, - Fifth Progress Estimate, Dix-Kelly Electric Co.	$5,683.25	- 270
One Hundred Twenty-seventh Estimate for professional engineering ser.	113.66	- 270
Contract No. 14 - Ninth Progress Estimate, Charles R. Wermuth & Son	$ 6,430.19	- 278
One Hundred Twenty-eighth Estimate for professional engineering serv.	$ 378.60	- 278
Claim of Charles H. Geake against Charles R. Wermuth and Son, Inc., for Indiana Lime Stone and Granite for Anthony Blvd. Dam	$ 1,772.68	- 278
Average Agreement for demurrage in connection with Baltes Siding		- 280
Contract No. 16, - First Progress Estimate, Worthington Pump & Machinery Corporation, in the amount of	$10,182.50	- 280
Contract No. 12, - Fifth and Final Estimate, Omega Machine Company,	$ 819.00	- 280
One Hundred Twenty-ninth Estimate for professional engineering Services	16.38	- 280
One Hundred Thirtieth Estimate for professional engineering services	203.65	- 280
Order for extra work Charles R. Wermuth & Son, Contract 14, Remove asphalt paint from water pipes in pump room of pumping station	92.00	- 280
Order for extra work Charles R. Wermuth & Son, Contract No. 14, for vent line	24.73	- 280
Order for extra work Dix-Kelly Electric Co. Contract No.19, fo wiring of Anthony Boulevard Dam and Pumping Station,	47.00	- 280
Claim of Charles R. Wermuth and Son, Inc., against The James Leffle and Company for dewatering of tail race to accommodate turbine	$289.70	- 280
Resolution from Common Council Re: water mians in S. part of City		- 282
Contract No. 14, - Charles R. Wermuth & Son, reimbursed for heating and lighting at Anthony Blvd. Dam and Pumping Station		- 283.
Contract No. 12 - Affidavit from Omega Machine Co.		- 283
Contract No. 14 - Charles R. Wermuth & Son, Inc. pump foundations	$149.21	- 283
Contract No. 8 - V. M. Nussbaum and Company, affidavit		- 288
Contract No. 14 - Charles R. Wermuth and Son, Inc., Performance Bond referred to City Attorney for his approval		-291- 288
Contract No. 9 - Western Gas Construction Company, in the amount of	$120.99	- 288
Contract No. 8 - Sixteenth and Final Estimate, V. M. Nussbaum & Co.	$1,939.72	- 289
Contract No. 9 - Western Gas Construction Co. in the amount of	2,912.80	- 289
Contract No. 18 - Fort Wayne Pipe and Supply Co., in the amount of	2,394.00	-289
One Hundred Thirty-first Estimate for professional engineering services	58.26	-289
One Hundred Thirty-second Estimate for professional engineering services	47.88	-289
Order for Extra Work, Charles R. Wermuth and Son, Inc., - additional pipe supports for the discharge lines of the low-service pumps at Anthony Blvd. Dam and pumping Station, Contract No. 14, in the amount of	35.48	-289
Order for Extra Work, Charles R. Wermuth and Son, Inc., - application of three coats of paint on the stairway from shop to unfinished rooms for	35.33	-291

WATER PROJECT

Contract No. 14, SUB-CONTRACTS (AWARDED TO)
Bedford Stainless Cement for Stone Mortar - Reardon Cement Co. - 157
Glass and Glazing - Enterprise Art Glass Co. - 157
Setting of Limestone and Granite - LaPrell Construction Co. - 157
Laying of Toncan Pipe - John Dehner, Inc. - 157

Contract No. 21, furnishing of Laboratory Equipment and Supplies, plans, specifications and estimate approved - 158

Estimate of Fred Lutz & Sons, California Road to Anthony Blvd. Da. $858.62 - 159

Contract No. 14, SUB-CONTRACT (AWARDED TO)
Insulation and Bituminous Roofing Work and Sheet Metal Work - C. L. Schust Company - 164
Marble Work - R. H. Dawson Marble and Tile Co. - 164
Erection of Structural Steel, Crane Runways and Tainter Gates- Omar Zumbrun and Son - 164
Valves - The Western Gas Construction Co. - 164

Contract No. 16, - Furnishing and erection of Centrifugal Pumping Units, as re-advertised (RECEIVE BIDS) - 165

Tablet for Three Rivers Filtration Plant - Blue print approved - 167

Tablet lay-outs for Anthony Boulevard Dam, approved - 167

Communication from Engineers, recommending insulation of concrete under boiler grates - 168

Order for Extra Work
Flinn and Dreffein, Contract No. 10 - Waste heat line for disposing of excess steam from boilers through 48" stack $414.00 - 168

Order for Extra Work
Omega Machine Co., Contract No. 12 - One bin gate 33.00 - 168

Contract No. 14, Anthony Blvd. Dam and Pumping Station - interior finish changed at additional cost of $4,598.00 - 168

Contract No. 20, - Furnishing and erection of Chlorine and Ammonia Equipment (RECEIVE BIDS) - 169

Contract No. 14, SUB-CONTRACT (Dis-approved by Board)
Painting and Finishing - Oliver S. Jones Studios of Fort Wayne - 172

Contract No. 21, - Furnishing of Laboratory Equipment and Supplies (RECEIVE BIDS) - 174

Contract No. 14, - Communication (sub-contract Omar Zumbrun & Son) Struc.Steel- 175

Contract No. 6, - Final estimate placed on file, in the amount of $53,394.11 - 175

Contract No. 19, - Electrical Equipment for Anthony Blvd. Pumping Station plans, specifications and estimates approved, - Notice to Contractors, etc. - 175

Contract No. 16, - Centrifugal Pumping Units, CONTRACT AWARDED to WORTHINGTON PUMP AND MACHINERY CORP. amount of contract $20,365.00 - 175

Contract No. 16, - Centrifugal Pumping Units, Contract approved and ordered sent to the Council, - 175

Communication John Dehner, Inc., routing through Fort Wayne State School grounds instead of Parnell Avenue - 179

Contract No. 15, - change of the routing of 42" Raw Water Supply Main from Parnell Avenue to State School grounds - 179

Contract No. 14, - communication to Engineers with reference to gauges, - 180

Contract No. 14, - SUB-CONTRACT (AWARDED TO)
Painting and Finishing - BRUNNER BROTHERS, Fort Wayne - 180

Contract No. 15 - First Progress Estimate, John Dehner, inc., $21,952.93-180

Contract No. 14 - Third Progress Estimate, C. R. Wermuth & Son, 21,538.20-180

Eighty-fourth Estimate for professional engineering services 689.06-180

Eighty-fifth Estimate for professional engineering services 430.76-180

Contract No. 16 - Performance Bond of Worthington Pump & Mach. Co. referred to City Attorney 183 -180

Estimate of John Dehner, Inc., furnishing dirt at filtration plant site in the amount of $1,537.20-183

Contract No. 19, Electrical Equipment for Pumping Station (Addenda) -188

Contract No. 21, Furnishing of Laboratory Equipment and Supplies AWARDED to FISHER SCIENTIFIC COMPANY, Pittsburgh $1,652.55-188

Contract No. 19, Electrical Equipment for the Anthony Blvd. Pumping Station (RECEIVE BIDS) -189

Contract No. 6, Nineteenth Progress Estimate, Max Irmscher & Sons $15,000.00-190

Eighty-sixth estimate for professional engineering services $300.00-190

Communication Hoad, Decker, Shoecraft & Drury RE: Waterproofing and insulating under heating boilers -190

Contract No. 14 - Sub-Contract (Taken Under Advisement) Metal furring and lathing, plastering etc. -190

Contract - Trustees of Fort Wayne State School and City of Fort Wayne Re: changing 42" Raw Water Supply Main from Parnell Ave. between State and Charlotte to a line east of and parallel to Parnell through State School grounds, approved -192

Communication, Hoad, Decker, Shoecraft & Drury, Re: float tube		- 221
Contract No. 14, Charles R. Wermuth & Son, authorized to install float tu.		- 221
Contract No. 4, Second Progress Estimate, Dorr Company,	1,068.00	- 221
Ninety-sixth Estimate for professional engineering services	21.36	- 221
Contract No. 20, Wallace & Tiernan Co. Inc. Chlorine & Ammonia Equipment approved and ordered sent to the Council		- 221
Contract No. 20, Wallace & Tiernan Co. Inc. Chlorine & Ammonia Equipment performance bond referred to City Attorney	225	- 222
Contract No. 15, John Dehner, Inc., re-pave part of Parnell Avenue from Vance Avenue to Springfield Avenue	3.50	- 226
Estimate No. 1, G. E. Leininger for State Farm Sewer in amount	$1,912.80	- 229
Contract No. 14, Sixth Progress Estimate, Charles R. Wermuth	$19,212.88	- 230
Contract No. 15, Fourth Progress Estimate, John Dehner, Inc.,	6,750.48	- 230
Contract No. 8, Fifteenth Progress Estimate, V. M. Nussbaum,	1,525.83	- 230
Estimate of Dix-Kelly Electric Co. (electric work at Anthony Blvd. Dam and Pumping Station in the amount of	1,410.16	- 230
One Hundred Eighth Estimate for professional engineering services in connection with Contract No. 15, in the amount	135.01	- 230
One Hundred Ninth Estimate for professional engineering services in connection with Contract No. 14, in the amount	384.26	- 230

One Hundred Tenth Estimate for professional engineering services in connection with Contract No. 19, in the amount of $28.20

Contract No. 18, First Progress Estimate of Fort Wayne Pipe & Sup $3,990.00 -234

One Hundred Twelfth Estimate for professional engineering services in connection with contract No. 18 in the amount of 79.80-234

Communication from Hoad, Decker, Shoecraft & Drury, Re: Fourth and Final Estimate of Byron Jackson Co. $6,471.20-234

State Farm Sewer (G. E. Leininger reported work completed) -236

Claim of Hipskind Heating & Plumbing Co. against Max Irmscher & Sons (filed) -238

Contract No. 19 - Assignment of Contract of the Dix-Kelly Electric Shop to the Protective Electrical Supply Co. $16,000.00-239

Notice to Office Equipment Companies - for RECEIVING BIDS for office equipment at the Anthony Blvd. Pumping Station, -239

State Farm Sanitary Sewer - completion affidavit of G. E. Leininger -241

Release from Hipskind Heating & Plumbing Co. against R. E. Townsend Corp.and the Byron Jackson Company in the amount of $125.00-244

Contract No. 15, - John Dehner, Inc., Contractor Raw Water Supply Main, completion affidavit -244

Average Agreement of the Indiana Service Corporation with reference to the Baltes Siding, referred to City Attorney -244

Contract No. 14, - Seventh Progress Estimate, Charles R. Wermuth & Son,Inc. in the amount of $23,666.50-245

Contract No. 19 - Third Progress Estimate, Dix-Kelly Electric Shop 1,040.00-245

Contract No. 20 - Wallace & Tiernan Co., Inc. in the amount of 1,278.60-245

One Hundred Seventeenth Estimate for professional eng. services 723.33-245

One Hundred Eighteenth Estimate for professional eng. services 25.37-245

One Hundred Nineteenth Estimate for professional eng. services 20.80-245

Contract No. 6, - Max Irmscher and Sons, Twentieth Progress Estimate in the amount of $23,398.17, less $5,000 retained on claims filed by Hipskinds, making the amount of 18,398.17-245
One Hundred Sixteenth Estimate for professional engineering services in connection with Contract #6, in the amount of $467.96-245

Communication from City Engineer that State Farm Sanitary interceptor has been completed in accordance with plans and specifications, and approval of payment of balance due, amount of $2,860.60-247

Estimate of G. E. Leininger- State Farm Sanitary Sewer, amount of $2,860.60-247

Contract No. 22 - for the furnishing of Office Equipment for Three Rivers Filtration and Pumping Station (RECEIVE BIDS) -248

Contract No. 15 - John Dehner, Inc., Fifth Progress Estimate, $21,211.38-250 -253

One Hundred Nineteenth Estimate for professional engineering services in connection with Contract No. 15, in the amount of 424.23-250 -253

Estimate of Buesching-Hagerman & Co. for locating base line and concreting permanent posts for same for the proposed St. Joseph Impounding Dam (referred to L. R. Mathews) in the amount of 15.00-250

Order for Extra Work
Charles R. Wermuth and Son, Inc., Contract No. 14, Tile floor and finish in Mens'Toilet and entry way 78.96-252

Orders for Extra Work
Dix-Kelly Electric Shop, Inc, Contract No. 19, 100-ampere 3 pole, fused disconnect switch, conduit-wire etc. 65.90-252
also, 200 ampere, 3 pole, solid neutral totally inclosed externally operated disconnect switch etc. 79.89-252

Communication from OMAR ZUMBRUN AND SON, Re: claim against the Hipskind Heating and Plumbing Co. in the amount of 65.00-253

WATER WORKS PROJECT

Contract No. 22 - AWARDED TO: CENTRAL OFFICE EQUIPMENT CO; FINAN & O'REILLY CO; and LYON METAL PRODUCTS COMPANY, - 253

Contract No. 17A, - First Progress Estimate General Electric Co. $3,786.50 - 293

One Hundred Thirty-third Estimate for professional engineering services 75.73 - 293

Communication from H.D.S.D relative to grading of area immediately East of Anthony Boulevard Station, - 294

Contract No. 17, - Third Progress Estimate, The James Leffel and Co. $2,289.60 - 294

One Hundred Thirty-fourth Estimate for professional engineering services 45.79 - 294

Order for Extra Work,
Charles R. Wermuth & Son, Inc., Contract No. 14, soil pipe outlet $14.87 - 295

Contract No. 14, Tenth Progress Estimate, Charles R. Wermuth & Son, $21,155.95 - 295

One Hundred Thirty-seventh Estimate for professional engineering services 673.11 - 295

Contract No. 19, - Sixth Progress Estimate, Dix-Kelly Electric Co. 3,052.77 - 295

One Hundred Thirty-sixth Estimate for professional engineering serv. 61.06 - 295

Contract No. 6, - Max Irmscher and Sons, Twenty-first and Final Est. 7,447.74 - 295

Contract No. 8 - Supplementary Estimate of the Sixteenth and Final Est. of V. M. Nussbaum and Company, T.U.A. - 295

Order for Extra Work,
Charles R. Wermuth & Son, Inc., Contract No. 14, painting screens (Approved page 300) RESCINDED page 302 $12.00 - 300

Contract No. 14 - Charles R. Wermuth and Son, Inc., Contractor. Credit in the amount of $104.00 and $12.50 - 302

Order for Extra Work
Charles R. Wermuth & Son, Inc., Contract No. 14, Marble plinths at front of men's toilet partitions to provide headroom in doorways, for the lump sum price $34.50 - 302

Order for Extra Work
Dix-Kelly Electric Co, Inc., Contract No. 19, additional wiring and conduits for the amount of $391.89 - 303

Contract No. 16, - Second Progress Estimate, Worthington Pump and Machinery Corporation, in the amount of $6,109.50 - 316

One Hundred Thirty-eighth Estimate for professional engineering services $122.19 - 316

Contract No. 19 - Dix-Kelly Electric Co. Inc.- Seventh Progress Est. $4,473.49 - 316

One Hundred Thirty-ninth Estimate for professional engineering services 89.47 - 316

Contract No. 17A - General Electric Co. - Second Progress Estimate $2,27[illegible] - 321

One Hundred Forty-first Estimate for professional Engineering Services 45.[illegible] - 321

Order for Extra Work
Charles R. Wermuth & Son, Inc., Contract No. 14, floor plates around the low-service discharge pipes (DIS-APPROVED) 104.65 - 323

Order for Extra Work
Dix-Kelly Electric Co. Contract No. 19, installation of four levolier switches on the alternating current circuit to lights on each side control boards for the lump sum price of 9.00 - 326

Contract No. 14, - Charles R. Wermuth and Son, Inc., Contractor, Eleventh Progress Estimate in the amount of $13,155.49 - 326

One Hundred Fortieth Estimate for professional engineering services in connection with the Eleventh Progress Estimate under Contract No. 14, in the amount of 513.11 - 326

WATER WORKS PROJECT

Declaratory Resolutions Nos. 664-665-666 (Appropriation for Water Works purposes)	-330-329 -328 -327
Detailed report and appraisal of eight parcels of real estate, located in St. Joseph Twp.	-332

Claim of Ulysses L. Bowman, for work in connection with building bridge over a ravine near St. Joseph River bank, etc., in the amount of	$96.05-494
Communication - L. R. Mathews, with reference to original water works improvement tracings	-477

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, October 6, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, Charles Ramsey,
Scott S. Snyder, Secretary.

A report was received from the City Light Construction Department recommending the installation of a street light at the corner of Holton Avenue and Oxford Street, also at the corner of Holton Avenue and Drexel Boulevard. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of Ellison L. Meier, to repair cement sidewalk at 502 Oakdale Drive, be granted.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 2110 South Calhoun Street; corner of Creighton Avenue and Broadway; corner of Creighton Avenue and Fox Avenue; corner of Poplar Street and Fox Avenue; 2647 St. Mary's Avenue; corner of Taylor Street and Nelson Street; corner of Wall Street and Broadway.

Motion was made, seconded and carried that the performance bond of JOHN DEHNER, INC., signed by the Standard Accident Insurance Company, covering Contract No. 15, of the Water Works Improvement, which provides for the construction of the Raw Water Supply Main, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the L. W. DAILEY CONSTRUCTION COMPANY, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Street Improvement Resolution Number **3123**, be approved.

L. W. DAILEY CONSTRUCTION COMPANY reported the work completed under Improvement Resolution Number **3108**, which provides for the construction of cement sidewalks on the east side of Fairfield Avenue from Masterson Avenue to a point forty (40) feet north of the north line of Masterson Avenue, motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the City Light Department be instructed to place an order for three sifting hoppers in connection with the improvements to the City Light and Power Works, from Schmeling & Alter, at $1,765.50.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number **3121**, which provides for the improving of Curdes Avenue from East Drive to Anthony Boulevard; be and the same is hereby **APPROVED** and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of October, 1932, and that Thursday, the 27th day of October, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 657, which provides for the condemnation of a right-of-way for sewer purposes west of St. Mary's Avenue from Margaret Avenue to State Boulevard. Said right-of-way being located on a portion of Ewings Out Lot Number 2 situated in the Southeast Quarter of Section 34, Township 31 North, Range 12 East, be and the same is hereby APPROVED and that Thursday, the 20th day of October, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved, and that the City Light Department be instructed to pay same: Estimate No. 3, in favor of Max Irmscher and Sons, Contractors, in the amount of $13,612.07; Estimate of the C. O. Bartlett & Snow Company, in the amount of $2,380.00; Estimate of the Webster Manufacturing Company, in the amount of $2,103.75.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, October 11, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, October 4th, and the Special Meeting of Wednesday, October 5th, and the Regular Meeting of Thursday, October 6th, 1932, stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of September, 1932, be placed on file.

Motion was made, seconded and carried that the weekly report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending October 1, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Creighton Avenue and Fairfield Avenue; Douglas Avenue between Harrison Street and Webster Street; 1332 Fletcher Avenue; 2321 South Harrison Street.

Motion was made, seconded and carried that the report from the City Light Construction Company, recommending the installation of a light on Edgerton Street, south of Main Street at the Bridge, be placed on file.

Motion was made, seconded and carried that the application of Clayton Crawford, to construct 150 feet of sidewalk at the Southwest corner of Sherman Boulevard and Goshen Avenue, be granted.

Motion was made, seconded and carried that the application of L. W. Dailey, to make a cut into the curbing to a width of 44 feet and to construct a driveway to a width of 40 feet at the Southwest corner of Sherman Boulevard and Goshen Avenue, drive facing on Sherman Boulevard, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the bond of Clarence W. Grodrian, signed by the Independence Indemnity Company, be referred to the City Attorney for his approval.

The L. W. DAILEY CONSTRUCTION COMPANY reported the work completed under Street Improvement Resolution Number 3123, which provides for the improving of Clinton Street on the east side from Columbia Street to the alley north of Columbia Street. Motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the Private Side Track Agreement between the New York Central Railroad Company and the City of Fort Wayne, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Fort Wayne Water Works Department, be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: Fourth and Final Estimate in favor of John Dehner, Inc., Contractor for Contract No. 3, in the amount of $3,201.99; Tenth Progress Estimate in favor of Max Irmscher and Sons, Contractors for Contract No. 6, in the amount of $59,951.02; Seventh Progress Estimate in favor of V. M. Nussbaum and Company, Contractors for Contract No. 8, in the amount of $1,488.59; Fifty-second Estimate for professional engineering services in the amount of $29.77, also the Fifty-third Estimate for professional engineering services in the amount of $1,449.02.

Motion was made, seconded and carried that the City Light and Power Works, be instructed to pay the following estimates from the Froehlich & Emery Engineering Company: Estimate of the Western Gas Construction Company, in the amount of $1,700.00; Estimate of the Western Gas Construction Company, in the amount of $297.00; Estimate of the Webster Manufacturing Company, in the amount of $8,670.00.

The Board then upon motion took a recess until 3:00 o'clock P. M., Tuesday, October 11, 1932.

-- oOo --

The Board re-convened Tuesday, October 11, 1932, at 3:00 o'clock P. M. and proceeded as follows:

Motion was made, seconded and carried that the contract made the 4th day of October, 1932, by and between the City of Fort Wayne, Indiana, a municipal corporation, by and through its Board of Public Works, party of the first part, and John Dehner, Inc., of Fort Wayne, Indiana, party of the second part, covering the work under Contract No. 15, which provides for the construction of the Raw Water Supply Main, in connection with the Water Works Improvement, and bond, be approved, and that the contract be ordered sent to the Council at their next regular meeting, Tuesday, October 11, 1932, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the contract made this 11th day of October, 1932, by and between the Hipskind Heating & Plumbing Company, of the County of Allen, State of Indiana, party of the first part, and the City of Fort Wayne, County of Allen, and State of Indiana, by and through its Board of Public Works, party of the second part, covering the work under DIVISION NO. 1, which provides for the furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of a complete system of steam, exhaust, water and oil piping for, in and about the boiler plant of the City Light and Power Works of the City of Fort Wayne, Indiana, be approved, and ordered sent to the Council at their next regular meeting, Tuesday, October 11, 1932, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the contract made this 11th day of October, 1932, by and between the Whitehead & Kales Company, of the County of Wayne, State of Michigan, party of the first part, and the City of Fort Wayne, County of Allen and State of Indiana, by and through its Board of Public Works, party of the second part, covering the work under DIVISION NO. 2, which provides for the furnishing of all labor, materials, apparatus and tools necessary for the construction, delivery and erection of three (3) complete forced draft hot air ducts, three (3) complete forced draft cold air ducts, and twenty-four (24) complete sealing boxes, for and at the City Light and Power Works of the City of Fort Wayne, Indiana, be approved, and ordered sent to the Council at their next regular meeting, Tuesday, October 11, 1932, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the contract made this 11th day of October, 1932, by and between the Sussman Asbestos Company, of the County of Lucas, State of Ohio, party of the first part, and the City of Fort Wayne, County of Allen and State of Indiana, by and through its Board of Public Works, party of the second part, covering the work under DIVISION NO. 3, which provides for the furnishing of all labor, materials, apparatus and tools required for the insulation of piping, deaerating heater, water softener, filter, flash tank, air ducts, siftings hoppers, wind boxes, soot hoppers, air heaters, cindertraps with auxiliary storage hoppers, induced draft fans, flue gas ducts, and boiler water walls, for and in the boiler plant of the City Light and Power Works of the City of Fort Wayne, Indiana, be approved, and ordered sent to the Council at their next regular meeting, Tuesday, October 11, 1932, at 8:00 o'clock P. M.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, October 18, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Dayton Avenue and Indiana Averue; 1706 Edgewater Avenue; 901 Goshen Avenue; Corner of Kinsmoor Avenue and Fairfield Avenue; corner of Kinsmoor Avenue and Indiana Avenue; corner of Pontiac Street and Webster Street; corner of St. Joseph Boulevard and Tennessee Avenue.

Motion was made, seconded and carried that the application of William Sattler, to repair sidewalk at 2030 Nelson Street, be granted.

Motion was made, seconded and carried that the application of Wayne W. Moore, to repair sidewalk at 439 Buchanan Street, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

William E. Lee, 12 ft. cut and 8 ft. drive at 3322 Reed Street;
W. Frank Rhoades, 14 ft. cut and 10 ft. drive at 915 Rockhill Street.

A petition, providing for the installation of a street light in front of 1211 Kenwood Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

E. H. ROEMER reported the work completed under Improvement Resolution Number 3126, which provides for the improving of the alley between South Wayne Avenue and Arlington Avenue from Pasadena Drive to Sherwood Terrace; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

In the matter of the primary assessment roll for Improvement Resolution Number 3108, which provides for the construction of cement sidewalks on the east side of Fairfield Avenue from Masterson Avenue to a point forty (40) feet north of the north line of Masterson Avenue, L. W. Dailey, Contractor, motion was made, seconded and carried that the City Engineer be instructed to deduct five per cent (5%) from the contract price, in compliance with the specifications on thickness of cores, the average thickness of same being .23 inches less than the required thickness.

Motion was made, seconded and carried that the Performance Bond of the Hipskind Heating and Plumbing Company, signed by the United States Guarantee Company, covering DIVISION NO. 1 - PIPING, for improvement of the City Light and Power Works, be approved.

Motion was made, seconded and carried that the Performance Bond of the Whitehead and Kales Company, signed by the Commercial Casualty Insurance Company, covering DIVISION NO. 2 - FORCED DRAFT AIR DUCTS AND AIR SEALING BOXES, for improvement of the City Light and Power Works, be approved.

Motion was made, seconded and carried that the Performance Bond of the Sussman Asbestos Company, signed by the Commercial Casualty Insurance Company, covering DIVISION NO. 3 - INSULATION, for improvement of the City Light and Power Works, be approved.

Motion was made, seconded and carried that the estimate of the Webster Manufacturing Company, which was approved by the Froehlich & Emery Engineering Company, in the amount of $403.75, be approved and that the City Light Department be instructed to pay same.

The Board then upon motion adjourned.

John [illegible]
David Erwin
[illegible] Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, October 25, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, C. A. Ramsey.
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Barr Street and DeWald Street; corner of Clinton Street and DeWald Street; corner of Clinton Street and Williams Street; corner of Dayton Avenue and Indiana Avenue; corner of Fourth Street and Barthold Street; corner of Nuttman Avenue and Indiana Avenue; 414 East Suttenfield Street; corner of Taber Street and Hoagland Avenue.

Motion was made, seconded and carried that the application of the Board of Public Safety, to make a cut into the pavement at the northwest corner of Jefferson Street and Broadway, be granted.

Motion was made, seconded and carried that the weekly report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending October 15, 1932, be placed on file.

Motion was made, seconded and carried that the report of the City Light Construction Department, recommending the installation of a light in the alley between Anthony Boulevard and Fletcher Avenue from Luther Street South, on Pole No. 1895, be TAKEN UNDER ADVISEMENT.

A petition, providing for the installation of an alley light 100 feet west from Bayer Avenue on the alley known as Emmett Drive, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the application of Noah Beberstine, to construct private sidewalk at the side of 633 Goshen Road, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to construct private sidewalk at 705 Hofer Avenue, be granted, in accordance with the specifications and the grade established by the City Engineer.

Motion was made, seconded and carried that the following driveway applications, be granted:

Everett R. Ellerman, 14 ft. cut and 10 ft. drive at 509 East State Boulevard;
William E. Lee, 14 ft. cut and 10 ft. drive at 3202 South Anthony Boulevard;
A. Roethele & Sons, 12 ft. cut and 8 ft. drive at 707 Goshen Avenue, facing on Hofer Avenue.

Communications from the Old-First National Bank and Trust Company, The Peoples Trust and Savings Company and W. K. Noble, remonstrating against the re-surfacing of Harrison Street from Superior Street to Wayne Street, were received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the agreement of the Consumers Oil & Supply Company, with reference to the removal of the 725 H. P. boilers at the City Light and Power Works, be approved.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light Department be instructed to pay same: The Western Gas Construction Company, in the amount of $6,120.00 and the Webster Manufacturing Company in the amount of $979.92.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 657, which provides for the condemnation of a right-of-way for sewer purposes west of St. Mary's Avenue from Margaret Avenue to State Boulevard. Said right-of-way being located on a portion of Ewing's Out Lot Number 2 situated in the Southeast Quarter of Section 34, Township 31 North, Range 12 East; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

This being adate and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Local Sewer Improvement Resolution Number 464, which provides for the construction of a sewer in and along the sewer right-of-way west of St. Mary's Avenue from the south property line of Margaret Avenue to a point approximately three hundred (300) feet north; they now proceeded to open the same and obtained the following results:

CARMINE PUCA,	BID		$633.00
C. W. FUELLING,	BID	per lineal ft.	$ 2.09

Motion was made, seconded and carried that the contract for the work to be performed under Local Sewer Improvement Resolution Number 464, on which bids were received Tuesday, October 25th, 1932, at 10:00 o'clock A. M., be awarded to C. W. FUELLING, at and for his price bid, namely, $2.09 per lineal foot, he being the lowest and best bidder.

The Board then upon motion adjourned.

John Brun

BOARD OF PUBLIC WORKS.

ATTEST:
HELENE NACHTIGALL,
SECRETARY PRO TEM.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, October 27, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, October 18th and the meeting of Tuesday, October 25th, 1932, stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Meridian Street and Putnam Street, be granted.

Motion was made, seconded and carried that the application of C. Doenges and Son, to make a cut into the curbing to a width of 16 feet and to construct a driveway to a width of 12 feet at 1127 North Anthony Boulevard, drive facing on Edgewater Avenue, be granted.

A petition, providing for the installation of light in the alley at the rear of 2812 Hoagland Avenue, was received. Motion was made, seconded and carried that the same be referred to the Light Department for investigation and report.

Motion was made, seconded and carried that the following order to the American Engineering Company for extra work in connection with the City Light and Power Works, be approved: Three sets of wind box closing plates, as per instructions by The Froehlich & Emery Engineering Company, all delivered and erected in the Municipal Electric Works. Price each set - $205.00. Total price - $615.00.

Motion was made, seconded and carried that the City Light and Power Works be instructed to pay the engineering fee due the Froehlich & Emery Engineering Company, in the amount of $468.61 for equipment purchased under specifications dated September 1932.

Motion was made, seconded and carried that the Fort Wayne Water Works Department, be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: The Third Progress Estimate for the Western Gas Construction Company, Contractors for Contract No. 9, in the amount of $2,912.80; also the Fifty-fifth Estimate for professional engineering services in the amount of $58.26.

Thursday, the 20th day of October, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Improvement Resolution Number 3130, which provides for the improving of Harrison Street from the south curb line of Superior Street to the north curb line of Wayne Street, there having been filed a remonstrance signed by 50% of the resident property owners affected by this improvement; motion was made, seconded and carried that the confirmation of the aforesaid resolution be POSTPONED until May, 1933.

Thursday, the 20th day of October, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Improvement Resolution Number 3131, which provides for the construction of cement sidewalks on the south side

Hofer Avenue from Goshen Avenue to Sherman Boulevard, there having been filed a remonstrance signed by 100% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3131, be RESCINDED.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3107 - which provides for the construction of cement sidewalks on the south side of Cody Avenue from Anthony Boulevard to the alley east of Anthony Boulevard;
3108 - which provides for the construction of cement sidewalks on the east side of Fairfield Avenue from Masterson Avenue to a point forty (40) feet north of the north line of Masterson Avenue;
3110 - which provides for the construction of cement sidewalks on the west side of Miner Street from Phillips Street to the alley north of Phillips Street;
3111 - which provides for the construction of cement sidewalks on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue;
3113 - which provides for the construction of cement sidewalks on the east side of Sherman Boulevard from State Boulevard to Hofer Avenue;
3114 - which provides for the construction of cement sidewalks on the west side of Van Buren Street from Main Street to Greeley Street;
3115 - which provides for the construction of cement sidewalks on the north side of Wayne Street from Lafayette Street to Clay Street;
3123 - which provides for the improving of Clinton Street on the east side from Columbia Street to the alley north of Columbia Street;
3126 - which provides for the improving of the alley between South Wayne Avenue and Arlington Avenue from Pasadena Drive to Sherwood Terrace;
3128 - which provides for the construction of cement sidewalks on the south side of Kenwood Avenue from Anthony Boulevard to a point one hundred fifty (150) feet west of Anthony Boulevard;

be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 31st day of October and the 1st day of November, 1932, and that Thursday, the 10th day of November, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3121, which provides for the improving of Curdes Avenue from East Drive to Anthony Boulevard; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, November 3, 1932,
Regular Meeting held at 4:00 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending October 22, 1932, be placed on file.

Motion was made, seconded and carried that the Liability Insurance Policy of V. E. Nicodemus, also George Kronmiller and Son, signed by the Builders and Manufacturers Mutual Casualty Company of Chicago, Illinois, be approved.

Motion was made, seconded and carried that the bond of Charles Neu, signed by the United States Fidelity & Guaranty Company of Baltimore, Maryland, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the following plat to the City of Fort Wayne, be approved:

"HETTLER'S SUBDIVISION."

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Lewis Street and Anthony Boulevard; corner of Lewis Street and Division Street; corner of Lewis Street and Lillie Street; corner of Lewis Street and Winter Street; corner of Putnam Street and Hensch Street; corner of Short Street and Huffman Street; corner of Spy Run Avenue and Tennessee Avenue.

A remonstrance, together with suggestions for a plan from John H. Craig, with reference to the water main on Parnell Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the installation of a light in the alley at the rear of 3805 Bowser Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

The Lincoln Oil Refining Company, signed by the Fidelity and Casualty Company;
The Rose Furnace Company, signed by the Agricultural Insurance Company;
The Wayne Company, signed by the Maryland Casualty Company.

Motion was made, seconded and carried that the completion affidavit of the Coil Construction Company, Incorporated, for the grading and paving of the West Approach to the Oakdale Drive Bridge, be referred to the City Engineer for final approval.

Motion was made, seconded and carried that the application of C. W. Bassett, to construct 25 feet of cement sidewalk at 917 Archer Avenue, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to construct 42 feet of cement sidewalk at 505 East State Boulevard, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Noah Beberstine, 40 foot cut and 36 foot drive, at 505 East State Boulevard;
William E. Lee, 20 foot cut and 16 foot drive, at 4233 Arlington Avenue.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of Fred H. Fuelling, signed by the Independence Indemnity Company, covering the work to be performed under Local Sewer Improvement Resolution Number 464, be approved.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to purchase a Ross Thawing Device from the American-La France and Foamite Industries, Inc., at the price quoted in their proposal $300.00 f. o. b. factory.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light and Power Works be instructed to pay same: Max Irmscher and Sons, in the amount of $7,523.18; Max Irmscher and Sons, in the amount of $325.00; Max Irmscher and Sons, in the amount of $204.20; Western Gas Construction Company, in the amount of $382.50; Western Gas Construction Company, in the amount of $2,771.00.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department, be instructed to pay same: Eleventh Progress Estimate in favor of Max Irmscher and Sons, Contractors for Contract No. 6, in the amount of $45,557.91; Fifty-seventh Estimate for professional engineering services in the amount of $1,161.16.

Motion was made, seconded and carried that the following estimate of John Dehner, Incorporated, in the amount of $1,004.50, extra fill made east of the Filtration Plant, be approved, and that the Fort Wayne Water Works Department be instructed to pay same.

Motion was made, seconded and carried that the following estimate of John Dehner, Incorporated, in the amount of $352.60. for dirt excavated from the Maumee River east of Anthony Boulevard Bridge, be approved and ordered paid.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3107 - which provides for the construction of cement sidewalks on the south side of Cody Avenue from Anthony Boulevard to the alley east of Anthony Boulevard;
3108 - which provides for the construction of cement sidewalks on the east side of Fairfield Avenue from Masterson Avenue to a point 40 feet north of the north line of Masterson Avenue;
3110 - which provides for the construction of cement sidewalks on the west side of Miner Street from Phillips Street to the alley north of Phillips Street;
3111 - which provides for the construction of cement sidewalks on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue;

3113 - which provides for the construction of cement sidewalks on the east side of Sherman Boulevard from State Boulevard to Hofer Avenue;
3114 - which provides for the construction of cement sidewalks on the west side of Van Buren Street from Main Street to Greeley Street;
3115 - which provides for the construction of cement sidewalks on the north side of Wayne Street from Lafayette Street to Clay Street;
3123 - which provides for the improving of Clinton Street on the east side from the north curb line of Columbia Street to the north property line of the alley north of Columbia Street;
3126 - which provides for the paving of the alley between South Wayne Avenue and Arlington Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace;
3128 - which provides for the construction of cement sidewalks on the south side of Kenwood Avenue from Anthony Boulevard to a point 150 feet west of Anthony Boulevard;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, whibh assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls **CONFIRMED** and ordered forthwith delivered to the Department of Finance.

Thursday, the 1st day of September, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Declaratory Resolution Number 656, which provides for the opening of an alley ten (10) feet in width across a portion of Lot Number 162 Fletcher's Addition, there having been filed a remonstrance which has been previously withdrawn by Harry F. Kennerk, Attorney for the remonstrators, motion was made, seconded and carried that the confirmation of the resolution be TAKEN UNDER FURTHER ADVISEMENT; after re-considering the same it was resolved by the Board of Public Works that Declaratory Resolution Number 656, be **MODIFIED** to read as follows: "Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to open an alley 9½ feet in width across a portion of Lot Number 162 Fletcher's Addition. All as shown by a plan of such proposed alley opening as above described now on file in the office of the Department of Public Works of said City. The opening of said alley as above described to be made by condemning and appropriating for alley purposes the south 9½ feet of Lot Number 162 Fletcher's Addition"; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be **FULLY AND FINALLY CONFIRMED** as "MODIFIED" and that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board then upon motion adjourned.

David Ewin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, November 15, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: David Erwin, Charles A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending November 5, 1932, be placed on file.

Motion was made, seconded and carried that the report of the Municipal Asphalt Plant for the expenditures for the maintenance of asphalt pavements, etc., out of the guarantee period for the years 1930, 1931 and to November 1, 1932, be placed on file.

A petition, providing for the installation of a light in the alley at the rear of 711 Edgewater Avenue, be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a street light at the corner of Buell Drive and Pasadena Drive, be referred to the City Light Department for investigation and report.

A petition, providing for the continuation of the present water line on West Branning Avenue from the Old Mill Road to the 1100 Block, East to Beaver Avenue extended North, thence South and connect with the present main on Lexington, was received. Motion was made, seconded and carried that same be referred to the Fort Wayne Water Works Department for investigation and report on cost.

Motion was made, seconded and carried that the following driveway applications be granted:

Charles Houser.	36 ft. cut and 32 ft. drive at the N. W. corner of Lafayette and Washington Boulevard;
William P. Schenkel,	12 ft. cut and 8 ft. drive at the N. E. corner of Watkins and Main Street, drive facing on Watkins.

Motion was made, seconded and carried that the bond of the Berghoff Products Company, signed by the United States Fidelity & Guaranty Company, for permission to construct, maintain and operate a side track across Wayne Street and the alley running east and west between Wayne and Washington Streets, and between Lots 130 and 143 in White's First Addition to said City, and also across Washington Street and along and upon the alley running north and south between Grant and Wabash Avenues from Washington Street to the South line of Lot No. 80 in said addition, in said city, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the estimate of John Dehner, Incorporated, in the amount of $349.30, for black dirt and fill furnished for river banks at Spy Run Bridge and east of Filtration Plant, also for the use of Dragline, straightening Banks, be approved and ordered paid.

Motion was made, seconded and carried that the Froehlich and Emery Engineering Company, be instructed to issue an extra order to Max Irmscher and Sons, Contractors for the Boiler Room Addition to the to the City Light & Power Works for a fire wall between the present new building and the old boiler still in use in the basement and firing room floor, in the amount of $1,926.60.

Motion was made, seconded and carried that the plans specifications and estimate for Contract No. 16, which provides for the furnishing, erection, testing and placing in operation of four horizontal-shaft motor-driven centrifugal pumping units and miscellaneous appurtenances, in connection with the Water Works Improvements, be approved, and that Notice to Contractors of the work to be performed in the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 21st and 28th days of November, 1932, and that Tuesday, the 20th day of December, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the aforementioned improvements.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, November 17, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Putnam Street and Cass Street; corner of South Wayne Avenue and Maxine Drive; corner of Wayne Street and Anthony Boulevard.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

O. C. Oberwitte,	signed by the U. S. Fidelity & Guaranty Company;
Glenn C. Seip & Company,	signed by the Aetna Casualty and Surety Company;
Wayne Oil Burner Corporation,	signed by the Globe Indemnity Company.

Motion was made, seconded and carried that the bond of the Berghoff Products Manufacturing Company, Inc., signed by the United States Fidelity & Guaranty Company, for permission and authority to construct, maintain and operate a side track across Wayne Street and the alley running east and west between Wayne and Washington Streets, and between Lots 130 and 143 in White's First Addition to said City, and also across Washington Street and along and upon the alley running north and south between Grant and Wabash Avenues from Washington Street to the South line of Lot No. 80 in said addition, in said city, and according to a plat attached to said contract, said grant to continue for a period of thirty-five years from said date of said contract, be approved.

Motion was made, seconded and carried that the Quit Claim Deed, signed by Ora E. Maxwell and Nina E. Maxwell, for the following described Real Estate in Allen County, Indiana, to-wit: Part of Lot Number 1 Rousseau's Subdivision of Lillie Place Addition, described as follows: Commencing at a point on the east line of said lot ten (10) feet south of the northeast corner thereof; thence north along the east line of said lot ten (10) feet to the northeast corner thereof; thence northwest along the north line of said lot a distance of fifteen (15) feet; thence southeasterly on a straight line to the place of beginning. Said parcel of land to be used for street purposes, be placed on file.

Motion was made, seconded and carried that the request of the William Hahn Company (Boston Store) for the installation of a light in the alley at the rear of their premises at 110 East Berry Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the report from the City Light Construction Department recommending the installation of a light in the alley at the rear of 3805 Bowser Avenue on Traction Pole No. 3549, be placed on file.

Motion was made, seconded and carried that the report from the City Light Construction Department, stating that there is at present a light in the block near the rear of 1316 Delaware Avenue, be placed on file.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, stating that the cost for the continuation of the present water line on West Branning Avenue from the Old Mill Road to the 1100 Block, East to Beaver Avenue extended North, thence South and connect with the present main on Lexington Avenue, will be approximately $1,200.00. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of V. E. Nicodemus, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at the Southwest corner of Goshen Avenue and St. Mary's Avenue, be granted.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 656, which provides for the opening of an alley nine and one-half (9½) feet in width across a portion of Lot Number 162, Fletcher's Addition, as MODIFIED be and the same is hereby APPROVED and that Thursday, the first day of December, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott L. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, November 22, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, November 15th and the Regular Meeting of Thursday, November 17th, 1932, stand approved, as read.

Motion was made, seconded and carried that the weekly report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending November 12, 1932, be placed on file.

Motion was made, seconded and carried that the application of of ~~the~~ Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Pixley Relief Home, Maumee Avenue; 732 Putnam Street.

A petition, providing for the extension of the water line from Randolph Street to State Street was received. Motion was made, seconded and carried that the same be referred to the Fort Wayne Water Works Construction Department for investigation and report on cost.

Motion was made, seconded and carried that the order issued by the Froehlich & Emery Engineering Company, to Max Irmscher and Sons, Contractors for the Boiler Room Addition to the City Light & Power Works, for a fire wall between the present new building and the old boiler still in use in the basement and firing room floor, in the amount of $1,926.60, be approved.

The City Engineer now submitted plans and specifications for the condemnation of right-of-way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12 East, and in Sections 19 and 30, Township 31 North, Range 13 East, as more fully set out in Declaratory Resolution Number 658, which plans and specifications were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 658 - 1932.

For the condemnation of right-of-way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12 East, and in Sections 19 and 30, Township 31 North, Range 13 East.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to condemn a right-of-way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12 East, and in Sections 19 and 30, Township 31 North, Range 13 East.

All as shown by a plan of such proposed condemnation of a right-of-way for Water Works purposes as above described now on file in the office of the Department of Public Works of said City.

The condemnation of the right-of-way to be made by condemning and appropriating for Water Works purposes the following described property:

Commencing at the point where the west line of the East Half of the Southeast Quarter of Section 25, Township 31 North, Range 12 East, intersects the thread of the St. Joseph River; thence north along said west line of the East Half of the Southeast Quarter of said section 25 to its intersection with the east and west center line of said Section 25, Township 31 North, Range 12 East; thence east along said east and west center line of said Section 25, one hundred seventy-five (175) feet; thence on an angle to the left of forty (40) degrees a distance of five hundred eighty (580) feet, said point being six hundred fifty (650) feet from and at right angles to the east line of the Feeder Canal property; thence northeast parallel to and at right angles to the east line of the Feeder Canal property a distance of two thousand sixty-five (2065) feet; thence on an angle to the left of ninety (90) degrees a distance of six hundred (600) feet to a point fifty (50) feet from the east line of the Feeder Canal property; thence northeast parallel to and at right angles to the east line of the Feeder Canal property a distance of two hundred seventy (270) feet to a point fifty (50) feet north of the north line of Section 25, Township 31 North, Range 12 East; thence east on a line fifty (50) feet north of and parallel to the north line of Section 25, Township 31 North, Range 12 East and the north line of Section 30, Township 31 North, Range 13 East, a distance of nine hundred thirty (930) feet; thence on an angle to the left of seventy-five (75) degrees a distance of four hundred thirty (430) feet to a point in the north line of the John Bleke property eight hundred fifty-two (852) feet east of the east line of the Feeder Canal property, measured along said north line; thence easterly along said north line to the thread of the St. Joseph River; thence in a southwesterly direction following the thread of the St. Joseph River to the place of beginning, containing 33.23 acres more or less.

The property which may be injuriously or beneficially affected by the proposed right-of-way for Water Works purposes as above described is described as all of the land lying between the St. Joe Gravel Road and the Leo Road from the north and south center line of Section 25, Township 31 North, Range 12 East, to the east line of Section 28, Township 32 North, Range 13 East.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act to Amend Sections 139 and 250 of an act entitled, "An Act Concerning Municipal Corporations" approved March 6, 1905, approved March 7, 1931, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

The total cost of said condemnation of right-of-way for Water Works purposes as above described shall be paid for by the Fort Wayne Water Works Department of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 658, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 23rd and 30th days of November, 1932, and that Thursday, the 15th day of December, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Thursday, November 24th, 7:30 P. M.
POSTPONED until Friday, November 25th, 1932 at 4:00 P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the bond of the Michigan Valve and Foundry Company, signed by the Maryland Casualty Company, be referred to the City Attorney for his approval.

A report was received from the City Light Construction Department, recommending the installation of the following lights:

Street light at the southwest corner of Buell Drive and Pasadena Drive;
Alley light at the rear of 711 Edgewater Avenue on Traction Pole No. 3744,
motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following driveway applications be granted:

Lincoln Oil Refining Co.,	40 ft. cut and 36 ft. drive at the northwest corner of Main Street and Ewing, driveway facing on Main Street;
Lincoln Oil Refining Co.,	40 ft. cut and 36 ft. drive at the northwest corner of Main Street and Ewing, driveway facing of Ewing Street.

Motion was made, seconded and carried that the application of the Lincoln Oil Refining Company, to repair 60 feet of sidewalk on the north side of Main Street from Ewing Street to the new driveway; also, to repair 30 feet of sidewalk on the west side of Ewing Street from the new driveway, 30 feet north, be granted.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light Department be instructed to pay same: Estimate of the Allen-Sherman-Hoff Company in the amount of $2,703.00; estimate of the Webster Manufacturing Company, in the amount of $2,157.73; the Ingersoll-Rand Company, in the amount of $2,164.80; the estimate of the American Engineering Company, in the amount of $13,781.33; the estimate of the American Engineering Company, in the amount of $517.50; the estimate of the American Engineering Company, in the amount of $433.33.

Motion was made, seconded and carried that the plans, specifications and estimate, submitted by the Froehlich & Emery Engineering Company, for Combustion Control, Boiler Instruments, Switchboards and Cabinets, Outdoor Breakers, Supervisory Control, Transformers, Outdoor Steel Substations, Fences, Underground System, Power and Lighting Wiring for improvement of the City Light and Power Works, be approved and the estimate placed on file.

Motion was made, seconded and carried that Notice to Contractors of the receiving of sealed proposals for the above described improvements to the City Light and Power Project. be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 6th and 13th days of December, 1932, and that Thursday, the 5th day of January, 1933, at 10:00 o'clock A. M., Central Standard Time, be fixed a date and time when the Board will receive and open proposals for the same.

The Board then upon motion adjourned.

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 1, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, November 22nd, and the meeting of Friday, November 25th, stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Main Street and Davis Street; 126-128 West Main Street; corner of Watkins Street and Main Street.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending November 26, 1932, be placed on file.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, stating that it would be impossible to extend the water line from Randolph Street to State Street, without an easement from the Traction Company. Motion was made, seconded and carried that the same be placed on file.

A remonstrance, against the laying of the raw water main on Parnell Avenue from the Parnell Avenue Bridge south, to the southern terminal was received. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the construction of a substantial, passable and traversable foot bridge at the intersection of Culbertson Street and the ditch known as Junk Ditch, also over said ditch, was received. Motion was made, seconded and carried that the same be referred to the Street Department for investigation and report on cost.

A report was received from Van A. Barnett, City Engineer, relative to the paving of the West approach to the Oakdale bridge, which was recently completed by the Coil Construction Company, stating that same was ready for acceptance. Motion was made, seconded and carried that the same be placed on file.

The COIL CONSTRUCTION COMPANY, INC., reported the work completed for the grading and paving of the WEST APPROACH TO THE OAKDALE DRIVE BRIDGE. Motion was then made, seconded and carried that the same be approved and ordered paid.

A petition, providing for the installation of a light in the alley between Lafayette Street and Piqua Avenue, on the pole at the rear of 4130 Lafayette Street, was received. Motion was made, seconded and carried that the City Light Construction Department be instructed to install same.

Motion was made, seconded and carried that the City Light Department be instructed to install a light on Osage Street about 115 feet north of the alley, on the Horton Manufacturing Company building, using 250 Watt 6.6 Ampere Lamp.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between Anthony Boulevard and Fletcher Avenue from Luther Street South, on Pole No. 1895.

A report was received from the City Light Construction Department, recommending the installation of an alley light at the rear of 3310 Lafayette Street, on Home Pole No. 5373. Motion was made, seconded and carried that the same be placed on file.

A report was received from the City Light Construction Department, with reference to the request of the William Hahn Company (Boston Store) for the installation of a light in the alley at the rear of their premises at 110 East Berry Street, stating that there is at present an alley light about 50 feet East of the said location. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3105 - which provides for the construction of cement sidewalks on both sides of Buena Vista Drive from Curdes Avenue to the south line of Paramount Addition;
3109 - which provides for the construction of cement sidewalks on the south side of Foster Parkway from Buell Drive to Hoagland Avenue;

be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 3rd and 10th days of December, 1932, and that Thursday, the 22nd day of December, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 656, which provides for the opening of an alley nine and one-half ($9\frac{1}{2}$) feet in width across a portion of Lot Number 162, Fletcher's Addition, as MODIFIED; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

Motion was made, seconded and carried that the following orders from Hoad, Decker, Shoecraft and Drury, to Max Irmscher and Sons for extra work in connection with Contract No. 6, which provides for the construction of the Three Rivers Filtration and Pumping Station, be approved: Install two metal covered doors with angle frames, also four pieces of zee bar frames for the fuel room side of each opening with loose planks for these openings for the total lump sum of $176.00; also an additional coat of paint to the pump room ceiling, for the sum of $112.50.

Motion was made, seconded and carried that the Fort Wayne Water Works Department, be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: Ninth Progress Estimate, Contract No. 8, in favor of V. M. Nussbaum & Company, in the amount of $6,083.53; First Progress Estimate, Contract No. 12, in favor of the Omega Machine Company, in the amount of $640.00; also Fifty-ninth Estimate for professional engineering services in the amount of $12.80 in connection with Contract No. 12.

The Board then upon motion adjourned.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 8, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending November 19, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Bowser Avenue and Creighton Avenue; corner of Bowser Avenue and Green Street; corner of Creighton Avenue and Bowser Avenue; corner of Dayton Avenue and Fairfield Avenue; corner of Packard Avenue and Calhoun Street.

Motion was made, seconded and carried that the request of Councilman Langard for the installation of a street light at 1218 Charlotte Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Harold E. Bolyard, signed by the United States Fidelity Company;
William L. Geller, signed by the Fidelity and Casualty Company of New York;
Charles A. McComb, signed by the Royal Indemnity Company;
John R. Worthman , signed by the Builders and Manufacturers Mutual Casualty Co.

Motion was made, seconded and carried that the monthly report of the Building Department, for the month of November, 1932, be placed on file.

Motion was made, seconded and carried that the claim made by the Indiana Service Corporation, against the Coil Construction Company, Inc., in the amount of $180.60 be placed on file.

Motion was made, seconded and carried that the estimate of John Dehner, Inc., in the amount of $400.60 for dirt excavated from the Maumee River east of Anthony Boulevard Bridge, be approved and ordered paid.

Motion was made, seconded and carried that the following estimate from the Froehlich & Emery Engineering Company, in favor of Max Irmscher and Sons, for the Addition to the City Light Plant, in the amount of $7,186.75, be approved, and that the City Light and Power Works, be instructed to pay same.

Motion was made, seconded and carried that the Water Works Department deduct $3,000.00 from the account of the Department of Public Parks, when they pay the Water Works Department their present account: the $3,000.00 being the amount expended by the Park Board for the improving of a portion of Three Rivers Park, prior to the Filtration Plant development.

Motion was made, seconded and carried that the Fort Wayne Water Works Department, be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: Twelfth Progress Estimate, Contract No. 6, in favor of Max Irmscher and Sons, in the amount of $32,335.05; Second Progress Estimate, Contract No. 7, in favor of Byron-Jackson Company, in the amount of $7,975.50; also Sixty-second Estimate for professional engineering services in connection with Contract No. 7, in the amount of $159.51; Sixty-third Estimate for professional engineering services in connection with Contract No. 6, in the amount of $896.70.

In the matter of the bids received Tuesday, December 6, 1932, at 10:00 o'clock A. M., on Contract No. 14, which provides for the construction of the Anthony Boulevard Dam and Pumping Station, inasmuch, as the bids exceeded the Engineers' estimate by so great an amount, motion was made, seconded and carried that the bids be REJECTED.

Motion was made, seconded and carried that the Certified Checks accompanying the bids on Contract No. 14, which provides for the construction of the Anthony Boulevard Dam and Pumping Station, be returned.

Motion was made, seconded and carried that the Engineers, Hoad, Decker, Shoecraft and Drury, be instructed to make an analysis of the unit prices of the bids submitted on Contract No. 14, to determine wherein they differ from the unit prices of the Engineers' estimates.

A remonstrance, against the installation of the proposed raw water main on Parnell Avenue, from Parnell Avenue Bridge south, to southern terminal was received. Motion was made, seconded and carried that the same be placed on file.

The Board then upon motion adjourned.

David Erwin

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 15, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, Charles A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 110 West Columbia Street; corner of Oliver Street and Buchanan Street.

A report from the City Light Construction Department, recommending the installation of a street light at 1218 Charlotte Avenue, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the City Light Department, be instructed to install nine (9) street lights of 100 Watts each, in Belmont Addition.

Motion was made, seconded and carried that the request for the installation of an alley light on Rockhill Street between Berry Street and Main Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light and Power Works be instructed to pay same: The estimate of the Babcock & Wilcox Company in the amount of $34,845.75; the estimate of the United Conveyor Corporation in the amount of $584.46.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 658, which provides for the condemnation of right-of-way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12 East, and in Sections 19 and 30, Township 31 North, Range 13 East; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the Annual Purchase Agreement covering Watthour Meters from December 1, 1932 to December 1, 1933, also Distribution Transformers from the same period of time, between the Board of Public Works and the General Electric Company, be approved.

The Board then upon motion adjourned.

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Wednesday, December 21, 1932,
SPECIAL MEETING held at 3:00 o'clock P. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury,
Robert L. McNamee, of Hoad, Decker, Shoecraft and Drury.

The meeting was called to order by Mr. Trier, acting as Chairman.

Motion was made, seconded and carried that the revised plans, specifications and estimate for Contract No. 14, of the Water Works Improvement, which provides for the construction of the Anthony Boulevard Dam and Pumping Station, be approved and the estimate placed on file and that Notice to Contractors of the work to be performed for the furnishing of the same be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 23rd and 30th days of December, 1932, and that Thursday, the 19th day of January, 1933, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the aforementioned improvements.

The Board then upon motion adjourned.

John C Trier
David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 22, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, December 20th at 10:00 o'clock A. M. and the Special Meeting of Wednesday, December 21st at 3:00 o'clock P. M. stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending December 3, 1932, be placed on file.

A report was received from the City Light Construction Department, recommending the installation of an alley light on Rockhill Street between Berry Street and Main Street, on Home Pole No. 2740. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the City Light Department be instructed to install an alley light between Poplar Street and Walnut Street at the intersection of the first alley East of Fox Avenue on Home Pole No. 76.

Motion was made, seconded and carried that the application of John R. Worthman, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 4641 Lafayette Street, be granted.

Motion was made, seconded and carried that the estimate from the Froehlich & Emery Engineering Company, for Field and office supervision, in the amount of $1,000.00, be approved and that the City Light Department be instructed to pay same.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 658, which provides for the condemnation of right of way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12 East, and in Sections 19 and 30, Township 31 North, Range 13 East, be and the same is hereby APPROVED and that Notice to Non-Residents be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th and 31st days of December 1932, and the 7th day of January, 1933, and that Thursday, the 19th day of January, 1933, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3105 - which provides for the construction of cement sidewalks on both sides of Buena Vista Drive from Curdes Avenue to the south line of Paramount Addition;
3109 - which provides for the construction of cement sidewalks on the south side of Foster Parkway from Buell Drive to Hoagland Avenue;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground this assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, January 5, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, C. A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Thursday, December 22nd, and Thursday, December 29th, stand approved as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of December, 1932, be placed on file.

A communication and statement from the Department of Public Parks in the amount of $457.15 for the expense of improving the northwest corner of Reservoir Park - 1931, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the request of Councilman Moran, for the installation of a light in the alley at the rear of 3120 South Webster Street, also for the installation of a street light on French Avenue between Hoagland Avenue and Fairfield Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for the changing of the street light from the corner of Edsall Avenue and Maumee Avenue to the corner of Fairview Avenue and Maumee Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner Franklin Avenue and Huffman Street; corner of Archer Avenue and St. Mary's Avenue; corner of Burgess Street and St. Mary's Avenue; North Anthony Boulevard 50 feet South of State Boulevard; corner of Monroe Street and Madison Street; corner of New Haven Avenue and Summer Street; corner of Scott Avenue and Thompson Avenue; 120 East Washington Boulevard (2 cuts).

Motion was made, seconded and carried that following bonds be referred to the City Attorney for his approval:

Bass Foundry & Machine Company,	signed by the Royal Indemnity Company;
Charles V. Dirig,	signed by the London & Lancashire Indemnity Co.;
Derheimer Brothers,	signed by the Royal Indemnity Company;
Charles G. Fox,	signed by the Royal Indemnity Company;
Dix-Kelly Electric Shop, Inc.,	signed by the United States Casualty Company;
Ernest D. Gray,	signed by the Commercial Casualty Insurance Co.
A. Hattersley & Sons,	signed by the Fidelity and Casualty Company;
A. Hattersley & Sons,	signed by the Fidelity and Casualty Company;
August P. Pequignot,	signed by the Union Indemnity Company;
Perfection Biscuit Company,	signed by the Hartford Accident and Indemnity Co.;
Sheets Construction Co. Inc.,	signed by the Builders and Manufacturers Mut.Cas.Co.
Arthur C. Stein,	signed by the Fidelity and Casualty Company;
Schwegman-Witte Company,	signed by the Fidelity and Casualty Company;
Schoppman & Son,	signed by the Commercial Casualty Insurance Co.;
Wayne Knitting Mills,	signed by the Maryland Casualty Company.

Motion was made, seconded and carried that the following estimate from the Froehlich & Emery Engineering Company, in favor of the Allen-Sherman-Hoff Company, in the amount of $4,581.50 be approved and that the City Light & Power Works be instructed to pay same.

Motion was made, seconded and carried that all action previously taken in the matter of the following Resolutions, be hereby RESCINDED: Sidewalk Improvement Resolution Number **2614** - 1927, which provides for the construction of cement sidewalks on the north side of Guthrie Street from the alley east of Nelson Street to the alley east of Thompson Avenue; Sidewalk Improvement Resolution Number **2831** - 1928, which provides for the construction of cement sidewalks on the east side of Bowser Avenue from the alley south of Buchanan Street to Creighton Avenue; Sidewalk Improvement Resolution Number **2901** - 1929, which provides for the construction of cement sidewalks on both sides of Edsall Avenue from New Haven Avenue to Raymond Street.

The Board then adjourned to the Council Chamber where a number of residents of Parnell Avenue and immediate vicinity, voiced themselves against the laying of the 42 inch raw water supply main for the Water Works Improvements, in and along Parnell Avenue, claiming that the same would kill trees by weakening roots under trees and endanger lives and property, also tie up traffic while same is under construction. Suggestions were made that the line be laid along an easement east of Parnell Avenue, or along the east bank of the St. Joseph River.

The Board then upon motion took a recess until Friday, January 6, 1933, at 10:00 o'clock A. M.

--- oOo ---

The Board re-convened Friday, the 6th day of January, 1933, at 10:00 o'clock and proceeded as follows:

Motion was made, seconded and carried that the contract and bond of the Journal-Gazette Company, be approved and ordered sent to the Council at their next regular meeting Tuesday, January 10, 1933, at 8:00 o'clock P. M.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott L. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, January 10, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Degroff Street and High Street; corner of Hanna Street and Madison Street.

Motion was made, seconded and carried that the application of the Home Telephone and Telegraph Company, to make a cut into the pavement on Calhoun Street between Berry Street and Wayne Street, be granted.

Motion was made, seconded and carried that the report received from the City Engineer of improvements completed during the year 1932, covering streets, alleys, sidewalks, sewers, etc., be approved.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

E. H. Ashton,	signed by the Fidelity & Casualty Company;
Barth Electric Company,	signed by the Fidelity & Casualty Company;
Hiram Danner,	signed by the London & Lancashire Indem.Co.;
John H. Nicole,	signed by the Maryland Casualty Company;
The Home Telephone & Telegraph Co.,	signed by the Royal Indemnity Company;
D. E. Rhodes,	signed by the Maryland Casualty Company;
William Roebel, Jr.,	signed by the London & Lancashire Indemnity Co;
Albert Rolf,	signed by the Royal Indemnity Company;
Superior Automatic Heating Co.Inc.,	signed by the Central West Casualty Company;
Stellhorn Hardware Company,	signed by the Fidelity and Casualty Company;
John H. Teders,	signed by the American Surety Company of N. Y.
School City of Fort Wayne,	signed by the Royal Indemnity Company
John H. Welch & Sons,	signed by the Royal Indemnity Company.

FRED H. FUELLING reported the work completed under Local Sewer Improvement Resolution Number **464**, which provides for the construction of a sewer in and along the sewer right-of-way west of St. Mary's Avenue from the south property line of Margaret Avenue to a point approximately three hundred (300) feet north, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved, and that the City Light & Power Works be instructed to pay same: The Estimate of Max Irmscher and Sons, in the amount of $5,627.00; the estimate of Schmeling & Alter, in the amount of $588.00.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved, and that the Fort Wayne Water Works Department, be instructed to pay same: Tenth Progress Estimate in favor of V. M. Nussbaum and Company, Contractors, for Contract No. 8, in the amount of $1,509.64; Second Progress Estimate in favor of the Omega Machine Company, Contractors for Contract No. 12, in the amount of $400.00.

The Board then upon motion adjourned.

John Erwin
David Erwin.
A.A. Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, January 12, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Charles A . Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 1821 Antoinette Street; corner of Laselle Street and Hanna Street; corner of South Wayne Avenue and Maxine Drive; corner of St. Mary's Avenue and High Street; corner of St. Mary's Avenue and Burgess Street; corner of St. Mary's Avenue and Third Street;

A petition, providing for the installation of a light in the alley at the rear of 1629 Sherman Boulevard, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the bond of Louis C. Gerke, signed by the Hartford Accident and Indemnity Company, be referred to the City Attorney, for his approval.

Motion was made, seconded and carried that the application of William Lee, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1825 Curdes Avenue, be granted.

Motion was made, seconded and carried that the application of William Lee to repair sidewalk at 1825 Curdes Avenue, be granted.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Local Sewer Improvement Resolution Number 464, which provides for the construction of a sewer in and along the sewer right-of-way west of St. Mary's Avenue from the south property line of Margaret Avenue to a point approximately three hundred (300) feet North, be APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 14th and 21st days of January, 1933, and that Thursday, the 2nd day of February, 1933, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

The following bids were submitted for the grading of North Anthony Boulevard from Springfield Avenue to the St. Joseph River:

L. W. DAILEY CONSTRUCTION COMPANY,	per cubic yard	$0.29
FRED H. FUELLING,	per cubic yard	0.22
THE GRACE CONSTRUCTION AND SUPPLY CO.,	per cubic yard	0.28
FRED LUTZ & SONS,	per cubic yard	0.23½
L. H. McAFEE,	per cubic yard	0.20

Motion was made, seconded and carried that the contract for the grading of North Anthony boulevard from Springfield Avenue to the St. Joseph River, be awarded to L. H. McAFEE, at and for his price bid, namely, $0.20 per cubic yard, he being the lowest and best bidder.

The Board then upon motion adjourned.

John C Frier
David Erwin.
Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Council Chamber,
Room 1, (Second Floor) City Hall,
Fort Wayne, Indiana,
Thursday, January 19, 1933,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
Julian F. Franke, City Comptroller,
Robert L. McNamee, of Hoad, Decker, Shoecraft and Drury.

The meeting was called to order by Mr. Trier, acting as Chairman.

This being a date and time previously fixed by the Board when they would receive sealed proposals for Contract No. 14, which provides for the construction of the Anthony Boulevard Dam and Pumping Station in connection with the Water Works project, as re-advertised on the 23rd and 30th days of December, 1932, they now proceeded to open the same and obtained the following results:

Ready for Pumps - 7 months.

Complete - 9 months.

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, January 19, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the following meetings stand approved, as read: Special Meeting of Thursday, January 5, 1933, at 10:00 o'clock A. M., Regular Meeting of Thursday, January 5, 1933, at 7:30 o'clock P. M., Regular Meeting of Tuesday, January 10, 1933, at 10:00 o'clock A. M. and the Regular Meeting of Thursday, January 12, 1933, at 7:30 P. M.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Clara Avenue and Carew Street; corner of Dodge Avenue and Kentucky Avenue; corner of Leroy Avenue and Lawndale Drive; corner of Oliver Street and Buchanan Street; corner of St. Mary's Avenue and Third Street; corner of Wall Street and Union Street; corner of Woodward Avenue and Dodge Avenue.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

E. F. Brinkman Company,	signed by the Independence Indemnity Company;
Fort Wayne Plumbing Co.,	signed by the Builders and Manufacturers Mutual Casualty Co.
John P. Hogan,	signed by the Aetna Casualty and Surety Company.

Motion was made, seconded and carried that the contract of L. H. McAfee, covering the work to be performed for the grading of Anthony Boulevard from Springfield Avenue to the St. Joseph River, be approved.

A petition, providing for the installation of a light in the alley at the rear of 719 West DeWald Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

In reference to the communication received from the Department of Public Parks, motion was made, seconded and carried that the City Attorney be instructed to draft a resolution to the Park Board, informing them that the maintenance of Reservoir Park will not be acceptable to the Board of Public Works, inasmuch, as same has always been maintained by Department of Public Parks.

A remonstrance, signed by John C. Bleke, against the condemnation of right of way for Water Works purposes in the St. Joseph River - Declaratory Resolution Number 658, was received. Motion was made, seconded and carried that the same be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 658, which provides for the condemnation of right of way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12, East, and in Sections 19 and 30, Township 31 North, Range 13 East; there now appeared John C. Bleke, and his Attorney, Martin H. Luecke, who asked that the hearing be continued in order that an opportunity be given, to have an understanding regarding the fencing, driveways, culverts, ditches and river banks after same becomes the property of the City of Fort Wayne. Motion was then made, seconded and carried that the hearing be continued until Wednesday, January 25, 1933, at 2:00 o'clock P. M.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved, and that the Fort Wayne Water Works Department be instructed to pay same: Thirteenth Progress Estimate in favor of Max Irmscher and Sons, Contractors for Contract No. 6, in the amount of $9,663.27; Sixty-fourth Estimate for professional engineering services in connection with the Thirteenth Progress Estimate, in the amount of $443.27.

Motion was made, seconded and carried that the plans, specifications and estimate for Contract No. 17, which provides for the furnishing and erection of the Hydro-Electric Power Unit for the Anthony Boulevard Dam and Pumping Station, also Contract No. 18, which provides for the furnishing of the Pump Discharge Valves for the Anthony Boulevard Dam and Pumping Station, in connection with the Water Works Improvements, be approved, and that Notice to Contractors of the work to be performed in the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th and 31st days of January 1933, and that Tuesday, the 14th day of February, 1933, at 10:00 o'clock A. M., Central Standard Time, be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the aforementioned improvements.

A number of residents from Parnell Avenue and vicinity and their Attorney, Creighton H. Williams, appeared before the Board relative to the installation of the 42" raw water main on Parnell Avenue. They again voiced themselves against the above mentioned installation of a pipe line in and along Parnell Avenue, their reason being that the present maple trees and pavement would be destroyed and endanger life and property by cutting the roots while trenching for the pipe line.

The Board then upon motion adjourned.

David Erwin.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Saturday, January 21, 1933,
SPECIAL MEETING held at 5:30 o'clock P. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
Fred H. Froehlich, of the Froehlich & Emery Engineering Company,
Warren Emery, of the Froehlich & Emery Engineering Company.

The meeting was called to order by Mr. Trier, acting as Chairman.

In the matter of the bids that were received Thursday, January 5, 1933, at 10:00 o'clock A. M., for Combustion Control, Boiler Instruments, Switchboards and Cabinets, Outdoor Breakers, Supervisory Control, ~~Transformers~~, Outdoor Steel Substations, Fences, Underground System, Power and Lighting Wiring for the improvement of the City Light and Power Works, after having studied the tabulations as prepared by the Engineers, they now proceeded to make the following awards:

DIVISION NO. 1.
Automatic Combustion Control Equipment - and
DIVISION NO. 2.
Boiler Plant Instruments and Panels - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $14,650.00, they being the lowest and best bidders.

DIVISION NO. 3.
Main Switchboard, Cell Structure and Switchboard Wiring - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $24,800.00, they being the lowest and best bidders.

DIVISION NO. 4.
House Service, 2300 Volt Switchboard - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $11,700.00, they being the lowest and best bidders.

DIVISION NO. 5.
Forced and Induced Draft Fan Motor Control Switchboard, and Covers for Two Reduced Voltage Starters for Boiler Feed Pump Motors - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $6,700.00, they being the lowest and best bidders.

DIVISION NO. 6.
Power Distribution Cabinets - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $3,400.00, they being the lowest and best bidders.

DIVISION NO. 7.

Two Outdoor, Electrically Operated, Oil Circuit Breakers - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $4,700.00, they being the lowest and best bidders.

DIVISION NO. 8.

Synchronous Relay Type Supervisory Control System, and Circuit Breaker Operating Battery with Charging Set and Control Panel - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $6,125.00, they being the lowest and best bidders.

DIVISION NO. 10.

Outdoor Galvanized Steel Substation Structures and Equipment - motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $14,900.00, they being the lowest and best bidders.

DIVISION NO. 11.

Substation Fences - motion was made, seconded and carried that the contract be awarded to the DEEL ELECTRIC ENGINEERING AND CONSTRUCTION COMPANY, Fort Wayne, Indiana, at and for their price bid, namely, $1,150.00, they being the lowest and best bidders.

DIVISION NO. 12.

Underground Duct, Manhole and Cable System - motion was made, seconded and carried that the contract be awarded to the DEEL ELECTRIC ENGINEERING AND CONSTRUCTION COMPANY, Fort Wayne, Indiana, at and for their price bid, namely, $35,790.00, they being the lowest and best bidders.

DIVISION NO. 13.

Generating Station Power Wiring and Electrical Work - motion was made, seconded and carried that the contract be awarded to HATZEL & BUEHLER, INC., New York, N. Y., at and for their price bid, namely, $22,521.00, they being the lowest and best bidders.

DIVISION NO. 14.

Boiler House Lighting System - motion was made, seconded and carried that the HENRY ELECTRIC COMPANY, Fort Wayne, Indiana, at and for their price bid, namely, $4,547.00, they being the lowest and best bidders.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Ed S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, January 24, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Special Meeting of January 19, 1933 at 10:00 o'clock A. M., and the Regular Meeting of January 19, 1933, at 7:30 o'clock P. M., stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Curdes Avenue and Woodward Avenue; corner of Howell Street and Runnion Avenue; corner of Holton Avenue and Creighton Avenue; 1129 Maumee Avenue; Oakdale Drive between Broadway and Beaver Avenue; corner of Parnell Avenue and Nettie Avenue; corner of Reed Street and Buchanan Street; corner of Spring Street and St. Mary's Avenue; corner of St. Mary's Avenue and Huffman Street.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 1201 Boone Street (alley at rear); 202-204 West Butler Street; 620 South Calhoun Street; 622 South Calhoun Street; 1306 Calhoun Street, (2 cuts); 1826 South Calhoun Street; 2032 South Calhoun Street; 131 West Columbia Street; 133 West Columbia Street; 314 West Douglas Avenue; 2029 Fairfield Avenue; 303 Grove Street; 2027 South Harrison Street; 725 East Jefferson Street; 1801 John Street; 2417 Lafayette Street; 508 East Lewis Street; 402 West Main Street; 518 Mechanic Street; corner of Main Street and Clinton Street; 1230 Spy Run Avenue; 1014 South Webster Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Orville C. Filler,	signed by the London & Lancashire Indemnity Co.;
General Insulating & Roofing Co.,	signed by the Builders & Manufacturers Mut. Cas.Co.
Fred H. Grote,	signed by the Builders & Mfgs. Mutual Casualty Co.
Michael Kinder & Sons,	signed by the Massachusetts Bonding & Insurance Co.
Carroll K. Moses,	signed by the Hartford Accident & Indemnity Co.
Summit Sign Service,	signed by the Metropolitan Casualty Insurance Co.

A petition, providing for the installation of a street light at the corner of McDonald Street and Edsall Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Construction Department for investigation and report.

Motion was made, seconded and carried that the report from the City Light Construction Company, recommending the installation of the following lights be TAKEN UNDER ADVISEMENT:

Alley light at the rear of 3120 South Webster Street;
Street light on French Avenue between Hoagland Avenue and Fairfield Avenue;
Street light at the Southeast corner of Fairview Avenue and Maumee Avenue and leave the present light remain at Edsall Avenue.

Motion was made, seconded and carried that the annual report of the Engineering Department, covering plats of all street and alley openings, vacations, widenings and extendings, etc., under Declaratory Resolutions passed by the Board during the year 1932, be approved.

Motion was made, seconded and carried that the Annual Reports of the Municipal Asphalt Repair Plant and the Materials Testing Laboratory for the year 1932, by W. H. Droege, City Paving Chemist, be placed on file.

Motion was made, seconded and carried that the report from Roy H. Shultz, Sewer Commissioner, of the material used in the City Sewer Department during the year from January 1, 1932 to December 31, 1932, be placed on file.

Motion was made, seconded and carried that the Manufacturers' report and Certificate of Boiler Inspection on boilers installed at the Filtration Plant be placed on file.

Motion was made, seconded and carried that the following estimate from Hoad, Decker, Shoecraft and Drury, be approved, and that the Fort Wayne Water Works be instructed to pay same: Third Progress Estimate in favor of Byron-Jackson Company, Contractors for Contract No. 7, in the amount of $9,570.60.

Motion was made, seconded and carried that V. M. Nussbaum and Company, Contractors for Contract No. 8, of the Water Works Improvements, be authorized to furnish and install the following items at the extra cost of $346.20, this amount being $116.20 additional to the $230.00 authorized in November 1932.

2 - General Electric, Type CR 3204-1500-C drum controllers with horizontal handles.

2 - CR 3223 speed regulating resistors for machine duty.

2 - CR 7006-D40 enclosed magnetic switches with push button stations for 1½ HP, 440 volt, 60 cycle, 3 phase motors.

2 - Trumbull, Cat. 46361, 3 PST, 30 Ampere, 575 volt, Type RM, not fused safety switches.

Motion was made, seconded and carried that the contract for the printing and binding of 100 copies of the supplement to the codification of the Council Proceedings from June 1931, to and including December 1933, be awarded to the FORT WAYNE PRINTING COMPANY, at and for their price bid, namely, $3.15 per page, bound in paper.

The Board then upon motion took a recess until 3:00 o'clock P. M., Tuesday, January 24, 1933.

-- oOo --

The Board re-convened Tuesday, the 24th day of January 1933, at 3:00 o'clock P. M., and proceeded as follows:

Motion was made, seconded and carried that the following contracts entered into this 24th day of January 1933, be approved and ordered sent to the Council at their next regular meeting, Tuesday, January 24, 1933, at 8:00 o'clock P. M.

CONTRACT

This agreement made and entered into this 24th day of January 1933, by and between the GENERAL ELECTRIC COMPANY, of the County of Schenectady, State of New York, party of the first part, and the City of Fort Wayne, County of Allen and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part covenants and agrees to furnish and pay for all work, materials and apparatus, tools and labor necessary for the construction, delivery and erection (as specified) of the work, materials and apparatus as covered by the following named divisions of Specifications for Improvement of the City Light, Power and Water Works, City of Fort Wayne, Indiana, on file in the office of the Board of Public Works, to-wit:

Division No. 1 -
The furnishing and delivery, f. o. b. Fort Wayne, Indiana, of a complete system of automatic combustion control equipment, together with the services of a competent supervising erector.

Combustion control equipment is to be electrically operated and is to include the steam flow-air flow readjusting feature, in accordance with contractor's Alternate Proposal "B" and Combination Bid "D".

Division No. 2 -
The furnishing and delivery, f. o. b. Fort Wayne, Indiana, of boiler plant instruments and panels, together with the services of a competent supervising erector, in accordance with Contractor's Combination Bid "D".

Division No. 3 -
The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of Item No. 1 - Switchboard, Item No. 2 - Cell Structure, and Item No. 3 - Wiring, complete.

Cell structure is to be of a type similar to that now installed.

Division No. 4 -
The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of the pipe frame mounted, electrically operated, house service switchgear.

Potential transformer fuses, resistors and mountings are to be of the S. & C. type.

Division No. 5 -
The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of the cubicle type switchgear.

Potential transformer fuses, resistors and mountings are to be of the S. & C. type.

Division No. 6 -
The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of four (4) power distribution cabinets.

Division No. 7 -
The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of two (2) electrically operated, outdoor, oil circuit breakers.

Division No. 8 -
The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of -

Item No. 1 - Synchronous relay type, supervisory control system.

Item No. 2 - Automatic battery charging control panel, circuit breaker operating storage battery, and battery charging motor generator set.

Division No. 10 - The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of outdoor galvanized steel substations and equipment,

all of which work, material and apparatus is to be in accordance with the specifications for Improvement of the City Light, Power and Water Works and the proposal of the General Electric Company, and supplemented by the detailed equipment specifications of the General Electric Company, all on file in the office of the Board of Public Works, all of which specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the City of Fort Wayne as follows, to-wit:

EIGHTY SIX THOUSAND NINE HUNDRED SEVENTY FIVE DOLLARS AND NO CENTS ($86,975.00).

Delivery of equipment and completion of the work is to be in accordance with the time specified in the proposals.

Payments are to be made in accordance with Paragraph 18, "Terms of Payment," of the specifications on file in the office of the Board of Public Works.

To each of the conditions and stipulations of this contract, the undersigned, each for itslef, binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set out hands and seal, in triplicate, on the day and year first above written.

Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, January 31, 1933,
Regular Meeting postponed until 2:00 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the following meetings stand approved, as read:

Special Meeting of Saturday, January 21, 1933, at 5:30 P. M.
Regular Meeting of Tuesday, January 24, 1933, at 10:00 A. M.
Special Meeting of Wednesday, January 25, 1933, at 2:00 P. M.
Special Meeting of Friday, January 27, 1933, at 3:00 P. M.

A petition, providing for the installation of a light in the alley between Brooklyn Avenue and Bevel Avenue, at a point near the east alley entrance, one half square south of Taylor Street, was received. Motion was made, seconded and carried that same be referred to the City Light Department for investigation and report.

A report from the City Light Construction Department, recommending the installation of a light in the alley at the rear of 719 West DeWald Street on Home Pole No. 6813, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the Annual Report of the City Street Department for the year 1932, by Walter Snell, Street Commissioner, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Buchanan Street and Bowser Avenue; corner of Crescent Avenue and Curdes Avenue; corner of Crescent Avenue and Dodge Avenue; corner of Dodge Avenue and Forest Park Boulevard; corner of Kensington Boulevard and Dodge Avenue; corner of West Main Street and Nickel Plate Railroad.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

O. W. Binder,	signed by the Fidelity and Deposit Company ;
Richard Dietze,	signed by the New York Casualty Company;
Anton Haberstock,	signed by the New York Casualty Company;
John W. Herrmann,	signed by the Hartford Accident and Indemnity Co;
Hipskind Heating & Plumbing Co.,	signed by the Hartford Accident and Indemnity Co;
Harry B. Stoller,	signed by the Independence Indemnity Company;
Rose and Herrmann,	signed by the Hartford Accident and Indemnity Co;
Wayne Knitting Mills,	signed by the American Employers' Insurance Co.

Motion was made, seconded and carried that the application of William Heine, Sr., to make excavation in the alley at the rear of 1215 Lafayette Street, more fully described as Lot No. 22, Lewis Addition for the purpose of locating a sewer, under personal bond, be granted.

Motion was made, seconded and carried that the Contract Bond of the Deel Electric Engineering and Construction Company, Inc., signed by the Fidelity and Deposit Company of Maryland, covering Division No. 11, which provides for Substation Fences, also Division No. 12, which provides for Underground Duct, Manhole and Cable System, for improvement of the City Light and Power Works, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract Bond of Hatzel & Buehler, Inc., signed by the Commercial Casualty Insurance Company, covering Division No. 13, which provides for Generating Station Power Wiring and Electrical Work, for the improvement of the City Light & Power Works, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the following estimate from Hoad, Decker, Shoecraft and Drury, be approved, and that the Fort Wayne Water Works, be instructed to pay same: Fifty-eighth Estimate for professional engineering services in the amount of $7,335.00 in connection with Contract No. 14 and Contract No. 16;also Sixty-sixth Estimate for professional engineering services in the amount of $8.00, in connection with Contract No. 12.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: The estimate of the Western Gas Construction Company, in the amount of $3,923.63; the estimate of the Western Gas Construction Company, in the amount of $700.00; the estimate of Whitehead & Kales Company, in the amount of $2,103.75; the estimate of Max Irmscher and Sons, in the amount of $1,733.94.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Wednesday, February 1, 1933,
SPECIAL MEETING held at 3:00 o'clock P. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of Board of Public Works,
Charles A. Ramsey, Member of Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
William Fruechtenicht, City Attorney.

The meeting was called to order by Mr. Trier, acting as Chairman.

In the matter of the assessment roll of benefits and damages of Declaratory Resolution Number 658 - 1932, which provides for the condemnation of right of way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12 East, and in Sections 19 and 30, Township 31 North, Range 13 East, on which, the hearing of the confirmation was held Thursday, January 19, 1933, at 7:30 o'clock P. M., and continued until Wednesday, January 25, 1933, at 2:00 o'clock P. M., and further continued until Friday, January 27, 1933, at 3:00 o'clock P. M., and again continued until Wednesday, February 1, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that the same be still further continued until Friday, February 3, 1933, at 11:00 o'clock A. M.

The Board then upon motion adjourned.

John C. Trier
David Erwin
C. A. Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, February 2, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that postponed meeting of Tuesday, January 31st, at 2:00 o'clock P. M., and the Special Meeting of Wednesday, February 1, 1933, at 3:00 o'clock P. M., stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Columbia Street between Calhoun Street and Clinton Street; corner of Calhoun Street and Seminole Circle; corner of Maumee Avenue and Grant Avenue; corner of Packard Avenue and Calhoun Street.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights, be placed on file:

Street light at the northeast corner of McDonald Street and Edsall Avenue;
Alley light at the rear of 1629 Sherman Boulevard, on Telephone Pole #5676.

Motion was made, seconded and carried that the Water Works Department be instructed to extend water main on Springfield Avenue from Woodrow Avenue to Anthony Boulevard, in accordance with plan prepared by the Water Works Department.

Motion was made, seconded and carried that the franchise by and between the City of Fort Wayne, by and through its Board of Public Works, party of the first part and S. F. Bowser & Company, Inc., party of the second part, for the operation of a side track be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract Bond of the General Electric Company, signed by the Commercial Casualty Insurance Company, covering Division No. 1, which provides for Automatic Combustion Control Equipment and Division No. 2, which provides for Boiler Plant Instruments and Panels; also Division No. 3, which provides for Main Switchboard, Cell Structure and Switchboard Wiring; Division No. 4, which provides for House Service, 2300 Volt Switchboard; Division No. 5, which provides for Forced and Induced Draft Fan Motor Control Switchboard, and Covers for Two Reduced Voltage Starters for Boiler Feed Pump Motors; Division No. 6, which provides for Power Distribution Cabinets; Division No. 7, which provides for Two Outdoor, Electrically Operated, Oil Circuit Breakers; Division No. 8, which provides for Synchronous Relay Type Supervisory Control System, and Circuit Breaker Operating Battery with Charging Set and Control Panel; and Division No. 10, which provides for Outdoor Galvanized Steel Substation Structures and Equipment for the improvement of the City Light and Power Works, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract Bond of the Henry Electric Company, signed by the Independence Indemnity Company, covering Division No. 14, which provides for Boiler House Lighting System, for the improvement of the City Light and Power Works, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract Bond of Hatzel & Buehler, Inc., signed by the Commercial Casualty Insurance Company, covering Division No. 13, which provides for Generating Station Power Wiring and Electrical Work, for the improvement of the City Light and Power Works, be approved.

Motion was made, seconded and carried that the estimate of the Froehlich & Emery Engineering Company, for blue prints furnished to bidders with specifications dated November, 1932, covering electrical work, etc., in the amount of $393.23, be approved and that the City Light Department be instructed to pay same.

Motion was made, seconded and carried that the following estimate from the Froehlich & Emery Engineering Company, in favor of the Hipskind Heating and Plumbing Company, in the amount of $10,902.50, be approved and that the City Light Department be instucted to pay same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Local Sewer Improvement Resolution Number 464, which provides for the construction of a sewer right of way west of St. Mary's Avenue from the south property line of Margaret Avenue to a point approximately three hundred (300) feet north, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

-- oOo --

The Board re-convened Tuesday, February 7, 1933, at 3:00 o'clock P. M., and proceeded as follows:

Motion was made, seconded and carried that the following contract entered into this 7th day of February, 1933, be approved and ordered sent to the Council at their Special Meeting, held Tuesday, February 7, 1933, at 8:00 o'clock P. M.

CONTRACT

This agreement made and entered into this 7th day of February, 1933, by and between the GENERAL ELECTRIC COMPANY, of the County of Schenectady, State of New York, party of the first part, and the City of Fort Wayne, County of Allen and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the firstpart covenants and agrees to furnish and pay for all work, materials and apparatus, tools and labor necessary for the construction, delivery and erection (as specified) of the work, materials and apparatus as covered by the following named division of Specifications for Improvement of the City Light, Power and Water Works, City of Fort Wayne, Indiana, on file in the office of the Board of Public Works, to-wit:

Division No. 9 -

The furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of the following oil insulated, self cooled transformers:

Item No. 1 - Three 1875 K.V.A, 3 phase,60 cycle transformers.

Item No. 2 - Three 100 K.V.A., single phase, 60 cycle transformers.

Item No. 3 - Two 450 K.V.A., 3 phase, 60 cycle Transformers,

all of which work, material and apparatus is to be in accordance with the specifications for Improvement of the City Light, Power and Water Works and the proposal of the General Electric Company, and supplemented by the detailed equipment specifications of the General Electric Company, all on file in the office of the Board of Public Works, all of which specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the City of Fort Wayne as follows, to-wit:

TWENTY THOUSAND THREE HUNDRED SEVENTY SEVEN DOLLARS AND NO CENTS ($20,377.00).

Delivery of equipment and completion of the work is to be in accordance with the time specified in the proposals.

Payments are to be made in accordance with Paragraph 18, "Terms of Payment," of the specifications on file in the office of the Board of Public Works.

To each of the conditions and stipulations of this contract, the undersigned, each for itself, binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set our hands and seal, in triplicate, on the day and year first above written.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Friday, February 24, 1933,
SPECIAL MEETING held at 2:00 o'clock P. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of Board of Public Works,
Charles A. Ramsey, Member of Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
Van A. Barnett, City Engineer,
William Fruechtenicht, City Attorney,
Martin H. Luecke, Attorney,
John C. Bleke.

The meeting was called to order by Mr. Trier, acting as Chairman.

Thursday, the 19th day of January, 1933, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 658 - 1932, which provides for the condemnation of right of way for Water Works purposes along the west bank of the St. Joseph River in Sections 24 and 25, Township 31 North, Range 12 East, and in Sections 19 and 30, Township 31 North, Range 13 East; there having been filed a remonstrance, motion was made, seconded and carried that the confirmation of the same be continued until Wednesday, January 25, 1933, at 2:00 o'clock P. M., and further continued until Friday, January 27, 1933, at 3:00 o'clock P. M., and again continued until Wednesday, February 1, 1933, at 3:00 o'clock P. M., and again continued until Friday, February 3, 1933, at 11:00 o'clock A. M., and again continued until Tuesday, February 7, 1933, at 10:00 o'clock A. M., and again continued until Thursday, February 9, 1933, at 7:30 o'clock P. M., and again continued until Thursday, February 16, 1933, at 7:30 o'clock P. M., and again continued until Friday, February 17, 1933, at 4:00 o'clock P. M., and again continued until February 21, 1933, at 10:00 o'clock A. M., the Regular Meeting of February 21, 1933, at 10:00 o'clock A. M., having been postponed until Wednesday, February 22, 1933, at 10:00 o'clock A. M., there was a further continuance until Friday, February 24, 1933, at 2:00 o'clock P. M., motion was then further made, seconded and carried that the following Resolution be adopted: Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that Declaratory Resolution Number 658 adopted on the 22nd day of November, 1932, and confirmed on the 24th day of February, 1933, be and is hereby modified as follows: That the City of Fort Wayne appropriates, condemns and acquires the fee simple title for water works purposes, subject to certain agreements and limitations contained in deeds executed on this day by John Bleke and Rosa A. Bleke, his wife, tothe City of Fort Wayne, Indiana, for real estate, described in deeds hereinafter set out. And that said above described real estate is acquired by the City of Fort Wayne in fee simple and that the awards of damage made therefore is in full for fee simple title together with all privileges, immunities, water rights and all other rights appurtenant to said real estate. That said John Bleke and Rosa A. Bleke, his wife, have executed this day their warranty deeds for said above described real estate, which deeds are filed with the Board of Public Works of the City of Fort Wayne, and which deeds are in the following words and figures, to wit: THIS INDENTURE WITNESSETH, That John C. Bleke and Rosa A. Bleke, husband and wife, of Allen County, in the State of Indiana, CONVEY AND WARRANT to THE CITY OF FORT WAYNE, of Allen County, in the State of Indiana, for and in consideration of ONE THOUSAND NINE HUNDRED AND FIFTY DOLLARS ($1950.00) the receipt whereof is hereby acknowledged, the following described real estate in Allen County, State of Indiana, to-wit:- Commencing at a point three hundred seventy (370) feet North of the east and west center line of Section Twenty-five (25), Township Thirty-one (31) North, Range Twelve (12) East, and six hundred fifteen (615) feet east of the west line of the East half of the

Northeast quarter (1/4) of Section Twenty-five (25), Township Thirty-one (31) North, Range Twelve (12) East, said point being six hundred fifty (650) feet from the east line of the Feeder Canal right of way, measured at right angles thereto; thence northeasterly on a line parallel to the east line of the Feeder Canal right of way five hundred fifty (550) feet; thence at an angle to the right of ninety (90) degrees to the thread of the St. Joseph River; thence southwesterly along the thread of the St. Joseph River to a point where a line at right angles to the east line of the Feeder Canal right of way passing through the first described point intersects the thread of said river; thence northwesterly along said line at right angles to the Feeder Canal right of way to the place of beginning. Containing five (5) acres of land, more or less. Also an easement of way described as follows: The North Forty (40) feet of the John C. Bleke property, being the North forty (40) feet of Section Twenty-five (25), Township Thirty-one (31) North, Range Twelve (12) East, from the east terminus of the California Road to the West line of the Feeder Canal property. Also an easement of way described as follows: Commencing at a point on the east line of the Feeder Canal property sixty (60) feet south of the North line of Section Twenty-five (25), Township Thirty-one (31) North, Range Twelve (12) East; thence at right angles to the east line of the Feeder Canal a distance of fifty (50) feet; thence southwesterly parallel to the Feeder Canal right of way a distance of forty (40) feet; thence Northwesterly at right angles to the Feeder Canal right of way a distance of fifty (50) feet; thence northeasterly a distance of forty (40) feet to the place of beginning. Also an easement of way described as follows: Commencing at a point one hundred ninety (190) feet south of the north line of Section Twenty-five (25), Township Thirty-one (31) North, Range Twelve (12) East and fifty (50) feet east of the east line of the Feeder Canal right of way; thence at right angles in a southeasterly direction six hundred (600) feet; thence on an angle to the right of ninety (90) degrees eight hundred and fifty (850) feet; thence on an angle to the right of one hundred and forty-nine (149) degrees fifty-eight and three-tenths (58.3) feet to a point thirty (30) feet west of the above described line; thence on an angle to the right of thirty-one (31) degrees seven hundred and seventy (770) feet; thence on an angle to the left of ninety (90) degrees five hundred seventy (570) feet; thence on an angle to the right of ninety (90) degrees thirty (30) feet to the place of beginning. Without any consideration therefor, but in order to expedite a civic project, the undersigned hereby gives and grants unto the CITY OF FORT WAYNE, the right to use his private drive and the bridge thereon located across the Feeder Canal, from the California Road to and over the Feeder Canal, for a period of six (6) months from the date hereof, upon the distinct understanding and condition, however, that he shall not be responsible to anyone using said drive or said bridge and that the City of Fort Wayne will hold him harmless therefor, and that at the expiration of said six (6) month period, they will replace said drive and bridge in a good condition. And upon the further condition that no loads shall be hauled over said bridge and over said drive except and unless new planks of sufficient strength to carry the load contemplated are placed on said bridge and the load hauled thereover is limited to two (2) tons. As a part of the consideration passing between the grantors and the grantee, in addition to the sum of money about set forth for the damages suffered and sustained by the grantee herein, the City of Fort Wayne agrees to do these things hereinafter set forth and the grantors herein and each of them, reserve unto themselves and each of them, the matters and things hereinafter set forth: 1st. That all the above described real estate conveyed to the City of Fort Wayne, will be kept and maintained as a natural park and in a clean and sanitary condition. 2nd. Upon the easement herein described and to the dam site, for the purpose of establishing a private driveway to the California Road, the City of Fort Wayne will grade, as a private drive, a drive similar to a park drive approximately sixteen (16) feet in width, which said drive is to be graded within one (1) year from date hereof; and agrees to establish from the dam site south and west through said land herein conveyed and along the west and north line thereof, for driveway purposes, a strip of land forty (40) feet wide to the west line of the land herein conveyed. The City of Fort Wayne further agrees to establish from the west line of the land herein conveyed a driveway forty (40) feet in width to Parnell Avenue when said right of way can be obtained therefor at a reasonable price from the owners of the land over which said driveway is to be established. 3rd. That the City of Fort Wayne will construct and erect a bridge or culvert of proper size and width to permit free passage of water and not to obstruct the outlet, for all farm purposes, upon the fifty (50) foot strip reserved by the grantors herein, across the Creek at a point where the Creek intersects the West line of the land herein above described, and where the Creek crosses or goes under the Feeder Canal, which bridge shall be placed at a sufficient elevation to be free and clear of water when the dam is installed and at high water stages, and to build approaches thereto with such a grade thereto so as to permit easy access at all times to and over said bridge for farm and other ordinary purposes, which bridge or culvert and the approaches thereto shall be fully completed and ready for use before the erection and construction of the dam sought to be built by the City of Fort Wayne has proceeded to point where the water in the St. Joseph River will back up into the Creek above referred to. 4th. That the grantors, and each of them, herein reserve unto themselves the right to use the now natural water course to the South and West of the dam to be installed by the said City of Fort Wayne, which said natural water course, upon the land herein conveyed, the said City of Fort Wayne agrees to and will repair and maintain in the same manner that open ditches are now required to be kept and maintained. And in addition thereto, the grantors reserve unto themselves the right to an outlet at a point South of the proposed dam for drainage purposes, and the City of Fort Wayne agrees to and will, within One (1) year from the date hereof, or as soon thereafter as written demand therefore shall be made by grantors, install tile of a size and dimension necessary, of an approximate diameter of 24", or greater if necessary, in order to give to the grantors and each of them herein an opportunity of bringing their water across the land hereby conveyed to the said City of Fort Wayne. 5th. The grantee herein, the City of Fort Wayne, agrees to and will construct, on or before May 15th, 1933, and maintain a legal fence, No. 9 wire, as required by law, and the right to waive this obligation on the part of the City of Fort Wayne, shall be in the grantors and each of them herein and their heirs and assigns. 6th. The dam site and the approach thereto shall be kept and maintained as for natural park purposes. All fill-ins and bare ground shall be properly seeded and kept in grass. 7th. The grantors herein and each of them, hereby reserve unto themselves and the grantee herein gives and grants unto them the right and privilege of cutting all timber upon the West forty (40) feet of the land herein taken South and West of the dam site, as shown on the plans of the Engineer of the City of Fort Wayne, Indiana, within sixty (60)days from the date hereof. IN WITNESS WHEREOF, the said John C. Bleke and Rosa A. Bleke, husband and wife, have hereunto set their hands and seals, this 24th day of February, 1933.

The Board of Public Works has found that it is necessary and desirable to acquire the said above described real estate and the fee simple title thereto. Now the Board of Public Works under and by virtue of the powers conveyed upon it by the statutes of the State of Indiana, for and on behalf of the said City of Fort Wayne, accepts said deeds herein described and order that the same be recorded in the Recorder's Office of Allen County, Indiana, and said real estate is hereby declared to be the property of and the title is held in fee simple by the City of Fort Wayne, Indiana. That said John Bleke and Rosa A. Bleke, his wife, are hereby awarded for said real estate, easements, rights and privileges acquired by the City of Fort Wayne and for any and all damages sustained by said John C. Bleke and Rosa A. Bleke, his wife, because of the appropriation of the City of Fort Wayne of their said land and the rights and title to the lands so granted, the sum of Forty Five Hundred ($4500.00) Dollars, which amount shall be in full for fee simple title, rights, easements, including any and all water rights in the St. Joseph River, but subject however, to the conditions and limitations contained in said deeds of conveyance and that all of the Resolutions or any confirmations thereof herein adopted are modified accordingly and confirmed as modified, and the said sum of money is ordered paid to John Bleke and Rosa A. Bleke, his wife; after re-considering the same and there being no further objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages awarding John C. Bleke and Rosa A. Bleke, the sum of $4,500.00 be FULLY AND FINALLY CONFIRMED, as "MODIFIED" and ordered forthwith delivered to the Department of Finance.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, February 28, 1933,
SPECIAL MEETING held at 3:00 o'clock P. M.

PRESENT: John C. Trier, Charles A. Ramsey,
Scott S. Snyder, Secretary.

The meeting was called to order by Mr. Trier, acting as Chairman.

After having carefully studied the tabulations of the bids as prepared by the Engineers, Hoad, Decker, Shoecraft and Drury, received on the revised plans and specifications for Contract No. 14, which provides for the construction of the Anthony Boulevard Dam and Pumping Station, in connection with the Water Works Improvement, on which bids were received Thursday, January 19, 1933, at 10:00 o'clock A. M., motion was made, seconded and carried that the contract for same be awarded to CHARLES R. WERMUTH AND SON, INC., Birmingham, Michigan, on their alternate bid, using re-rolled axle steel, instead of new billet steel and using plaster instead of glazed tile block facing on all interior walls of the pump building, except the walls of the screen room and shop, which will be common brick painted, at and for their price bid, namely, $238,778.76, they being the lowest and best bidders.

Motion was made, seconded and carried that the contract made this 28th day of February, 1933, by and between the City of Fort Wayne, Indiana, a municipal corporation, by and through its Board of Public Works, party of the first part, and Charles R. Wermuth and Son, Inc., Birmingham, Michigan, party of the second part, covering the work under Contract No. 14, which provides for the construction of the Anthony Boulevard Dam and Pumping Station in connection with the Water Works Improvement, be approved, and ordered sent to the Council at their next regular meeting of Tuesday, February 28, 1933, at 8:00 o'clock P. M.

The Board then upon motion adjourned.

John C. Trier

ATTEST: Scott S Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, March 7, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Special Meeting of Tuesday, February 28th, at 3:00 o'clock P. M, and the Regular Meeting of Thursday, March 2, 1933, at 7:30 o'clock P. M., stand approved, as read.

A communication from Hoad, Decker, Shoecraft and Drury, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Runnion Avenue and Morrison Street; corner of West State Boulevard and Tyler Avenue.

Motion was made, seconded and carried that the estimate of the Froehlich & Emery Engineering Company for engineering fees due in the amount of $203.77. be approved and that the City Light and Power Works be instructed to pay same.

Motion was made, seconded and carried that the extra work order for V. M. Nussbaum and Company, in connection with Contract No. 8, of the Water Works Improvements in the amount of $2,137.65, be approved, itemized as follows:

General Electric quotation covering changes to equipment being furnished by them	$1,046.00
Cost of all installation materials, including insulated bus wire, insulating supports, support brackets for insulators, insulating tubes, additional conduit and wire, etc	247.40
Total cost	1,293.40
15% ------	194.00
Additional labor required for installing incoming line cells, insulators and supporting brackets, insulated feeders to power and light transformers, cutting and patching of walls and floors, etc., 200 hours @ $1.15	230.00
Changes to drawings and blue prints	25.00
Total for General Electric changes, material and labor	1,742.40
Hattersley & Sons charge for changing location of radiators and removing steam piping from switch room ($96.70 Plus 15%)	111.20
Six (6) current transformers	284.05
Total	$2,137.65

The S. F. Bowser & Company, Inc., by and through S. B. Bechtel, its President, submitted a Franchise covering the construction, maintenance and operation of a two track railroad across Bowser Avenue, opposite Lot seventy-seven (77) in Green's Subdivision in the City of Fort Wayne, to be united in a single track west of Bowser Avenue before reaching the Alley between Bowser

Avenue and Oliver Street; to operate a single track along the said Alley southwardly from said Lot seventy-seven (77) across Horace Street, Buchanan Street, Greene Street, East Creighton Avenue to Hurd Street, thence southeastwardly across Bowser Avenue to and on that portion of Hurd Street heretofore vacated as a Street; and a single track railroad across Bowser Avenue, starting twenty-seven (27) feet south of the southwest corner of Lot twenty (20) in E. L. Hanna, Sr's Sub-division; a single track railroad across Holton Avenue immediately opposite the southwest corner of Lot twenty-seven (27), Hanna and Fisher addition to the City of Fort Wayne, and approximately seventy-five (75) feet south of the Alley immediately north of Lot twenty-four (24) in Colonel Reid's addition to the City of Fort Wayne, all in accordance with the plat hereto attached, and made a part hereof; which Franchise is now on file in the office of the Department of Public Works of said City.

The Board having determined the form of contract with the S. F. Bowser & Company, Inc., of Fort Wayne, Indiana, for the construction, maintenance and operation of a two track railroad across Bowser Avenue, opposite Lot seventy-seven (77) in Green's Subdivision in the City of Fort Wayne, to be united in a single track west of Bowser Avenue before reaching the Alley between Bowser Avenue and Oliver Street; to operate a single track along the said Alley southwardly from said Lot seventy-seven (77) across Horace Street, Buchanan Street, Greene Street, East Creighton Avenue to Hurd Street, thence southeastwardly across Bowser Avenue to and on that portion of Hurd Street heretofore vacated as a Street; and a single track railroad across Bowser Avenue, starting twenty-seven (27) feet south of the southwest corner of Lot twenty (20) in E. L. Hanna, Sr.'s Sub-division; a single track railroad across Holton Avenue immediately opposite the southwest corner of Lot twenty-seven (27), Hanna and Fisher addition to the City of Fort Wayne, and approximately seventy-five (75) feet south of the Alley immediately north of Lot twenty-four (24) in Colonel Reid's addition to the City of Fort Wayne, all in accordance with the plat hereto attached, and made a part hereof, which contract is this day marked filed and does further fix Thursday, the 30th day of March, 1933, at 7:30 o'clock P. M., at which time said contract will be considered and remonstrances heard. Notice of hearing was ordered published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th day of March, 1933.

The Board then upon motion adjourned.

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Friday, March 17, 1933,
SPECIAL MEETING held at 11:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury,
Robert L. McNamee, of Hoad, Decker, Shoecraft and Drury,
John Dehner, Contractor.

The meeting was called to order by Mr. Trier, acting as Chairman.

After reviewing the routes under consideration for the laying of the 42 inch raw water supply main known as Contract No. 15, of the Water Works Improvements and in accordance with the recommendation of the Engineers, motion was made, seconded and carried that the raw water supply main be constructed in and along the following route: Commencing at a point approximately 200 feet west of the center line of Anthony Boulevard on the south side of the St. Joseph River, as per plans attached to contract, thence in a Southwesterly direction in and along the South side of the St. Joseph River and River Drive to Springfield Avenue, as per plans attached to the contract; thence west in and along Springfield Avenue to Parnell Avenue; thence South in and along Parnell Avenue to the St. Joseph River; thence continuing south across the St. Joseph River to Griswold Drive; thence south in and along Griswold Drive to the existing valve chamber at the Three Rivers Filtration and Pumping Station as per plan attached to contract, that the alterations hereby made are in the interest of better workmanship, a more efficient raw water supply line for the filtration plant, that public interest and benefit requires this change and alteration be made in the plans and specifications, and the Engineers Hoad, Decker, Shoecraft and Drury are hereby requested to notify John Dehner, Inc., Contractor, all in accordance with Article 9, of the Agreement by and between the City of Fort Wayne and John Dehner, Incorporated, entered into October 4th, 1932.

Motion was made, seconded and carried that City Engineer Van Barnett, be instructed to notify the Northern Indiana Public Service Company, to remove the gas mains in and along Parnell Avenue that interfere with the installation and construction of the 42 inch Raw Water Supply Main of the Water Works Improvements.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 11, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending March 25, 1933, be placed on file.

A communication was received from the Fort Wayne State School, approving the proposed sewage change at Colony farm, in connection with the construction of the Anthony Boulevard Dam. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the installation of a light in the alley at the rear of 721 High Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a street light at the corner of Warsaw Street and Maple Grove Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the bond of Helen M. Jackson, Cashier, signed by the London & Lancashire Indemnity Company, be approved.

Motion was made, seconded and carried that the bond of the Michigan Valve and Foundry Company, signed by the Maryland Casualty Company, under Contract No. 9, for the furnishing of valves and gates in connection with the Water Works Improvements, be approved.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Joseph H. Gushing,	signed by the Hartford Accident and Indemnity Co;
Oscar D. Ryan,	signed by the U. S. Fidelity and Guaranty Company;
Sears, Roebuck and Company,	signed by the American Surety Company of N. Y.

Motion was made, seconded and carried that the application of E. H. Roemer, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 345 West DeWald Street, be granted.

Motion was made, seconded and carried that the estimate of the Froehlich and Emery Engineering Company, in favor of the Ingersoll-Rand Company, in the amount of $314.00 be approved, and that the City Light and Power Works be instructed to pay same.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department be instructed to pay same: Seventeenth Progress Estimate in favor of Max Irmscher and Sons, Contractors for Contract No. 6, for the Three Rivers Filtration and Pumping Station, in connection with the Water Works Improvement, in the amount of $5,478.71; also Seventy-seventh Estimate for professional engineering services in the amount of $359.57, in connection with Contract No. 6.

Motion was made, seconded and carried that the contract of the GENERAL ELECTRIC COMPANY, of Schenectady, New York, covering the work to be performed under Contract No. 17-A, which provides for One (1) 219 kv-a vertical shaft generator for use with the James Leffel and Company water wheel, be approved and ordered sent to the Council at their regular meeting of Tuesday, April 11, 1933, at 8:00 o'clock P. M.

The Board then upon motion took a recess until 2:00 o'clock P. M., Tuesday, April 11, 1933.

--- oOo ---

The Board re-convened Tuesday, April 11th, 1933, at 2:00 o'clock P. M., and proceeded as follows:

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 18, which provides for the furnishing of the Pump Discharge Valves for the Anthony Boulevard Dam and Pumping Station, in connection with the Water Works Improvement, on which bids were received Tuesday, February 14, 1933, at 10:00 o'clock A. M., be awarded to the FORT WAYNE PIPE AND SUPPLY COMPANY, Fort Wayne, Indiana, on their bid, Alternate-b, using automatic cone valves, at and for their price bid, namely, $7,980.00 they being the lowest and best bidders.

Motion was made. seconded and carried that the aforesaid contract be approved and ordered sent to the Council at their next regular meeting, Tuesday, April 11, 1933, at 8:00 o'clock P. M.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 13, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Fulton Street and Brackenridge Street; corner of Wayne Street and Webster Street.

A petition, providing for the installation of an alley light at the rear of 446 Bass Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A communication from Hoad, Decker, Shoecraft and Drury, with reference to Steel Piling, in connection with Contract No. 14, was received. Motion was made, seconded and carried that the same be placed on file.

A communication from Hoad, Decker, Shoecraft and Drury, with reference to raising elevations of pipe line in the St. Joseph River, under Contract No. 15, was received. Motion was made, seconded and carried that the same be placed on file.

In the matter of Contract No. 6, which provides for the construction of the Three Rivers Filtration and Pumping Station, which was awarded to Max Irmscher and Sons, December 3, 1931, motion was made, seconded and carried that the hairfelt insulation be substituted for cork insulation of certain cold water pipes, and that the sub-contract to the Asbestos Insulating and Roofing Company for the insulation of the above mentioned hairfelt insulation, be approved.

Motion was made, seconded and carried that the extra work order for Max Irmscher and Sons, under Contract No. 6, of the Water Works Improvements, providing for the construction and erection of a canopy for the vent stack on the softener building, in compliance with the Engineers' plans and specifications for this item, at and for their price of $48.30, be approved.

In the matter of the sub-contract under Contract No. 14, of the Water Works Improvements, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that in accordance with Article 6, of the Agreement, permission is hereby granted the above mentioned contractors to sub-let the Concrete Roof Tile Work to the GEORGE RACKLE AND SONS COMPANY, Cleveland, Ohio; also, the Limestone and Granite to GEAKE BROTHERS, Fort Wayne, Indiana.

Motion was made, seconded and carried that the following agreement be approved:

AGREEMENT

THIS AGREEMENT, made and executed in triplicate this 13th day of April, 1933, by and between Northern Indiana Public Service Company, an Indiana Corporation, party of the first part, hereinafter sometimes called the "Gas Company," the City of Fort Wayne, Indiana, by and through its Board of Public Works, a municipal corporation, party of the second part, hereinafter sometimes called the "City," and John Dehner, Inc., an Indiana corporation, party of the third part, hereinafter sometimes called "Contractor," WITNESSETH, THAT:

WHEREAS, The City entered into a contract with the Contractor for the construction of a raw water pipe line along the east side of Parnell Avenue in the City of Fort Wayne from Vance Avenue to Springfield Avenue, which contract Contractor is about ready to undertake, and,

WHEREAS, the Gas Company now has an eight (8) inch gas main along the east side of said Parnell Avenue and constructed in that portion of said street where said raw water pipe line was planned to be constructed, and,

WHEREAS, the City on January 24, 1889, entered into a contract with Salamonia Mining & Gas Company, by the terms of which said last named company received a franchise and authority to lay pipe lines in the City of Fort Wayne, which contract was ratified and approved by the Common Council of the City of Fort Wayne by an ordinance, Section 5 of which provided as follows:

"Whenever the City of Fort Wayne shall determine to construct any sewer, water pipe or other improvement in, along or across any street, alley, avenue or lane where any main or pipes of said company shall be laid, said company shall at its own expense lower, elevate, change or remove the mains or pipes so that said sewer, water pipe or improvement may be laid at the place determined upon by said city. Notice given by the City Civil Engineer in writing shall be sufficient," and

WHEREAS, the Gas Company became the owner of the system of gas mains in the City of Fort Wayne formerly owned by said Salamonia Mining & Gas Company and now owns said 8 inch gas main laid along the east side of Parnell Avenue, and,

WHEREAS, the City claims that the Gas Company is obligated by law to remove, at its own expense, said gas main so laid along the east side of Parnell Avenue in order to permit the laying of said raw water main for said City, which claim is denied by the Gas Company, and,

WHEREAS, the parties hereto have agreed that said raw water pipe line will be laid in the middle of said Parnell Avenue rather than on the east side thereof, which change of construction will necessitate the cutting of the pavement on said Parnell Avenue and the replacing and restoring of such pavement, the estimated cost of which will be at least Three Thousand Dollars ($3,000.00), which cost is less than would be the cost to the Gas Company of removing its said gas main,

NOW, THEREFORE, for and in consideration of the premises and in order to compromise and settle the dispute aforesaid between the City and the Gas Company and in order to compromise and settle the differences between the parties hereto, it is agreed as follows:

1. The Gas Company has agreed to and does hereby pay to the City the sum of Three Thousand Dollars ($3,000,00), the receipt whereof is hereby acknowledged.

2. The Contractor hereby agrees to lay and construct said raw water main along the center of Parnell Avenue rather than along the east side thereof and

so as not to require the removal of said 8 inch gas main of the Gas Company, to which change of location of said raw water main the City hereby consents.

3. The City hereby accepts payment of said sum in full satisfaction of all liability of the Gas Company to the City on account of the construction of said raw water main and agrees to relay and replace or cause to be relaid and replaced the pavement on said Parnell Avenue and to pay the entire cost thereof, whether such cost be in excess of Three thousand dollars ($3,000.00) or not.

4. Inasmuch as the Gas Company has certain lateral gas mains and house services from said 8 inch gas main which cross said Parnell Avenue and the maintenance and use of which will be interfered with by the construction of said raw water main, the Contractor and the City agree to cooperate with the Gas Company in the construction of said raw water main so as to interfere as little as possible with the maintenance of said lateral mains and house services and so as to interfere as little as possible with the supply of gas to the customers of the Gas Company who are served by said lateral mains and house services. The Gas Company agrees, at its own expense, to remove such lateral mains and house services when such removal is necessary in connection with the construction of said raw water main, to provide all temporary piping while said raw water main is being constructed and to restore and replace said lateral mains and house services after said water main is completed at its own expense. The Contractor agrees to use the necessary care and precaution in excavating for said raw water main, by using all necessary shoring or other protection, to protect against cave-in of said 8" gas main, and in the event of the failure so to do, agrees to indemnify the Gas Company for all loss and damage which it may thereby sustain.

5. The City hereby releases and absolves the Gas Company from any necessity of so removing or relaying its 8 inch gas main now maintained along the east side of Parnell Avenue.

IN WITNESS WHEREOF, first and third parties have caused their corporate names to be hereunto subscribed by their proper officers duly authorized so to do, and second party has caused its corporate name to be hereunto subscribed by the members of its Board of Public Works.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 18, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 1st, and April 8th, 1933, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Barthold Street and Fourth Street; Barthold Street and Fifth Street; Broadway and Home Avenue; East Fourth Street 400 feet East of Clinton Street; Jefferson Street and Van Buren Street; Stophlet Street and Thompson Avenue; Washington Boulevard and Van Buren Street; Wells Street and Superior Street.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 460 East Creighton Avenue; 1123 South Clinton Street; 231 East Berry Street; 1114 West Wayne Street; 711 South Harrison Street; 2417 South Harrison Street (2) cuts; 840 Hayden Street; 2805 Hoagland Avenue; Alley east of Hoagland Avenue North of Suttenfield Street; 1325 South Lafayette Street; 610 Madison Street; 1323 Maumee Avenue; 122 East Masterson Avenue; 1019 Madison Street; 1121 Spy Run Avenue; 320 East Washington Boulevard; Alley west of Webster Street 10 feet North of Taber Street.

A communication from William Fruechtenicht, City Attorney, with reference to inspection of streets, sidewalks and public places, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Banks-Coleman Furnace Company,	signed by the Fidelity and Deposit Company;
Coca-Cola Bottlers Association,	signed by the Maryland Casualty Company;
Dahm Brothers,	signed by the Aetna Casualty and Surety Co.

A petition, providing for the installation of a street light on Grant Avenue, north of the Wabash Railroad, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the construction of cement sidewalks on the South side of East Fourth Street from Spy Run Avenue to Clinton Street, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the following estimate from the Froehlich and Emery Engineering Company, in favor of the Henry Electric Company, in the amount of $1163.65, covering Division No. 14, of the Improvements at the City Light Plant, be approved, and that the City Light & Power Works, be instructed to pay same.

Motion was made, seconded and carried that the list and arrangement of Contractors' and Builders' names, to be included on one of the Bronze Tablets for the Three Rivers Filtration Plant, be approved, as suggested by the Engineers, Hoad, Decker, Shoecraft and Drury, in their communication of April 13, 1933.

In the matter of the raising of the raw water supply main beneath the St. Joseph River where it crosses at the foot of Parnell Avenue, which is known as Contract No. 15, of the Water Works Improvements, which has been contracted for by John Dehner, Inc., after a conference with Van Barnett, City Engineer and Leo Mathews, Resident Engineer, for the water Works Improvements, motion was made, seconded and carried that the elevations as shown on the Plans as 719.0 and 723.0 be raised to 721.0 and 725.0 respectively, on the condition that the changed grade affords a suitable soil condition for the laying of the above mentioned raw water supply main.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 16, which provides for the furnishing and erection of Centrifugal Pumping Units, in connection with the Water Works Improvements, on which bids were received Tuesday, December 20, 1932, at 10:00 o'clock A. M., be awarded to the AMERICAN WELL WORKS, Aurora, Illinois, on their base bid of $16,995.00, they being the lowest and best bidder.

In accordance with the contract entered into the 24th day of January, 1933, by and between Deel Electrical Engineering and Construction Company, Inc., and the City of Fort Wayne, for the furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of an underground duct, manhole and cable system, under Division No. 12, for the improvement of the City Light, Power and Water Works for the City of Fort Wayne, motion is hereby made, seconded and carried that the sub-contract for the lead sheathed cables, unit package cable jointing materials, and cable terminals, be furnished by the General Cable Corporation, New York, N. Y. in accordance with the recommendations of the Engineers, for the above mentioned project, the Froehlich and Emery Engineering Company, of Toledo, Ohio.

Motion was made, seconded and carried that the streets, alleys and sidewalks throughout the City be checked by the inspector from the Board of Works office, as per the communication from Mr. William Fruechtenicht, City Attorney, and ordered repaired by the Street Department, Asphalt Department and property owners, respectively.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST:

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 20, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, April 13th, at 7:30 P. M. and the Regular Meeting of Tuesday, April 18th, 1933, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 15, 1933, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted:" Corner of Runnion Avenue and High Street; Runnion Avenue and Mary Street; Wayne Street and Van Buren Street.

Motion was made, seconded and carried that the request of Councilman Langard for the installation of a light in the alley at the rear of 1715 Crescent Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following estimate of the Froehlich and Emery Engineering Company, for field and office supervision to April 1st, in the amount of $1,000.00, beapproved, and that the City Light and Power Works be instructed to pay same.

In accordance with the contract entered into the 24th day of January, 1933, by and between the Hatzel & Buehler, Inc., of New York, N. Y., and the City of Fort Wayne, for the furnishing of all labor, materials, apparatus and tools required for the installation of certain electrical circuits, as follows: Item "A" - 13,800 Volt Circuits; Item "B" - 2300 Volt Circuits; Item "C" - 440 Volt Circuits; Item "D" - Exciter and Field Circuits; Item "E" - Operating Circuits; Item "F" - Control and Metering Circuits; Item "G" - Grounding; under Division No. 13, for the improvement of the City Light, Power and Water Works for the City of Fort Wayne, motion is hereby made, seconded and carried that the sub-contract for the cable terminal and accessories be furnished by the General Cable Corporation, New York, N. Y. in accordance with the recommendations of the Engineers for the above mentioned project, the Froehlich & Emery Engineering Company, Toledo, Ohio.

Motion was made, seconded and carried that the plan and estimate submitted by the City Engineer for the construction of a sewer along the south and east bank of the St. Joseph River from a point west of Anthony Boulevard to the Fort Wayne State School Farm sewer, be approved, and that Notice to Contractors be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on Saturday, April 22nd, and that Tuesday, the 2nd day of May, 1933, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the furnishing of all labor, materials and the installation complete, also, for the furnishing of all labor and the installation complete.

Motion was made, seconded and carried that the recommendation of the Engineers, Hoad, Decker, Shoecraft and Drury, for the use of "Fenestra" sash manufactured by the Detroit Steel Products Company, of Detroit, Michigan, for the Anthony Boulevard Dam and Pumping Station under Contract No. 14, of the Water Works Improvements, be TAKEN UNDER ADVISEMENT.

Henry W. Lepper, Albert H. Keller, Louis J. Novitski, Ervin A. Zern, George H. Hilker and F. W. Lewton, appeared before the Board in behalf of Declaratory Resolution No. 630 - 1929, for the opening and extending of Berry Street from Monroe Street to Francis Street. After reviewing the advantages and necessity of the opening under the above mentioned resolution, they were assured by the Mayor, William J. Hosey and John C. Trier, Chairman of the Board of Public Works, that action on the Resolution would not be rescinded.

The Board then upon motion took a recess until Friday, April 21, 1933, at 2:00 o'clock P. M.

-- oOo --

The Board re-convened at 2:00 o'clock Friday, April 21st, and proceeded as follows:

Motion was made, seconded and carried that the following resolution be adopted:

RESOLUTION

Whereas the general plan for the improvement of the City Light and Power Works and distribution system contemplated, in addition to the construction of a new boiler plant and the improvement of the distribution system now in progress, the installation of an additional steam turbine generating unit and accessories and equipment and the operation of the new boilers and turbines at 400 lbs. steam pressure and 250 degrees F. superheat, and

Whereas the installation of such additional steam turbine generating unit and accessories and equipment, and the necessary changes to permit operation at 400 lbs. steam pressure and 250 degrees Fahr. superheat, at this time, would better adapt the City Light and Power Works to supply electric energy for the municipal water works, filtration plant and pumping stations, and the present loop system, and will result in a more economical operation of the plant and system,

Now, Therefore, Be It Resolved by the Board of Public Works that the Board proceed to purchase and install such additional steam turbine generating unit, condenser, condenser auxiliaries, necessary switchgear, steam piping, wiring, foundations and building alterations, and cause the necessary changes to be made for the operation at 400 lbs. steam pressure and 250 degrees F. superheat, and be it further resolved that the Chairman and Secretary be directed to request The Froehlich & Emery Engineering Company to proceed immediately to prepare plans and specifications therefor, under the terms and conditions of the contract entered into between the City of Fort Wayne, and said The Froehlich & Emery Engineering Company on July 26, 1932, supplementing the agreement between said parties dated April 14, 1931.

Passed this 21st day of April, 1933.

JOHN C. TRIER,
DAVID ERWIN,
C. A. RAMSEY,
Board of Public Works.

Motion was made, seconded and carried that the following agreement be approved and ordered sent to the Council at their next regular meeting Tuesday, April 25th, 1933, at 8:00 o'clock P. M.

Agreement by and between the City of Fort Wayne, Indiana, a municipal corporation, by and through its Board of Public Works, Party of the First Part, and The Froehlich & Emery Engineering Company, of Toledo, Ohio, a corporation existing and doing business under the laws of the State of Ohio, Party of the Second Part, interpreting and making definite a contract between the said parties entered into on the 26th day of July, 1932, supplementing a contract entered into between said parties on the 14th day of April, 1931.

This agreement made and entered into this 21st day of April, 1933, by and between the City of Fort Wayne, Indiana, a municipal corporation, Party of the First Part, and The Froehlich & Emery Engineering Company, Toledo, Ohio, a corporation existing and doing business under the laws of the State of Ohio, Party of the Second Part:

WITNESSETH: Whereas said parties entered into an agreement on the 14th day of April, 1931, whereby second party agreed to perform engineering services under the direction of the Board of Public Works of first party, in connection with the purchase and installation of a new boiler plant building and necessary boilers, stokers and other equipment therefor, and on the 26th day of July, 1932, entered into a supplementary agreement, whereby said agreement was supplemented and extended to include engineering services for the preparation of plans and specifications, and supervision during installation, for additional work, to-wit: The purchase and installation of materials and equipment required to better adapt the City Light and Power Works and the distribution system to supply electric energy to the new water works, filtration plant and pumping stations and the loop system, and

Whereas said contract enumerated more specifically the materials and equipment required for the distribution system but did not more specifically enumerate the materials and equipment required to better adapt the City Light and Power Works to supply such electric energy, and

Whereas, the City now proposes to proceed with the purchase and installation of the materials and equipment required to better adapt the City Light and Power Works for said purpose, consisting of a steam turbine generating unit, condenser, condenser auxiliaries, necessary switchgear, steam piping, wiring, foundations and building alterations, and first party, through its Board of Public Works, has requested and instructed second party to proceed to prepare plans and specifications therefor and supervise the construction and installation thereof, and

Whereas the parties desire to avoid any question as to the interpretation of said supplementary agreement, and particularly the question as to whether the terms of said supplementary agreement include the installation of said steam turbine generating unit and other materials and equipment last hereinbefore mentioned, as is contended by first party,

Now, Therefore, it is mutually agreed by and between the parties that said supplementary agreement of July 26, 1932, was intended to and did include and provide that second party should provide the engineering services necessary and required for the preparation of plans and specifications and supervising during installation of the materials and equipment required to better adapt the City Light and Power Works to supply electric energy to the new water works, filtration plant and pumping stations and the loop system, to-wit: A steam turbine generating unit, condenser, condenser auxiliaries, necessary switchgear, steam piping, wiring, foundations and building alterations, and the second party shall furnish all of said engineering services in accordance with the terms and conditions set forth in said contract of April 14, 1931, for the additional sum of money equal to five (5) per cent of the total additional expenditures by the party of the first part in the purchase and installation of said steam turbine generating unit and other materials and equipment hereinbefore mentioned, and that first party shall pay to second party such additional sum of money, in accordance with the terms and conditions contained in said agreement of April 14, 1931, all as a part of, in pursuance of, and in accordance with said supplementary contract of July 26, 1932.

In Witness Whereof, the City of Fort Wayne, Indiana, party of the first part, has cuased to be hereunto affixed its corporate seal and name by and through its Board of Public Works, and The Froehlich & Emery Engineering Company, party of the second part, by and through its duly authorized officers, has hereunto caused to be affixed its corporate name and seal and the name of its officers on the day and year first above written.

ATTEST: Scott S Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 25, 1933, Regular Meeting of 10:00 o'clock A. M.,
POSTPONED until 2:00 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Union Street and Jefferson Street; corner of Wilt Street and Union Street.

A petition, providing for the construction of cement sidewalks on the south side of East Fourth Street from Spy Run Avenue to Clinton Street, was re-considered. Motion was made, seconded and carried that the same be placed on file.

After further consideration and a conference with Mr. Robert L. McNamee, of Hoad, Decker, Shoecraft and Drury, motion was made, seconded and carried that the awarding of the contract for the furnishing and erection of Centrifugal Pumping Units, known as Contract No. 16, of the Water Works Improvements, on which bids were received Tuesday, December 20, 1932, at 10:00 o'clock A. M., which was awarded to the American Well Works, Aurora, Illinois, on their base bid of $16,995.00, be MODIFIED by awarding the contract to PAUL A. FLORIAN and HARRY G. CHAPMAN, Receivers of the American Well Works, Inc., on their alternate bid, using a 250 HP General Electric type "KT" motor instead of a 200 HP General Electric type "KT" motor in Item No. 2, and a 200 HP General Electric type "KT" motor instead of a 150 HP General Electric type "KT" motor in Item No. 3, at and for their price bid, namely, $17,811.00, they being the lowest and best bidder.

Motion was made, seconded and carried that the above mentioned contract by and between the City of Fort Wayne, and Paul A. Florian and Harry G. Chapman, Receivers of the American Well Works, Inc., covering Contract No. 16, of the Water Works Improvements, be approved, and ordered sent to the Council at their next regular meeting of Tuesday, April 25, 1933, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the following estimate of the Froehlich & Emery Engineering Company, in favor of the Deel Electrical Engineering & Construction Company, Inc., Estimate 1, under Division 12, of the improvements at the City Light & Power Works, in the amount of $4,867.44 be approved and that the City Light Department be instructed to pay same.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the estimate of John Dehner, Inc., for the grading and furnishing of gravel on Anthony Boulevard extended, as per agreement in the amount of $520.00.

The Board then upon motion adjourned.

Henry C. Wehrenberg and Sons,	signed by the Royal Indemnity Company.

Motion was made, seconded and carried that the application of L. W. Dailey, to repair 80 feet of sidewalk at 3017 and 3021 Piqua Avenue, be granted.

Motion was made, seconded and carried that the application of Benjamin W. Hartman, to repair one block of sidewalk at 720 Colerick Street, under personal bond, be granted.

Motion was made, seconded and carried that the application of F. W. Stephan, to repair present 12 foot cut and 8 foot drive at 1431 Hugh Street, under personal bond, be granted.

Motion was made, seconded and carried that the request of Councilman Langard, for the installation of a light in the alley at the rear of 2326 Florida Drive, be referred to the City Light Department for investigation and report.

A petition, providing for the installation of an alley light at the rear of 515 West Superior Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the City Light Department be instructed to install a street light on Elmer Avenue, midway between Wells Street and the Railroad.

Motion was made, seconded and carried that the extra work order for Max Irmscher and Sons, under Contract No. 6, of the Water Works Improvements, providing for the Painting in the amount of $334.86, as outlined in the communication from E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury, of May 12, 1933, be approved.

Motion was made, seconded and carried that the following estimate from the Froehlich & Emery Engineering Company, in favor of the American Engineering Company, in the amount of $621.00, be approved and that the City Light & Power Works be instructed to pay same.

Motion was made, seconded and carried that the clause in the agreement between the City of Fort Wayne and Charles R. Wermuth and Son, Inc., Contract No. 14, of the Water Works Improvements, for the construction of the Anthony Boulevard Dam and Pumping Station, regarding the employment of Fort Wayne labor as follows: "In the employment of labor on this contract preference shall be given, wherever possible, to married tax-paying residents of the City of Fort Wayne" applies to any and all sub-contracts under this agreement.

In the matter of sub-contracts under Contract No. 14, of the Water Works Improvements, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that in accordance with Article 6, of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the Steel Sash, Frames and Screens to the William Bayley Company, Springfield, Ohio.

After re-considering sub-contracts under Contract No. 14, of the Water Works Improvements, for the Anthony Boulevard Dam and Pumping Station, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28th, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that in aaccordance with Article 6, of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the Structural Steel and Tainter Gates to the Lakeside Bridge and Steel Company, Milwaukee, Wisconsin; the placing of the Reinforcing Steel to N. Cramton and Sons, 15931 Prairie Avenue, Detroit, Michigan.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the 1933 and 1934 Season Coke Supply for the City Hall and the City Hall Annex, being approximately Three Hundred (300) Tons, they now proceeded to open the same and obtained the following results:

ALASKA COAL COMPANY, bid as follows:

Price per ton	$5.55

AMERICAN COAL AND SUPPLY COMPANY, bid as follows:

Price per ton	$5.38

HARRY WAGNER COAL COMPANY, bid as follows:

Price per ton	$5.28

WALTON COAL COMPANY, bid as follows:

Price per ton	$5.40

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

John Grier
David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, May 25, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: David Erwin, Charles A. Ramsey, S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works, to make cuts into the following pavements, be granted: Corner of McCulloch Street and Lewis Street; corner of Ohio Street and Summit Street; Superior Street at Bursleys; corner of Summit Street and Ohio Street.

Motion was made, seconded and carried that the application of E. H. Roemer, to repair 40 feet of sidewalk at 1818 South Anthony Boulevard be granted.

Motion was made, seconded and carried that the following driveway applications be granted:

John R. Worthman, 14 foot cut and 10 foot drive at 4509 South Calhoun Street;
John R. Worthman, 14 foot cut and 10 foot drive at 457 Oakdale Drive;
John R. Worthman, 14 foot cut and 10 foot drive at 4517 Tacoma Avenue.

A petition, providing for the construction of cement sidewalks on Anthony Boulevard from Findley Railroad to Simon Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights be placed on file:

Street light about 50 feet west of 1934 Sinclair Street;
Street light at the corner of Hawthorne Street and Harrison Street;
Alley light in the rear of 4643 South Lafayette Street.

Motion was made, seconded and carried that the Dun & Bradstreet, Inc., service for the period from June 1, 1933, to June 1, 1934, for the sum of $125.00 be approved.

Upon investigation of a complaint, regarding the Taxi phone or call box of the Red Top Cab Company, located on the east side of Fairfield Avenue between Packard Avenue and Kinsmoor Avenue, motion was made, seconded and carried that the Secretary of the Board of Public Works be instructed to send a communication to the Home Telephone and Telegraph Company, requesting the removal of the phone, in compliance with General Ordinance Number 1660 - 1932.

Motion was made, seconded and carried that the contract for the 1933 and 1934 Season Coke Supply for the City Hall and the City Hall Annex, being approximately Three Hundred (300) Tons, on which bids were received Tuesday, May 23, 1933, at 10:00 o'clock A. M., be awarded to the HARRY WAGNER COAL COMPANY, at and for their price bid, namely, $5.28 per Ton, furnishing Wayne Coke with weight slips as directed by the Board of Public Works.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City

Light & Power Works be instructed to pay same: Estimate No. 3, in favor of the Hipskind Heating and Plumbing Company, in the amount of $5,176.50; also the estimate of the Froehlich & Emery Engineering Company for engineering fee due in the amount of $5,500.00.

In the matter of the sub-contract for the Painting and Finishing under Contract No. 14, of the Water Works Improvements for the Anthony Boulevard Dam and Pumping Station, which was awarded to Charles R. Wermuth and Son, Inc., to the Oliver S. Jones Studios of Fort Wayne, Indiana, as submitted for approval by the Engineers, Hoad, Decker, Shoecraft and Drury, motion, was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Saturday, May 27, 1933.
SPECIAL MEETING held at 11:00 o'clock A. M.

PRESENT: David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

The Common Council of the City of Fort Wayne, having indefinitely postponed the contract by and between the City of Fort Wayne, Indiana, through its Board of Public Works and Paul A. Florian and Harry G. Chapman, Receivers of the American Well Works, Inc., of Aurora, Illinois, for Centrifugal Pumping Units under Contract No. 16, of the Water Works Improvements for the Anthony Boulevard Dam and Pumping Station, which in the opinion rendered by City Attorney William Fruechtenicht, nulifies the contract, motion was made, seconded and carried that the same be re-advertised and that Notice to Contractors of the work to be performed in the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 29th day of May and the 5th day of June, 1933, and that Tuesday, the 20th day of June, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the above-mentioned improvements.

In the matter of sub-contracts under Contract No. 14, of the Water Works Improvements, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that in accordance with Article 6, of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the Tainter Gate Hoist, manufactured by V. C. Bowser, using pocket sprockets at a reduction in the contract price in the amount of $129.00.

Motion was made, seconded and carried that permission is hereby granted Charles R. Wermuth and Son, Inc., Contractors for Contract No. 14, of the Anthony Boulevard Dam and Pumping Station, to substitute Toncan Iron Pipe for Cast Iron Pipe between the Pumping Station and the termination of the pipe line included in the aforementioned contract, at a reduction of $960.00 in the contract price.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 1, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, that the minutes of the Regular Meeting of Thursday, May 25th and the Special Meeting of Saturday, May 27th, 1933, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending May 20th, 1933, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Harmar Street and Lewis Street; corner of Monroe Street and Lewis Street; 351 Penn Avenue.

A petition, providing for the placing of calcium chloride on McKinnie Avenue from South Anthony Boulevard to Gay Street, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the estimate of the City Engineer for the cutting of the northeast corner of Washington Boulevard and Van Buren Street, be approved and that W. H. Droege, Superintendent of the Asphalt Plant be instructed to cut the corner in compliance with the plans and specifications.

Motion was made, seconded and carried that the estimate of the City Engineer for the cutting of the Southwest corner of Washington Boulevard and Harmar Street, be approved and that William H. Droege, Superintendent of the Asphalt Plant be instructed to cut the corner in compliance with the plans and specifications.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the construction of cement sidewalks on the West side of Calhoun Street between Rudisill Boulevard and Foster Parkway, where needed.

Motion was made, seconded and carried that the application of Melvin McDevitt, to construct 45 feet of cement sidewalk at 4302 Drury Lane, be granted.

Motion was made, seconded and carried that the application of Clayton Crawford, to construct 118 feet of cement sidewalk at 901, 903 and 905 Goshen Avenue, under personal bond, be granted.

Motion was made, seconded and carried that the application of John R. Worthman, to replace 32 feet of sidewalk at 3116 Hoagland Avenue, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to construct 37 feet of cement sidewalk at 4233 Indiana Avenue, be granted.

Motion was made, seconded and carried that the request for a street light at 1503 Edgewater Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request of Councilman Lindenburg for the installation of street lights on Freeman Street, south of Taylor Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request of Councilman Burns, for the installation of a light in the alley at the rear of 2011 or 2017 Taylor Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights be placed on file:

Alley light at the rear of 515 West Superior Street on Traction Pole No. 2097;
Alley light at the rear of 2326 Florida Drive:
Alley light at the rear of 3029 Warsaw Street.

In the matter of the resolution from the South Anthony Community Association with reference to the flood condition in the vicinity of East Rudisill Boulevard, which was referred to the Board of Public Works by the Common Council, motion was made, seconded and carried that the resolution be placed on file and the secretary be instructed to send a communication to the South Anthony Community Association, informing them that the matter of relief from this condition has been taken up with the Allen County Commissioners, since the flooded condition is caused by the inadequate drainage of territory outside of the corporate limits of the City of Fort Wayne.

Motion was made, seconded and carried that the communications from Martin Braun. Electrical Inspector, with reference to the license and permit fees of the Western Gas Construction Company, in connection with work done at the Three Rivers Filtration Plant in the amount of $3.50; the Deel Electric Engineering and Construction Company, Inc., in connection with their contract at the City Light and Power Works in the amount of $52.00, and the Henry Electric Company, in connection with the City Light and Power Works contract in the amount of $58.35, be filed and that the Secretary be instructed to send communications to the above mentioned contractors, ordering them to comply with the City Code with reference to licenses and fees.

Motion was made, seconded and carried that the proposal of the French Nurseries at Clyde, Ohio, for plant materials, plans, supervision of planting and guarantee of the life for the period of one year for the planting at the Three Rivers Filtration and Pumping Station site, in accordance with plans submitted, at and for the sum of $1960.00, be approved.

Motion was made, seconded and carried that the communication from A. M. Strauss, with reference to the widening of Spring Street on the south side from Sherman Boulevard east a distance of 70 feet, be referred to the City Civil Engineer.

Motion was made, seconded and carried that the extra work order for Hatzel & Buehler, Inc., for the furnishing of labor and materials for electrical work for connecting, temporarily, the induced and forced draft motors and control and damper controlling units for boiler No. 3, in connection with the improvements at the City Light and Power Works in the amount of $510.10, be approved.

Motion was made, seconded and carried that the estimate of the New York Central Railroad Company, in the amount of $142.29, purchase price of 123 feet of the Railroad's side track, Diagram No. 5, being the part of the track located on the trestle of the City at its pumping plant at Clinton Street, be approved and that the City Light & Power Works be instructed to pay same.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: Estimate No. 3, of the Sussman Asbestos Company in the amount of $1520.00; also the estimate of Hatzel & Buehler Inc., in the amount of $2,075.00.

Motion was made, seconded and carried that the Plans, Specifications and Estimate for Contract No. 20, which provides for the furnishing and erection of Chlorine and Ammonia Equipment, in connection with the Water Works Improvements, be approved, and that Notice to Contractors of the work to be performed in the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 2nd and 9th days of June, 1933, and that Thursday, the 22nd day of June, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvements.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates in favor of John Dehner, Inc.: For extra dirt furnished and placed east and south of the Filtration Plant up to and including May 25th, 1933, in the amount of $937.30; also for the furnishing, hauling and grading of gravel on Roadway west of New Reservoir along the St. Mary's River, in the amount of $81.70.

Motion was made, seconded and carried that the following Easement by and between the Indiana Service Corporation and the City of Fort Wayne, be approved and placed on file:

EASEMENT

THIS INDENTURE WITNESSETH, That Indiana Service Corporation, an Indiana corporation with its principal place of business in the City of Fort Wayne, Indiana, in consideration of the sum of One Dollar ($1.00) and other good and valuable considerations, receipt whereof is hereby acknowledged, hereby gives and grants unto the City of Fort Wayne, Indiana, a municipal corporation, an easement and right of way over the following described real estate located in Allen County, Indiana, to wit:

A strip of ground approximately 40 feet wide and 81 feet long lying in the northeast one-quarter of Section 24, Township 31 North, Range 12 East more particularly described as follows, to wit:

Beginning at a point on the westerly property line of the Wabash and Erie Canal Feeder as now owned by the Indiana Service Corporation where the north line of said Section 25 intersects the same; running thence in a southwesterly direction along said westerly property line 44.8 feet; thence easterly 81 feet more or less over and across the land occupied by the said Wabash and Erie Canal to a point in the southerly property line of the said Indiana Service Corporation 107 feet southwest from the intersection of the said north line of Section 25 with said southerly property line; thence northeast 44.8 feet on said southerly property line; thence northwesterly 81 feet more or less to the place of beginning; upon the following terms and conditions, which the grantee by acceptance of this easement agrees to perform and carry out:

1. Said easement is granted for highway purposes only and in order to enable the grantee to construct a highway over and across said real estate, which is a portion of the feeder to the Wabash and Erie Canal.

2. The grade at which any highway over said real estate shall be constructed and maintained shall at all times be the same as the present existing grade of the towpath or easterly side of the canal land comprising said real estate.

3. In constructing and maintaining the highway over said real estate, the grantee may fill in said canal or may construct a bridge over the same. In the event said canal is filled up by the grantee, grantee agrees to install in such fill and at the proper grade a pipe of sufficient capacity to carry all water which may collect in said canal, and in the event that in the future the grantor, its successors, assigns, or lessees, shall at any time desire to use said canal for flowing water therein, then the grantee agrees, at its own expense, to remove said fill and pipe and construct a bridge over said canal of such height and width as to permit the uninterrupted flow of water through said canal to the same extent as if such bridge had not been constructed.

4. In the event grantee desires to construct a bridge at any time over said canal, it agrees to construct and maintain the same in the manner provided in the preceding paragraph 3 hereof.

5. In the event of the failure of the grantee to construct such highway over said real estate within three (3) years from the date hereof, or in the event of the future abandonment of any highway constructed over the same, then this easement shall become null and void and the grantee shall have no rights of any kind in and to said real estate.

IN WITNESS WHEREOF, Indiana Service Corporation has caused its corporate name to be hereunto subscribed by its President and its corporate seal hereunto affixed and attested by its Secretary this 20th day of May, 1933.

INDIANA SERVICE CORPORATION,

By Morse DellPlain,
President.

ATTEST:

B. P. Shearon,
Secretary.

STATE OF INDIANA)
(SS:
COUNTY OF LAKE)

Before me, the undersigned, a Notary Public in and for said County and State, personally appeared this 20th day of May, 1933, Morse DellPlain and Bernard P. Shearon, known to me to be respectively President and Secretary of Indiana Service Corporation and acknowledged the execution of the foregoing instrument to be their voluntary act and deed as such President and Secretary and the voluntary act and deed of said Company, and the said Bernard P. Shearon, being duly sworn, on his oath said that he knew the corporate seal of the Company and that the corporate seal hereunto affixed was the genuine corporate seal thereof and that he affixed the same hereto and sign his name hereto by order of the Board of Directors thereof.

WITNESS my hand and notarial seal.

Fred A. Kolb,
Notary Public.

My commission expires: November 8, 1933.

Approved as to form:

Barrett, Barrett & McNagny.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department, be instructed to pay same: The Second Progress Estimate in favor of Charles R. Wermuth and Son, Inc., under Contract No. 14, of the Water Works Improvements for the construction of the Anthony Boulevard Dam and Pumping Station, in the amount of $21,509.94; also Eighty-third Estimate for professional engineering services in connection with the Second Progress Estimate in the amount of $680.20.

Motion was made, seconded and carried that the Board dis-approve the following sub-contracts:

Granite Work - Cold Spring Granite Company, Cold Spring, Minnesota:
Cut Stone Work - Edward Edinger Company, Bedford, Indiana.

In the matter of the sub-contracts under Contract No. 14, of the Water Works Improvements, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that in accordance with Article 6 of the Agreement, permission is hereby granted the above mentioned contractors to sub-let the Bedford Stainless Cement for Stone Mortar to the REARDON CEMENT COMPANY, Chicago, Illinois; the Glass and Glazing - to the ENTERPRISE ART GLASS COMPANY, Fort Wayne; the Setting of Limestone and Granite - to the LaPRELL CONSTRUCTION COMPANY, Fort Wayne; and the laying of Toncan Pipe -- to JOHN DEHNER, INC., Fort Wayne.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for street openings across Lots No. 27 and No. 28 Baltes and Romy's Addition to the City of Fort Wayne.

Motion was made, seconded and carried that the Plans, Specifications and Estimate for Contract No. 21, which provides for the furnishing of Laboratory Equipment and Supplies, in connection with the Water Works Improvements, be approved, and that Notice to Contractors of the work to be performed in the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of June, 1933, and that Tuesday, the 27th day of June, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvements.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 8, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: DAVID ERWIN and CHARLES A. RAMSEY.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Superior Street and Clinton Street, be granted.

Motion was made, seconded and carried that the report of the Building Department, for the month of May, 1933, be placed on file.

Motion was made, seconded and carried that the bond of the Wayne Heating Company, signed by the Aetna Casualty and Surety Company, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the resolution prohibiting swimming at Reservoir Lake, be approved, and that Charles B. Yobst, Superintendent of the Water Works Department be instructed to erect "NO SWIMMING" signs.

Motion was made, seconded and carried the estimate of Fred Lutz & Sons, for the improvement of the road from the east terminus of the California Road to the Anthony Boulevard Dam site, in the amount of $858.62, be approved, and that the Fort Wayne Water Works Department be instructed to pay same.

Motion was made, seconded and carried that the contract for the Sub-structure and Steel Stairways for the Battery and Control Building at the Filtration Substation in connection with the improvements at the City Light and Power Works be awarded to MAX IRMSCHER AND SONS, at and for their price bid, namely, $1554.00.

The City Engineer now submitted plans and specifications for the condemnation for street purposes portions of Lots Numbered 27 and 28 Baltes and Romy's Addition, as more fully set out in Declaratory Resolution Number 659, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 659 - 1933.

For the condemnation for street purposes portions of Lots Numbered 27 and 28 Baltes and Romy's Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemnfor street purposes portions of Lots Number 27 and 28 Baltes and Romy's Addition.

All as shown by a plan of such proposed street opening as above described now on file in the office of the Department of Public Works of said City.

The condemnation for street purposes as above described to be made by condemning and appropriating for street purposes ALL of Lot Number 28 Baltes and Romy's Addition; also the east thirty-five (35) feet of Lot Number 27 Baltes and Romy's Addition; also a portion of the west fifteen (15) feet of Lot Number 27 Baltes and Romy's Addition, described as follows: Commencing at the southwest corner of said Lot Number 27; thence east on and along the south line of said lot a distance of fifteen (15) feet; thence north on a line which is parallel to and fifteen (15) feet from the west line of said lot 27, a distance of twenty-five (25) feet; thence in a southwest direction on a straight line to the southwest corner of said Lot Number 27, the place of beginning.

The property which may be injuriously or beneficially affected by the proposed street opening as above described is described as all lots and lands lying west of the St. Joseph River; north of the St. Mary's River; east of Spy Run Avenue and south of Tennessee Avenue.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%)per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such money as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and lots and lands affected by the above described condemnation for street purposes lying within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 659, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 10th and 17th days of June, 1933, and that Thursday, the 29th day of June, 1933, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Saturday, June 10, 1933,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT

John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
F. H. Froehlich, of the Froehlich & Emery Engineering Company,
J. R. Emery, of the Froehlich & Emery Engineering Company.

The meeting was called to order by Mr. Trier, acting as Chairman.

This being a date and time previously fixed by the Board when they would receive sealed proposals for One 15,000 K. W. Steam Turbine Generating Unit and One Condenser for 15,000 K. W. Turbine, for improvement of the City Light and Power Works, they now proceeded to open the same and obtained the following results:

Division No. 1 - One 15,000 Kilowatt, steam turbine generating unit and accessories, delivered and erected on Purchaser's foundations:

✓ALLIS-CHALMERS MANUFACTURING COMPANY,
20 North Wacker Drive, Chicago, Illinois.

Turbine complete $252,000.00

✓GENERAL ELECTRIC COMPANY,
1635 Broadway, Fort Wayne, Indiana.

Turbine complete $247,500.00

✓WESTINGHOUSE ELECTRIC AND MANUFACTURING COMPANY,
Chicago, Illinois.

Turbine complete $250,000.00

Division No. 2 - One surface condenser with circulating pump, pump drives, air ejectors, and other auxiliary equipment, delivered and erected on Purchaser's foundations:

✓ALLIS CHALMERS MANUFACTURING COMPANY,

Condenser, complete $ 39,940.00

✓ELLIOTT COMPANY,
Pittsburgh, Pennsylvania.

Condenser complete, using Steel Plate Shell $ 38,457.00

Condenser complete, using Cast Iron Shell, $ 41,400.00

✓ FOSTER WHEELER CORPORATION,
20 North Wacker Drive, Chicago, Illinois.

Condenser complete, using Steel Plate Shell		$ 38,457.00
Condenser complete, using Cast Iron Shell		41,428.00

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion took a recess until Wednesday, the 21st day of June, 1933, at 10:00 o'clock A. M.

-- oOo --

The Board re-convened Wednesday, the 21st day of June, 1933 at 10:00 o'clock A. M., and proceeded as follows:

Motion was made, seconded and carried that the minutes of the Regular Meeting of June 6th, 1933, at 10:00 o'clock A. M.; the Regular Meeting of Thursday June 8th, at 7:30 P. M.; the Special Meeting of Saturday. June 10th, at 10:00 A. M; the Special Meeting of Monday, June 12th, at 10:00 A. M.and the Special Meeting of Saturday, June 17th, at 11:00 A. M., stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayn Water Works Department, showing the amount of water pumped for the week ending June 10th, 1933, be placed on file.

Motion was made. seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Hanna Street and DeWald Street; corner of Hurd Street and

and Winter Street; Pleasant Avenue between Nellie Avenue and Stadium Drive; 1718 St. Joe Boulevard; Southwest corner of Weisser Park Avenue and Creighton Avenue.

Motion was made, seconded and carried that the following driveway applications be granted:

Melvin M. McDevitt,	12 ft. cut and 8 ft. drive at 4613 Fairfield Avenue;
John R. Worthman,	12 ft. cut and 8 ft. drive at 4034 South Lafayette Street;
F. J. Tibbitts,	12 ft. cut and 8 ft. drive at 3516 Reed Street.

Motion was made, seconded and carried that the application of John R. Worthman, to repair 50 feet of sidewalk at 1101 Forest Avenue, be granted.

Motion was made, seconded and carried that the application of Ernest Timme and Son, to repair 100 feet of sidewalk at 202-212 inclusive East Wayne Street, be granted.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights be placed on file:

Street light at 1503 Edgewater Avenue;
Street light at the Southeast corner of Freeman Street and Taylor Street;
Alley light at the rear of 2011 or 2017 Taylor Street.

A communication from Hoad, Decker, Shoecraft and Drury, relative to turbine installation for the Anthony Boulevard Dam, was received. Motion was made, seconded and carried that the same be placed on file.

A communication from the William Bayley Company, relative to the deduction of $90.72 for unpainted screens at the Three Rivers Filtration Plant, was received. Motion was made, seconded and carried that the same be placed on file.

A communication, from the K and A Seed Company, Inc., relative to the extension of the present building across from the Junk Ditch, was received. Motion was made, seconded and carried that the same be referred to the City Attorney.

A communication from C. M. Niezer, relative to the dis-annexing of Industrial properties on the south side of Pontiac Street from Wayne Trace to the Bueter Road, was received. Motion was made, seconded and carried that the same be referred to the Common Council, at their next regular meeting, Tuesday, June 27th.

A petition, providing for the placing of oil or calcium chloride on Kentucky Avenue, north of State Boulevard, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the blue print of the Tablet for the Three Rivers Filtration Plant, be approved.

Motion was made, seconded and carried that the Tablet lay-outs for the Anthony Boulevard Dam, be approved.

Motion was made, seconded and carried that the communication from Hoad, Decker, Shoecraft and Drury, recommending the insulation of the concrete floor under the boiler grates, be filed and that the Secretary be instructed to send a communication to the Engineers, informing them that the Board's interpretation of the specifications relative to the concrete was that the same should be water tight and of ample thickness to insure against seepage.

Motion was made, seconded and carried that the extra work order for Flinn and Dreffein, under Contract No. 10, of the Water Works Improvements, providing for the furnishing and installation of a waste heat line for the purpose of disposing of the excess steam from the boilers through the present 48" stack, in the amount of $414.00 be approved.

Motion was made, seconded and carried that the extra work order for the Omega Machine Company, under Contract No. 12, of the Water Works Improvements, providing for one bin gate, in the amount of $33.00, be approved.

Motion was made, seconded and carried that the interior finish of the Anthony Boulevard Dam and Pumping Station, which was awarded to Charles R. Wermuth and Son, Inc., on Tuesday, February 28, 1933, at 3:00 o'clock P. M., using their alternate bid, Item 5-b for the omission of glazed tile block facing for all interior walls of the pump building, and plaster substituted therefor, except the walls of the screen room and shop, which was to have been co brick painted, be hereby changed to the original base bid, which included glazed tile block facing in the Womens' Toilet, Mens' Toilet, Locker Room, Office, Shop, Pump Room, Generator Room and Screen Room, including pilasters, returns, jambs, arches and columns, at the additional cost of $4,598.00.

Motion was made, seconded and carried that the estimate of the Froehlich & Emery Engineering Company for Field and Office supervision in the amount of $1500.00, be approved and that the City Light and Power Works be instructed to pay same.

Motion was made, seconded and carried that the estimate of John Dehner, Inc., for the removal of brick off of old boiler at the City Light Plant, in the amount of $200.00, be approved, and that the City Light and Power Works be instructed to pay same.

Motion was made, seconded and carried that the following plat to the City of Fort Wayne, Indiana, be approved:

"MEADOW LARK ACRES."

The Board then upon motion adjourned.

Regular Meeting of Thursday, June 22nd, 7:30 P. M.
POSTPONED until Friday, June 23, 1933, at 3:00 P. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

A communication, from Earl J. Miller, Secretary of the Board of Aviation Commissioners, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the communication from the DuWan Sign Company, relative to the Building Department bond, be placed on file and that the Secretary of the Board be instructed to send a communication to Frank G. Fortney, Building Commissioner, requesting him to use rigid enforcement of the Code, in reference to bonds and permits for signs.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Buesching Bros. Construction Co., signed by the Aetna Casualty & Surety Company;
Hiram Danner, (House Movers) signed by the London & Lancashire Indemnity Co.

A petition, providing for the placing of calcium chloride on Taylor Street from the end of the pavement west to the terminus, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the placing of calcium chloride on North Anthony Boulevard Extended, North of Crescent Avenue, was referred to the Board by the Board of Park Commissioners, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the resolution from the Board of Park Commissioners, turning over the control of that part of the extension of Washington Boulevard lying between the west line of West Swinney Park and the Illinois Road, to the Board of Public Works, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Anthony Boulevard and Lynn Avenue; 823 Erie Street; corner of Taber Street and Lafayette Street.

Motion was made, seconded and carried that the application of Kenneth G. Jantz, to repair 15 feet of sidewalk at 659 High Street, under personal bond be granted.

Motion was made, seconded and carried that the application of Melvin McDevitt, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1508 Strand Road, be granted.

Motion was made, seconded and carried that the contract for the Super-Structure for the Battery and Control Building at the Filtration Substation in connection with the improvements at the City Light and Power Works be awarded to MAX IRMSCHER AND SONS, at and for their price bid, namely. $1,909.00.

Motion was made, seconded and carried that the extra work order for the General Electric Company, for the furnishing of certain switchboard equipment, labor and materials for a temporary installation of control equipment for the forced and induced draft for motors for Boiler No. 3, in connection with the improvements at the City Light and Power Works in the amount of $356.00, be approved.

Motion was made, seconded and carried that the Board dis-approve the letting of the sub-contract for the Painting and Finishing under Contract No. 14, for the Anthohy Boulevard Dam and Pumping Station, in connection with the Water Works Improvements to Oliver S. Jones Studios of Fort Wayne, a protest against same having been filed by the Fort Wayne Building Trades Council.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Brackenridge Street on the south side from the east curb line of Lafayette Street to the west curb line of Clay Street, as more fully set out in Street Improvement Resolution Number 3132.

For the improving of the alley between Forest Park Boulevard and Anthony Boulevard from the north property line of Delaware Avenue to the south property line of Forest Avenue, as more fully set out in Alley Improvement Resolution Number 3133.

For the improving of the sidewalk on the west side of Anthony Boulevard from the south line of Lot Number 7 General Electric Company Addition to Simons Street, as more fully set out in Sidewalk Improvement Resolution Number 3134.

For the improving of the sidewalk on the west side of Calhoun Street from Rudisill Boulevard to Foster Parkway, as more fully set out in Sidewalk Improvement Resolution Number 3135.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3132 - 1933.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Brackenridge Street on the south side from the east curb line of Lafayette Street to the west curb line of Clay Street by draining, curbing, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphalti Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3133 - 1933

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Forest Park Boulevard and Anthony Boulevard from the north property line of Delaware Avenue to the south property line of Forest, by draining, grading and paving the roadway to a uniform width of fifteen (15) feet with Sheet Asphalt, Asphalt Block, Vitrifi Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawing and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3134 - 1933

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Anthony Boulevard from the south line of Lot Number 7 General Electric Company Addition to Simons Street, by grading to a width of seven (7) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3135 - 1933

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Calhoun Street from Rudisill Boulevard to Foster Parkway, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3132, 3133, 3134 and 3135, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th day of June and the 1st day of July, 1933, and that Thursday, the 13th day of July, 1933, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, June 27, 1933,
Regular Meeting held at 10:00 o'clock, A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman of the Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary of the Board of Public Works,
Robert L. McNamee, of Hoad, Decker, Shoecraft and Drury.

The meeting was called to order by Mr. Trier, acting as Chairman.

This being a date and time previously fixed by the Board when they would receive sealed proposals for Contract No. 21, which provides for the furnishing of Laboratory Equipment and Supplies, in connection with the Water Works Improvements, they now proceeded to open the same and obtained the following results:

EBERBACH & SON COMPANY, Ann Arbor, Michigan, bid as follows:

Bid	$1,933.96

FISHER SCIENTIFIC COMPANY, 709-717 Forbes Street, Pittsburgh, Pa., bid as follows:

Laboratory equipment and supplies plus unextended items	$1,060.27
Chemical and reagents plus unextended items	113.74

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion took a recess until Tuesday, June 27th, 1933, at 2:00 o'clock P. M.

-- oOo --

The Board re-convened at 2:00 o'clock P. M., Tuesday, June 27th, 1933, and proceeded as follows:

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Broadway and Creighton Avenue; 419 East Wildwood Avenue.

A petition, providing for the extension of a water main in the 4300-4400-4500 Blocks or Reed Street, was received. Motion was made, seconded and carried that the same be referred to the Water Works Construction Department for investigation and report on cost.

Motion was made, seconded and carried that the application of John R. Worthman, to construct 44 feet of sidewalk at 2116 Kentucky Avenue, be granted.

Motion was made, seconded and carried that the application of Michael Kinder and Sons, to construct 39 feet of sidewalk at 209 East Wildwood Avenue, be granted.

A communication, from The Allen-Sherman-Hoff Company, in reference to additional payments on their contract with the City Light & Power Works, for the furnishing of ash hoppers, was received. Motion was made, seconded and carried that the same be placed on file.

A communication from Charles R. Wermuth and Son, Inc., Contractors for Contract No. 14, for the Anthony Boulevard Dam and Pumping Station, regarding the sub-letting of the contracts for the erecting of the structural steel to Omer Zumbrun and Son, of Churubusco, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the itemized payment requisition No. 19, and final estimate in the amount of $53,394.11 in favor of Max Irmscher and Sons, in connection with their contract for the Three Rivers Filtration and Pumping Station, be placed on file pending the action of the Engineers, Hoad, Decker, Shoecraft and Drury.

Upon investigation of a complaint, regarding the Taxi phone or call box of the Red Top Cab Company, located on the building at 320 West Fourth Street, motion was made, seconded and carried that the Secretary of the Board of Public Works be instructed to send a communication to the Home Telephone and Telegraph Company, requesting the removsl of the phone, in compliance with General Ordinance Number 1660 - 1932.

Motion was made, seconded and carried that the Plans, Specifications and Estimate for Contract No. 19, which provides for the Electrical Equipment for the Anthony Boulevard Pumping Station, in connection with the Water Works Improvements, be approved, and that Notice to Contractors of the work to be performed in the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 5th and 12th days of July, 1933, and that Tuesday the 25th day of July, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvements.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 16, which provides for the furnishing of Centrifugal Pumping Units, for the Anthony Boulevard Dam and Pumping Station, in connection with the Water Works Improvements, on which bids were received Tuesday, June 20, 1933, at 10:00 o'clock A. M., Eastern Standard Time, as re-advertised May 29th and June 5th, 1933, be awarded to the WORTHINGTON PUMP AND MACHINERY CORPORATION, Cincinnati, Ohio, at and for their price bid, namely, $20,365.00, they being the lowest and best bidders.

Motion was made, seconded and carried that the aforesaid contract be approved and ordered sent to the Council at their next regular meeting, Tuesday, June 27, 1933, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the contract by and between the General Electric Company, of Schenectady, New York, and the City of Fort Wayne, covering Division No. 1 - the furnishing, delivery and erection on Purchaser's foundations in the City Light and Power Works of one (1) steam turbine driven generating unit and accessories, be approved and ordered sent to the Council at their next regular meeting, Tuesday, June 27, 1933, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the contract by and between the Westinghouse Electric and Manufacturing Company, of East Pittsburgh, Pennsylvania, and the City of Fort Wayne, Indiana, covering Division No. 2 - the furnishing delivery and erection on Purchaser's foundations in the City Light and Power Works, of one (1) surface dondenser with circulating pump, condensate pumps, pump drives, air ejectors and other auxiliary equipment, be approved and ordered sent to the Council at their next regular meeting, Tuesday, June 27, 1933, at 8:00 o'clock P. M.

The Board then upon motion adjourned.

David Cowan

BOARD OF PUBLIC WORKS.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Thursday, July 6th, 7:30 P. M.
POSTPONED until Friday, July 7, 1933, 10:00 A. M.

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Clinton Street and Suttenfield Street; 1508 East Rudisill Boulevard.

Motion was made, seconded and carried that the request of Councilman Burns, for the installation of a light in the alley between Masterson Avenue and Wallace Street, just east of Clay Street, be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley at the rear of 1505 Spring Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and repcort.

A remonstrance, against the paving of the alley between Forest Park Boulevard and Anthony Boulevard from Delaware Avenue to Forest Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for a check-up.

Motion was made, seconded and carried that the application of Charles A. McComb, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 414 Rose Lane, be granted.

Motion was made, seconded and carried that the application of Ella H. Hockett, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1331 Swinney Avenue, driveway facing on Thompson Avenue, under personal bond, be granted.

A communication, from William Fruechtenicht, City Attorney, with reference to the request of the K. & A. Seed Company to span the Junk Ditch with a building, was received. Motion was made, seconded and carried that the same be placed on file.

A communication, from John Dehner, Inc., with reference to the change in the routing through the Fort Wayne State School grounds in place of down Parnell Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the location of the 42" Raw Water Supply Main, known as Contract No. 15, of the Water Works Improvements, which was awarded to John Dehner, Inc., be hereby changed from Parnell Avenue between State Boulevard and Charlotte Avenue to a line east of and parallel to Parnell Avenue, through the Fort Wayne State School grounds, at the request and permission of the Trustees of the Fort Wayne State School and the approval of the Engineers, Hoad, Decker, Shoecraft and Drury and the Contractor, John Dehner, Inc.

In the matter of the communication received from Hoad, Decker, Shoecraft and Drury, with reference to their recommendation for the approval of the International Filter Company, Chicago, Illinois, as sub-contractors for the gauges under Contract No. 14, for the construction of the Anthony Boulevard Dam and Pumping Station, which was awarded to Charles R. Wermuth and Son, Inc., motion was made, seconded and carried that the Secretary be instructed to send a communication to the the Engineers, stating that the Board, after some discussion, favored the installation of gauges of the same manufacture as furnished in the Three Rivers Filtration and Pumping Station, so as to make a uniform installation of same in these improvements and ask the Engineers for their advice or suggestion in the matter.

In the matter of the sub-contracts under Contract No. 14, of the Water Works Improvements, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that in accordance with Article 6, of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the Painting and Finishing for the Anthony Boulevard Pumping Station - to BRUNNER FROTHERS, Fort Wayne, Indiana.
B

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: First Progress Estimate in favor of John Dehner, Inc., Contractor for Contract No. 15, for the construction of the Raw Water Supply Main in connection with the Water Works Improvements in the amount of $21,952.93; Third Progress Estimate in favor of Charles R. Wermuth and Son, Inc., Contractors for Contract No. 14, for the construction of the Anthony Boulevard Dam and Pumping Station, in the amount of $21,538.20; Eighty-fourth Estimate for professional engineering services in connection with Contract No. 15, in the amount of $689.06; and the Eighty-fifth Estimate for professional engineering services in connection with Contract No. 14, in the amount of $430.76.

Motion was made, seconded and carried that the Contract Bond of the General Electric Company, signed by the Commercial Casualty Insurance Company covering Division No. 1 - for the furnishing, delivery and erection, on Purchaser's foundations in the City Light and Power Works, of one (1) steam turbine driven generating unit and accessories, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract Bond of the Westinghouse Electric and Manufacturing Company, signed by Commercial Casualty Insurance Company, covering Division No. 2 - for the furnishing, delivery and erection on Purchaser's foundations in the City Light and Power Works, of one (1) surface condenser with circulating pump, condensate pumps, pump drives, air ejectors and other auxiliary equipment, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the performance bond of the Worthington Pump and Machinery Corporation, signed by the Commercial Casualty Insurance Company, covering Contract No. 16, which provides for the furnishing and erection of Centrifugal Pumping Units in connection with the Water Works Improvements, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the estimate from the Froehlich & Emery Engineering Company, in favor of J. M. Cutshall & Sons for the wrecking of the radial brick chimneys at the City Light Plant, in the amount of $1143.00, be approved and that the City Light and Power Works be instructed to pay same.

Motion was made, seconded and carried that the estimate from the Froehlich & Emery Engineering Company, in favor of the Sussman Asbestos Company, in connection with their contract for insulation, in the amount of $906.00, be approved and that the City Light & Power Works be instructed to pay same.

Motion was made, seconded and carried that the estimate from the Froehlich & Emery Engineering Company, in favor of the Sussman Asbestos Company, for extra work covered by Order #1912A, dated June 22nd, 1933, in the amount of $213.00, be approved and that the City Light and Power Works be instructed to pay same.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 659 - 1933, which provides for the condemnation for street purposes portions of Lots Numbered 27 and 28 Baltes and Romy's Addition, be and the same is hereby APPROVED and that Thursday, the 20th day of July, 1933, at 7:30 P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the estimate of John Dehner, Inc., for excavating in the St. Joseph and St. Mary's River, in the amount of $303.20, be approved and ordered paid.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 13, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, Charles A. Ramsey,
Scott S. Snyder, Secretary.

A communication from Louis F. Curdes, with reference to the Clinton Street Subway, was received. Motion was made, seconded and carried that the same be placed on file.

A communication from Walter F. Curdes, with reference to the Clinton Street Subway, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Alligar Street and Anthony Boulevard; corner of Fletcher Avenue and Alliger Street; 625 Lillian Avenue; 3159 Parnell Avenue.

Motion was made, seconded and carried that the application of Melvin McDevitt, to make a cut into the pavement at the northwest corner of Calhoun Street and Gumpper Avenue, facing on Gumpper, be granted.

Motion was made, seconded and carried that the bond of the Merrill Company, signed by the Fidelity and Deposit Company of Maryland, be referred to the City Attorney, for his approval.

Motion was made, seconded and carried that the personal bond of W. Augustyniak, be approved.

Motion was made, seconded and carried that the application of the Pittsburgh, Fort Wayne and Chicago Railway Company, to replace 44 feet of cement sidewalk on the west side of Anthony Boulevard and Findlay right-of-way, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to construct 60 feet of sidewalk at 1314 Forest Avenue, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair 50 feet of cement sidewalk at 1319 East State Boulevard, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 4017 Indiana Avenue, be granted.

Motion was made, seconded and carried that application of George Pattee, to replace the present 12 foot cut and 8 foot driveway at 734 Woodview Boulevard, under personal bond, be granted.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company be approved, and that the City Light Department be instructed to pay same: Estimate No. 8, in favor of Max Irmscher and Sons, in the amount of $8,906.50; estimate of Hatzel & Buehler, Inc., in the amount of $2,800.00; Estimate No. 3, in favor of the Deel Electrical Engineering & Construction Company, Inc., in the amount of $2,704.04.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain Improvement Resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Sidewalk Improvement Resolutions Numbered:

3134 - which provides for the construction of cement sidewalks on the west side of Anthony Boulevard from the south line of Lot Number 7 General Electric Company Addition to Simons Street;

3135 - which provides for the construction of cement sidewalks on the west side of Calhoun Street from Rudisill Boulevard to Foster Parkway;

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Sidewalk Improvement Resolutions Numbered 3134 and 3135, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on 15th and 22nd days of July, 1933, and that Tuesday, the 8th day of August, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3132, which provides for the improving of Brackenridge Street on the south side from the east curb line of Lafayette Street to the west curb line of Clay Street, there having been filed a remonstrance signed by the Pittsburgh, Fort Wayne and Chicago Railway Company and the Pennsylvania Railroad Company, motion was made, seconded and carried that the remonstrance be placed on file and that the confirmation of the resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3133, which provides for the improving of the alley between Forest Park Boulevard and Anthony Boulevard from Delaware Avenue to Forest Avenue, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 20% of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 25th day of July, 1933, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion took a recess until Wednesday, July 26th at 10:00 o'clock A. M.

-- oOo --

The Board re-convened at 10:00 o'clock A. M., Wednesday, July 26th 1933, and proceeded as follows:

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, July 18th, and the meeting of July 20th, 1933, stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Maumee Avenue and University Street; corner of Schick Street and Maumee Avenue.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights, be placed on file:

Street light at the southwest corner of Anthony Boulevard and Baxter Street; Alley light in the alley at the rear of 633 West Superior Street on I. S. C. Pole No. 4609.

Motion was made,seconded and carried that the application of George M. Baad, to construct 30 feet of sidewalk under personal bond, at 1318 Union Street, be granted.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works be instructed to pay same: Nineteenth Progress Estimate in favor of Max Irmscher and Sons, Contractors for Contract No. 6, for the construction of the Three Rivers Filtration and Pumping Station in connection with the Water Works Improvement, in the amount of $15,000.00; also Eighty-sixth Estimate for professional engineering services in the amount of $300.00, in connection with Contract No. 6.

In the matter of the communication from Hoad, Decker, Shoecraft and Drury, calling for the re-considering of the extra work order for water proofing and insulating the concrete floor under the two heating boilers in the filtration plant, to Max Irmscher and Sons, motion was made, seconded and carried that the same be TAKEN UNDER FURTHER CONSIDERATION.

In the matter of the sub-contracts under Contract No. 14, of the Water Works Improvement, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28th, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that the awarding of the subcontract for the metal furring and lathing, and plastering on the Anthony Boulevard Dam and Pumping Station to H. W. Towns, 3704 Gay Street, Fort Wayne, Indiana, be TAKEN UNDER ADVISEMENT.

A remonstrance, against the proposed widening of Sherman Boulevard was received. Motion was made, seconded and carried that the same be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against Improvement Resolution Number 3133, which provides for the improving of the alley between Forest Park Boulevard and Anthony Boulevard from Delaware Avenue to Forest Avenue, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 20% of the resident property owners affected; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Alley Improvement Resolution Number 3133, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 27th day of July, and the 3rd day of August, 1933, and that Tuesday, the 15th day of August, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

The Board then upon motion adjourned.

John B. Irvin
David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 27, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Forest Avenue and Hillsdale Avenue; 2818 South Hanna Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Arthur Armstrong, signed by the Continental Casualty Company;
DuWan Sign Company, signed by the Fidelity & Deposit Company of Maryland;
C. Miller & Sons, signed by the Fidelity and Casualty Company of New York;
Otis Elevator Company, signed by the National Surety Corporation.

Motion was made, seconded and carried that the following Public Liability Policies be referred to the City Attorney for his approval:

Northside Plumbing and Heating Co., signed by the Commercial Casualty Ins. Co.;
Summit Sign Service, signed by the Metropolitan Casualty Ins. Co.

Motion was made, seconded and carried that the application of Louis Roethele, to repair 12 feet of sidewalk at 1425 Lillie Street, be granted.

Motion was made, seconded and carried that the application of Paul Schaeffer, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 825 East Rudisill Boulevard, be granted.

Motion was made, seconded and carried that the opinion submitted by William Fruechtenicht, City Attorney, with reference to Script in payment of water and light bills, be placed on file.

Motion was made, seconded and carried that the opinion submitted by William Fruechtenicht, City Attorney, in relation to the matter of the controversy concerning the balance due the Hipskind Heating and Plumbing Company, sub-contractors of Max Irmscher and Sons, Contractors for the Three Rivers Filtration and Pumping Station, under Contract No. 6, of the Water Works Improvement, be placed on file.

Motion was made, seconded and carried that the contract by and between the City of Fort Wayne and the Trustees of the Fort Wayne State School relative to the changing of the 42" Raw Water Supply Main from Parnell Avenue between State Boulevard and Charlotte Avenue to a line east of and parallel to Parnell Avenue, through the Fort Wayne State School grounds, be approved.

THE GRACE CONSTRUCTION & SUPPLY COMPANY reported the work completed under Street Improvement Resolution Number 2845, which provides for the improving of Charlotte Avenue from the west property line of Parnell Avenue to the east property line of St. Joseph River Drive. Motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, August 1, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, July 25th at 10:00 o'clock A. M., and the meeting of Thursday, July 27th at 7:30 P. M. stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending June 17th and June 24th, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Alexander Street and Drexel Avenue; 3130 Parnell Avenue; Pontiac Street and Alexander Street; corner of Pontiac Street and Central Drive; corner of Plaza Drive and Drexel Avenue.

Motion was made, seconded and carried that the application of J. A. McConnell, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 510 Charlotte Avenue, be granted, the work to be done under personal bond.

A petition, providing for the widening of Goshen Avenue between St. Mary's Avenue and State Boulevard, by the Indiana State Highway Department, was received. Motion was made, seconded and carried that the same be placed on file.

In the matter of the private petition for sidewalks and driveways bordering on the school city property, located at the Northwest corner of Clay Street and Washington Boulevard, which upon investigation, was found not to meet with the City's specifications in any respect, motion was made, seconded and carried that the Secretary be instructed to notify the Owner, Tenant and Contractor that the same must be removed and re-constructed, using standard specifications for material, thickness and strength.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company be approved and that the City Light and Power Works be instructed to pay same: The estimate of the General Electric Company, in the amount of $29,112.65 in connection with Divisions 1-2 3-4-5-6-7-8-9-10; also the following estimates in favor of the Henry Electric Co.: Estimate No. 3 - Division No. 14, in the amount of $434.35; extra work order in the amount of $4.50; and the extra work order in the amount of $3.13.

Motion was made, seconded and carried that the inscription to be cut in the stone work over the front entrance of the low service pumping station at the Anthony Boulevard Dam, known as Contract No. 14, of the Water Works Improvements be as follows:

FORT WAYNE WATER WORKS
SAINT JOSEPH RIVER
DAM AND PUMPING STATION.

In the matter of the sub-contracts under Contract No. 14, of the Water Works Improvements, which was awarded to Charles R. Wermuth and Son, Inc., Tuesday, February 28, 1933, at 3:00 o'clock P. M., motion was made, seconded and carried that in accordance with Article 6 of the Agreement, permission is hereby granted the above mentioned contractors to sub-let the Supplying Gauges - to the INTERNATIONAL FILTER COMPANY, Chicago, Illinois, and the Metal Furring and Lathing and Plastering - to H. W. TOWNS, Fort Wayne.

In the matter of Contract No. 21, which was awarded to the Fisher Scientific Company, Pittsburgh, Pennsylvania, at the regular meeting of the Board of Public Works, held Thursday, July 20, 1933, motion was made, seconded and carried that the contract in the amount of $1,652.55 be altered by deducting $22.50 at the Engineer's recommendation of the purchase of a 20° incubator without an enclosing refrigerator, making the contract price $1,630.05, as per recommendation from Hoad, Decker, Shoecraft and Drury, July 28, 1933, and that the Water Works Department be instructed to issue a purchase order for same.

Motion was made, seconded and carried that the Fort Wayne Water Works Department and the City Light and Power Works be authorized to accept script in payment for service and also be authorized to place the required script stamps on same.

The Board then upon motion adjourned.

John [illegible]
David Erwin

Fort Wayne, Indiana.
Tuesday, August 8, 1933,
Regular Meeting held at 10:00 A. M.

PRESENT: John C. Trier, David Erwin.

Motion was made, seconded and carried that the report from the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending July 1, 1933, be placed on file.

Motion was made, seconded and carried that the application of Noah Beberstine, to repair 30 feet of sidewalk at 1829 South Lafayette Street be granted.

Motion was made, seconded and carried that the application of Benjamin W. Hartman, to construct 15 feet of sidewalk, under personal bond. at 1633 East Washington Boulevard, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Noah Beberstine,	40 ft. cut and 36 ft. drive	at N.E. corner Masterson and Lafayette drive facing on Masterson Avenue;
Noah Beberstine,	25 ft. cut and 21 ft. drive	at N.E. corner Masterson and Lafayette drive facing on Lafayette Street;
L. W. Dailey,	40 ft. cut and 36 ft. drive	at 201 West Williams Street;
J. A. McConnell,	12 ft. cut and 8 ft. drive	at 612 Greenlawn Avenue.

Motion was made, seconded and carried that the estimate of the Froehlich & Emery Engineering Company for field and office supervision, in the amount of $1500.00 be approved and that the City Light and Power Works be instructed to pay same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements, they now proceeded to open the same and obtained the following results:

In the matter of Sidewalk Improvement Resolution Number 3134, which provides for the construction of cement sidewalk on the west side of Anthony Boulevard from the south line of Lot Number 7 General Electric Company Addition to Simons Street:

COIL CONSTRUCTION COMPANY, INC.,	BID	$1.44
THE GRACE CONSTRUCTION & SUPPLY CO.,	BID	.83

In the matter of Sidewalk Improvement Resolution Number 3135, which provides for the construction of cement sidewalk on the west side of Calhoun Street from Rudisill Boulevard to Foster Parkway:

COIL CONSTRUCTION COMPANY, INC.,	BID	$1.34

Motion was made, seconded and carried that the contracts for the work to be performed under the aforesaid improvement resolutions, be awarded as follows:

3134 - which provides for the construction of cement sidewalks on the west side of Anthony Boulevard from the south line of Lot Number 7 General Electric Company Addition to Simons Street; be awarded to THE GRACE CONSTRUCTION COMPANY, at and for their price bid, namely, $0.83 per lineal foot, they being the lowest and best bidders;

3135 - which provides for the construction of cement sidewalks on the west side of Calhoun Street from Rudisill Boulevard to Foster Parkway; be awarded to the COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $1.34 per lineal foot, they being the lowest and best bidders.

The Board then upon motion took a recess until 4:00 o'clock P. M., Tuesday, August 8, 1933.

-- oOo --

The Board re-convened Tuesday, August 8, 1933, at 4:00 o'clock P. M., and proceeded as follows:

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 19, which provides for the furnishing and erection of Electrical Equipment, for the Anthony Boulevard Dam and Pumping Station, in connection with the Water Works Improvements, on which bids were received Tuesday, July 25, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be awarded to the DIX-KELLY ELECTRIC SHOP, INC., Fort Wayne, Indiana, at and for their price bid, namely, $22,500.00, they being the lowest and best bidders.

Motion was made, seconded and carried that the aforesaid contract be approved and ordered sent to the Council at their next regular meeting, Tuesday, August 8, 1933, at 8:00 P. M.

The Board then upon motion adjourned.

John Erwin

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST:
HELEN SHEETS
SECRETARY PRO TEM.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, August 10, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of July, 1933, be placed on file.

Motion was made, seconded and carried that the report from the Fort Wayne Water Works Department, showing the amount of water pumped for the weeks ending July 8th and July 15th, 1933, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 2211 North Anthony Boulevard; corner of Bowser Avenue and Pontiac Street; corner of Colerick Street and Weisser Park Avenue; corner of Hanna Street and Colerick Street; corner of Pontiac Street and Bowser Avenue; corner of Smith Street and Pontiac Street; corner of Webster Street and Taber Street.

A petition, providing for the installation of a water main on Carlton Avenue from Brooklyn Avenue to Rietdorf Street, was received. Motion was made, seconded and carried that the same be referred to the Water Works Construction Department for investigation and report on cost.

A petition, providing for the extension of the water main on Russell Avenue from Sherman Boulevard a block and a half East, was received. Motion was made, seconded and carried that the same be referred to the Water Works Construction Department for investigation and report on cost.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Rybolt Furnace Company,	signed by the United States Fidelity & Guaranty Co.;
Paul Schaeffer,	signed by the United States Fidelity & Guaranty Co.

Motion was made, seconded and carried that the applications of William Schenkel, to repair 5 feet of sidewalk at 936 Lake Avenue and 25 feet of sidewalk at 937 Lake Avenue, be granted.

Motion was made, seconded and carried that the application of C. Doenges and Son, to replace 80 feet of sidewalk at 2401 Forest Park Boulevard, be granted.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number 2845, which provides for the improving of Charlotte Avenue from the west property line of Parnell Avenue to the east property line of St. Joseph River Drive; be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 15th and 16th days of August, 1933, and that Thursday, the 17th day of August, 1933, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, August 15, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Thursday, August 3rd, 7:30 P. M., Tuesday, August 8th, at 10:00 o'clock A. M. and Thursday, August 10th, 1933 at 7:30 o'clock P. M., stand approved as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Clinton Street and Leo Road; 3418 Euclid Avenue; corner of Rudisill Boulevard and Hanna Street; corner of Winter Street and Pontiac Street.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, stating that the cost of the installation of a water main on Carlton Avenue from Brooklyn Avenue to Rietdorf Street, would be approximately $1200.00. Motion was made, seconded and carried that the same be placed on file.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, stating that the cost of the extension of the water main on Russell Avenue from Sherman Boulevard a block and a half East, would be approximately $1300.00. Motion was made, seconded and carried that the same be installed.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, stating that the cost for the moving of the hydrant at the corner of Spring Street and Sherman Boulevard would be $50.00. Motion was made, seconded and carried that the Water Works Department be instructed to move same.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, recommending the installation of a circulating line on the New River Drive along the West bank of the St. Joseph River from Wagner Street to Elizabeth Street, intersecting the present 12" main at Tennessee Avenue. Motion was made, seconded and carried that the Water Works Department be instructed to install same.

Motion was made, seconded and carried that the application of Henry J. Hoffman, to make a 7 foot curbing at 425 Rose Lane, be granted.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the GRACE CONSTRUCTION AND SUPPLY COMPANY, signed by the United States Fidelity and Guaranty Company, covering the work to be performed under Sidewalk Improvement Resolution Number 3134-1933, for the construction of cement sidewalks on the west side of Anthony Boulevard from the south line of Lot Number 7 General Electric Company Addition to Simons Street, which was approved by the City Attorney, William Furechtenicht, be approved.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department be instructed to pay same.

The Fourth Progress Estimate in favor of Charles R. Wermuth and Son, Inc., Contractors for Contract No. 14, of the Water Works Improvements in the amount of $32,245.08; Second Progress Estimate in favor of John Dehner, Inc., Contractor for Contract No. 15, of the Water Works Improvements in the amount of $44,035.98; also Eighty-seventh Estimate for professional engineering services in the amount of $894.90 in connection with Contract No. 14, also Eighty-eighth estimate for professional engineering services in the amount of $880.72, in connection with Contract No. 15.

Motion was made, seconded and carried that the following estimates from the Froehlich and Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: The Estimate of Max Irmscher and and Sons for Sub-Structure and Steel Stairways in the amount of $1,554.00; estimate of Max Irmscher and Sons for the Super-Structure in the amount of $1,909,00; Estimate in favor of Max Irmscher and Sons, Requisition No. 9, in the amount of $4,033.25; the Estimate of the General Electric Company in the amount of $17,181.90; the Estimate of the Western Gas Construction Company, in the amount of $209.10; also the estimate of the Allen-Sherman-Hoff Company, in the amount of $1500.00.

Motion was made, seconded and carried that the order for extra work for Max Irmscher and Sons for the furnishing of labor and materials for extending the foundation of the Battery and Control Building to a greater depth and for furnishing and installing a valve in the drainage line in the same building to avoid damage due to flood conditions, in connection with the improvements at the City Light and Power Works,in the amount of $331.29, be approved.

Motion was made, seconded and carried that the order for extra work for the General Electric Company, for the furnishing of labor and materials for extending the concrete piers and foundations for the outdoor substation at the Three Rivers Filtration Plant to a greater depth, and raising the established grade, also the extending of the grounding system to a greater depth due to the bad soil conditions, in the amount of $2,048.86, be approved.

Motion was made, seconded and carried that the following orders for extra work for Hatzel & Buehler, Inc., in connection with the improvements at the City Light & Power Works, be approved:

No. 2. For the furnishing of labor and materials for installing a house service transformer temperature indicating and bell alarm circuit from the outdoor house service transformer to Panel #11 and 1 lamp resistor, 1 switchboard type snap switch and 1-2 pole, including wiring and terminal blocks on Panel #11 of the mainswitchboard in power plant; changing position of exciter and field breaker panels and adding full length busses, bus supports, pipe frame, one blank panel, switchboard conduit box and lenghtening two circuits; moving battery in battery room and changing connections in new locations; changing 2300 volt circuit #2 from 1/3 conductor 700,000 C.M. cable to 1/3 conductor 3/0 cable and making changes in one existing 3 conductor 3/0 cable, in the amount of $764.69.

No. 3. For the furnishing of labor and materials for the wiring installation including panel and fixtures in the Three Rivers Filtration Plant outdoor substation control building for A.C. and D.C. lighting, A.C. power circuit for motor generator set and underground incoming service for lighting and power, in the amount of $671.86.

No. 4. For the furnishing of labor and materials for the installation of an 8" brick wall and a new steel door and frame in the south end of the storage space in the basement of the entrance bay; removal of a metal clad sliding door in the wall between the battery room and the motor generator room in the basement of the switchbay. Removal of the sash and resetting of the steel door and frame, bricking up openings; removal of wall between motor generator room and cable room in basement of the switchway; cutting opening in wall for cables; relocating lighting conduits; patching floor; remove and resetting double steel doors and bricking up opening; installation of exciter starter foundations and concrete box on floor for cables, all in the basement of the switchbay, in the amount of $698.07.

No. 5. For the furnishing of labor and materials for the installing and connecting conduits and cables as necessary for the automatic combustion control system, as indicated on drawings of The Bailey Meter Company, and The General Electric Company and deducting circuits under Item F, No. 15 to 34 inclusive of Division No. 13 of the specifications, in the amount of $2,264.10.

No. 6. For the furnishing of labor and materials for the installing and connecting all cables and conduits required for equipment, interconnections at the outdoor substation and the control building at the Three Rivers Filtration Plant and consisting in part of the following: 5 - oil circuit breaker control and operating circuits; 5 - current transformer circuits from bushings of five oil circuit breakers; 2 - potential transformer circuits; 2 - transformer temperature indicating and lamp circuits; connections from intermediate relays on substation supervisory panel to oil circuit breaker control board; battery conduits and cables; 2 - switchboard conduit boxes, in the amount of $1,790.76.

No. 7. For the furnishing of labor and materials for the installing and connecting all cables and conduits required for equipment interconnections between the control building at the outdoor substation at the Three Rivers Filtration Plant and the switchroom of the Three Rivers Filtration Plant consisting in part of the following: 1 - 10 pair leaded supervisory cable; 2 - 8 conductor #10 leaded control cables for differential protection around step down transformers and tripping circuits for indoor oil circuit breakers; removal and installation of six current transformers in Filtration Plant; installation of Telemetering panel with relays and trip switches in Filtration building; furnishing, installation and connection of 3 magneto type telephones, one in power house and one in control building; furnish and install channel sill for supervisory panel and panel trim at power plant; furnishing and installation of all pull boxes, conduit, conduit fittings, splicing materials, ground connections, cable supports, fireproofing, terminals, etc., in the amount of $1,816.34.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Alley Improvement Resolution No. 3133, which provides for the improving of the alley between Forest Park Boulevard and Anthony Boulevard from the north property line of Delaware Avenue to the south property line of Forest Avenue, they now proceeded to open the same and obtained the following results:

COIL CONSTRUCTION COMPANY, INC.,	BID	per lineal foot	$2.99
L. W. DAILEY CONSTRUCTION COMPANY,	BID	per lineal foot	$3.69
FRED H. FUELLING,	BID	per lineal foot	$3.49
E. H. ROEMER,	BID	per lineal foot	$4.10

Motion was made, seconded and carried that the contract for the work to be performed under Alley Improvement Resolution No. 3133, which provides for the improving of the alley between Forest Park Boulevard and Anthony Boulevard from the north property line of Delaware Avenue to the south property line of Forest Avenue, be awarded to THE COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $2.99 per lineal foot, they being the lowest and best bidders.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott L Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, August 17, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the pavements at the corner of Rudisill Boulevard and Lafayette Street and at the corner of Esmond Street and Lafayette Street, be granted.

Motion was made, seconded and carried that the application of S. F. Bowser & Company, Inc., to make a cut into the pavement on Bowser Avenue opposite vacated Hurd Street, be granted.

Motion was made, seconded and carried that the application of the Rump-Kintz Company to repair 50 feet of sidewalk at 3303-3305 South Barr Street, be granted.

Motion was made, seconded and carried that the application of Fred H. Kanning, to construct 140 feet of cement sidewalk, under personal bond, at the Southeast corner of Thompson Avenue and Stophlet Street, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to repair 45 feet of cement sidewalk at 1208 East Columbia Avenue, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to repair 146 feet of cement sidewalk at 2120, 2126, 2130, 2204, 2208 and 2224 California Avenue, be granted.

A communication from Hoad, Decker, Shoecraft and Drury, relative to Contract No. 20, of the Water Works Improvements, for the furnishing and erection of chlorine and ammonia equipment, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the performance bond of the Dix-Kelly Electric Shop, Inc., signed by the Standard Accident Insurance Company, covering Contract No. 19, for the furnishing and erection of Electrical Equipment in connection with the Water Works Improvements, which was approved by the City Attorney, be approved.

Motion was made, seconded and carried that the order for extra work for Max Irmscher and Sons for the furnishing of labor and materials for replacing the old concrete floor in the storage room under the railroad siding and south of the track hopper pit with a concrete floor similar to that in the storage room north of the pit, in connection with the improvements at the City Light and Power Works, in the amount of $187.90, be approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 2845, which provides for the improving of Charlotte Avenue from the west property line of Parnell Avenue to the east property line of St. Joseph River Drive; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the request for the removal of the street light in front of 924 Dayton Avenue, there being at present three lights installed on this street, be referred to the City Light Construction Department for investigation and report.

In the matter of the complaint regarding the lighting conditions under Osage Street elevation, motion was made, seconded and carried that the City Light Construction Department be instructed to investigate and report same back to this office.

Motion was made, seconded and carried that the City Light Department be hereby instructed to lay new cable in Reservoir Park, at and for the price submitted, namely, $272.00, the Water Works Department to do the trenching and covering of the cable.

Motion was made, seconded and carried that the order for extra work of the American Engineering Company, for the furnishing of Bernutz blocks for installation by the City of Fort Wayne, in front of one 950 H. P. bent tube boiler in conjunction with a 7 retort, 33 MC7 Taylor Stoker, in connection with the improvements at the City Light & Power Works in the amount of $405.00, be approved.

Motion was made, seconded and carried that the order for extra work of Max Irmscher and Sons, for miscellaneous work in connection with the re-roofing of the old buildings at the City Light Plant on North Clinton Street, in the amount of $849.64, be approved.

Motion was made. seconded and carried that the Fort Wayne Water Works Department be instructed to pay the estimate of Meshberger Bros. Stone Company, for the Asphaltum applied at the filtration plant in the amount of $245.69.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements be granted: Side of 1026 West Berry Street; side of 1102 West Berry Street; 206 West Brackenridge Street; 214 West Brackenridge Street; 218 West Brackenridge Street; 228 West Brackenridge Street; 328 West Brackenridge Street (3 cuts); 234 West Brackenridge Street; corner of Clinton Street and Sixth Street; Creighton Avenue and the alley east of Hanna Street; 1824 South Calhoun Street; corner of College Street and Wayne Street; rear of 806 East Columbia Street; corner of Clinton Street and Creighton Avenue; Cherry Street south of Boone Street; corner of Lafayette Street and Brackenridge Street; 700 Block West Main Street; side of 1410 McClellan Street; corner of Pontiac Street and Hartman Street; 2126 East Pontiac Street; 1903 Smith Street; Third Street east of Harrison Street; 1317 West West Washington Boulevard; 500 Block Walnut Street; 505 Walnut Street; 1500 Block on Winter Street; 1241 West Washington Boulevard; corner of Williams Street and Clinton Street.

In the matter of a communication of September 2nd, from Hoad, Decker, Shoecraft and Drury, relative to their request for the authorization of an extra work order in the amount of $203.67, for the furnishing and installation of a float tube in connection with the Anthony Boulevard Dam and Pumping Station, to Charles R. Wermuth and Son, Inc., Contractors, motion was made, seconded and carried that the Secretary be instructed to send a communication to the Engineers, Hoad, Decker, Shoecraft and Drury for further imformation as to whether the above mentioned float tube was not included in the contract price of the James Leffel and Company contract.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: The estimate of Max Irmscher and Sons, Requisition No. 10, in the amount of $5,005.65; the estimate of Hipskind Heating and Plumbing Company, in the amount of $2,286.50; the estimate of the Western Gas Construction Company in the amount of $1,275.00; also the estimate in favor of the Froehlich & Emery Engineering Company for Field and Office supervision for the month of August, in the amount of $1,000.00.

F. H. Froehlich of The Froehlich & Emery Engineering Company, Engineers for the improvements of the City Light and Power Works, submitted plans, specifications and estimate for the following described work:

Division No. 1

The furnishing of all labor, materials, apparatus and tools required for all excavation, back-filling, sheet piling and pumping necessary to complete the construction of the culvert at the City Light and Power Works of the City of Fort Wayne, Indiana, and the furnishing of all labor, materials, apparatus and tools required to construct two 36" concrete pipe lines for the above culvert.

Division No. 2

The furnishing of all labor, materials, apparatus and tools required for the construction of the concrete retaining walls and the cast iron sluice gates for the culvert at the City Light and Power Works of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Contractors of the receiving of sealed proposals for the above described improvements to the City Light and Power Project, be published in the Fort Wayne Journal Gazette and the Fort Wayne News-Sentinel on the 7th day of September, 1933, and that Friday, the 15th day of September, 1933, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open proposals for the same.

The City Engineer now submitted plans, specifications and estimate for the improving of Baltes Avenue from the east curb line of Spy Run Avenue to the east property line of the alley east of Spy Run Avenue, as more fully set out in Street Improvement Resolution Number 3136, which plans, specifications and estimate were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3136 - 1933.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Baltes Avenue from the east curb line of Spy Run Avenue to the east property line of the first alley east of Spy Run Avenue, by draining, curbing, grading and paving the roadway to a uniform width of twenty-four (24) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3136, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of September, 1933, and that Thursday, the 28th day of September, 1933, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the standard paving specifications for Improvement Resolution No. 3136 - 1933, include asphalt penetration.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, October 3, 1933,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 1100 Block on Grant Avenue, corner of Griswold Drive and Tennessee Avenue; corner of Kinsmoor Avenue and Beaver Avenue; corner of Kinnaird Avenue and Indiana Avenue; corner of Spy Run Avenue and Wagner Street; corner of South Wayne Avenue and Kinsmoor; corner of Wildwood Avenue and Broadway; corner of Wildwood Avenue and Indiana Avenue.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Gregor N. Feipel, signed by the United States Fidelity & Guaranty Company;
Wayne Company, signed by the Globe Indemnity Company.

A petition, providing for the installation of a light in the alley at the rear of 1416 Broadway, was received. Motion was made, seconded and carried that the same be referred to the Light Department for investigation and report.

A petition, providing for the installation of a light in the alley between Reed Street and Holton Avenue, at the intersection of the alley leading from Holton Avenue east to the said alley, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley at the rear of 1708 Simons Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a street light at the corner of Hoagland Avenue and Branning Avenue, also at the corner of Hoagland Avenue and Foster Parkway, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the City Light Department be instructed to install a light on Edgerton Avenue south of Main Street.

A petition, providing for the scraping and cindering of Edsall Avenue, from Maumee Avenue to New Haven Avenue, also for the widening of a narrow place in the street at Pittsburgh Street, was received. Motion was made, seconded and carried that the same be referred to the City Street Department.

A communication from the George A. Poag Development Company, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the request of the Department of Public Safety for the installation of a conduit for the purpose of installing fire and police alarm cables, be granted with the understanding that it set back far enough for a curb cut, in the territory described as follows: From the present manhole of the Home Telephone and Telegraph Company, at the corner of Washington Boulevard and Monroe Street, angling northwest into the curb strip on the west side of Monroe Street, and proceeding north to the corner of Berry Street and Monroe Street, installing two manholes, one at the corner of Wayne Street and Monroe Street and one at the corner of Berry Street and Monroe Street, both to be installed in the curb strips.

Thursday, the 28th day of September, 1933, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the confirmation of Street Improvement Resolution Number 3136 - 1933, which provides for the improving of Baltes Avenue from Spy Run Avenue to the first alley east of Spy Run Avenue; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 17th day of October, 1933, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

Motion was made, seconded and carried that the following estimates submitted by the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same under provision hereinafter stated: Estimate No. 4, of the Deel Electrical Engineering & Construction Company, Inc., approved in the amount of $17,524.08, which is to be paid in separate payments as follows: For cable and accessories, in the amount of $15,291.32 to be paid to the General Cable Corporation, White Plains, New York. The balance of Estimate No. 4, amounting to $2,232.76, to be paid to the Deel Electrical Electrical Engineering and Construction Company, through the Dime Bank, upon receipt of a sworn statement from the Deel Electrical Engineering & Construction Company, that all labor and material on this contract have been paid to date.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Thursday, October 12, 7:30 P. M.,
POSTPONED until Tuesday, October 17, 1933, 10:00 A. M.

PRESENT: John C. Trier, David Erwin,

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Arlington Avenue and Pettit Avenue; corner of French Street and Hoagland Avenue; corner of Indiana Avenue between Oakdale Drive and Illsley Drive; corner of Kinnaird Avenue and Beaver Avenue; corner of Maxine Drive and Fairfield Avenue; 830 Poplar Street; 2302 South Webster Street.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 1804 Broadway; rear of 802 West Jefferson Street; 2720 Fairfield Avenue; rear of 2215 Florida Drive; 428 Kinnaird Avenue; 1221 Lillie Street; 1302 Maumee Avenue; rear of 4327 Tacoma Avenue; 2316 Winter Street; 213 West Wayne Street.

A petition, providing for the installation of an alley light at the intersection of Lexington Avenue between Tacoma Avenue and Indiana Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights, be placed on file:

Street light at the corner of Hoagland Avenue and Branning Avenue, also at the corner of Hoagland Avenue and Foster Parkway;
Alley light in the alley at the rear of 1708 Simons Street;
Alley light in the alley at the rear of 1416 Broadway;
Alley light in the alley between Reed Street and Holton Avenue, the first alley north of Pontiac Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

F. & H Construction Company,	signed by the Royal Indemnity Company;
Jacob A. Knee,	signed by the U. S. Casualty Company;
Railroad Water & Coal Handling Co.,	signed by the The Aetna Casualty & Surety Co.

Motion was made, seconded and carried that the application of Wm. D. Swank, to construct 150 feet of cement sidewalk on East Pontiac Street in front of the property owned by the Truck Engineering Company, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair 38 feet of sidewalk at 3822 South Calhoun Street, be granted.

Motion was made, seconded and carried that the tentative estimate of cost submitted by the City Civil Engineer for additions and improvements to our existing sewer system in order to properly collect and dispose of sanitary sewage, be placed on file.

Motion was made, seconded and carried that the two communications received from the LaFayette Place Improvement Association, be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against Improvement Resolution Number 3136, which provides for the improving of Baltes Avenue from Spy Run Avenue to the first alley east of Spy Run Avenue, there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolution, Number 3136, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 18th and 25th days of October, 1933, and that Tuesday, the 7th day of November, 1933, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

Thursday, the 12th day of October, 1933, at 10:00 o'clock A. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3133 - which provides for the improving of the alley between Forest Park Boulevard and Anthony Boulevard from Delaware Avenue to Forest Avenue;
3134 - which provides for the construction of cement sidewalks on the west side of Anthony Boulevard from the south line of Lot Number 7 General Electric Company Addition to Simons Street;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Thursday, the 12th day of October, 1933, at 10:00 o'clock A. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3135, which provides for the construction of cement sidewalks on the west side of Calhoun Street from Rudisill Boulevard to Foster Parkway; motion was made, seconded and carried that the matter of the confirmation of the assessment roll for the aforementioned resolution, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the following estimates submitted by the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: Estimate No. 11, in favor of Max Irmscher and Sons for improvements at the City Light Plant in the amount of $7,572.22; the estimate of the American Engineering Company, in the amount of $886.67.

An affidavit of the Deel Electrical Engineering & Construction Company, Inc., of all invoices up to and including September 30, 1933, was received. Motion was made, seconded and carried that the same be placed on file.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the application of L. J. McCulloch, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at 3103 Maumee Avenue, be granted.

Motion was made, seconded and carried that the application of L. J. McCulloch, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at 3111 and 3113 Maumee Avenue, be granted.

Motion was made, seconded and carried that the completion affidavit signed by G. E. Leininger for work on the State Farm Sanitary Sewer, be referred to the City Engineer.

The City Engineer now submitted plans and specifications for a resolution for the appropriation of property, to be used for Water Works purposes as more fully set out in Declaratory Resolution Number 660 - 1933, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 660 - 1933.

RESOLUTION FOR THE APPROPRIATION OF PROPERTY.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana:

That it is deemed desirable and necessary to acquire the use and the fee simple title of real estate for the purpose of forming a pool or storage reservoir for storing water for reserve purposes to supply the City of Fort Wayne with water for domestic and commercial purposes, by condemning and appropriating lands for the purpose of flooding the same and using same for water storage and protecting the pool so formed for a reserve water supply for the City of Fort Wayne, which real estate is specifically described as follows:

A part of Section 19, Township 31 North, Range 13 East, described as follows: Commencing at the point where the south line of the Roebuck property intersects the center line of the St. Joseph River; thence east along said south line to a point thirty-six and seventy-five hundredths (36.75) feet west of the center line of Section 19, Township 31 North, Range 13 East; thence at an angle to the left of 89° 06' a distance of three hundred twenty-seven and three tenths (327.3) feet; thence at an angle to the left of 18° 52' a distance of six hundred twenty-three (623) feet; thence at an angle to the right of 18° 06' 30" a distance of seven hundred thirty-two and two tenths (732.2) feet; thence at an angle to the right of 10° 44' a distance of six hundred eighty-one and four tenths (681.4) feet; thence at an angle to the right of 22° 41' 30" a distance of one hundred eleven and seven tenths (111.7) feet to a point in the north line of the Roebuck property thirty-four (34) feet west of the center line of Section 19, Township 31 North, Range 13 East; thence west along said north line to the center line of the St. Joseph River; thence southerly following the center line of the St. Joseph River to the place of beginning. Containing 11 acres, more or less.

Also a part of Section 19, Township 31 North, Range 13 East, described as follows: Commencing at the point where the south line of the Clarence Bleke property intersects the center line of the St. Joseph River; thence westerly along said south line to a point eight hundred fifty-two (852) feet east of the east line of the Indiana Service Corporation property; thence at an angle to the right of 93° a distance of five hundred seventy-five (575) feet; thence at an angle to the right of 12° a distance of seven hundred twenty-five (725) feet; thence at an angle to the left of 37° 40' a distance of five-hundred-seventy (570) feet; thence at an angle to the right of 30° a distance of eleven hundred nine (1109) feet to the north line of the Clarence Bleke property, said point being two hundred six (206) feet east of the east line of the Indiana Service Corporation property; thence easterly along said north line to the center line of the St. Joseph River; thence southerly following the center line of the St. Joseph River to the place of beginning. Containing 17.91 acres, more or less.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said real estate herein above described be condemned and appropriated for the purpose of flooding the same, forming a storage reservoir, creating a pool, causing the erection of a dam to be used for the water supply of the City of Fort Wayne for domestic and commercial purposes, and protecting the water so stored from polution by providing for a margin of land along such pool so formed.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title, on the part of the City, of said real estate and ground herein described, and which ground is hereby proposed to be condemned and appropriated. That no other property is injuriously effected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefited to the full extent of any damage caused by the appropriation and condemnation.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 660 - 1933, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of November, 1933, and that Tuesday the 28th day of November, 1933, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Street Improvement Resolution Number 3136, which provides for the improving of Baltes Avenue from the east curb line of Spy Run Avenue to the east property line of the first alley east of Spy Run Avenue, they now proceeded to open the same and obtained the following results:

COIL CONSTRUCTION COMPANY, INC., bid as follows:

For Asphalt Macadam, using Cement curb and gutter per lineal ft.	$5.94
For Reinforced Concrete, using cement curb and gutter per lin. ft.	8.75

L. W. DAILEY CONSTRUCTION COMPANY, bid as follows:

For Asphalt Macadam, using Cement curb and gutter	$7.63
For Sheet Asphalt, using cement curb and gutter	13.11
Mexican or Texaco Sheet Iron Asphalt	12.27
For Reinforced Concrete, using cement curb and gutter	9.65

The Board now proceeded to make the following preliminary order in the matter of Street Improvement Resolution, Number 3136, as follows:

3136 - Paving of BALTES AVENUE, Reinforced Concrete, with Cement Curbing.

In accordance with the Street Paving Law, the Board now upon motion fixed Monday, November 20th, 1933, at 10:00 o'clock A. M., as a date and time when they will consider awarding the contract on the aforementioned street resolution; also a date and time up to which they will receive petitions for material other than that designated by the Board.

The Board then upon motion adjourned.

ATTEST: ______________________
SECRETARY-CLERK.

David Erwin
BOARD OF PUBLIC WORKS.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Thursday, November 9th, 7:30 P. M.,
POSTPONED until Saturday, November 11, 1933, 10:00 A. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Harmar Street and Madison Street, be granted.

Motion was made, seconded and carried that the following driveway applications be granted:

Ralph Robb,	12 ft. cut and 8 ft. drive at 4718 Arlington Avenue;
William Schenkel,	12 ft. cut and 8 ft. drive at Northwest corner of Buchanan Street and Hanna Street, drive facing on Buchanan.

Motion was made, seconded and carried that the specifications for Portland Cement Concrete fine and coarse aggregates, be changed in accordance with the recommendations of W. H. Droege, City Paving Chemist, as outlined in his communication to the Board of Public Works of November 6, 1933.

Motion was made, seconded and carried that the plan and estimate for the Clinton Street elevation project under the Pennsylvania and Wabash Railroad right-of-way be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the communication from Fay W. Leas of Peters, Leas, Campbell & Jasper, Attorneys, relative to six propositions with reference to negotiations for obtaining a right-of-way along the St. Joseph River and the W. S. Roebuck farm, be placed on file.

In the matter of the release received from the Hipskind Heating and Plumbing Company, against the R. E. Townsend Corporation and the Byron Jackson Company in the amount of $125.00, dated November 9, 1933, motion was made, seconded and carried that the same be attached to claim.

Motion was made, seconded and carried that the completion affidavit of John Dehner, Inc., dated November 9th, 1933, for the construction of the Raw Water Supply Main, known as Contract No. 15, of the Water Works Improvements, be placed on file.

Motion was made, seconded and carried that the Average Agreement of the Indiana Service Corporation with reference to the Baltes Siding, be referred to the City Attorney for his approval.

Thursday, the 12th day of October, 1933, at 7:30 o'clock P. M., having previously been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3135, which provides for the construction of cement sidewalks on the west side of Calhoun Street from Rudisill Boulevard to Foster Parkway; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, after reconsidering the same, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: Estimate No. 2, in favor of The C. O. Bartlett & Snow Company, in the amount of $620.00; estimate No. 3, in favor of the United Conveyor Corporation, in the amount of $2,412.64; estimate No. 12, in favor of Max Irmscher and Sons, in the amount of $4,050.68.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury be approved and that the Fort Wayne Water Works Department be instructed to pay same: Seventh Progress Estimate in favor of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, for the construction of the Anthony Boulevard Dam and Pumping Station, in the amount of $23,666.50; Third Progress Estimate in favor of the Dix-Kelly Electric Shop, Inc., Contractor for Contract No. 19, for Electrical Work at the Anthony Boulevard Dam and Pumping Station, in the amount of $1,040.00; First Progress Estimate in favor of Wallace and Tiernan Company, Inc., Contractors for Contract No. 20, for the furnishing of the Chlorine and Ammonia equipment for the Three Rivers filtration and pumping station in the amount of $1,278.60; also the One Hundred Seventeenth Estimate for professional engineering services in connection with Contract No. 14, in the amount of $723.33; the One Hundred Eighteenth Estimate for professional engineering services in connection with Contract No. 20, in the amount of $25.37; the One Hundred Nineteenth Estimate for professional engineering services in connection with Contract No. 19, in the amount of $20.80.

Motion was made, seconded and carried that the Twentieth Progress Estimate in favor of Max Irmscher and Sons, Contractors for Contract No. 6, for the construction of the Three Rivers filtration and pumping station, in the amount of $23,398.17, less $5,000.00 retained on claims filed by the Hipskind Heating and Plumbing Company, making the amount of $18,398.17, be approved and that the Fort Wayne Water Works Department be instructed to pay same; also the One Hundred Sixteenth Estimate for professional engineering services in connection with Contract No. 6, in the amount of $467.96.

Motion was made, seconded and carried that the following orders for extra work for Max Irmscher and Sons, in connection with the improvements at the City Light and Power Works, be approved:

No. 1. Repairing and replacing portions of roof over old boiler room and replacing portions of corrugated iron siding at north end of the old boiler room.

No. 2. Repairing roof at valley and around sumps at east side of turbine room.

No. 3. Repairing roof and flashing around sign supports at south end of turbine room.

Motion was made, seconded and carried that the following orders for extra work for Max Irmscher and Sons, in connection with the improvements at the City Light and Power Works, be approved:

No. 1. Placing concrete pavement and curb at entrance to ash tank bay.

No. 2. Furnishing and installing floor drain and drainage connection in storage room under railroad siding, south of track hopper pit.

No. 3. Making new connection from downspout of switchbay roof sump to new boiler room drainage system.

No. 4. Altering trolley beam above fan floor of second unit of new boiler room to clear atmospheric relief stack extension.

Motion was made, seconded and carried that the agreement of the Fidelity and Deposit Company of Maryland, whereby it consents to the payment by the City of Fort Wayne, the sum of $15,291.32 to the General Cable Corporation, at the request of the Deel Electric Engineering and Construction Company, for materials furnished under contract for the completion of Divisions 11 and 12, of the City Light, Power and Water Works, be attached to the contract.

The Board then upon motion adjourned.

Laird Erwin

John B. Ankenbruck & Son, signed by the Builders and Manufacturers Mutual Cas.Co.
George Kronmiller & Son, signed by the Builders and Manufacturers Mutual Cas.Co.
John R. Worthman, signed by the Builders and Manufacturers Mutual Cas.Co.
The Kruse Electric Co., signed by the London & Lancashire Indemnity Company,
Henry Yobst, signed by the London & Lancashire Indemnity Company.

Motion was made, seconded and carried that the Public Liability Policy of the United Sign Company, signed by the Commercial Casualty Insurance Company be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the application of Noah Beberstine to repair sidewalk at 824 South Calhoun Street, be granted.

Motion was made, seconded and carried that the request of Councilman Lenz for the installation of a light in the alley at the rear of 2629 Holton Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light and Power Works be instructed to pay same: Estimate of Max Irmscher and Sons, in the amount of $1,866.00 for excavation, back-filling, pumping and 36" concrete pipe lines for the culvert at the City Light Plant in accordance with Division No. 1; estimate of Max Irmscher and Sons for concrete walls and cast iron sluice gates for culvert in accordance with Division No. 2, in the amount of $1,895.00; also estimate of Max Irmscher and Sons in the amount of $1,072.64, Order for Extra Work covering Items 1-2-3; also estimate of Max Irmscher and Sons in the amount of $192.62, Order for Extra Work covering Items 1-2-3-4; estimate of the American Engineering Company in the amount of $810.00; estimate of the Henry Electric Company in the amount of $476.52; estimate of the Hipskind Heating and Plumbing Company in the amount of $828.75; estimate of Hatzel and Buehler, Inc. in the amount of $671.86, extra order No. 3; estimate of Allen-Sherman-Hoff Company in the amount of $252.00.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved: Fifth Progress Estimate in favor of John Dehner, Inc., Contractors for Contract No. 15, for the construction of the raw water main in connection with the Water Works Improvements, in the amount of $21,211.38; also the One Hundred Nineteenth Estimate for professional engineering services in connection with Contract No. 15, in the amount of $424.23.

Motion was made, seconded and carried that the estimate of Buesching-

Hagerman and Company, in the amount of $15.00 for locating base line and concreting permanent posts for same, for the proposed St. Joseph Impounding Dam in connection with the Water Works Improvements, be referred to L. R. Mathews, resident engineer for Hoad, Decker, Shoecraft and Drury.

Monday, the 20th day of November, 1933, at 10:00 o'clock A. M., having been fixed a date and time when the Board would consider finally awarding the contract for Street Improvement Resolution Number 3136, which provides for the improving of Baltes Avenue from the east curb line of Spy Run Avenue to the east property line of the first alley east of Spy Run Avenue, they now proceeded to award said contract as follows:

PRELIMINARY ORDER:	Reinforced Concrete - Cement Curbing
CONTRACT AWARDED FOR:	Reinforced Concrete - Cement Curbing
TO:	THE COIL CONSTRUCTION COMPANY, INC.,
AT:	$8.75 per lineal foot, they being the lowest and best bidders.

The Board then upon motion adjourned.

John [illegible]
David Evans
BOARD OF PUBLIC WORKS.

ATTEST: Scott S Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular meeting of Tuesday, November 28th, 10:00 A. M.
POSTPONED until Wednesday, November 29th, 1933, 4:00 P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 2047 Broadway; 1803 Hale Avenue; alley at rear of 802 West Jefferson Street; Eckart Street and Weisser Park Avenue; Eckart Street west of Weisser Park Avenue.

A petition, providing for the installation of a light on Dock Street of sufficient size to light the alley at the rear of 126-128-130-132-134-136 West Columbia Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the report of the City Light Construction Department, recommending the installation of the following lights, be placed on file:
Street light on French Avenue between Hoagland Avenue and Fairfield Avenue on on City pole #6657.
Alley light at the intersection of the first alley north of Putnam Street and the first alley west of Franklin Avenue on Traction Pole No. 535.

Motion was made, seconded and carried that Notice to Public and Publishers, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 2nd and 9th days of December, 1933, that bids will be received and opened at 7:30 o'clock P. M. Thursday, December 21st, 1933, for the printing of the PROCEEDINGS OF THE COMMON COUNCIL FOR THE YEAR 1934, all in accordance with Section 10283 of Burns Annotated Indiana Statutes.

A remonstrance was received against the assessment of damages in connection with the C. Bleke Farm described as follows: Being a parcel of land on the west bank of the St. Joseph River on the C. Bleke Farm, across the entire East frontage of said farm, along the banks of the St. Joseph River. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the order for extra work for Charles R. Wermuth and Son, Inc., under Contract No. 14, of the Water Works Improvements, providing for tile floor finish in the men's toilet and entry way, in lieu of cement finish, for the sum of $78.96 be approved.

Motion was made, seconded and carried that the following orders for extra work for the Dix-Kelly Electric Shop, Inc., under Contract No. 19, of the Water Works Improvements, be approved:

For the furnishing and installation of a 100-ampere, 3 pole, fused disconnect switch, conduit and wire for the line between the 440-volt power distributing cabinet and transformers in the transformer room, switch being mounted on the west side of column in transformer vault, in the amount of $65.90.

For the installation of a 200-ampere, 3 pole, solid neutral totally inclosed externally operated disconnect switch to be mounted on the east side of column in transformer vault and installed in the line between lighting distributing panel and light transformer, in the amount of $79.89.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works be instructed to pay same: Fifth Progress Estimate in favor of John Dehner, Inc., Contractors for Contract No. 15, for the construction of the raw water supply main in connection with the Water Works Improvements, in the amount of $21,211.38; also the One Hundred Twentieth Estimate for professional engineering services in connection with Contract No. 15, in the amount of $424.23.

A communication, from Omar Zumbrun and Son, with reference to a claim against the Hipskind Heating and Plumbing Company, in the amount of $65.00, was received. Motion was made, seconded and carried that the same be placed on file.

Tuesday, the 28th day of November, 1933, at 10:00 o'clock A. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Declaratory Resolution Number 660 - 1933, Resolution for the appropriation of property to be used for Water Works purposes; Mr. Roebuck having appeared, but there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the order for extra work for the Dix-Kelly Electric Shop, Inc., in connection with the Water Works Improvements for the installation of a 4-conductor cable, in lieu of a 3-conductor cable for the motor to the No. 1 pump in the Anthony Boulevard pumping station and the change of the starter potheads in the amount of $239.22, be approved in accordance with the communication of the Engineers, under date of November 21st, 1933.

In the matter of Contract No. 22, which provides for the furnishing of Office Equipment for the Three Rivers Filtration and Pumping Station in connection with the Water Works Improvements, on which bids were received Tuesday, November 14th, 1933, at 10:00 o'clock A. M., motion was made, seconded and carried that the contract for twenty-four (24) Chairs and two (2) Mirrors, as per specifications and proposal, be awarded to the CENTRAL OFFICE EQUIPMENT COMPANY, Fort Wayne, Indiana, at and for their price bid, namely, $439.54: motion was also made, seconded and carried that the contract for four (4) Steel Desks, 2 Steel Bookcases, three (3) letter files, one (1) Sectional Filing Case, two (2) Steel Tables, one (1) Wood Table, four (4) Costumers, and six (6) Waste Baskets, as per specifications and proposal, be awarded to FINAN & O'REILLY COMPANY, Fort Wayne, Indiana, at and for their price bid, namely, $709.52; motion was further made, seconded and carried that the Steel Shelving for Vaults No. 1 and No. 2, the twenty-six (26) Steel Lockers, and the three (3) Locker Benches, as per specifications and proposal be awarded to the LYON METAL PRODUCTS, INC., Aurora, Illinois, at and for their price bid, namely, $357.59.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST:

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 14, 1933,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the monthly report of the Building Department, for the month of November, 1933, be placed on file.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: Corner of Barr Street and Washington Boulevard; 107 West Brackenridge Street; 340 Brandriff Street; 2122 Calhoun Street; corner of Douglas Avenue and Barr Street; corner of Fairfield Avenue and Creighton Avenue; corner of Lafayette Street and Lasalle Street; 328 West Lewis Street; 1437 Spy Run Avenue (2 cuts); side of 2946 Weisser Park Avenue; 325 West Washington Boulevard (in alley).

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, December 19, 1933,
Regular Meeting of 10:00 o'clock A. M.,
POSTPONED until 1:00 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make two cuts into the pavement at the corner of Lewis Street and Lafayette Street, be granted.

Robert J. Gaskill, Superintendent of the Signal Department, submitted a proposal for underground construction signal service on certain streets in the City of Fort Wayne. Motion was made, seconded and carried that the proposal be approved with the understanding that the repairs of all cuts made in street, alley and sidewalk pavements be repaired at the expense of the Signal Department, using standard city specifications.

A communication from the Fort Wayne Pipe and Supply Company, with reference to the payment of the Fort Wayne Pipe and Supply Company, the amount of $375.00, from the balance due for furnishing and delivering gate valves under Contract No. 9, of the Water Works Improvements, was received. Motion was made, seconded and carried that the same be placed on file.

A communication, from Old Fort Syndicate, Inc., with reference to the Plat of Old Fort Syndicate Addition, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the request of Councilman Lenz, for the installation of a light in the alley at the rear of 2629 Holton Avenue also at the rear of 2337 Lillie Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request of Councilman Hess, for the installation of a street light at the corner of Branning Avenue and Foster Parkway, also at the corner of Branning Avenue and Hoagland Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the Annual Purchase Agreement, covering Watthour Meters from December 1, 1933 to December 1, 1934, also Distribution Transformers from the same period of time, between the Board of Public Works and the General Electric Company, be approved.

Motion was made, seconded and carried that the order for extra work of Charles R. Wermuth and Son, Inc., under Contract No. 14, of the Water Works Improvements, providing for the painting of the hand rubbed concrete ceilings in the Motor Control Room, Boiler Room, Generator Control Room and entrance to the Transformer Room, in the amount of $65.69; also for adding brass strips between the terrazzo border andlinoleum floor in the office, in the amount of $6.90, be approved.

A petition, was received providing for the condemnation, for the use and purpose of being used as a public alley, the following described real estate to-wit: All of that land not already condemned and used as an alley, which land is included in the triangle described as follows: Beginning at the Southeast corner of the original Lot No. 4 in Haswell's Subdivision, in Fort Wayne, Indiana, thence Northerly along the East line of said lot to a point ten (10) feet from the place of beginning, thence Southwesterly in a straight line to a point on the South line of said lot to a point ten (10) feet west of the place of beginning, thence East on the south line of said lot to the place of beginning; which land is now owned and occupied by Abraham B. Mull and Lucretia Mull, and which land is further known as 915 Kinnaird Avenue. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for same.

The Board then upon motion took a recess until 2:00 o'clock P. M., Tuesday, December 20, 1933.

-- oOo --

The Board re-convened Tuesday, the 20th day of December, 1933, at 2:00 o'clock P. M., and proceeded as follows:

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury,
A. J. Decker, of Hoad, Decker, Shoecraft and Drury,
L. R. Mathews, of Hoad, Decker, Shoecraft and Drury,
A. P. Irmscher, of Max Irmscher and Sons.

The meeting was called to order by Mr. Trier, acting as Chairman.

Mr. Shoecraft gave detailed explanation of Extra Work Items #84 to 92 inclusive, in connection with Contract No. 6, for the construction of the Three Rivers Filtration Plant and Pumping Station, stating that the Engineers' approved Extra Work Item #84 in the amount of $69.00; Extra Work Items #85 and 86 in the amount of $196.73 and $101.20 respectively, less 20% each; Extra Work Item #87, in the amount of $66.99; Extra Work Item #88, in the amount of $26.16; Extra Work Item #89, in the amount of $18.63; Extra Work Item #91 in the amount of $29.42 and Extra Work Item #92 in the amount of $377.09. After some discussion relative to Extra Work Item #90 in the amount of $947.71, Mr. Irmscher agreed that he would abide by the decision of the Engineers. Motion was then made, seconded and carried that Item #84 in the amount of $69.00, Item #85 and 86 in the amount of $193.73 and $101.20, respectively, less 20%, Item #87 in the amount of $66.99, Item #88 in the amount of $26.16, Item #89 in the amount of $18.63, Item #91 in the amount of $29.42 and Item #92 in the amount of $377.09, be approved.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, December 26, 1933,
Regular Meeting held at 4:00 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

In the matter of the communication received from Hoad, Decker, Shoecraft and Drury, Engineers for the Water Works Improvements, concerning the final acceptance of Contract No. 6, for the construction of the Three Rivers Filtration Plant and Pumping Station and the Twenty-first and Final Estimate in favor of Max Irmscher and Sons, Contractors for same, motion was made, seconded and carried that the statement contained in the communication relative to the contract price for Contract No. 6, in the amount of $883,543.75, the total cost in the amount of $892,664.44, making the cost of extras in the amount of $9,120.69, or 1.032 per cent of the contract price, be made a matter of record. Motion was also made, seconded and carried that in compliance with the above mentioned communication received from Hoad, Decker, Shoecraft and Drury, the Secretary be instructed to have the Contractors, Max Irmscher and Sons, file affidavits from themselves as General Contractors and all Subcontractors on Contract No. 6, of the Water Works Improvements which were approved by the Board of Public Works, stating that all bills for labor and materials have been paid in full.

The City Engineer now submitted plans and specifications for the condemnation for alley purposes the southeast corner of Lot Number 4 Haswell's Subdivision, as more fully set out in Declaratory Resolution Number 661 - 1933, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 661 - 1933.

For the condemnation for alley purposes the southeast corner of Lot Number 4 Haswell's Subdivision.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn for alley purposes the southeast corner of Lot Number 4 Haswell's Subdivision.

All as shown by a plan of such proposed alley widening as above described now on file in the office of the Board of Public Works of said City.

The condemnation for alley purposes as above described to be made by condemning and appropriating for alley purposes a portion of Lot Number 4 Haswell's Subdivision, described as follows: Commencing at a point on the south line of said Lot Number 4, thirty (30) feet east of the southwest corner; thence northeasterly on a straight line to a point on the east line of said lot, one hundred twenty (120) feet south of the Northeast corner of said lot; thence south on the east line of said lot ten (10) feet to the southeast corner of said lot; thence west on the south line of said lot ten (10) feet to the place of beginning.

The property which may be injuriously or beneficially affected by the proposed alley widening as above described is described as all lots and lands lying south of Kinnaird Avenue; west of Indiana Avenue; north of Packard Avenue and East of Beaver Avenue.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and alleys and lots and lands affected by the above described condemnation for alley purposes lying within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 661 - 1933, be published in Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 27th day of December, 1933, and the 3rd day of January, 1934, and that Thursday, the 18th day of January, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the contract for the printing and binding of the Proceedings of the Common Council for the year 1934, be awarded to the JOURNAL-GAZETTE COMPANY, Fort Wayne, Indiana, at and for their price bid, namely, $0.95 per lineal inch plus Alternate for $110.00 for the printing and binding of fifty (50) extra copies in buckram or cloth.

Motion was made, seconded and carried that the contract and bond of the Journal-Gazette Company, be approved and that the contract be ordered sent to the Council at their next regular meeting Tuesday, December 26, 1933, at 8:00 o'clock P. M.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the minutes of the following meetings stand approved, as read: The regular meeting of Thursday, November 16th at 7:30 P. M.; the Regular Meeting of Thursday, November 23rd at 7:30 P. M.; the meeting of Wednesday, November 29th, at 4:00 P. M.; the regular meeting of Thursday, December 14th at 7:30 P. M.; the Special meeting of Saturday, December 16th at 10:00 A. M.; the meeting of Tuesday, December 19th at 1:00 P. M.; Special meeting of Thursday, December 21st, at 10:00 A. M.; the regular meeting of Thursday, December 21st, at 7:30 P. M.; the meeting of Tuesday, December 26th, at 4:00 P. M.; the regular meeting of Thursday, December 28th, 1933, at 7:30 P. M.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights be placed on file:

Street light at the corner of Rodgers Avenue and Birchwood Avenue;
Street light at the corner of Hoagland Avenue and Foster Parkway, also at the corner of Branning Avenue and Hoagland Avenue;
Alley light in the first alley east of Short Street, and just north of Spring Street on Traction Pole No. 40624;
Alley light at the rear of 2337 Lillie Street on Home Pole No. 2633.

Motion was made, seconded and carried that the following Agreement, be approved:

AGREEMENT

WHEREAS, Wesley S. Roebuck and Mary E. Roebuck are the owners of certain land in sections nineteen (19) and twenty (20) in St. Joseph Township, Allen County, Indiana, bordering on and including the east bank of the St. Joseph River, at the point where the City of Fort Wayne is about to use said river as a reservoir for the Fort Wayne Water Works,

WHEREAS, the City of Fort Wayne has condemned certain portions of land in said sections forming the banks and bordering on said river, and is now proceeding to assess damages and benefits,

WHEREAS, the City of Fort Wayne is about to lower the gates of the dam adjacent to said land and as a result thereof will flood certain parts of the aforesaid sections on which valuable trees are growing and belonging to said Roebucks,

Therefore, it is agreed by and between Wesley S. Roebuck and Mary E. Roebuck and the City of Fort Wayne, by and through its Board of Public Works, that:

FIRST

The City of Fort Wayne agrees to cut the trees on said parts about to be overflowed, to trim, pile and burn the brush from said trees, to cut the branches in convenient lengths for hauling away, to cut the trunks of said trees into logs in lengths indicated by said Roebucks or their agent.

SECOND

Said Roebucks agree to move said logs and branches trimmed and cut as aforesaid away from said location. Said Roebucks either personally or by agent shall jointly with said Board supervise the falling and cutting of said trees.

THIRD

The Board of Public Works shall have the right, either personally or by agent, jointly with said Roebucks or their Agent to superintend the falling and the cutting of said trees. That the City shall have the right of ingress and egress over the farm of said Roebuck.

FOURTH

Said City agrees to save and hold said Roebuck harmless from any actions seeking to collect damages in any form or from any judgment or claim that may be made by any person on account of the cutting and removal of timber from said land under supervision of the City of Fort Wayne.

In Witness Whereof, said parties hereunto subscribe their names this 19th day of December, 1933.

Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the annual reports of the Municipal Asphalt Repair Plant and the Materials Testing Laboratory for the year 1933, be placed on file.

Motion was made, seconded and carried that the request for the installation of a fire plug at the corner of Buell Drive and Foster Parkway, be referred to the Fort Wayne Water Works Construction Department for investigation and report on cost.

Motion was made, seconded and carried that the request for the removal of the alley light from its present location in the alley between Alabama Avenue and Florida Drive, just North of Forest Avenue, North to the center of the block, be referred to the City Light Construction Department for investigation and report.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department be instructed to pay same: Fifth Progress Estimate in favor of the Dix-Kelly Electric Company, Inc., Contractors for Contract No. 19, of the Water Works Improvements, for the electrical work at Anthony Boulevard Dam and Pumping Station, in the amount of $5,683.25; also the One Hundred Twenty-seventh Estimate for professional engineering services in connection with Contract No. 19, in the amount of $113.66.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light and Power Works be instructed to pay same: Estimate No. 5, in favor of the Sussman Asbestos Company, in the amount of $1,392.00; also Estimate No. 14, in favor of Max Irmscher and Sons, in the amount of $12,128.80.

A communication, from the Froehlich and Emery Engineering Company, enclosing a copy of their letter to the Babcock & Wilcox Company, in reply to their letter addressed to the City of Fort Wayne, with reference to their bill in the amount of $90.28 was received. Motion was made, seconded and carried that the same be placed on file.

A group of the Clinton Street Association appeared before the Board, asking that Clinton Street be opened across the Pennsylvania and Wabash Railroad right-of-way and a grade separation project be constructed under a C. W. A. program. After some discussion the Board of Public Works promised to open Clinton Street and construct the grade separation project through the C. W. A. if possible, if not, they would endeavor to complete it through some other agency.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the widening and re-surfacing of Anthony Boulevard from the Maumee River to the alley South of Simons Street.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the re-surfacing of Columbia Street from Harrison Street to Clay Street.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the widening of the Market Place on the East side from the alley north of Wayne Street to Washington Boulevard.

The Board then upon motion adjourned.

Concrete work	per cu. yd.	$18.00
Reinforcing steel	per lb.	$ .045
Miscellaneous iron and steel	per lb.	$ .12

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion took a recess until 2:00 o'clock P. M., Tuesday, January 9th, 1934.

-- oOo --

The Board re-convened Tuesday, January 9, 1934, at 2:00 o'clock P. M. and proceeded as follows:

In the matter of the bids that were received Tuesday, January 9th, 1934, at 10:00 o'clock A. M., for the furnishing of all labor, materials, apparatus and tools necessary for the alteration of the Turbine Building of the City Light and Power Works of the City of Fort Wayne, Indiana, including the construction of the turbine foundation and the demolition and removal of parts of the present building, after having studied the tabulations as prepared by the Engineers, motion was made, seconded and carried that the contract for same be awarded to CHARLES R. WERMUTH AND SON, INC., Fort Wayne, Indiana, at and for their price bid, namely, $12,923.00, they being the lowest and best bidders.

The Board then upon motion took a further recess until 4:00 o'clock P. M., Tuesday, January 9th, 1934.

-- oOo --

The Board re-convened Tuesday, January 9th, 1934, at 4:00 o'clock P. M. and proceeded as follows:

Motion was made, seconded and carried that the following contract entered into this 9th day of January, 1934, be approved and ordered sent to the Council at their regular meeting held Tuesday, January 9th, 1934, at 8:00 o'clock P. M.

CONTRACT

This agreement made and entered into the 9th day of January, 1934, by and between CHARLES R. WERMUTH & SON, INC., of the County of Allen, State of Indiana, party of the first part, and the City of Fort Wayne, County of Allen, and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part covenants and agrees to furnish and pay for all labor, materials, apparatus and tools necessary for the alteration of the Turbine Building of the City Light and Power Works of the City of Fort Wayne, Indiana, including the construction of the turbine foundation and the demolition and removal of parts of the present building, in accordance with the plans and specifications prepared by The Froehlich & Emery Engineering Company and the proposal of Charles R. Wermuth and Son, Inc., on file in the office of the Board of Public Works, all of which plans, specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the City of Fort Wayne as follows, to wit:

TWELVE THOUSAND NINE HUNDRED AND TWENTY THREE DOLLARS AND NO CENTS, ($12,923.00).

The party of the First Part agrees to complete the construction of the work within ninety (90) calendar days after date of this contract and the approval of the same by the Common Council of the City of Fort Wayne, Indiana.

Payments are to be made in accordance with Paragraph 18, "TERMS OF PAYMENT", of the specifications on file in the office of the Board of Public Works.

This contract, although executed on behalf of the City by its Mayor and by the Board of Public Works, shall not be binding or obligatory upon the City unless and until it shall have first been approved by the Common Council of said City, and should the Common Council of the City fail to approve the same within ninety days after the date hereof, this contract shall become and be wholly void.

To each of the conditions and stipulations of this contract, the undersigned, each for himself, binds itself, its successors and assigns.

In Testimony Whereof, we, the foregoing named parties, hereunto set our hands and seal on the day and year aforesaid.

THE CITY OF FORT WAYNE, INDIANA

Wermuth and Son, Inc., Contractors for Contract No. 14, for the construction of the Anthony Boulevard Dam and pumping station, in the amount of $6,430.19; also the One Hundred Twenty-eighth Estimate for professiona engineering services in the amount of $378.60 in connection with Contract No.14.

Motion was made, seconded and carried that the claim of Charles H. Geake of Geake Prothers, against Charles R. Wermuth and Son, Inc., for Indiana Lime Stone and Granite furnished for the Anthony Boulevard Dam and Pumping Station in the amount of $1,772.68, be placed on file.

The Board then upon motion adjourned.

John C. Irwin
David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, January 16, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane.
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the following meetings stand approved, as read: Tuesday, January 2, 1934; Thursday, January 4th; Tuesday, January 9th; Thursday, January 11th.

Harvey E. Crane having been duly appointed by Mayor William J. Hosey, as a member of the Board of Public Works, to fill the unexpired term of the late Charles A. Ramsey, was welcomed by John C. Trier in behalf of himself and Mr. Erwin.

A petition, providing for the installation of a street light on Charlotte Avenue east of Parnell Avenue near 815 Charlotte Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for the installation of a street light between the 2700 and 2800 Blocks on Gay Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for the installation of a light in the alley at the rear of 2329 Lillie Street be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for the installation of a light in the alley at the rear of 2639 Holton Avenue be referred to the City Light Construction Department for investigation and report.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements be granted: 2500 Block on South Anthony Boulevard; corner of Holton Avenue and Creighton Avenue; corner of Maumee Avenue and Schick Street; Smith Street between Horace Street and Thayer Street.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, stating that the cost of installing a hydrant on the corner of Buell Drive and Foster Parkway would be approximately $170.33. Motion was made, seconded and carried that the same be referred to John C. Stahlhut, Chief of the Fire Department.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

E. F. Brinkman,	signed by the Columbia Casualty Company;
Dix-Kelly Electric Shop, Inc.,	signed by the U. S. Casualty Company of N. Y.;
Charles G. Fox,	signed by the Royal Indemnity Company;
Michael Kinder & Sons,	signed by the U. S. Fidelity & Guaranty Co.;
Schwegman-Witte Company,	signed by the Maryland Casualty Company of Baltimore.
Wolf Tent and Awning Company,	signed by the Maryland Casualty Company of Baltimore.

Motion was made, seconded and carried that a copy of the resolution adopted by the Quest Club of Fort Wayne, with reference to the proposed improvement of U. S. Highways No. 24 and No. 14, be placed on file.

Motion was made, seconded and carried that a copy of the resolution adopted by the Fort Wayne Optimist Club, with reference to the proposed improvement of U. S. Highways No. 24 and No. 14, be placed on file.

Motion was made, seconded and carried that the Average Agreement for demurrage in connection with the Baltes Siding at the Three Rivers Filtration and Pumping Station submitted to the Board of Public Works by the Indiana Service Corporation, November 11, 1933, which was referred to the City Attorney for his approval, the same having been approved by the City Attorney, be approved.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury be approved and that the Fort Wayne Water Works Department be instructed to pay same: First Progress Estimate in favor of the Worthington Pump and Machinery Corporation, Contractors for Contract No. 16, for the furnishing and erection of centrifugal pumping units, in the amount of $10,182.50; Fifth and Final Estimate in favor of the Omega Machine Company, Contractors for Contract No. 12, for Chemical Feeding Equipment, in the amount of $819.00; One Hundred Twenty-ninth Estimate for professional engineering services in connection with Contract No. 12, in the amount of $16.38; the One Hundred Thirtieth Estimate for professional engineering services in connection with Contract No. 16, in the amount of $203.65.

Motion was made, seconded and carried that Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, of the Water Works Improvements for the construction of the Anthony Boulevard Dam and Pumping Station be hereby authorized to remove the asphalt paint from the water pipes in the pump room of the pumping station in connection with same for the amount of $92.00 and that the Secretary be instructed to notify the Engineers of such authorization.

With reference to a communication received from Hoad, Decker, Shoecraft and Drury on January 13, 1934, recommending the authorization of an extra work item in the amount of $24.73 for making certain changes for the installation of a vent line at the Anthony Boulevard Dam and Pumping Station to Charles R. Wermuth and Son, Inc., Contractors, motion was made, seconded and carried that the same be approved.

With reference to a communication received from Hoad, Decker, Shoecraft and Drury, dated January 13, 1934, approving extra work item in the amount of $47.00 for additional wiring required for the valve installation by the Dix-Kelly Electric Company, Contractors for Contract No. 19, for the wiring of the Anthony Boulevard Dam and Pumping Station, motion was made, seconded and carried that the same be approved.

With reference to a communication received from Hoad, Decker, Shoecraft and Drury, under date of January 13, 1934, relative to the dewatering of the tail race to accomodate the installation of the turbine of The James Leffel and Company, Contractors for the Hydraulic Turbine under Contract No. 17, of the Water Works Improvements, an itemized bill totaling $289.70, having been submitted by Charles R. Wermuth and Son, Inc., Contractors for Contract No. 14, of the Water Works Improvements, motion was made, seconded and carried that the Secretary be instructed to notify The James Leffel and Company that such claim has been filed against them.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the re-surfacing of Harrison Street from Wayne Street to Superior Street.

Motion was made, seconded and carried that the following resolution be adopted:

RESOLUTION

WHEREAS it is deemed necessary and an emergency exists for the erection and construction of an additional impounding dam in the St. Joseph River a practical and convenient distance north of the impounding dam already constructed, which additional impounding dam shall be known as the Robinson Park Impounding dam, and

WHEREAS it is deemed necessary and of public necessity and utility to erect and construct an additional impounding dam in the St. Joseph River for the purpose of impounding water of the St. Joseph River for the Fort Wayne Water Works, and

WHEREAS it is deemed necessary for the reason that an additional impounding dam is needed to store enough and sufficient water to supply the City of Fort Wayne with water for domestic and commercial purposes, and

WHEREAS, the City of Fort Wayne, Indiana, has insufficient funds to construct said dam, and

WHEREAS it is of public importance and benefit to supply work for the unemployed of the City of Fort Wayne,

NOW THEREFORE, BE IT RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana, that an application be made, signed and executed by the Mayor, Board of Public Works of the City of Fort Wayne, Indiana, to the Public Works Administration of the State of Indiana for the purpose of obtaining a grant of thirty (30%) per cent of the cost of the construction of said impounding dam. That it is deemed of public necessity, emergency and utility to have said dam constructed and have the work commence at the earliest possible date.

JOHN C. TRIER,
DAVID ERWIN,
HARVEY E. CRANE.
BOARD OF PUBLIC WORKS
OF THE CITY OF FORT WAYNE, INDIANA.

The Board then upon motion adjourned.

ATTEST:
SECRETARY-CLERK.

David Erwin
Harvey E. Crane
BOARD OF PUBLIC WORKS.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, January 18, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: 901 East Lewis Street; 1225 Lafayette Street.

Motion was made, seconded and carried that the request of Councilman Burns, to connect water main on East Branning Avenue so as to make same circulating system, be referred to the Water Works Construction Department for investigation and report on cost.

Motion was made, seconded and carried that the City Light Construction Department be instructed to move the alley light from its present location in the alley between Alabama Avenue and Florida Drive, to the rear of 2135 Florida Drive.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

S. E. Grosvenor,	signed by the American Surety Company of N. Y.;
Perfection Biscuit Company,	signed by the Hartford Accident and Indemnity Co.;
School City of Fort Wayne,	signed by the Royal Indemnity Company.

In the matter of the request for the installation of a fire hydrant at the corner of Buell Drive and Foster Parkway, Chief Stahlhut of the Fire Department, stated that same should be installed. Motion was made, seconded and carried that Charles B. Yobst, Superintendent of the Water Works Construction Department be instructed to install same.

Motion was made, seconded and carried that the resolution relative to sufficient flow and pressure in the water mains in the South part of the City, adopted and referred to the Board of Public Works by the Common Council at their regular meeting held Tuesday, January 9th, be filed and that the Secretary be instructed to send the Common Council a copy of the results of the pressure tests made on the night of Tuesday, January 9th, 1934.

Motion was made, seconded and carried that the resolution referred to the Board of Public Works by the Common Council relative to meeting with Railroad representatives for the purpose of discussing the re-routing of the Nickel Plate trains over the Wabash and Pennsylvania tracks through the City of Fort Wayne, be placed on file.

Motion was made, seconded and carried that the resolution adopted by the Fort Wayne Real Estate Board, relative to the re-routing of Highways 24 and 14, through West Swinney and Swinney Parks be placed on file.

Motion was made, seconded and carried that the opinion submitted by William Fruechtenicht, City Attorney, relative to costs of paving along park strips, be placed on file.

With reference to the communication of January 15, 1934, from Hoad, Decker, Shoecraft and Drury relative to the fuel for heating and the lighting at the Anthony Boulevard Dam and Pumping Station, motion was made, seconded and carried that the Secretary be instructed to notify the Engineers, Hoad, Decker, Shoecraft and Drury that the Water Works Department would reimburse Charles R. Wermuth and Son, Inc., for one-half the costs of the fuel required for the heating plant at the Anthony Boulevard Dam and Pumping Station, from and after Thursday, January 4th. at which time operation of pumps started, to time of completion of contract and, further, the Water Works Department will pay one-half the total electric power used by the 110 volt line in the operating of the heating plant, also their proportionate share of the cost of lighting.

Motion was made, seconded and carried that the affidavit from the Omega Machine Company with reference to labor and material bills, be attached to their final estimate.

Motion was made, seconded and carried that the order for extra work of Charles R. Wermuth and Son, Inc., under Contract No. 14, of the Water Works Improvements, for extra work in connection with the pump foundations, in the amount of $149.21, be approved.

Motion was made, seconded and carried that the order for extra work of the Hipskind Heating and Plumbing Company, for the construction of the 8" blow-off line from the building with 8" black steel pipe, in place of the 8" cast iron soil pipe specified, in connection with the improvements at the City Light and Power Works in the amount of $258.00, be approved.

Motion was made, seconded and carried that the purchase order for the furnishing and supervision of the installation of one large capacity vacuum type solution feed chlorinator, on a 60-day trial basis, in the sum of $1,990.00 in connection with the improvements at the City Light and Power Works, by the Wallace & Tiernan Products, Inc., Belleville, New Jersey, be approved.

Motion was made, seconded and carried that the purchase order for the furnishing and supervision of One (1) Program control panel, necessary chlorine solution piping; One (1) automatic water valve; One (1) service water strainer; One (1) Orthotolidin testing outfit, air separating chamber and fitting, chlorine manifold and valves, for treating the circulating water for the surface condensers in the City Light & Power Works, on a 60-day trial basis for the sum of $1,569.80, by Wallace & Tiernan Products, Inc., Belleville, New Jersey, be approved.

Motion was made, seconded and carried that the following estimates from the Froehlich and Emery Engineering Company be approved and that the City Light & Power Works be instructed to pay same: The estimate of the Webster Manufacturing Company in the amount of $158.42; the estimate of The Froehlich & Emery Engineering Company for Field and office supervision in the amount of $1,000.00

Motion was made, seconded and carried that the claim filed by the Western Gas Construction Company against the Martin Wrecking Company for work at the City Light and Power Plant, in the amount of $45.00, be placed on file.

A remonstrance signed by Wesley S. Roebuck and Mary E. Roebuck was received, against the passage and assessment of benefits and damages of a resolution for acquiring the use and fee simple title to real estate for the purpose of forming a pool or storage reservoir for storing water for reserve purposes to supply the City of Fort Wayne with water for domestic and commercial purposes by condemning and appropriating land for the purpose of flooding the same for water storage and protecting the pool so formed for a reserve water supply for the City of Fort Wayne, authorized by Declaratory Resolution No. 660, because said award of damages is unsufficient in amount. Motion was made, seconded and carried that the same be placed on file.

A remonstrance against the award and assessment of benefits and damages authorized by Declaratory Resolution No. 660, on the ground that the condemnation and taking of seven acres of land, is insufficient in amount, and will injuriously affect and impair the security of the mortgage held by the Federal Land Bank of Louisville, was received. Motion was made, seconded and carried that the same be placed on file.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street, as more fully set out in Street Improvement Resolution Number 3137.

For the improving of the Market Space from the south property line of the alley north of Wayne Street to the north curb line of Washington Boulevard, as more fully set out in Street Improvement Resolution Number 3138.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3137 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street, by draining, curbing, grading and paving the roadway to a uniform width of thirty-two (32) and thirty-six (36) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3138 - 1934

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the Market Space from the south property line of the alley north of Wayne Street to the north curb line of Washington Boulevard, by draining, curbing, grading and paving the roadway to a uniform width of thirty-five and one half (35½) feet with Sheet Asphalt, Asphalt Block, Vitrifie Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3137 and 3138, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 20th and 27th days of January, 1934, and that Thursday, the 8th day of February, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 661 - 1933, which provides for the condemnation for alley purposes the southeast corner of Lot Number 4 Haswell's Subdivision; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 660 - 1933, which provides for acquiring the use and the fee simple title of real estate for the purpose of forming a pool or storage reservoir for storing water for reserve purposes to supply the City of Fort Wayne with water for domestic and commercial purposes, by condemning and appropriating lands for the purpose of flooding the same and using same for water storage and protecting the pool so formed for a reserve water supply for the City of Fort Wayne. Clarence Bleke, Erna L. and Thomas Yanney, Hilda R. and Paul Menze, Carl H. and Vera Bleke, Erwin H. Bleke, and Ilo A. Bleke - Part of the East Half of the Southeast Quarter, north of the Indiana Service Corporation right of way in Section 24, Township 31 North, Range 12 East, described as follows: Beginning at a stone at the southwest corner of the East Half of the Southeast Quarter of said Section 24, Township 31 North, Range 12 East; thence north a distance of two thousand six hundred forty-six and nine tenths (2646.9) feet along the west line of said East Half of the Southeast Quarter of Section 24, Township 31 North, Range 12 East, to an iron pin and stone at the northwest corner of said East Half of the Southeast Quarter of Section 24, Township 31 North, Range 12 East; thence east a distance of twelve hundred ninety-three (1293) feet along the north line of said East Half of the Southeast Quarter of Section 24, Township 31 North, Range 12 East, to an iron pin and stone at the Northeast corner of said East Half of the Southeast Quarter of Section 24, Township 31 North, Range 12 East; thence south a distance of one thousand nine hundred forty-one and five tenths (1941.5) feet along the east line of the aforesaid Section 24, Township 31 North, Range 12 East, to its intersection with the west line of the aforesaid Indiana Service Corporation right of way; thence south along said west line of the Indiana Service Corporation right of way to its intersection with the south line of the aforesaid Section 24, Township 31 North, Range 12 East; thence west along said south line of Section 24, Township 31 North, Range 12 East a distance of nine hundred eighty-seven and six tenths (987.6) feet to the point of beginning; amount of benefits none; amount of damages none; also part of the Southwest Quarter, lying west of the Indiana Service Corporation right of way in Section 19, Township 31 North, Range 13 East, described as follows: Beginning at an iron pin and stone located at the northwest corner of the Southwest Quarter of the aforesaid Section 19, Township 31 North, Range 13 East; thence east along the north line of said Southwest Quarter of Section 19, Township 31 North, Range 13 East, a distance of seven hundred ninety (790) feet to an iron pin and stone on the west line of the aforesaid Indiana Service Corporation right of way; thence southerly along said west line of the Indiana Service Corporation right of way to its intersection with the west line of the aforesaid Section 19, Township 31 North, Range 13 East; thence north a distance of one thousand nine hundred forty-one and five tenths (1941.5) feet along the west line of Section 19, Township 31 North, Range 13 East, to the point of beginning; amount of benefits none; amount of damages none; also part of the West Half lying west of the St. Joseph River and East of the Indiana Service Corporation right of way in Section 19, Township 31 North, Range 13 East, described as follows: Beginning at a stone located five hundred sixty-four (564) feet north and one thousand thirty-two and ninety-five hundredths (1032.95) feet south eighty-two (82) degrees, forth-eight (48) minutes east, of an iron pin and stone at the southwest corner of the aforesaid section 19, Township 31 North, Range 13 East, said point of beginning being located on the west bank of the St. Joseph River twelve (12) feet from the water edge of said west bank; thence north eighty-two (82) degrees, forty-eight (48) minutes west, a distance of one thousand and eight (1008) feet to a stone located on the east line of the aforesaid Indiana Service Corporation right of way; thence north twenty-one (21) degrees, thirty-five (35) minutes east along the said east line of the Indiana Service Corporation right of way a distance of two thousand nine hundred forty-one and four tenths (2941.4) feet to an iron pin; thence north eighty-seven (87) degrees, two (2) minutes east, a distance of three hundred twenty-one (321) feet to an iron pin and stone located on the west bank of the aforesaid St. Joseph River sixteen (16) feet from the water edge of said west bank; thence southerly along said water edge of the west bank of the St. Joseph River, with its meanderings to the point of beginning, excepting from the aforementioned tract the following described parcel of land: Commencing at the point where the south line of the Clarence Bleke, et al. property intersects the center line of the St. Joseph River; thence westerly along said south line to a point eight hundred fifty-two (852) feet east of the east line of the Indiana Service Corporation property; thence at an angle to the right of ninety-three (93) degrees a distance of five hundred seventy-five (575) feet; thence at an angle to the right of twelve (12) degrees a distance of seven hundred twenty-five (725) feet; thence at an angle to the left of thirty-seven (37) degrees, forty (40) minutes, a distance of five hundred seventy (570) feet; thence at an angle to the right of thirty (30) degrees a distance of eleven hundred nine (1109)feet to the north line of the Clarence Bleke, et al. property, said point being two hundred six (206) feet east of the east line of the Indiana Service Corporation property; thence easterly along said north line to the center line of the St. Joseph River; thence southerly following the center line of the St. Joseph River to the place of beginning; amount of benefits none; amount of damages none; also part of Section 19, Township 31 North, Range 13 East, described as follows: Commencing at the point where the south line of the Clarence Bleke, et al. property intersects the center line of the St. Joseph River; thence westerly along said south line to a point eight hundred fifty-two (852) feet east of the east line of the Indiana Service Corporation property; thence at an angle to the right of ninety-three (93) degrees a distance of five hundred seventy five (575) feet; thence at an angle to the right of twelve (12) degrees a distance of seven hundred twenty-five (725) feet; thence at an angle to the left of thirty-seven (37) degrees, forty (40) minutes a distance of five hundred seventy (570) feet; thence at an angle to the right of thirty (30) degrees a distance of eleven hundred nine (1109) feet to the north line of the Clarence Bleke, et al. property, said point being two hundred six (206) feet east of the east line of the Indiana Service Corporation property; thence easterly along said north line to the center line of the St. Joseph River; thence southerly following the center line of the St. Joseph River to the place of beginning. Containing seventeen and ninety-one hundredths (17.91) acres, more or less; amount of damages One Thousand, Seven Hundred, ninety-one ($1791.00) Dollars, ALSO Wesley S. and Mary E. Roebuck, and The Federal Land Bank of Louisville, Part of Section 19, Township 31 North, Range 13 East, described as follows: Commencing at the point where the south line of the North Half of the Southeast Quarter of Section 19, Township 31 North, Range 13 East intersects the center line of the St. Joe Gravel Road; thence west along said south line to the thread of the St. Joseph River; thence northerly following the meanderings of the thread of the St. Joseph River to the north line of the South Half of the Northeast Quarter of said Section 19, Township 31 North, Range 13 East. produced west; thence east along said north line to the center line of the St. Joe Gravel Road; thence south following said center line of the St. Joe Gravel Road to the place of beginning, excepting from the aforementioned tract the following described parcel of land: Commencing at the point where the south line of the Roebuck property intersects the center line of the St. Joseph River; thence east along said south line to a point thirty-six and seventy-five hundredth (36.75) feet west of the center line of Section 19, Township 31 North, Range 13 East; thence at an angle to the left of eighty-nine (89) degrees, six (6) minutes, a distance of three hundred twenty-seven and three tenths (327.3) feet; thence at an angle to the left of eighteen (18) degrees, fifty-two (52) minutes a distance of six hundred twenty-three (623) feet; thence at an angle to the right of eighteen (18) degrees, six (6) minutes, thirty (30) seconds, a distance of seven hundred thirty-two and two tenths (732.2) feet; thence at an angle to the right of ten (10) degrees, forty-four (44) minutes, a distance of six hundred eighty-one and four tenths (681.4) feet; thence at an angle to the right of twenty-two (22) degrees, forty-one (41) minutes, thirty (30) seconds, a distance of one hundred eleven and seven tenths (111.7) feet to a point in the north line of the Roebuck property thirty-four (34) feet west of the center line of Section 19, Township 31, North, Range 13 East; thence west along said north line to the center line of the St. Joseph River; thence southerly following the center line of the St. Joseph River to the place of beginning, amount of benefits none; amount of damages none; also part of Section 19, Township 31 North, Range 13 East described as follows: Commencing at the point where the south line of the Roebuck property intersects the center line of the St. Joseph River; thence east along said south line to a point thirty-six and seventy-five hundredths (36.75) feet west of the center line of Section 19, Township 31 North, Range 13 East; thence at an angle to the left of eighty-nine (89) degrees, six (6) minutes, a distance of three hundred twenty-seven and three tenths (327.3) feet; thence at an angle to the left of eighteen (18) degrees, fifty-two (52) minutes, a distance of six hundred twenty-three (623) feet; thence at an angle to the right of eighteen (18) degrees, six (6) minutes, thirty (30) seconds, a distance of seven hundred thirty-two and two tenths (732.2) feet; thence at an angle to the right of ten (10) degrees, forty-four (44) minutes, a distance of six hundred eighty-one and four tenths (681.4) feet, thence at an angle to the right of twenty-two (22) degrees, forty-one (41) minutes, thirty (30) seconds, a distance of one hundred eleven and seven tenths (111.7) feet to a point in the north line of the Roebuck property thirty-four (34) feet west of the center line of Section 19, Township 31, North, Range 13 East; thence west along said north line to the cente line of the St. Joseph River; thence southerly following the center line of the St. Joseph River to the place of beginning. Containing eleven (11) acres, more or less. Amount of damages One Thousand, Three Hundred, Seventy-five $1375.00

Dollars; there having been filed three (3) remonstrances, which after due and proper consideration, the Board of Public Works finds against the remonstrators, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Publiv Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, January 23, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: 2500 Block South Anthony Boulevard; corner of Holton Avenue and Hurd Street; corner of Lafayette Street and Lewis Street; corner of Main Street and Van Buren Street; State Boulevard in front of North Side High School.

A report was received from Charles B. Yobst, Superintendent of the Water Works Construction Department, stating that the approximate cost of connecting water main on East Branning Avenue so as to make same circulating system would be $1.63 per lineal foot for material and labor, or $511.40 complete. Also that it would be necessary to have the street opened or get an easement to obtain the required circulation. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the request of Councilman Lindenberg for the installation of a street light at the west end of Wheeler Street be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the report received from the City Light Construction Department, recommending the installation of the following lights, be placed on file:

Street light on Gay Street between the 2700 and 2800 Blocks;
Street light on Charlotte Avenue east of Parnell, near 815 Charlotte Avenue;
Alley light at the rear of 2639 Holton Avenue;
Alley light at the rear of 1218 Stophlet Street on I.S.C. pole No. 1855;
Alley light at the rear of 2329 Lillie Street.

Motion was made, seconded and carried that the affidavit received from V. M. Nussbaum and Company with reference to Contract No. 8, of the Water Works Improvements, for the Electrical Work at the Three Rivers Filtration Plant, be placed on file.

Motion was made, seconded and carried that the performance bond of Charles R. Wermuth and Son, Inc., signed by the Aetna Casualty and Surety Company. covering the work to be done at the City Light & Power Works for the alteration of the turbine building, including the construction of the turbine foundations and the demolition and removal of parts of the present building, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the following estimate submitted by the Western Gas Construction Company, Contractors for Contract No. 9, of the Water Works Improvements, for the furnishing of valves and gates, be approved and that the Water Works Department be instructed to pay same: For furnishing and replacing two (2) indicators for the sluice gate floor stands, the amount of $50.68; for replacing one (1) stem for sluice gate, mark GA1, the amount of $29.12; for furnishing mechanic and tools for straightening stems of five (5) sluice gates, Mark GA1, the amount of $41.19, making a total estimate in the amount of $120.99.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Water Works Department be instructed to pay same: Sixteenth and Final Estimate in favor of V. M. Nussbaum and Company, Contractors for Contract No. 8, in connection with the Water Works Improvements for the furnishing and erection of the Electrical Equipment in the Three Rivers Filtration and Pumping Station, in the amount of $1,939.72; Fourth and Final Estimate in favor of the Western Gas Construction Company, Contractors for Contract No. 9, of the Water Works Improvements for the furnishing of valves and gates for the Three Rivers Filtration and Pumping Station, in the amount of $2,912.80; Second Progress Estimate in favor of the Fort Wayne Pipe and Supply Company, Contractors for Contract No. 18, for the furnishing of Pump Discharge Valves in the amount of $2,394.00; also the One Hundred Thirty-first Estimate for professional engineering services in connection with the Fourth and Final Estimate under Contract No. 9, in the amount of $58.26; also the One Hundred Thirty-second Estimate for professional engineering services in connection with the Second Progress Estimate under Contract No. 18, in the amount of $47.88.

Motion was made, seconded and carried that the extra work of Charles R. Wermuth and Son, Inc., for the furnishing and installation of additional pipe supports for the discharge lines of the low-service pumps at the Anthony Boulevard Dam and Pumping Station, in connection with Contract No. 14, of the Water Works Improvements, in the amount of $35.48, be approved.

In the matter of Street Improvement Resolution Number 3130 - 1932, which provides for the improving of Harrison Street from the south curb line of Superior Street to the north curb line of Wayne Street, the same being constructed as a CWA project, motion was made, seconded and carried that all action previously taken in the matter of Street Improvement Resolution Number 3130, be RESCINDED.

Motion was made, seconded and carried that all action previously taken in the following Sewer Improvement Resolutions be RESCINDED:

461-1932- which provides for the construction of a local sewer in and along the first alley south of Elizabeth Street from the alley east of Spy Run Avenue to the east line of Lot Number 11 Freeman's Amended Addition;
462-1932- which provides for the construction of a local sewer in and along the alley between Lawton Place and Riverside Avenue from the first alley East of Spy Run Avenue to St. Joseph River Drive;
463-1932- which provides for the construction of a local sewer in the first alley North of Lawton Place from the first alley East of Spy Run Avenue to St. Joseph River Drive.
69-1932- which provides for the construction of a main sewer, commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street produced west to its intersection with Main Sewer No. 1.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River, as more fully set out in Street Improvement Resolution No. 3139.

For the improving of Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street, as more fully set out in Street Improvement Resolution Number 3140.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3139 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Columbia Street from the east curb line of Harrison Street to the Maumee River by draining, curbing, grading and paving the roadway to a uniform width of forty-two (42) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3140 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street by draining, curbing, grading and paving the roadway to a uniform width of forty-two (42) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3139 and 3140, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th and 31st days of January, 1934, and that Thursday, the 15th day of February, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, January 25, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Harmar Street and Eliza Street; 930-934 East Wayne Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Asbestos Insulating & Roofing Co. Inc., signed by the Builders & Mfgs.Mut.Cas.Co.;
I. C. Flickinger, signed by the Builders & Mfgs.Mut.Cas.Co.:
Fort Wayne Plumbing & Heating Co., signed by the Builders & Mfgs.Mut.Cas.Co.;
A. P. Pequignot, signed by the Builders & Mfgs.Mut.Cas.Co.:
Sheets Construction Company, signed by the Builders & Mfgs.Mut.Cas.Co.

Motion was made, seconded and carried that the bond of Charles R. Wermuth and Son, Inc., signed by the Aetna Casualty and Surety Company, covering the work to be done at the City Light Plant for the alteration of the turbine building, including construction of the turbine foundations and the demolition and removal of parts of the present building, which was approved by the City Attorney, be approved.

Motion was made, seconded and carried that the following Plat to the City of Fort Wayne, Indiana, be approved:

"STATE BOULEVARD ADDITION".

Motion was made, seconded and carried that the extra work order of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, of the Water Works Improvements, for the construction of the Anthony Boulevard dam and pumping station, providing for the application of three coats of paint on the stairway from the shop to the unfinished rooms for the sum of $35.33, be approved.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the construction of a sewer in and along the alley between Lawton Place and Riverside Avenue from the first alley east of Spy Run Avenue to the St. Joseph River, as more fully set out in Local Sewer Improvement Resolution Number 465.

For the construction of a sewer in and along the first alley north of Lawton Place from the first alley east of Spy Run Avenue to the St. Joseph River, as more fully set out in Local Sewer Improvement Resolution Number 466.

For the construction of a sewer in and along the first alley south of Elizabeth Street from the first alley east of Spy Run Avenue to the St. Joseph River, as more fully set out in Local Sewer Improvement Resolution Number 467.

Motion was then made, seconded and carried that the following resolutions be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 465 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Lawton Place and Riverside Avenue from the first alley east of Spy Run Avenue to the St. Joseph River. Said sewer shall be twelve (12) inches in diameter,and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 466 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the first alley north of Lawton Place from the first alley east of Spy Run Avenue to the St. Joseph River, Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 467 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the first alley south of Elizabeth Street from the first alley east of Spy Run Avenue to the St. Joseph River. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Local Sewer Improvement Resolutions Numbered 465, 466 and 467, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 27th day of January and the 3rd day of February, 1934, and that Tuesday, the 20th day of February, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 661 - 1933, which provides for the condemnation for alley purposes the southeast corner of Lot Number 4 Haswell's Subdivision, be and the same is hereby APPROVED and that Thursday, the 8th day of February, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board willhear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury be approved and that the Fort Wayne Water Works be instructed to pay same: First Progress Estimate in favor of the General Electric Company, Schenectady, New York, Contractor for Contract No. 17A, for the furnishing and erection of Hydro-Electric Power Unit in connection with the Water Works Improvements, in the amount of $3,786.50; also the One Hundred Thirty-third Estimate for professional engineering services in connection with the First Progress Estimate under Contract No. 17A, in the amount of $75.73.

Motion was made, seconded and carried that the following estimates in favor of the Froehlich & Emery Engineering Company be approved and that the City Light & Power Works be instructed to pay same: Engineering fee due - in the amount of $387.69; for blue prints furnished to bidders with specifications, covering building changes and turbine foundations, including typewritten specifications and postage for mailing, in the amount of $38.20.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, February 6, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of January, 1934, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Reidmiller Avenue and Michigan Avenue, be granted.

Motion was made, seconded and carried that the request for the installation of a street light at the corner of Anthony Boulevard and Baxter Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for the installation of a light in the alley at the rear of 1036 Elmwood Avenue be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Hiram Danner,	signed by the London & Lancashire Indemnity Co;
Edward B. Deininger,	signed by the Columbia Casualty Company;
Hildebrand Hardware and Furnace Co.,	signed by the Maryland Casualty Company;
Samuel D. Oliver,	signed by the Hartford Accident and Indemnity Co.
T. C. Rabel,	signed by the Royal Indemnity Company.

Motion was made, seconded and carried that the resolution adopted by the Common Council, referred to the Board of Public Works with reference to the work of elevation or undergrade crossing at the various streets crossed by the New York, Chicago and St. Louis Railroad Company, be placed on file.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light and Power Works be instructed to pay same: Estimate No. 6 in favor of the Sussman Asbestos Company in the amount of $4,167.00: Estimate in favor of Hatzel & Buehler Inc., in the amount of $1,000.00.

A remonstrance against the improving of the Market Space from the alley north of Wayne Street to Washington Boulevard, was received. Motion was made, seconded and carried that the same be placed on file.

A remonstrance against the passage of a resolution providing for the condemnation for alley purposes the southeast corner of Lot Number 4, Haswell's Subdivision under Declaratory Resolution Number 661 - 1933, was received. Motion was made, seconded and carried that the same be referred to the Engineer's office for a check-up.

The City Engineer now submitted plans and specifications for the condemnation of a right of way ten (10) feet in width, for sewer purposes across, through and under portion of lots and lands lying between Mechanic Street and the St. Mary's River from the north line of Huron Street extended west, to a point four hundred (400) feet south of the south property line of Fair Street, as more fully set out in Declaratory Resolution Number 662 - 1934, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 662 - 1934.

For the condemnation of a right of way, ten (10) feet in width, for sewer purposes across, through and under portion of lots and lands lying between Mechanic Street and the St. Mary's River from the north line of Huron Street extended west, to a point four hundred (400) feet south of the south property line of Fair Street.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn a right of way, ten (10) feet in width, for sewer purposes across, through and under portions of lots and lands lying between Mechanic Street and the St. Mayr's River from the north line of Huron Street extended west, to a point four hundred (400) feet south of the south property line of Fair Street.

All as shown by a plan of such proposed condemnation of a sewer right of way now on file in the office of the Board of Public Works of said City.

The condemnation of the right of way as above described to be made by condemning and appropriating for sewer purposes a strip of land ten (10) feet in width, the center line of which is described as follows: Commencing at a point on the north property line of Huron Street extended west, ninety-two (92) feet west of the east property line of Mechanic Street; thence in a southwesterly direction to a point in the center line of Fair Street one hundred eighteen (118) feet west of the east property line of Mechanic Street; thence south on a line which is one hundred eighteen (118) feet west of and parallel to the east property line of Mechanic Street extended south, to a point four hundred (400) feet south of the south property line of Fair Street.

The property which may be injuriously or beneficially affected by the proposed sewer right of way as above described is described as all lots and lands lying west of Mechanic Street; south of Huron Street (north property line) extended west; east and north of the St. Mary's River.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereot and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments, if deferred, are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be asprovided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and alleys and lots and lands affected by the above described condemnation of right of way for sewer purposes being within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 662, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 7th and 14th days of February, 1934, and that Thursday, the 1st day of March, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The City Engineer now submitted plans, specifications and estimates for the construction of a sewer commencing at the sewer in the alley between Elm Street and Huron Street at the east property line of Mechanic Street; thence west to a point forty (40) feet west of the east property line of Mechanic Street; thence in a southwesterly direction to the sewer right of way as condemned under Declaratory Resolution Number 662; thence south in and along said sewer right of way as condemned under Declaratory Resolution Number 662 to a point four hundred (400) feet south of the south property line of Fair Street, as more fully set out in Local Sewer Improvement Resolution Number 468 - 1934, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 468 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered commencing at the sewer in the alley between Elm Street and Huron Street at the east property line of Mechanic Street; thence west to a point forty (40) feet west of the east property line of Mechanic Street; thence in a southwesterly direction to the sewer right of way as condemned under Declaratory Resolution Number 662; thence south in and along said sewer right of way as condemned under Declaratory Resolution Number 662 to a point four hundred (400) feet south of the south property line of Fair Street. Said sewer shall be ten (10) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 468, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 7th and 14th days of February, 1934, and that Thursday, the 1st day of March, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, February 8, 1934, 7:30 P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the following Public Liability Policies be referred to the City Attorney for his approval:

Thomas J. Hedges, signed by the Fireman's Fund and Indemnity Company;
August C. Moring, signed by the London Guarantee and Accident Company.

A petition, providing for the installation of a water main on Ethel Avenue from Irene Avenue to Goshen Road, was received. Motion was made, seconded and carried that the same be referred to the Water Works Construction Department for investigation and report on cost.

A petition, providing for the installation of a water main on the Leo Road from Penn Avenue north to Constance Avenue , thence East on Constance Avenue to Park Hill Avenue, thence north on Park Hill Avenue to Catherine Avenue, thence west on Catherine Avenue to the Leo Road, was received. Motion was made, seconded and carried that the same be referred to the Water Works Construction Department for investigation and report on cost.

Motion was made, seconded and carried that the order for extra work of Charles R. Wermuth and Son, Inc., for the painting of the screens in the Anthony Boulevard pumping station, in connection with Contract No. 14, of the Water Works Improvements, in the amount of $12.00, be approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 661 - 1933, which provides for the condemnation for alley purposes the southeast corner of Lot Number 4 Haswell's Subdivision, there having been filed a remonstrance signed by 53 1/3% of the resident property owners affected by this improvement; motion was made, seconded and carried that the confirmation of the same be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3138 - 1934, which provides for the improving of Market Space from the south property line of the alley north of Wayne Street to the north curb line of Washington Boulevard, a remonstrance having been filed against the paying of any assessments for the improvement, which after a check-up was found not to contain the signatures of any of the resident property owners affected, after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the City would pay for the material and labor to be furnished under a CWA project and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

The Board then adjourned to the Council Chamber.

This being a date and time previously fixed by the board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3137 - 1934, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street: after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 20th day of February, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions and also a date and time when they will consider finally confirming the same.

The Board then upon motion adjourned.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, February 13, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Co., to make cuts into the following pavements be granted: 1209 South Anthony Boulevard; 1919 North Anthony Boulevard; 2601 North Anthony Boulevard; 1029 Broadway (2 cuts); 2523 Holton Avenue; 2400-2500 Block on Holton Avenue; 519 East Wallace Street: Side of 116 West Woodland Avenue; 134 West Washington Boulevard.

Motion was made, seconded and carried that the request of Councilman Burns for the installation of a street light at the corner of Warsaw Street and Maple Grove Avenue, be referred to the City Light Department for investigatio and report.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Albert Tomkinson Plumbing Shop,	signed by the Aetna Casualty and Surety Co.;
John B. Hogan,	signed by the Aetna Casualty and Surety Co.;
M. F. Noll,	signed by the Aetna Casualty and Surety Co.:
Albert Rolf,	signed by the Aetna Casualty and Surety Co.;
Coco-Cola Bottling Works,	signed by the Hartford Accident and Indemnity Co.

A remonstrance, against the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that a credit in the amount of $104.00 for the elimination of a structural steel platform around the generator, also a credit in the amount of $12.50 for eliminating the electric clock at the Anthony Boulevard pumping station, both in connection with the contract by and between the City of Fort Wayne and Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, of the Water Works Improvements for the construction of the Anthony Boulevard dam and pumping station, be approved.

Motion was made, seconded and carried that the Board rescind the approval of an extra work order in the amount of $12.00 for the painting of screens at the Anthony Boulevard pumping station, as authorized by the Board of Public Works at their regular meeting held February 8th, 1934, and approve a credit in the amount of $12.00 for the above mentioned painting of screens in connection with the contract by and between the City of Fort Wayne and Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, of the Water Works Improvements.

Motion was made, seconded and carried that the order for extra work of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, for the construction of the Anthony Boulevard Dam and pumping station in connection with the Water Works Improvements, providing for the furnishing and installation of marble plinths at the front of the men's toilet partitions to provide head room in the doorways, for the lump sum price of $34.50, be approved.

Motion was made, seconded and carried that the order for extra work of the Dix-Kelly Electric Company, Inc., Contractor for Contract No. 19, of the Water Works Improvements for the wiring of the Anthony Boulevard Dam and Pumping Station, providing for additional wiring and conduits for the lump sum price of $391.89, be approved.

Motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for Declaratory Resolution Number 367 - 1918, for the opening and extending of Euclid Avenue from Antoinette Street to Pontiac Street.

Motion was made, seconded and carried that all action be RESCINDED on the following Declaratory Resolutions:

507-1925--For the condemnation of a right of way for sewer purposes across, through and under portions of Lots Numbered 9, 10, 11, 12, 13, 14 and 15 of Brackenridge's Third Subdivision;
608-1929--For the opening and extending of a River Drive sixty (60) feet in width on the west side of the St. Mary's River from the south right of way line of the Pittsburgh, Fort Wayne and Chicago Railway to the north right of way line of the Pittsburgh, Fort Wayne and Chicago Railway;
616-1929--For the vacation of Bright Street from Ontario Street to the Lake Erie and Fort Wayne Railroad; also for the vacation of Banks Avenue from Bright Street to Georgia Street;
625-1929--For the vacation of that portion of Swinney Avenue from the west line of Phenie Street on the north side of Swinney Avenue to a point twelve (12) feet east of the west line of Swinney's Addition Extended;
635-1930--For the opening of an alley north of Colerick Street from the alley between Lillie Street and Anthony Boulevard to Anthony Boulevard;
648-1931--For the opening of an alley ten (10) feet in width between Terrace Road and Oakridge Road from the north line of Lot Number 15 Brookview Addition to the north line of Lots Numbered 14 and 35 Brookview Addition.

Motion was made, seconded and carried that all action be RESCINDED on the following Street Improvement Resolutions:

2546-1927-For the improving of Chestnut Street from the east property line of Dubois Street to the east property line of Roy Street;
2750-1928-For the improving of Geraldine Avenue from the west curb line of Parnell Avenue to the east property line of St. Joseph Boulevard;
2783-1928-For the improving of McKinnie Avenue from the west property line of Gay Street to the east property line of Smith Street on the north.

Motion was made, seconded and carried that all action be RESCINDED on the following Alley Improvement Resolutions:

2575-1927-For the improving of the alley between Columbia Street and Superior from the east property line of Lafayette Street to the west property line of Clay Street;
2680-1927-For the improving of the first alley north of Sinclair Street from the east property line of Franklin Avenue to the first alley east of Franklin Avenue;
2741-1928-For the improving of the alley between Superior Street and Michaels Avenue from the west property line of Ross Street to the east property line of Van Buren Street;
3070-1930-For the improving of the alley between DeWald Street and Creighton Avenue from the east property line of Lafayette Street to the west property line of the first alley east of Lafayette Street;

Motion was made, seconded and carried that all action be RESCINDED on the following Sidewalk Improvement Resolutions:

2904-1929-For the construction of sidewalks on both sides of Holston Street from State Boulevard to Vance Avenue;
3023-1930-For the construction of sidewalks on both sides of Holly Avenue from New Haven Avenue to Raymond Street;
3062-1930-For the construction of sidewalks on the east side of Monroe Street from Oxford Street to Rudisill Boulevard.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Tuesday, February 20th, at 10:00 A. M.,
POSTPONED until Tuesday, February 20, 1934, at 7:30 P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

The City Engineer now submitted plans and specifications for the opening and extending of Beaver Avenue from the south line of Foster Parkway to the north line of Lexington Avenue; also for the opening and extending of Branning Avenue from the east line of Park View Terrace Addition to the west line of Beaver Avenue extended south, as more fully set out in Declaratory Resolution Number 663, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 663 - 1934.

For the opening and extending of Beaver Avenue from the south line of Foster Parkway to the north line of Lexington Avenue; also for the opening and extending of Branning Avenue from the east line of Park View Terrace Addition to the west line of Beaver Avenue extended south.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Beaver Avenue from the south line of Foster Parkway to the north line of Lexington Avenue; also to open and extend Branning Avenue from the east line of Park View Terrace Addition to the west line of Beaver Avenue extended south.

All as shown by a plan of such proposed street openings and extendings as above described now on file in the office of the Department of Public Works of said City.

The opening and extending of Beaver Avenue and Branning Avenue, as above described to be made by condemning and appropriating for street purposes the following described property: Commencing at the point where the south line of Foster Parkway intersects the east line of Beaver Avenue; thence south on a straight line to a point on the north line of Lexington Avenue, three hundred sixty-one and six tenths (361.6) feet east of the east line of Park View Terrace Addition; thence west along said north line of Lexington Avenue sixty (60) feet; thence north to a point in the south line of Foster Parkway sixty (60) feet west of the place of beginning; thence east along the south line of Foster Parkway sixty (60) feet to the place of beginning. ALSO, commencing at the point where the south line of Branning Avenue intersects the east line of Park View Terrace Addition; thence east on said south line produced east, to the west line of Beaver Avenue extended south; thence north on said west line of Beaver Avenue extended south a distance of sixty (60) feet; thence west on the north line of Branning Avenue produced east, to the east line of Park View Terrace Addition; thence south sixty (60) feet to the place of beginning.

The property which may be injuriously or beneficially affected by the proposed street openings and extendings is described as all lots and lands lying west of the west line of South Wood Park Addition, Section "A"; north of Lexington Avenue; east of Park View Terrace Addition and Kimmel Drive; and south of Foster Parkway and Foster Parkway produced east.

All according tothe method and manner provided for in act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred, are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and lots and lands affected by the above described street openings and extendings being situated in the Southwest Quarter of Section 14 and the Southeast Quarter of Section 15, Township 30 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 663, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 23rd day of February and the 2nd day of March, 1934, and that Thursday, the 15th day of March, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they willconsider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain Improvement Resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Local Sewer Improvement Resolutions Numbered:

465 - which provides for the construction of a sewer in and along the alley between Lawton Place and Riverside Avenue from the first alley east of Spy Run Avenue to the St. Joseph River;

466 - which provides for the costruction of a sewer in and along the first alley north of Lawton Place from the first alley east of Spy Run Avenue to the St. Joseph River;

467 - which provides for the construction of a sewer in and along the first alley south of Elizabeth Street from the first alley east of Spy Run Avenue to the St. Joseph River;

which Sewers are intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains; after hearing all persons who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification: there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Local Sewer Improvement Resolutions, Numbered 465, 466 and 467 be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 21st and 28th days of February, 1934, and that Tuesday, the 13th day of March, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Street Improvement Resolutions Numbered:

3137 - which provides for the improving of Anthony Boulevard from the Maumee River to the alley south of Simons Street;
3138 - which provides for the improving of Market Space from the alley north of Wayne Street to Washington Boulevard;
there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions; motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolution Number 3137, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 21st and 28th days of February, 1934, and that Tuesday, the 13th day of March, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the Annual Report of The Terminal Service Company for the year ending December 31, 1933, be placed on file.

Motion was made, seconded and carried that the following order for extra work for Hatzel & Buehler, Inc., in connection with the improvements at the City Light and Power Works, be approved:

EXTRA ORDER NO. 8

Furnishing and installing Panel #17, a fuse panel for the house service oil circuit breaker operating Circuits, and transferring the present operating circuit connections from Panel #16 to Panel #17, and furnishing and installing an extension of the switchboard box in the floor back of Panel #17.

Furnishing, installing and connecting on Panel #16, two CL1 control switches and furnishing and installing new terminal blocks and transferring the existing switchboard wiring and control cables to the new terminals.

Installing and connecting Panel #12A, a two circuit water works relay panel, back of Panel #12 in the line of the field breaker and battery control board, furnishing and installing a switchboard box in the floor back of this panel and conduits for connections between this box and the switchboard box back of the main switchboard.

Changing location of lighting units in cable and battery rooms to permit installation of conduits for power cables.

Cutting and refinishing nine floor slots, each 6" x 48" in floor over cable room to permit phasing of cables without re-potheading.

Removing old defective pothead on 2300 volt house circuit from the old 2300 volt switchgear and replacing it with a new pothead.

Furnishing and installing electrical circuits for the boiler house vacuum conveyor control and indicating lamps, all in the power plant, and,

Concreting two 24" x 30" openings in basement wall of control building at the Three Rivers Substation, under Division No. 13, for the total price of $1917.93.

Motion was made, seconded and carried that the following order for extra work for The General Electric Company, in connection with the improvements at the City Light and Power Works, be approved:

EXTRA ORDER NO. 3.

Adding to Division No. 3

1 - 24" wide, 90" high, 2-section, 2-circuit relay panel for the mounting of relays included under Panel #12. (See G.E. drawing #T-3593386).

Necessary oil circuit breaker auxiliary switches for the existing oil circuit breaker in Cell #6.

9 - Auto transformers for use in secondary circuits of current transformers for relaying purposes for Panels Nos. 13, 14 and 15.

2 - Time delay attachments to battery air circuit breakers.

Furnishing and installing panel trim adjacent to supervisory control board.

Adding to Division No. 4

Furnishing and installing three 600/5 ampere current transformers for Panel #14 for differential protection.

Recalibrate and rescale ammeter for Panel #5.

Adding to Division No. 5

Labor and materials for mounting forced and induced draft damper control relaying equipment in the fan cubicles.

1 - Relay #CR-2821-Y-1 and connecting same.

Changing transformers specified in cubicle superstructure #5 from three 1½ K.V.A. to three 3.K.V.A.

Adding to Division No. 10

Reforming copper as required in water works incoming switchgear units, necessitated by changing current transformers from 1200 amp. to 600 amp.

Materials and labor for mounting on panel in water works switch room differential relays for protection of transformers in outdoor substation and cables from outdoor substation to switchgear in water works plant.

Deduct from Division No. 4

2 - Current transformers, 125/5 ampere. not required.

Deduct from Division No. 10

___ bushing transformers for oil circuit breakers not required,

For the sum of $947.50, less the sum of $524.00 credit, making a total price of $423.50.

The following proposals were received on the Air Duct, Closing Plate and Sealing Plate for the new 15,000 K.V.A. Generator in connection with the improvements for the City Light and Power Works:

ART IRON & WIRE WORKS, INC., bid as follows:

For the furnishing and erection of Air Duct and Closing Plate, complete as per specifications, for the sum of $500.00

If erection is done by others, deduct the amount of $120.00

BASS FOUNDRY & MACHINE COMPANY, bid as follows:

For the furnishing and erection of Air Duct, Closing Plate and Generator Sealing Plate, complete, as per specifications, for $716.00

SCHMELING & ALTER, bid as follows:

For the furnishing and erection of Air Duct and Closing Plate, complete as per specifications, for the sum of $850.50

THE WESTERN GAS CONSTRUCTION CO., bid as follows:

For the furnishing and erection of Air Duct and Closing Plate, complete as per specifications, for the sum of $659.75

Motion was made, seconded and carried that the aforesaid bids be referred to the Engineers, The Froehlich & Emery Engineering Company, Toledo, Ohio.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 662 - 1934, which provides for the condemnation of a right-of-way, ten (10) feet in width, for sewer purposes across, through and under portion of lots and lands lying between Mechanic Street and the St. Mary's River from the north line of Huron Street extended west, to a point four hundred (400) feet south of the south property line of Fair Street; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 468 - 1934, which provides for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, commencing at the sewer in the alley between Elm Street and Huron Street at the east property line of Mechanic Street; thence west to a point forty (40) feet west of the east property line of Mechanic Street; thence in a southwesterly direction to the sewer right-of-way as condemned under Declaratory Resolution Number 662; thence south in and along said sewer right-of-way as condemned under Declaratory Resolution Number 662 to a point four hundred (400) feet south of the south property line of Fair Street; after hearing all persons interest who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Local Sewer Improvement Resolution Number 468, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 3rd and 10th days of March, 1934, and that Thursday, the 22nd day of March 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Street Improvement Resolutions, Numbered:

3139 - which provides for the improving of Columbia Street from Harrison Street to the Maumee River;
3140 - which provides for the improving of Harrison Street from Wayne Street to Superior Street;

there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions; motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolutions, Numbered 3139 and 3140, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 3rd and 10th days of March, 1934, and that Thursday, the 22nd, day of March, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

THE COIL CONSTRUCTION COMPANY, INC., reported the work completed under Street Improvement Resolution No. 3136, which provides for the improving of Baltes Avenue from Spy Run Avenue to the first alley east of Spy Run Avenue. Motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, March 6, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, Harvey E. Crane, [illegible]
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: 1107 Maumee Avenue; corner of Pearl Street and Fairfield Avenue.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: Baker Street east of Calhoun Street; 2611 Bowser Avenue; 231 West Butler Street; 1000 Block Franklin Avenue; 2130 Phenie Street; Side of 115 West Taber Street; Rear of 325 West Wayne Street (2 cuts).

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Noah Beberstine,	signed by the Maryland Casualty Company;
E. J. Breining,	signed by the Standard Accident Insurance Co;
Lloyd Griffin,	signed by the London & Lancashire Indemnity Co.;
Home Furnace Company,	signed by the Standard Accident Insurance Co.;
Helen M. Jackson, Cashier,	signed by the London & Lancashire Indemnity Co;
Donald McKay,	signed by the Royal Indemnity Company;
V. M. Nussbaum Company,	signed by the Maryland Casualty Company;
Carl Stang,	signed by the American Bonding Company of Beltimore:
Wayne Knitting Mills,	signed by the Hartford Accident and Indemnity Co.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: The estimate of the Whitehead & Kales Company, in the amount of $5,321.25; the estimate of the Western Gas Construction Company, in the amount of $4,854.30.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department be instructed to pay same: Second Progress Estimate of the Worthington Pump and Machinery Corporation, Contractor for Contract No. 16, for the furnishing and erection of Centrifugal Pumping Units in connection with the Water Works Improvements, in the amount of $6,109.50; also the One Hundred Thirty-eighth Estimate for professional engineering services in connection with the Second Progress Estimate under Contract No. 16, in the amount of $122.19; Seventh Progress Estimate in favor of the Dix-Kelly Electric Company, Inc., Contractor for Contract No. 19, for the Electrical Work at the Anthony Boulevard Dam and Pumping Station, in connection with the Water Works Improvements in the amount of $4,473.49; also the One Hundred Thirty-ninth Estimate for professional engineering services in connection with the Seventh Progress Estimate under Contract No. 19, in the amount of $89.47.

F. H. Froehlich and R. E. Marker appeared before the Board and submitted plans, specifications and estimate for the furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of a complete system of steam, exhaust, water and oil piping for, in and about the Power Plant of the City Light and Power Works of the City of Fort Wayne, Indiana; motion was made, seconded and carried that the plans and specifications be approved and that the estimate be placed on file.

Motion was made, seconded and carried that Notice to Contractors of the receiving of sealed proposals for the above described improvements to the City Light and Power project, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 9th and 16th days of March, 1934, and that Tuesday, the 3rd day of April, 1934, at 10:00 o'clock A. M., Central Standard time be fixed a date and time when the Board will receive and open proposals for the same.

In the matter of the proposals for the Air Duct, Closing Plate and Sealing Plate for the New Generator in the City Light and Power Works, which was referred to the Engineers, The Froehlich & Emery Engineering Company, at the regular meeting of the Board of Public Works held Thursday, March 1st, 1934, motion was made, seconded and carried that the contract be awarded to the ART IRON & WIRE WORKS, INC., Fort Wayne, Indiana, at and for their price bid namely, $500.00, they being the lowest and best bidders.

The Board then upon motion adjourned.

John Ross

Harvey E. Evans

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 8, 1934,
Regular Meeting held at 7:30 P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of February 1934, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Jefferson Street and College Street; corner of Washington Boulevard and Harmar Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Richard Dietze,	signed by the New York Casualty Company of New York;
Henry A. Miller,	signed by the Aetna Casualty and Surety Company;
Oscar D. Ryan.	signed by the United States Fidelity and Guaranty Company;
John H. Teders,	signed by the American Surety Company of New York.

Motion was made, seconded and carried that the application of Noah Beberstine, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 2229 California Avenue, the driveway facing on State Boulevard, be granted.

Motion was made, seconded and carried that the following estimates of the Froehlich & Emery Engineering Company, be approved and that the City Light and Power Works be instructed to pay same: Estimate No. 7, in favor of the Sussman Asbestos Company, in the amoung of $1,072.00; the estimate of Hatzel & Buehler, Inc., in the amount of $2,264.10; the estimate of the General Electric Company in the amount of $8,563.15; also the estimate for the engineering fee due the Froehlich & Emery Company in the amount of $800.00.

Motion was made, seconded and carried that all action be RESCINDED in Declaratory Resolution No. 663-1934, which provides for the opening and extending of Beaver Avenue from the south line of Foster Parkway to the north line of Lexington Avenue; also for the opening and extending of Branning Avenue from the east line of Park View Terrace Addition to the west line of Beaver Avenue extended south.

Motion was made, seconded and carried that the following Easement be accepted and that the City Engineer Van A. Barnett and Charles B. Yobst, Superintendent of the Water Works Department, be informed that the same has been granted:

EASEMENT

THIS INDENTURE WITNESSETH that William H. Wiebke and Sarah C. Wiebke, his wife, Louise D. Wiebke, Fred D. Wiebke and Emma C. Wiebke of Allen County, Indiana hereby give and grant to the City of Fort Wayne, Indiana for and in the consideration of One ($1.00) Dollar, the receipt whereof is hereby acknowledged, two easements and rights-of-way for the construction and maintenance of six (6") inch cast iron water mains as an extension to and part of the existing water distribution system of said city, in, across, through and under parts of Lot numbered three (3) of Hanna and Hamilton's Subdivision of Richardville Reserve on the East bank of the St. Mary's River in Wayne Township, Allen County, Indiana; the said easements as herein granted being particularly described as follows, to-wit:

Commencing at a point in the south line of Foster Parkway three hundred sixteen and three tenths (316.3) feet east of the east line of Kimmel Drive: thence south on a straight line to a point in the north line of Lexington Avenue three hundred thirty-seven and six tenths (337.6) feet east of the east line of Park View Terrace Addition; thence west along the north line of Lexington Avenue a distance of twelve (12) feet; thence north on a straight line to a point in the south line of Foster Parkway, twelve (12) feet west of the place of beginning; thence east along the south line of Foster Parkway twelve (12) feet to the place of beginning.

ALSO: a strip of land twelve (12) feet in width centered upon a line described as follows: Beginning at a point in the west line of said Lot Number three (3) of Hanna and Hamilton's Subdivision of Richardville Reserve situated twenty-four (24) feet south of the southeast corner of Lot number Sixty-eight (68) of Park View Terrace Addition to the City of Fort Wayne, thence east and parallel to the north line produced east of Branning Avenue in said Addition a distance of three hundred nineteen (319) feet, more or less, to the center line of the first above described easement;

TO HAVE AND TO HOLD to said City for and as easements and rights-of-way for the construction and maintenance of said water main.

WITNESS the hands and seals of said grantors this 6th day of March, 1934.

(SIGNED) WILLIAM H. WIEBKE,
(SIGNED) SARAH C. WIEBKE,
(SIGNED) LOUISE D. WIEBKE,
(SIGNED) FRED D. WIEBKE,
(SIGNED) EMMA C. WIEBKE,

State of Indiana, County of Allen, SS:

Personally appeared before me the undersigned, a Notary Public in and for said County and State, William H. Wiebke and Sarah C. Wiebke, his wife, his wife, and Louise D. Wiebke, Fred D. Wiebke and Emma C. Wiebke, all unmarried and over Twenty-one years of age, and acknowledged their execution of the above instrument as their voluntary act and deed for the uses and purposes therein mentioned.

IN WITNESS whereof, I have hereunto set my hand and affixed my Notarial seal this 6th day of March, 1934.

(SIGNED) BERTHA A. HELLER
Notary Public.

My commission expires: July 13, 1934.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number 3136, which provides for the improving of Baltes Avenue from Spy Run Avenue to the first alley east of Spy Run Avenue; be and the same is hereby APPROVED and that

Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 10th and 12th days of March, 1934, and that Thursday, the 15th day of March 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 15, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

The minutes of the previous meeting were approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Division Street and Summit Street; 536 Nettie Avenue; 540 Nettie Avenue: Swinney Avenue and Thompson Avenue; Woodland Avenue (Hamilton School).

Motion was made, seconded and carried that the application of T. J. Hedges, to construct 20 feet of sidewalk at 609 East Pontiac Street, be granted.

A petition, providing for the installation of an alley light at the rear of 209 East Foster Parkway, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the order for extra work of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, of the Water Works Improvements, providing for the furnishing of floor plates in in accordance with Drawing SA-13 around the low-service discharge pipes where they pass through the floor of the Anthony Boulevard pumping station, in the amount of $104.65, be DIS-APPROVED.

Motion was made, seconded and carried that the following estimates submitted by the Froehlich & Emery Engineering Company be approved and that the City Light and Power Works be instructed to pay same: Requisition No. 1. in favor of Charles R. Wermuth and Son, Inc., in the amount of $4,912.33; also the estimate in favor of The Froehlich & Emery Engineering Company for engineering fees due in the amount of $900.00.

Motion was made, seconded and carried that the plans, specifications and estimates submitted by the Froehlich & Emery Engineering Company, for the following described work in connection with the improvements at the City Light and Power Works be approved and that the estimate be placed on file:

Division No. 1
Switchboard, Motor Starters, Power Cabinet and Lighting Transformers:

Division No. 2
Underground System, Wiring, and Miscellaneous Electrical Work.

Motion was made, seconded and carried that Notice to Contractors of the receiving of sealed proposals for the above described improvements to the City Light and Power Works project, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 17th and 24th days of March, 1934, and that Monday, the 9th day of April, 1934, at 10:00 o'clock A. M., Central Standard Time, be fixed a date and time when the Board will receive. and open sealed proposals for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3136-1933, which provides for the improving of Baltes Avenue from the east curb line of Spy Run Avenue to the east property line of the first alley east of Spy Run Avenue; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. Allof which was finally ordered and approved.

Motion was made, seconded and carried that all action previously taken in the matter of Street Improvement Resolution Number 3137, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street, be RESCINDED.

The Board then upon motion took a recess until Friday, the 16th day of March, 1934, at 4:00 o'clock P. M.

--- oOo ---

The Board re-convened at 4:00 o'clock P. M., Friday, the 16th day of March, 1934, and proceeded as follows:

The City Engineer Engineer now submitted plans, specifications and estimates for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street, as more fully set out in Street Improvement Resolution Number 3142-1934, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3142 - 1934

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street by draining, curbing, grading and paving the roadway to a uniform width of thirty-two (32) and thirty-six (36) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3142-1934, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 17th and 24th days of March, 1934, and that Thursday, the 5th day of April, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, March 20, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Englewood Court, 50 ft. east of Fairfield Avenue; 2525 Maple Court; corner of Packard Avenue and Fairfield Avenue; 240 East Pontiac Street; Riedmiller Avenue and Taylor Street; 1000 Block East Washington Boulevard.

A petition, providing for the installation of an alley light at the intersection of the alleys between Calhoun Street and Harrison Street, Creighton Avenue and Taylor Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Fred W. Buckel,	signed by the Fidelity & Deposit Company;
Ideal Plumbing, Heating & Elec.Co.,	signed by the Fidelity & Casualty Company;
Kroger Grocery & Baking Co.	signed by the Aetna Casualty & Surety Co.;
Kalamazoo Stove Company,	signed by the London & Lancashire Indemnity C
Art H. Welkin,	signed by the Standard Accident Ins. Co.
Lawrence Sommer,	signed by the American Bonding Company.

A communication, from Charles R. Wermuth and Son, Inc., relative to material in connection with the turbine foundation work at the City Light and Power Works, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the order for extra work of the Dix-Kelly Electric Company, Inc., Contractor for Contract No. 19, for the wiring of the Anthony Boulevard Dam and Pumping Station, in connection with the Water Works Improvements, providing for the installation of four levolier switches on the alternating current circuit to the lights on each side of the control boards, for the lump sum price of $9.00, be approved.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department be instructed to pay same: Eleventh Progress Estimate in favor of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, for the construction of the Anthony Boulevard Dam and Pumping Station in connection with the Water Works Improvements, in the amount of $13,155.49; also the One Hundred Fortieth Estimate for professional engineering services in connecti with the Eleventh Progress Estimate under Contract No. 14, in the amount of $513.11.

Motion was made, seconded and carried that the following estimate from the Froehlich & Emery Engineering Company, be approved and that the City Light and Power Works be instructed to pay same: The estimate in favor of Hetzel & Buehler, Inc., for extra work order No. 8, in the amount of $1,917.93.

The City Engineer now submitted plans and specifications for the following public improvements, which plans and specifications were upon motion approved:

For the appropriation of property, to be used for Water Works purposes, as more fully set out in Declaratory Resolution Number 664.

For the appropriation of property, to be used for Water Works purposes, as more fully set out in Declaratory Resolution Number 665.

For the appropriation of property, to be used for Water Works purposes, as more fully set out in Declaratory Resolution Number 666.

Motion was then made, seconded and carried that the following resolutions, be adopted:

DECLARATORY RESOLUTION NUMBER 664 - 1934

RESOLUTION FOR THE APPROPRIATION OF PROPERTY.

RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana:

That it is deemed desirable and necessary to acquire the use and the fee simple title of real estate for the purpose of forming a pool or storage reservoir for storing water for reserve purposes to supply the City of Fort Wayne with water for domestic and commercial purposes, by condemning and appropriating lands for the purpose of flooding the same and using same for water storage and protecting the pool so formed for a reserve water supply for the City of Fort Wayne, which real estate is specifically described as follows:

A parcel of land situated in the North Half of Section 19, Township 31 North, Range 13 East, described as follows: Commencing at the point where the south line of the J. D. Parker Estate produced west intersects the center line of Section 19, Township 31 North, Range 13 East; thence north on said center line six hundred (600) feet; thence at an angle to the right of forty-five (45) degrees, one hundred forty (140) feet; thence at an angle to the right of forty-five (45) degrees, eight hundred thirty-five (835) feet to a point in the west line of Lot Number 8 J. D. Parker Estate, seven hundred (700) feet north of the south line of said Lot Number 8; thence north on said west line of Lot Number 8 to the thread of the St. Joseph River; thence westerly and southerly following the meanderings of the thread of the St. Joseph River to the south line of the J. D. Parker Estate produced west; thence east following the said south line to the place of beginning. Containing seven and forty-two hundredths (7.24) acres of land, more or less.

The North seventy (70) feet of Lot Number 3 J. D. Parker Estate, containing forty-four hundredths (0.44) acres of land, more or less.

A parcel of land situated in the Southeast Quarter of Section 18, Township 31 North, Range 13 East, described as follows: Commencing at the point of intersection of the east line of Lot Number 4 J. D. Parker Estate with the south line of said Section 18; thence east on said south line of said Section 18, one hundred ten (110) feet; thence northwesterly to a point on said east line of Number 4 produced north, one hundred twenty (120) feet north of the south line of Section 18; thence north on said east line of said Lot Number 4 produced north, to the south line of the Indiana Service Corporation property; thence west along said south line of the Indiana Service Corporation property to the thread of the St. Joseph River; thence southerly following the meanderings of the thread of the St. Joseph River to the south line of Section 18, Township 31 North, Range 13 East; thence east on said south line of said Section 18 to the place of beginning. Containing two (2) acres of land, more or less.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said real estate herein above described be condemned and appropriated for the purpose of flooding the same, forming a storage reservoir, creating a pool, causing the erection of a dam to be used for the water supply of the City of Fort Wayne for domestic and commercial purposes, and protecting the water so stored from polution by providing for a margin of land along such pool so formed.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title on the part of the City of said real estate and ground herein described, and which ground is hereby proposed to be condemned and appropriated. That no other property is injuriously affected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefited to the full extent of any damage caused by the appropriation and condemnation.

DECLARATORY RESOLUTION NUMBER 665 - 1934

RESOLUTION FOR THE APPROPRIATION OF PROPERTY.

RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana:

That it is deemed desirable and necessary to acquire the use and fee simple title of real estate for the purpose of forming a pool or storage reservoir for storing water for reserve purposes to supply the City of Fort Wayne with water for domestic and commercial purooses, by condemning and appropriating lands for the purpose of flooding the same and using same for water storage and protecting the pool so formed for a reserve water supply for the City of Fort Wayne, which real estate is specifically described as follows:

A portion of Lot Number 8 J. D. Parker Estate described as follows: Commencing at a point in the west line of said Lot Number 8, seven hundred (700) feet north of the south line of said lot; thence northeasterly to a point in the east line of said Lot Number 8, eight hundred seventy (870) feet north of the south line of said lot; thence north on the east line of said lot to the thread of the St. Joseph River; thence southwesterly following the meanderings of the thread of the St. Joseph River to a point where the west line of Lot Number 8 intersects the same; thence south along said west line of Lot Number 8 to the place of beginning. Containing nine tenths (0.9) acres of land, more or less.

A portion of Lot Number 7 J. D. Parker Estate described as follows: Commencing at a point in the west line of said Lot Number 7, eight hundred seventy (870) feet north of the south line of said lot; thence northeasterly to a point in the east line of said Lot Number 7, one thousand ten (1010) feet nort of the south line of said Lot Number 7; thence north along said east line to the north line of Section 19, Township 31 North, Range 13 East; thence west on the north line of said Section 19 to the thread of the St. Joseph River; thence southwesterly following the meanderings of the thread of the St. Joseph River t its intersection with the west line of said Lot Number 7; thence south on the west line of said Lot Number 7 to the place of beginning. Containing one and thirteen hundredths (1.13) acres of land, more or less.

A portion of Lots Numbered 5 and 6 J. D. Parker Estate described as follows: Commencing at a point in the west line of Lot Number 6, one thousand ten (1010) feet north of the south line of said lot; thence northeasterly to a point in the east line of Lot Number 5, twelve hundred twenty (1220) feet north of the south line of said lot; thence north on the east line of said Lot Number 5 to the north line of Section 19, Township 31 North, Range 13 East; thence west on said north line of said Section 19 to the west line of Lot Number 6; thence south on the west line of said Lot Number 6 to the place of beginning. Containing two and five tenths (2.5) acres of land, more or less.

A portion of Lot Number 4 J. D. Parker Estate described as follows: Commencing at a point in the west line of Lot Number 4, twelve hundred twenty (1220) feet north of the south line of said lot; thence northeasterly to a point in the east line of said Lot Number 4, thirteen hundred ten (1310) feet north of the south line of said lot; thence north on said east line of said Lot Number 4 to the north line of Section 19, Township 31 North, Range 13 East; thence west on said north line of said Section 19 to the west line of Lot Number 4; thence south on said west line of said lot Number 4 to the place of beginning. Containing seventy-nine hundredths (0.79) acres of land, more or less.

The appropriation herein of real estate to be acquired by the City of Fort Wayne, Indiana, is subject to an easement or right of way, over, under, through and above the real estate herein sought to be appropriated to the extent of any agreement for easement or drive or road, now existing among the owners of said real estate.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said real estate herein above described be condemned and appropriated for the purpose of flooding the same, forming a storage reservoir, creating a pool, causing the erection of a dam to be used for the water supply of the City of Fort Wayne for domestic and commercial purposes, and protecting the water so stored from pollution by providing for a margin of land along such pool so formed.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title on the part of the City of said real estate and ground herein described, and which ground is hereby proposed to be condemned and appropriated. That no other property is injuriously effected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefited to the full extent of any damage caused by the appropriation and condemnation.

DECLARATORY RESOLUTION NUMBER 666 - 1934.

RESOLUTION FOR THE APPROPRIATION OF PROPERTY.

RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana:

That it is deemed desirable and necessary to acquire the use and the fee simple title of real estate for the purpose of forming a pool or storage reservoir for storing water for reserve purposes to supply the City of Fort Wayne with water for domestic and commercial purposes, by condemning and appropriating lands for the purpose of flooding the same and using same for water storage and protecting the pool so formed for a reserve water supply for the City of Fort Wayne, which real estate is specifically described as follows:

A part of Richardsville Reserve in the North Half of Section 19 and the Southeast Quarter of Section 18, Township 31 North, Range 13 East, described as follows: Beginning at a point twelve (12) feet east of and right angles to the center line of the east track of the Indiana Service Corporation's Robison Park Line, eight hundred forty-two (842) feet southwardly measured along the center line of the east track from its intersection with the North line of said Section 19; thence northeasterly along said east line of the Indiana Service Corporation property three hundred forty-two (342) feet; thence at an angle to the right of fifty-nine (59) degrees, three hundred thirty (330) feet; thence at an angle to the left of thirty-four (34) degrees, two hundred ten (210) feet; thence at an angle to the left of thirty-three (33) degrees, two hundred thirty (230) feet; thence at an angle to the left of thirty-seven (37) degrees and thirty (30) minutes, three hundred eighty-five (385) feet to a point in the north line of Section 19, Township 31 North, Range 13 East, five hundred eighty (580) feet east of the west line of the Indiana Service Corporation property; thence northerly continuing on the same line two hundred sixty-five (265) feet; thence at an angle to the right of nine (9) degrees and forty-five (45) minutes, three hundred thirty

(330) feet to a point in the center line of the Paper Mill Bridge produced west twenty-five (25) feet west of the face of the west abutment; thence at an angle to the left of ten (10) degrees, three hundred thirty (330) feet to the east line of the Indiana Service Corporation property; thence northerly along said east line to a point in the north line produced east to a piece of land owned by L. Rosselot; thence east along said north line produced to the thread of the St. Joseph River; thence southwesterly following the thread of the St. Joseph River to a point at right angles to the Indiana Service Corporation's right of way opposite the place of begining; thence northerly to the place of beginning. Containing six (6) acres of land, more or less.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said real estate herein above described be condemned and appropriated for the purpose of flooding the same, forming a storage reservoir, creating a pool, causing the erection of a dam to be used for the water supply of the City of Fort Wayne for domestic and commercial purposes, and protecting the water so stored from pollution by providing for a margin of land along such pool so formed.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title on the part of the City of said real estate and ground herein described, and which ground is hereby proposed to be condemned and appropriated. That no other property is injuriously effected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefited to the full extent of any damage caused by the appropriation and condemnation.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 22, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, Harvey E. Crane,
Scott S. Snyder, Secretary.

This being a date and time previously fixed by the Board when they would receive sealed proposals on the following Improvement Resolutions:

In the matter of Local Sewer Improvement Resolution Number:

468 - which provides for the construction of a sewer commencing at the sewer in the alley between Elm Street and Huron Street at the east property line of Mechanic Street; thence west to a point forty (40) feet west of the east property line of Mechanic Street; thence in a southwesterly direction to the sewer right-of-way as condemned under Declaratory Resolution Number 662; thence south in and along said sewer right-of-way as condemned under Declaratory Resolution Number 662 to a point four hundred (400) feet south of the south property line of Fair Street; ALSO

In the matter of Street Improvement Resolutions Numbered:

3139 - which provides for the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River;
3140 - which provides for the improving of Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street; - - - -

THERE WERE NO BIDS SUBMITTED.

Motion was made, seconded and carried that all action be RESCINDED on the following Street Improvement Resolutions:

3139 - which provides for the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River;
3140 - which provides for the improving of Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street.

Motion was made, seconded and carried that the City Engineer, Van A. Barnett, be instructed to prepare REVISED plans and specifications for the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River; also for the improving of Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street.

The Board then upon motion took a recess until 4:00 o'clock P. M., Thursday, March 22, 1934.

-- oOo --

The Board re-convened Thursday, March 22, 1934, at 4:00 o'clock P. M., and proceeded as follows:

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at 1437 West Main Street, be granted.

Motion was made, seconded and carried that the bond of Hiram Danner, signed by the London & Lancashire Indemnity Company be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the application of the Sheets Construction Company, Inc., to make a cut into the curbing to a width of 16 ft. and to construct a driveway to a width of 12 ft. at 245 West Main Street, be granted.

A detailed report and appraisal of eight parcels of real estate, located in St. Joseph Township, Allen County, Indiana, was received. Motion was made, seconded and carried that the same be placed on file.

The Board then upon motion adjourned.

John Grier

BOARD OF PUBLIC WORKS.

ATTEST: Scott D. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, March 27, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, March 20th and Thursday, March 22nd,1934, stand approved as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Crescent Avenue and State Boulevard; 1332 Harmar Street; corner of Lillie Street and Pontiac Street; 1319 Michigan Avenue; corner of State Boulevard and Crescent Avenue; corner of Washington Boulevard and Harmar Street; 1235 Sunset Drive.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Fort Wayne Tent & Awning Co.,	signed by the U. S. Fidelity & Guaranty Co.,
Joseph H. Gusching,	signed by the Hartford Accident and Indemnity Co.;
Henry Electric Company,	signed by the U. S. Casualty Company;
Hipskind Heating & Plumb.Co.,	signed by the Hartford Accident and Indemnity Co.;
Niezer Fuel Company, Inc.,.	signed by the U. S. Fidelity & Guaranty Co.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of the following lights, be placed on file:

Alley light at the intersection of the alleys between Calhoun Street and Harrison Street, Creighton Avenue and Taber Street, on Home pole #195;
Alley light at the rear of 209 East Foster Parkway, on City pole #3526.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River, as more fully set out in Street Improvement Resolution Number 3143.

For the improving of Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street, as more fully set out in Street Improvement Resolution Number 3144.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3143 - 1934

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Columbia Street from the east curb line of Harrison Street to the Maumee River, by draining, curbing, grading and paving the roadway to a uniform width of forty-two (42) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawing and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3144 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street, by draining, curbing, grading and paving the roadway to a uniform width of forty-two (42) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3143 and 3144, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 28th day of March and the 4th day of April, 1934, and that Thursday, the 19th day of April, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolutions Numbered 664, 665 and 666, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 28th day of March and the 4th day of April, 1934, and that Tuesday, the 17th day of April, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

Fort Wayne, Indiana,
Thursday, April 5, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: 2215 Broadway; 2423 South Wayne Avenue; corner of South Wayne Avenue and Meyer Avenue.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Corporation, to make cuts into the following pavements be granted: Rear of 110 East Berry Street; 1132 Burgess Street; corner of Dodge Avenue and West Drive; alley south of Douglas Avenue, East of Barr Street; rear of 1119 Erie Street; 1834 Hanna Street; 1836 Hanna Street (2) cuts; Harrison Street and Nickel Plate Railroad; corner of Oliver Street and Creighton Avenue; 1816 Riedmiller Avenue.

A petition, providing for the installation of a street light at the corner of Anthony Boulevard and Simon Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Construction Department for investigation and report.

A petition, providing for the construction of a bridge across the ditch on Schele Avenue, east of Redwood Avenue in Eastwood Addition, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, was presented to the Board, requesting the placing of "Cold Laid Asphalt Mixture" in City specifications as being one of the kinds of pavements or materials on which bids may be received or taken, prior to the confirmation of the resolution for the re-surfacing of Anthony Boulevard. Motion was made, seconded and carried that the same be placed on file.

A remonstrance, against the contemplated cut of curb for a driveway at the intersection of Lake Avenue and St. Joseph Boulevard for the Sinclair Filling Station, stating that same would create a hazard for pedestrians, also objecting to having pumps so close to the sidewalk as shown on the plan, as the fumes of the gasoline may explode making it dangerous to people passing by, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following order from the Froehlich & Emery Engineering Company be approved and that the City Light and Power Works be instructed to pay same: Estimate #8 in favor of Sussman Asbestos Company in the amount of $833.00.

Motion was made, seconded and carried that the order for extra work of the Babcock & Wilcox Company, for the furnishing of labor and materials for constructing a temporary roof over Boilers Nos. 1 and 2 during the construction of the new boiler plant building in connection with the improvements at the City Light and Power Works, in the amount of $200.90, be approved and that the City Light Department be instructed to pay same.

Motion was made, seconded and carried that the order for extra work of John Dehner, Inc., for the furnishing of labor and materials for excavating, trimming and sloping the banks of Spy Run Creek, adjacent to the pond east of the power plant building in the amount of $460.90, be approved and that the City Light and Power Works be instructed to pay same.

Motion was made, seconded and carried that the purchase order of the Art Iron & Wire Works, Inc., for the furnishing, delivering and erecting at the City Light and Power Works, two pieces of grating and cutting holes for pipes in existing grating in the ash tank bay, for the sum of $52.00, be approved and that the City Light Department be instructed to pay same.

Emily C. Greenland submitted plans and specifications for the construction of one course concrete sidewalks, five (5) feet in width and five (5) inches in depth on the South side of Packard Avenue from Indiana Avenue to a point 112 feet West of Indiana Avenue, also on the West side of Indiana Avenue from Packard Avenue to a point 46 feet South of Packard Avenue, as more fully set out in WAIVER IMPROVEMENT RESOLUTION **3141-1934**, now on file in the office of the Department of Public Works.

WAIVER IMPROVEMENT RESOLUTION Number **3141** is in accordance with the methods and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporation", approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, waiving all preliminary hearings, advertising of Notice to Property Owners and Contractors, and separately and jointly waiving any and all irregularities and illegalities in the steps and requisites under said Resolution Number **3141**, or omission of the same, and agreeing that the cost of intersection and engineering fees and the total cost thereof be assessed against the properties benefited and providing for the arrangement for the payment of the assessments therefor in ten equal annual installments and the issuance of bonds therefor.

The Board then upon motion fully **ADOPTED** and **CONFIRMED** Waiver Improvement Resolution Number 3141, as submitted.

The Board then upon motion awarded the contract for the work to be performed under WAIVER IMPROVEMENT RESOLUTION Number **3141**, which provides for the construction of one course concrete sidewalks, five (5) feet in width and five (5) inches in depth on the South side of Packard Avenue from Indiana Avenue to a point 112 feet West of Indiana Avenue, also on the West side of Indiana Avenue from Packard Avenue to a point 46 feet South of Packard Avenue, to ERNEST TIMME & SONS, at and for their price bid, namely, One Dollar and five cents ($1.05) per lineal foot.

Motion was made, seconded and carried that the bond of Ernest Timme & Sons, signed by the Royal Indemnity Company, covering the work to be performed under Waiver Improvement Resolution Number **3141**, be approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Street Improvement Resolution Number **3142**, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street; mption was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

The Board then upon motion took a recess until Friday, April 6, 1934, at 10:00 o'clock A. M.

-- oOo --

The Board re-convened at 10:00 o'clock A. M., Friday, April 6, 1934, and proceeded as follows:

The Board now upon motion awarded the contract for the furnishing of all labor, materials, apparatus and tools required for the construction, delivery and erection of a complete system of steam, exhaust, water and oil piping for, in and about the Power Plant of the City Light and Power Works of the City of Fort Wayne, Indianâ, to the INDUSTRIAL PIPING & ENGINEERING COMPANY, Fort Wayne, Indiana, at and for their alternate bid of $43,180.00, they being the lowest and best bidders.

The Board then upon motion took a further recess until 10:00 o'clock A. M., Saturday, April 7th, 1934.

-- oOo --

The Board re-convened Saturday, April 7, 1934, at 10:00 o'clock A. M., and proceeded as follows:

Thursday, the 5th day of April, 1934, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Improvement Resolution Number 3142 - 1934, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decide that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; after re-considering the same there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Thursday, the 19th day of April, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 12, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, April 5th at 7:30 P. M., and the Special Meeting of Monday, April 9th, 1934, at 10:00 o'clock A. M., stand approved as read.

Motion was made, seconded and carried that monthly report of the Building Department for the month of March, 1934, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: 3000 Block Beaver Avenue; 213 West Main Street; corner of Winter Street and Pontiac Street.

A communication from Industrial Piping and Engineering Company, was received. Motion was made, seconded and carried that the same be made a matter of record.

A communication from the Midwest Piping and Supply Company, Inc., was received. Motion was made, seconded and carried that the same be made a matter of record.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

John Rieg,	signed by the Builders and Mfgs. Mutual Casualty Co.;
Wm. H. Koldewey,	signed by the Builders and Mfgs. Mutual Casualty Co.;
Sinclair Refining Company,	signed by the U. S. Fidelity and Guaranty Company.

Motion was made, seconded and carried that the bond of the Industrial Piping and Engineering Company, signed by the Standard Accident Insurance Company, covering the Piping Contract in connection with the improvements at the City Light and Power Works, be referred to the City Attorney for his approval.

In view of a remonstrance being filed against the proposed improvements to the gasoline filling station located at the Northeast intersection of St. Joseph Boulevard and Lake Avenue, two petitions were filed petitioning the Board to grant permits for these improvements in accordance with plans and specifications. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of Noah Beberstine, to repair one block of sidewalk at 1429 Cass Street, walk facing on Fourth Street, be granted.

Motion was made, seconded and carried that the application of John H. Lickert, to repair sidewalk on the north side of Woodland Avenue, at 2535 Webster Street, be granted, the work to be done under personal bond.

Motion was made, seconded and carried that the following applications of William P. Schenkel, to construct driveways at the Southwest corner of Van Buren Street and Main Street, be granted: to cut the curbing to a width of 30 ft. and to construct a driveway to a width of 26 ft. facing Van Buren Street; also, to cut the curbing to a width of 30 ft. and to construct a driveway to a width of 26 ft. driveway facing Main Street at the west part of Lot; also, to cut the curbing to a width of 20 ft. and to construct a driveway to a width of 16 ft. driveway facing Main Street at the East part of Lot.

Motion was made, seconded and carried that the following applications of the Sinclair Refining Company, to construct driveways at the corner of St. Joseph Boulevard and Lake Avenue, be TAKEN UNDER ADVISEMENT: to cut the curbing to a width of 26 ft. and to construct a driveway to a width of 22 ft. at the junction of St. Joseph Boulevard and Lake Avenue; also, to cut the curbing to a width of 25 ft. and to construct a driveway to a width of 21 ft. driveway facing on St. Joseph Boulevard; also, to cut the curbing to a width of 29 ft. and to construct a driveway to a width of 25 ft. driveway facing on Lake Avenue.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury be approved and that the Fort Wayne Water Works be instructed to pay same: Second and Final Estimate in favor of Wallace and Tiernan Company, Inc., Contractor for Contract No. 20, for the furnishing of Chlorine and Ammonia Equipment in connection with the Water Works Improvements in the amount of $5,114.40; also the One Hundred Thirty-fifth Estimat for professional engineering services in connection with the Second and Final Estimate under Contract No. 20, in the amount of $102.29; also Twelfth Progress Estimate in favor of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, for the construction of the Anthony Boulevard Dam and Pumping Station, in the amount of $12,662.46; also the One Hundred Forty-second Estimate for professional engineering services in connection with the Twelfth Progress Estimate under Contract No. 14, in the amount of $503.54.

The Board then upon motion adjourned.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 17, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of a light on the Northwest corner of Anthony Boulevard and Simons Street, be placed on file.

Motion was made, seconded and carried that the bond of the South Side Chevrolet, Inc., signed by the Globe Indemnity Company of New York, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the bond of the Industrial Piping and Engineering Company, signed by the Standard Accident Insurance Company, covering the Piping Contract in connection with the improvements at the City Light and Power Works, be approved.

A petition, providing for the paving of the alley between South Wayne Avenue and Arlington Avenue from Foster Parkway to Rudisill Boulevard, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the application of South Side Chevrolet, Inc., to widen the present 12 foot driveway to a width of 26 ft. and to construct a driveway to the width of 22 ft. on Lot No. 358 Hamilton's 4th Addition, south of 2315 South Calhoun Street, be granted.

Motion was made, seconded and carried that the order for extra work of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, for the construction of the Anthony Boulevard dam and pumping station, for the changing of the curbings of the two balconies off of the two store rooms to terrazzo and do necessary additional plaster work for the lump sum of $64.40, be approved.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury be approved and that the Fort Wayne Water Works Department be instructed to pay same: Third and Final Estimate in favor of Flinn & Dreffein Company, Contractors for Contract No. 10, for the furnishing and erection of Carbon Dioxide and Heating Equipment, in the amount of $1,876.00; also the One Hundred Forty-eighth Estimate for professional engineering services in connection with the Third and Final Estimate under Contract No. 10, in the amount of $49.94; Eighth Progress Estimate in favor of Dix-Kelly Electric Company Inc., Contractor for Contract No. 19, for the Electrical Work at the Anthony Boulevard Dam and Pumping Station, in the amount of $2,844.73; also the One Hundred Forty-third Estimate for professional engineering services in connection with the Eighth Progress Estimate under Contract No. 19, in the amount of $56.89.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain Declaratory Resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Declaratory Resolutions Numbered:

664 - which provides for the appropriation of property for Water Works purposes;
665 - which provides for the appropriation of property for Water Works purposes;
666 - which provides for the appropriation of property for Water Works purposes;

there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare primary assessment rolls for the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 19, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: 130 East Berry Street; corner of Florence Avenue and Sherman Boulevard.

Motion was made, seconded and carried that the application of F. J. Tibbitts, to repair 10 ft. of sidewalk at 2232 Eastbrook Drive, be granted.

Motion was made, seconded and carried that the application of Ehle Brothers, to repair sidewalk at the Southeast corner of Arcadia Court and Fairfield Avenue, be granted.

Motion was made, seconded and carried that the application of Ernest Timme and Sons, to construct 112 ft. of sidewalk at the Northwest corner of Pontiac Street and Anthony Boulevard, be granted.

Motion was made, seconded and carried that the application of William D. Swank, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 4706 Tacoma Avenue, be granted.

After reconsidering the application of the Sinclair Refining Company, to construct driveways at the corner of St. Joseph Boulevard and Lake Avenue, which was taken under advisement in the meeting of Thursday, April 12, 1934, motion was made, seconded and carried that the same be granted as follows: To make a cut into the curbing to a width of 26 ft. and to construct a driveway 22 ft. in width at the junction of St. Joseph Boulevard and Lake Avenue; also to make a cut into the curbing to a width of 25 ft. and to construct a driveway to a width of 21 ft. the driveway facing on St. Joseph Boulevard; also to make a cut into the curbing to a width of 29 ft. and to construct a driveway to a width of 25 feet, the driveway facing on Lake Avenue.

Motion was made, seconded and carried that the application of L. W. Dailey, to make a cut into the curbing to a width of 30 ft. and to construct a driveway to a width of 26 ft. at 2905 Maumee Avenue, be granted.

Motion was made, seconded and carried that the claim of The National Mill Supply Company against the Hipskind Heating and Plumbing Company, in connection with the improvements at the City Light and Power Plant in the amount of $2,180.60, be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Street Improvement Resolutions, Numbered:

3143 - which provides for the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River;
3144 - which provides for the improving of Harrison Street from the north curb line of Wayne Street to the south curb line of Superior Street;

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Thursday, the 3rd day of May, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions and also a date and time when they will consider finally confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against Improvement Resolution Number 3142, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street, there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolution Number 3142, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 21st and 28th days of April, 1934, and that Thursday, the 10th day of May, 1934, at 10:00 o'clock A. M., Central Standard Daylight Saving Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company be approved and that the City Light & Power Works be instructed to pay same: Engineering fee due the Froehlich & Emery Engineering Company in the amount of $495.40; also estimate for blue prints furnished in connection with piping specifications dated March - 1934, in the amount of $82.63.

The Board then upon motion adjourned.

HELEN SHEETS,
SECRETARY PRO TEM.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 24, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Thursday, April 12th, Tuesday, April 17th and Thursday, April 19th, 1934, stand approved, as read.

IN THE MATTER OF

Division No. 1 - Switchboard, Motor Starters, Power Cabinet and Lighting Transformers.

Division No. 2 - Underground System Wiring, and Miscellaneous Electrical Work,

for the improvements of the City Light and Power Works, on which bids were received at 10:00 o'clock A. M., Monday, April 9, 1934.

BE IT REMEMBERED that heretofore, to-wit: on the 10th day of April, 1934, at 5:00 o'clock P. M., the Board of Public Works of the City of Fort Wayne, awarded the contract for Division No. 1 - Switchboard, Motor Starters, Power Cabinet and Lighting Transformers, to the GENERAL ELECTRIC COMPANY, at and for their price bid, namely, $24,978.00, they being the lowest and best bidder; also, the contract for Division No. 2 - Underground System Wiring, and Miscellaneous Electrical Work, to the KELSO-WAGNER COMPANY, Dayton, Ohio, at and for their price bid, namely, $10,325.00, they being the lowest and best bidder.

NOW THEREFORE, on this 24th day of April, 1934, in the regular meeting of this Board held at the office of this Board at 10:00 o'clock A. M., of said day, all members of the Board being present, it is hereby ordered by the Board that there be now entered of record as of the 10th day of April, 1934, and as a part of the records and minutes of a special meeting of this Board held in the office of this Board at 5:00 o'clock P. M., on Tuesday, April 10th, 1934, to read as follows, all of which is hereby done.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 10, 1934,
Special Meeting held at 5:00 o'clock P. M.

PRESENT

William J. Hosey, Mayor,
John C. Trier, Chairman, of the Board of Public Works,
David Erwin, Member of the Board of Public Works,
Harvey E. Crane, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works.

The meeting was called to order by Mr. Trier, acting as Chairman.

In the matter of the bids that were received Monday, April 9, 1934, at 10:00 o'clock A. M., for Switchboard, Motor Starters, Power Cabinet and

Lighting Transformers, also Underground System, Wiring, and Miscellaneous Electrical Work, for the improvements of the City Light and Power Works, after having studied the tabulations as prepared by the Engineers, they now proceeded to make the following awards:

DIVISION NO. 1.

Switchboard, Motor Starters, Power Cabinet and Lighting Transformers-motion was made, seconded and carried that the contract be awarded to the GENERAL ELECTRIC COMPANY, Schenectady, New York, at and for their price bid, namely, $24,978.00, they being the lowest and best bidder.

DIVISION NO. 2.

Underground System, Wiring, and Miscellaneous Electrical Work - motion was made, seconded and carried that the contract be awrded to the KELSO-WAGNER COMPANY, Dayton, Ohio, at and for their price bid, namely, $10,325.00, they being the lowest and best bidder.

There being no further business the meeting adjourned.

David Crum
Harvey E. Crum
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Lavina Street and Jackson Street, be granted.

Motion was made, seconded and carried that the application of L. W. Dailey, to construct 50 ft. of sidewalk at 2903-2905 Maumee Avenue, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Son, to repair 7 ft. of sidewalk at 1639 Wells Street, be granted.

Motion was made, seconded and carried that the application of Carl A. Seibel, to construct 25 ft. of sidewalk at 902 West Wildwood Avenue, be granted, the work to be done under personal bond.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 21, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of William P. Schenkel, to repair 150 feet of cement sidewalk at 601-607 Buchanan Street, be granted.

Motion was made, seconded and carried that the Contract and Liability Bonds of the Dailey Asphalt Products Company, Inc., covering the work to be performed under Street Improvement Resolution Number 3143, which provides for the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River. Motion was made, seconded and carried that the same be referred to the City Attorney for his approval.

The City Engineer now submitted plans, specifications and estimates for the improving of the alley between Leland Street and Michigan Avenue from the first alley west of Broadway to Nelson Street, as more fully set out in Alley Improvement Resolution Number 3146, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3146 - 1934

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Leland Street and Michigan Avenue from the west property line of the first alley west of Broadway to the east property line of Nelson Street, by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3146, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 22nd and 29th days of June, 1934, and that Thursday, the 12th day of July, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3145, which provides for the improving of the alley between South Wayne Avenue and Arlington Avenue from the south property line of Rudisill Boulevard to the north property line of Foster Parkway; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Thursday, the 5th day of July, 1934, at 7:30 o'clock P. M.. be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

The Board then upon motion adjourned.

Kanning and Son,	signed by the Builders & Mfgs. Mutual Casualty Co.;
Carl E. Miller,	signed by the Maryland Casualty Company;
O'Rourke & Company, Inc.,	signed by the Maryland Casualty Company;
Pelz Used Lumber Company,	signed by the American Bonding Company;
M. C. Wallace,	signed by the Royal Indemnity Company of New York.

Motion was made, seconded and carried that the application of Michael Binder and Sons, to widen the present driveway at 2223 Taylor Street, making a 32 foot cut and a 28 foot drive, be granted.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay $2,100.00 on the Ninth and Final Estimate in favor of the Dix-Kelly Electric Company, Inc., Contractor for Contract No. 19, for the Electrical Work at the Anthony Boulevard Dam and Pumping Station, to the Protective Electrical Supply Company and the Dix-Kelly Electric Company, Inc., as per agreement.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against Improvement Resolution Number 3145, which provides for the improving of the alley between South Wayne Avenue and Arlington Avenue from the south property line of Rudisill Boulevard to the north property line of Foster Parkway; there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 20% of the resident property owners affected; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolution Number 3145, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 7th and 14th days of July, 1934, and that Tuesday, the 31st day of July, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the aforementioned resolution.

The Board then upon motion adjourned.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, July 17, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A petition, providing for the installation of a light in the alley on the pole located at the rear of 1416 and 1418 East Pontiac Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley at the rear of 2330 Reed Street, or near this point, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the condemnation for street purposes Lots Numbered 46, 47, 48 and 49 Wichman's Addition to the City of Fort Wayne.

Motion was made, seconded and carried that the application of Parrot-Griebel Coal Company, to construct 120 feet of cement sidewalk at 1601 to 1613 South Anthony Boulevard be granted. The work to be done under personal bond.

Motion was made, seconded and carried that the application of Alma App Reed, to repair 15 feet of cement sidewalk at 724 Walnut Street, be granted. The work to be done under personal bond.

Motion was made, seconded and carried that the following driveway applications be granted:

John R. Worthman,	14 ft. cut and 10 ft. drive at	123 West Wildwood Avenue;
F. J. Tibbitts,	8 ft. cut and 6½ ft. drive at	2423 Leroy Avenue.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company be approved and that the City Light & Power Works be instructed to pay same: Estimate of the Industrial Piping and Engineering Company, in connection with the improvements at the City Light Plant in the amount of $11300.75; estimate in favor of the Froehlich & Emery Engineering Company for engineering fee due in connection with Division No. 1 and Division No. 2, in the amount of $284.34; also estimate in favor of the Froehlich and Emery Engineering Company for blue prints furnished to bidders with specifications covering switchgear, underground system, wiring, etc., in the amount of $47.41.

The City Engineer now submitted plans and specifications for the condemnation for street purposes Lots Numbered 46, 47, 48 and 49 Wichman's Addition to the City of Fort Wayne, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following motion be adopted:

DECLARATORY RESOLUTION NUMBER 667 - 1934.

For the condemnation for street purposes Lots Numbered 46, 47, 48 and 49 Wichman's Addition to the City of Fort Wayne.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn for street purposes Lots Numbered 46, 47, 48 and 49 Wichman's Addition to the City of Fort Wayne.

All as shown by a plan of such proposed condemnation as above described now on file in the office of the Board of Public Works of said City.

The condemnation for street purposes to be made by condemning and appropriating for street purposes all of Lots Numbered 46, 47, 48 and 49 Wichman's Addition to the City of Fort Wayne.

The property which may be injuriously or beneficially affected by the proposed condemnation for street purposes is described as all lots and lands situated in the North Half of Section 9, Township 30 North, Range 12 East.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said lots and lands affected by the above described condemnation being situated in the North Half of Section 9, Township 30 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 667, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of July, 1934, and that Tuesday, the 7th day of August, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

Fort Wayne, Indiana,
Thursday, July 19, 1934,
Regular Meeting held at 7:30 P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report from the Building Department for the month of June, 1934, be placed on file.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Carl W. Hambrock	signed by the Massachusetts Bonding & Insurance Company;
The Merrill Company,	signed by the Fidelity and Deposit Company;
Jess Whitenack,	signed by the Aetna Casualty & Surety Company.

Motion was made, seconded and carried that the application of F. J. Tibbitts, to construct two blocks of cement sidewalk at 714 Columbia Avenue, be granted.

Motion was made, seconded and carried that the application of L. P. Manz, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 ft. at 4201 Hoagland Avenue, be granted.

A remonstrance against the paving of the alley between Leland Street and Michigan Avenue from the west property line of the first alley west of Broadway to the east property line of Nelson Street, was received. Motion was made, seconded and carried that the same be placed on file.

A remonstrance against the improving of Leroy Avenue from the north property line of Lawndale Drive to the south property line of Curdes Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

Thursday, the 12th day of July, 1934, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3146, which provides for the improving of the alley between Leland Street and Michigan Avenue from the first alley west of Broadway to Nelson Street, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 37 1/2% of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no **further** objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the comfirmation of Street Improvement Resolution Number 3147, which provides for the improving of Leroy Avenue from Lawndale Drive to Curdes Avenue, there having been presented a remonstrance, which after a check-up was found **not** to contain the signatures of any of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reportedby the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Thursday, the 2nd day of August, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions and also a date and time when they will consider finally confirming the same.

The Board then upon motion adjourned.

Alley light at the corner of Wall Street and Phenie Street.

Motion was made, seconded and carried that the City Light Department be instructed to install a street light at 815 Charlotte Avenue.

W. H. Weikart, 504 West State Boulevard, appeared before the Board requesting that some action be taken to relieve the truck traffic on Wells Street, State Boulevard and Goshen Road. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the report and recommendation submitted by the City Engineer, Van A. Barnett, with reference to the construction of a foot bridge across Spy Run Creek at Nussbaum Avenue, be placed on file.

A report from the Water Works Construction Department was received relative to the estimate of cost of laying a pipe line on Fairfield Avenue from Pettit Avenue to 200 feet south of Belmont Avenue. Motion was made, seconded and carried that Charles B. Yobst, Superintendent of the Water Works Department be instructed to make further investigation with reference to the cost of same and report back to the Board.

Motion was made, seconded and carried that the following Resolution be adopted:

RESOLUTION

RESOLUTION of the Board of Public Works of the City of Fort Wayne, Indiana, accepting an agreement made in conformity with Title Two of the National Industrial Recovery Act, approved June 16, 1933.

WHEREAS, the City of Fort Wayne, Indiana, by and through its Board of Public Works, has the complete control, management and operation of the Fort Wayne Water Works, and

WHEREAS, the City of Fort Wayne, by and through its Board of Public Works, applied to the Federal Government under Title Two of the National Industrial Recovery Act, approved June 16, 1933, have a grant of thirty (30%) per cent. of the cost of the construction of a dam in the St. Joseph River, for the purpose of forming a reserve supply of water of the Fort Wayne Water Works system to supply the City and citizens of Fort Wayne with water for domestic and commercial use and consumption, and which application has been granted, (Docket No. 6163) by the United States of America, designated as the Second Party in said grant agreement, and

WHEREAS, the City of Fort Wayne, will receive under said grant not to exceed the sum of Fifty-Three Thousand Dollars ($53,000.00), to be paid under the conditions and provisions set out and contained in the said grant agreement submitted to the City of Fort Wayne,

NOW THEREFORE, BE IT RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana, that the grant agreement submitted by the United States of America concerning the grant of thirty per cent (30%) of the cost of construction of a dam in the St. Joseph River for the purpose of creating a reserve supply of water for use in said City, be and the same is hereby accepted and approved, and the Mayor of the City of Fort Wayne and the Board of Public Works of said City are hereby authorized and directed to execute and deliver the said grant agreement, and carry out the terms and conditions therein contained.

IN WITNESS WHEREOF, the said Board of Public Works of the City of Fort Wayne, have hereunto set their hands and seals this 9th day of August, 1934.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, August 16, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Northeast corner of Hayden Street and Gay Street; 1109 East Lewis Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

John Paul O'Boyle, signed by the United States Casualty Company;
Ralph J. Teders, signed by the Standard Accident Insurance Company.

Motion was made, seconded and carried that the bonds of the Terminal Service Company of Cincinnati, Ohio, signed by the Commercial Casualty Insurance Company, be approved.

Motion was made, seconded and carried that the application of E. W. Baumgartner, to replace the 40 foot cut and 36 foot drive at the southwest corner of Wayne Street and Anthony Boulevard, driveway facing on Anthony, be granted

Motion was made, seconded and carried that the application of E. W. Baumgartner, to construct 40 feet of cement sidewalk at the Southwest corner of Wayne Street and Anthony Boulevard, on the west side of Anthohy Boulevard from Wayne Street 40 feet south, be granted.

Motion was made, seconded and carried that the application of H. O. Ellsworth, to repair 12 feet of cement sidewalk at 335 West Main Street, be granted.

Motion was made, seconded and carried that the application of Abe Field, to construct 124 feet of cement sidewalk at the northwest corner of Lynn Avenue and Florida Drive, the sidewalk on the north side of Lynn Avenue, be granted. The work to be done under personal bond.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3148, which provides for the construction of cement sidewalks on the east side of Caroline Street from the first alley south of Suttenfield Street to the south line of Lot Number 18 DeWald's Subdivision; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Sidewalk Improvement Resolution Number 3148, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of August, 1934, and that Tuesday, the 11th day of September, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Sidewalk Improvement Resolution Number 3149 - 1934, which provides for the construction of cement sidewalks on both sides of McKee Street from Oliver Street to Holton Avenue, there having been filed a remonstrance signed by 72.7% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3149, be RESCINDED.

Motion was made, seconded and carried that all action previously taken in connection with Improvement Resolution Number 3138 - 1934, which provides for the improving of Market Space from the south property line of the alley north of Wayne Street to the north curb line of Washington Boulevard, be hereby RESCINDED; the cost of same being assumed by the City of Fort Wayne.

The Board then upon motion adjourned.

David Erwin
Harvey E. Crane
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, August 21, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Hayden Street and Chute Street; 1241 Main Street.

Motion was made, seconded and carried that the application of C. Doenges and Son, to repair 45 feet of cement sidewalk at 1706-1708 Lake Avenue, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to repair 15 feet of cement sidewalk at 1002-1004 East Columbia Avenue, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to repair 45 feet of cement sidewalk at 1218 Rivermet Avenue, be granted.

Motion was made, seconded and carried that the application of S. F. Bowser and Company, to repair the 31 foot cut and the 27 foot drive at 2431 and 2501 Holton Avenue, be granted.

A remonstrance against the paving of Belle Avenue from Fox Avenue to the alley west of Fox Avenue, was received. Motion was made, seconded and carried that the same be referred to the Engineer's office for a check-up.

Motion was made, seconded and carried that the following described real estate be purchased from the Commercial Improvement Company, in Allen County, State of Indiana, to-wit:

A portion of the Northeast Quarter of Section 9, Township 30 North, Range 12 east, described as follows: Commencing at the point where the west line of Catalpa Street produced north intersects the north line of the Pennsylvania Railroad right-of-way; thence westerly along the north line of said Pennsylvania Railroad right-of-way a distance of thirty-three (33) feet; thence at an angle to the right of one hundred thirty-four (134) degrees, thrity (30) minutes, a distanc of two hundred eighty-five (285) feet more or less to the south line of the Illinois Road; thence east along the said south line of the Illinois Road to the west line of Main Street; thence southwesterly along said west line of Main Street to the north line of the Pennsylvania Railroad right-of-way; thence westerly along said north line of said Pennsylvania Railroad right-of-way to the place of beginning.

Also, all that part of Lot "E" Commercial Third Addition lying north of a line described as follows: Commencing at a point on the west line of Morris Street where the south line of Johnson Street extended would intersect the same; thence west three hundred sixty-nine and six tenths (369.6) feet; thence west on a curve to the left whose radius is seven hundred sixty-six and two tenths (766.2) feet to the east line of Freeman Street; lying west of Morris Street and east of the center line of Section 9, Township 30 North, Range 12 East, except the following described portion: Commencing at the northwest corner of said Lot "E"; thence south on the west line sixteen (16) feet; thence northeast to a point on the north line of said lot fifteen (15) feet east of the northwest corner thereof; thence west on the north line of said lot, fifteen (15) feet to the place of beginning.

Also, all of Lot "F" Commercial Third Addition, except the following described portion: Commencing at the point where the west line of said lot intersects the southeast line of Washington Road; thence south on the west line of said lot to the south line thereof; thence east on said south line fifteen (15) feet; thence at an angle to the left of forty-seven (47) degrees fifteen (15) minutes a distance of eighty-seven (87) feet more or less to the southwest line of Freeman Street; thence northwest following said southwest line to the Southeast line of Washington Road; thence southwesterly to the place of beginning.

Also, that portion of the West Half of vacated Freeman Street north of Portage Boulevard and south of the north line of Lot "E" Commercial Third Addition, for and in consideration of $4,000.00 for and in connection with State Road 24 Improvement.

Motion was made, secomded and carried that the following described real estate be purchased from Daniel B. Ninde and Margaret C. Ninde, his wife, in Allen County, State of Indiana, to-wit:

A portion of Lots Numbered 101, 102, 103, 104, 105, 106, 107 and 108 Wildwood Park 2nd Addition described as follows: Commencing at the northwest corner of Lot Number 101; thence south along the west line of said lot 101, forty-two (42) feet; thence northeasterly forty-three (43) feet to a point twenty-five (25) feet from the northwest line of Lot Number 101; thence northeasterly four hundred twenty-six (426) feet on a line which is parallel to and twenty-five (25) feet southeast of the northwest line of Lots Numbered 101, 102, 103, 104, 105, 106, 107, and 108 Wildwood Park 2nd Addition; thence northeasterly forty (40) feet to a point in the northeast line of Lot Number 108, thirty-three (33) feet east of the northeast corner thereof; thence northwest along said northeast line of said lot 108 to the northeast corner thereof; thence southwest along the northwest line of Lots Numbered 108, 107, 106, 105, 104, 103, 102, and 101 to the place of beginning.

Also, a portion of Lots Numbered 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, and 187, Wildwood Park 2nd Addition described as follows: Commencing at the southwest corner of Lot Number 173; thence southeast along the southwest line forty (40) feet; thence northeasterly one hundred forty-one (141) feet to a point sixty-six (66) feet southeast of the northwest line of Lot Number 174; thence northeast three hundred thirty-eight (338) feet to a point twenty (20) feet from the north line of Lot Number 180; thence east one hundred eighty (180) feet on a line which is twenty (20) feet south of and parallel to the north line of Lots Numbered 180, 181, 182, and 183; thence southeast two hundred twenty (220) feet to a point in the east line of Lot Number 187, fifty-four (54) feet south of the northeast corner thereof; thence north on the east line of Lot Number 187, fifty-four (54) feet to the northeast corner thereof; thence west along the north line of Lots Numbered 187, 186, 185, 184, 183, 182, 181, 180, 179, 178, 177, 176, 175, and 174 to the northwest corner of Lot Number 174; thence southwest along the northwest line of Lots Numbered 174 and 173 to the place of beginning.

Also, commencing at the northeast corner of Lot Number 187 Wildwood Park 2nd Addition; thence south along the east line of said lot 187 a distance of fifty-four (54) feet; thence at an angle to the left of seventy-eight (78) degrees and thirty (30) minutes a distance of twelve hundred eleven (1211) feet to a point on the north and south center line of Section 9, Township 30 North, Range 12 East, two hundred eighty-four (284) feet south of the south line of the Illinois Road; thence north on the North and south center line fo said Section 9, two hundred eighty-four (284) feet to the south line of the Illinois Road; thence west along said south line of the Illinois Road to the northeast corner of Lot Number 187 Wildwood Park 2nd Addition, the place of beginning, for and in consideration of $2,000.00 and in connection with State Road 24 Improvement.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be authorized to purchase from Eliza Hanna Hayden, the following described real estate in Allen County, State of Indiana, to-wit:

A part of Lot Number seven (7) Fred J. Hayden's Amended Plat, situated in the East Half (½) of Section 25, Township 31 North, Range 12 East, described as follows: Commencing at the intersection of the east and west center line of Section 25, Township 31 North, Range 12 East with the west line of Anthony Boulevard; thence south along the west line of Anthony Boulevard a distance of Five Hundred sixty-one (561) feet; thence by deflection angle to the right One Hundred twenty-six (126) degrees and fifteen (15) minutes a distance of five hundred fifty (550) feet to the east line of St. Joseph River Drive; thence northeasterly along the east line of said St. Joseph River Drive a distance of three hundred seventy (370) feet to the east and west center line of said Section 25, said point being one hundred fifty-eight and five tenths (158.5) feet west of the place of beginning; thence northeasterly along the east line of said St. Joseph River Drive to the west line of Anthony Boulevard; thence south along the west line of Anthony Boulevard to the place of beginning. Containing 3.5 acres.

Also, a part of Lot Number 1 Fred J. Hayden's Amended Plat, situated in the Southwest Quarter (¼) of Section 30. Township 31 North Range 13 East, described as follows: Commencing at the intersection of the east and west center line of Section 30, Township 31 North, Range 13 East with the east line of Anthony Boulevard; thence east along the said east and west center line of said Section 30, a distance of One hundred twenty (120) feet; thence southwesterly to a point in the east line of Anthony Boulevard which is two hundred ten (210) feet south of the place of beginning; thence north along the east line of Anthony Boulevard two hundred ten (210) feet to the place of beginning. Containing 0.3 acres, for and in consideration of $1,000.00 in connection with the Water Works Improvement.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, September 11, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report from the Building Department, for the month of August, 1934, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Comparet Street and Maumee Avenue; 313 West Main Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

A. M. Hovarter,	signed by the Columbia Casualty Company;
John C. Kreidt & Company,	signed by the Maryland Casualty Company;
Arthur Stemmer,	signed by the Columbia Casualty Company;
Charles E. Tharp,	signed by the Builders and Mfgs. Mutual Casualty Co.

Motion was made, seconded and carried that the application of E. W. Baumgartner, to repair 40 feet of cement sidewalk on the East side of Mechanic Street from Main Street South, be granted.

Motion was made, seconded and carried that the following Plat to the City of Fort Wayne, Indiana, be approved:

"LULEY'S ADDITION".

The City Engineer now submitted plans, specifications and estimate for the improving of Main Street from the west property line of Union Street to the east property line of Rockhill Street, as more fully set out in Street Improvement Resolution Number 3150, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3150 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Main Street from the west property line of Union Street to the east property line of Rockhill Street, by draining, curbing, grading and paving the roadway to a uniform width of thirty-two (32) feet with Sheet Asphalt, Asphalt Macadam, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3150, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 12th and 19th days of September, 1934, and that Tuesday, the 2nd day of October, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Sidewalk Improvement Resolution Number 3148 - which provides for the construction of cement sidewalks on the east side of Caroline Street from the first alley south of Suttenfield Street to the south line of Lot Number 18 DeWalds Subdivision; - - - THERE WERE NO BIDS SUBMITTED.

The Board then upon motion adjourned.

Harvey E. Crain

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, September 13, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane, Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at 524 West Main Street, be granted.

A petition, providing for the paving of Belle Avenue from the west property line of Fox Avenue to the east property line of the alley west of Fox Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for material only, using F. E. R. A. labor.

Thursday, the 8th day of November, 1934, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3142, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street, the same being TAKEN UNDER ADVISEMENT until Thursday, November 15th, 1934, at 7:30 o'clock P. M., after re-considering the same, motion was made seconded and carried that the confirmation of the assessment roll be TAKEN UNDER FURTHER ADVISEMENT until Thursday, November 22, 1934, at 7:30 o'clock P. M.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department be instructed to pay same: Fourteenth and Final Estimate in favor of Charles R. Wermuth and Son, Inc., Contractor for Contract No. 14, for the construction of the Anthony Boulevard Dam and Pumping Station, in the amount of $2,895.74; also the balance of the engineering fee due Hoad, Decker, Shoecraft and Drury on Contract No. 14, in the amount of $500.00; also the balance of the engineering fee due Hoad, Decker, Shoecraft and Drury on Contract No. 17, The James Leffel and Company, Contractor for the Water Wheel, in the amount of $244.25.

Motion was made, seconded and carried that the Purchase Order to The Babcock & Wilcox Company, for equipment in connection with the improvements at the City Light and Power Works be approved, as follows:

Furnish, deliver and erect additional elements in the existing three superheaters in the three Babcock & Wilcox boilers at the City Light and Power Works, so that the superheaters with the additional elements will produce a total steam temperature of 700° Fahr. at 250% rating, for an ultimate pressure at the superheater outlet of 385# per square inch, all as given on pages 7 and 8 of the proposal attached to the original contract for the boilers, all in accordance with your proposal dated October 12, 1934, at a price for the three boilers of $7,062.00.

Replace the flat baffle tiles and furnish, deliver and install the necessary Babcock & Wilcox baffle mix on upper portion of tubes 98 and 100 for the three boilers, in accordance with your proposal dated October 12, 1934, at a price for the three boilers of ----------------------- $235.00

Furnish, deliver and install new springs for the saturated and superheater safety valves for the three boilers, as occasioned by the change in pressure from 200 lbs. at the superheater outlet to 385 lbs. at the superheater outlet, in accordance with your proposal dated October 12, 1934, at a price for the three boilers of $135.00

Motion was made, seconded and carried that the Purchase Order to the Ingersoll-Rand Company, Cleveland, Ohio, for equipment in connection with improvements at the City Light and Power Works be approved, as follows:

Furnish f.o.b. Phillipsburg, N. J., four (4) part #3 bronze impellers, including four (4) part #4 bronze impeller rings and four (4) part #56 bronze diffusers, required for changing two #4 H.S.T. 5 stage pumps, serial Nos. 57320 and 57314, from the present total head of 800' to the desired head of 1300' of water, in accordance with your quotation of October 19, 1934 ------------------------ $508.00

If, upon opening up the pump casings, the following additional parts are required, they are to be furnished in accordance with the following schedule:

Part #6	- Casing ring ---------- -- -- --	$6.75 each
Part #57	- Intermdeiate Sleeve -----------	3.50 each
Part #170	- Casing Gasket -----------------	2.00 each
Part #243	- Balancing sleeve gasket -------	.55 each
Part #64	- Stuffing box packing ----------	.75 each

It is understood you will furnish a competent engineer to supervise the dismantling and installation of the new parts at a charge of $15.00 per day plus traveling and living expenses. The Board of Public Works will notify you when such engineer is required.

Motion was made, seconded and carried that the Purchase Order to the Bailey Meter Company, Cleveland, Ohio, for equipment in connection with improvements at the City Light and Power Works be approved, as follows:

Furnish f.o. b. Cleveland, Ohio, three 8" Monel metal flow meter orifices designed for a capacity of 100,000 lbs. per hour at 385# pressure, 700° Fahr., and three name plates marked with the proper constants for the new conditions, in accordance with your proposal of October 29, 1934 --------------------(Net) $ 66.00

Motion was made, seconded and carried that the Purchase Order to the General Electric Company, Fort Wayne, Indiana, for equipment in connection with the improvements at the City Light and Power Works be approved, as follows:

Furnish and install one first stage nozzle and new valve parts for the D-53, 100 K.W. turbine #40026, driving exciter set, and install new governor weights on the D-54, 250 K.W. turbine #40196, driving the boiler feed pump, to adapt these turbines for operation at 375# gage steam pressure at 700° Fahr. total temperature, in accordance with your quotation of November 7, 1934 (Net) $325.00

Furnish and install in the 7500 K.W. turbo-generator an oil trip emergency governor, in accordance with your quotation of Nov. 7, 1934 (Net) $345.00.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the following resolution be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3151 - 1934.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Belle Avenue from the west property line of Fox Avenue to the east property line of the alley west of Fox Avenue, by draining, curbing, grading and paving the roadway to a uniform width of twenty-two (22) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3151, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 21st and 28th days of November, 1934, and that Tuesday, the 11th day of December, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

John [illegible]

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, November 22, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A petition, providing for the installation of a light in the alley between Berry Street and Main Street from Fairfield Avenue to Fulton Street, was received. Motion was made, seconded and carried that the City Light Construction Department be instructed to install said light.

Motion was made, seconded and carried that the City Light Construction Department be instructed to install a street light at the corner of Superior Street and Lafayette Street.

The City Engineer now submitted plans and specifications for the relocation of Washington Road from the east right-of-way line of the Grand Rapids and Indiana Railroad to the west right-of-way line of the Grand Rapids and Indiana Railroad, as more fully set out in Declaratory Resolution No. 668 - 1934, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 668 - 1934.

For the relocation of Washington Road from the east right-of-way line of the Grand Rapids and Indiana Railroad to the west right-of-way line of the Grand Rapids and Indiana Railroad.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary and advisable to relocate Washington Road from the east right-of-way line of the Grand Rapids and Indiana Railroad to the west right-of-way line of the Grand Rapids and Indiana Railroad.

For the vacation of a portion of Washington Road described as follows:

Commencing at a point in the east right-of-way line of the Grand Rapids and Indiana Railroad which is two hundred forty (240) feet north of and at right angles to the north right of way line of the Pennsylvania Railroad; thence northwesterly following the said east right-of-way line of the Grand Rapids and Indiana Railroad a distance of one hundred seventeen and one tenth (117.1) feet to a point which is three hundred twenty (320) feet north of and at right angles to the north right-of-way line of the Pennsylvania Railroad; thence westerly and parallel to said north right-of-way line of the Pennsylvania Railroad a distance of two hundred fifty-six (256) feet, more or less, to the west right-of-way line of the Grand Rapids and Indiana Railroad; thence in a southerly direction following the said west line of the Grand Rapids and Indiana Railroad right-of-way a distance of sixty and three tenths (60.3) feet; thence at an angle to the left 60° 20' a distance of one hundred ninety-four (194) feet, more or less, to a point which is two hundred forty (240) feet north of and at right angles to the north right-of-way line of the Pennsylvania Railroad; thence in an easterly direction and parallel to the said north right-of-way line of said Pennsylvania Railroad a distance of one hundred twenty-three (123) feet, more or less, to the place of beginning.

For the opening of a tract of ground for street purposes described as follows:

Commencing at a point in the west right-of-way line of the Grand Rapids and Indiana Railroad which is two hundred fifty-nine and sixty-five hundredths (259.65) feet north of the north right-of-way line of the Pennsylvania Railroad measured along said west right-of-way line; thence south a distance of sixty-five and six tenths (65.6) feet; thence at an angle to the left 60° 20' a distance of four hundred ninety-one (491) feet, more or less, to the east right-of-way line of the Grand Rapids and Indiana Railroad; thence northwesterly on said east right-of-way line of said Grand Rapids and Indiana Railroad a distance of two hundred eight and sixty-five hundredths (208.65) feet; thence westerly a distance of one hundred forty-eight (148) feet to a point which is two hundred forty (240) feet north of and at right angles to the north right-of-way line of the Pennsylvania Railroad; thence westerly and parallel to said north right-of-way line of the Pennsylvania Railroad a distance of one hundred eighty-two (182) feet to the place of beginning.

All as shown by a plan of such proposed street relocation as above described now on file in the office of the Department of Public Works of said City.

The property which may be injuriously or beneficially affected by the relocation of said Washington Road is identical to the tracts of land herein described.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations" approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5%) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and tracts and parcels of land affected by the above described relocation lying within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 668, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th day of November and the 1st day of December, 1934, and that Thursday, the 13th day of December, 1934, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Thursday, the 8th day of November, 1934, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3142, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of Simons Street, the same being TAKEN UNDER ADVISEMENT until Thursday, November 15th, 1934, at 7:30 o'clock P. M., and again TAKEN UNDER ADVISEMENT until Thursday, November 22nd, 1934, at 7:30 o'clock P. M. after re-considering the same, motion was made, seconded and carried that the matter of the confirmation of the assessment roll be TAKEN UNDER FURTHER ADVISEMENT.

The Board then upon motion took a recess until 10:00 o'clock Friday, November 23, 1934.

-- oOo --

The Board re-convened Friday, November 23, 1934, at 10:00 o'clock A. M. and proceeded as follows:

Motion was made, seconded and carried that the release of the claim filed in duplicate by the National Mill Supply Company, against the City of Fort Wayne and the Hipskind, Heating and Plumbing Company for balance due on goods, wares and merchandise sold and delivered to the City Light and Power Plant under the Hipskind Heating and Plumbing Company contract, in the amount of $2,180.60 and the acknowledgment in full for this amount, be placed on file.

Motion was made, seconded and carried that the release of the claim filed in duplicate by the P & H Supply Company, against the City of Fort Wayne and the Hipskind Heating and Plumbing Company, for balance due on goods, wares and merchandise sold and delivered to the City Light and Power Plant under the Hipskind Heating and Plumbing Company contract, in the amount of $1,200.21 and the acknowledgment in full for this amount, be placed on file.

Motion was made, seconded and carried that the Purchase Order to the Hipskind Heating and Plumbing Company, in connection with their contract at the City Light & Power Plant for temporary work in connection with their contract, in the total amount not to exceed $300.00, be approved.

Motion was made, seconded and carried that the City Light Department be instructed to pay the Hipskind Heating & Plumbing Company, the amount of $2,164.29, being the balance due on contract, except the amount retained of $3,635.71, the same being equivalent to the claim filed against the Hipskind Heating & Plumbing Company, by the George B. Limbert and Company, Chicago, Illinois, for balance due on materials furnished on the Hipskind Heating and Plumbing Company contract at the City Light and Power Plant.

Motion was made, seconded and carried that the City Light Department be instructed to pay the Hipskind Heating and Plumbing Company, the amount of $245.80 for extra work in connection with their contract.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Walt J. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, November 27, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A petition, providing for the installation of a street light on Wheeler Street at the intersection of the G. R. & I Railroad, was received. Motion was made, seconded and carried that the City Light Department be instructed to install said light.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between Wayne Street and Berry Street from Rockhill Street to College Street.

A petition, providing for the relaying of the brick alley, where needed between Berry Street and Wayne Street from Harrison Street to Webster Street, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for a check-up and report.

The City Engineer now submitted plans and specifications for the condemnation for street purposes Lots Numbered 5, 6, 7, 8, 1, 2 and the west five (5) feet of Lot Number 3 D. N. Foster's Three Rivers Industrial Addition; also, the west sixty (60) feet of the north seventy-five (75) feet of that part of Military Reserve lying east of Clay Street and south of Columbia Street; also, Lots Numbered 4, 5, 6, 7, 8, 9 and 10 Taber's Addition; also, a portion of Lot Number 23 Taber's Addition, described as follows: Commencing at a point in the west line of Monroe Street fifteen (15) feet south of the south line of Berry Street; thence north along the west line of Monroe Street fifteen (15) feet to the south line of Berry Street; thence west along the south line of Berry Street a distance of thirty (30) feet; thence southeasterly on a straight line to the place of beginning. Also, Lots Numbered 1, 2 and 3 Moran's Subdivision of Taber's Addition; also, Lot Number 5 and a portion of Lots Numbered 1, 2 and 3 Taylor's Subdivision of Lots Numbered 386 and 387 Hanna's Addition, described as follows: Commencing at a point in the west line of Hanna Street ninety-seven (97) feet north of the north line of Wayne Street; thence north along the west line of Hanna Street fifty (50) feet to the south line of the alley north of Wayne Street; thence west along the south line of the alley north of Wayne Street to the west line of Lot Number 3 Taylor's Subdivision; thence southeasterly on a straight line to the place of beginning. Also, that portion of vacated Canal Street extending from Clay Street to Hanna Street; also, the vacated alley east of Monroe Street extending from vacated Canal Street to the alley south; also, a portion of Lots Numbered 367, 368, 370 and 371 Hanna's Addition, described as follows: Commencing at a point in the east line of Hanna Street ninety-two (92) feet north of the north line of Wayne Street; thence northeasterly on a straight line to a point in the west line of the alley east of Hanna Street one hundred fifty (150) feet north of the north line of Wayne Street; thence north along said west line of said alley east of Hanna Street to the south line of the alley north of Wayne Street; thence westerly along the south line of the alley north of Wayne Street to the east line of Hanna Street; thence south along the east line of Hanna Street to the place of beginning. Also, Lots Numbered 372, 373 and 374 Hanna's Addition. Also, a portion of Lot Number 375 Hanna's Addition, described as follows: Commencing at the northwest corner of said lot; thence south along the west line of said lot a distance of twenty (20) feet; thence in a northeasterly direction on a straight line to the northeast corner of said lot; thence west along the north line of said lot to the northwest corner, the place of beginning, as more fully set out in Declaratory Resolution Number 669, which plans and specifications were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 669 - 1934.

For the condemnation for street purposes Lots Numbered 5, 6, 7, 8, 1, 2 and the west five (5) feet of Lot Number 3 D. N. Foster's Three Rivers Industrial Addition; also, the west sixty (60) feet of the north seventy-five (75) feet of that part of Military Reserve lying east of Clay Street and south of Columbia Street; also, Lots Numbered 4, 5, 6, 7, 8, 9 and 10 Taber's Addition; also, a portion of Lot Number 23 Taber's Addition, described as follows: Commencing at a point in the west line of Monroe Street fifteen (15) feet south of the south line of Berry Street; thence north along the west line of Monroe Street fifteen (15) feet to the south line of Berry Street; thence west along the south line of Berry Street a distance of thirty (30) feet; thence southeasterly on a straight line to the place of beginning. Also Lots Numbered 1, 2 and 3 Moran's Subdivision of Taber's Addition; also, Lot Number 5 and a portion of Lots Numbered 1, 2 and 3 Taylor's Subdivision of Lots Numbered 386 and 387 Hanna's Addition, described as follows: Commencing at a point in the west line of Hanna Street ninety-seven (97) feet north of the north line of Wayne Street; thence north along the west line of Hanna Street fifty (50) feet to the south line of the alley north of Wayne Street; thence west along the south line of the alley north of Wayne Street to the west line of Lot Number 3 Taylor's Subdivision; thence southeasterly on a straight line to the place of beginning. Also, that portion of vacated Canal Street extending from Clay Street to Hanna Street; also, the vacated alley east of Monroe Street extending from vacated Canal Street to the alley south; also, a portion of Lots Numbered 367, 368, 369, 370 and 371 Hanna's Addition, described as follows: Commencing at a point in the east line of Hanna Street ninety-two (92) feet north of the north line of Wayne Street; thence northeasterly on a straight line to a point in the west line of the alley east of Hanna Street one hundred fifty (150) feet north of the north line of Wayne Street; thence north along said west line of said alley east of Hanna Street to the south line of the alley north of Wayne Street; thence westerly along the south line of the alley north of Wayne Street to the east line of Hanna Street; thence south along the east line of Hanna Street to the place of beginning. Also, Lots Numbered 372, 373 and 374 Hanna's Addition. Also, a portion of Lot Number 375 Hanna's Addition, describe as follows: Commencing at the northwest corner of said lot; thence south along the west line of said lot a distance of twenty (20) feet; thence in a northeasterly direction on a straight line to the northeast corner of said lot; thence west along the north line of said lot to the northwest corner, the place of beginning.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn and appropriate for street purposes Lots Numbered 5, 6, 7, 8, 1, 2 and the west five (5) feet of Lot Number 3 D. N. Foster's Three Rivers Industrial Addition; also, the west sixty (60) feet of the north seventy-five (75) feet of that part of Military Reserve lying east of Clay Street and south of Columbia Street; also, Lots Numbered 4, 5, 6, 7, 8, 9 and 10 Taber's Addition; also, a portion of Lot Number 23 Taber's Addition, described as follows: Commencing at a point in the west line of Monroe Street fifteen (15) feet south of the south line of Berry Street; thence north along the west line of Monroe Street fifteen (15) feet to the south line of Berry Street; thence west along the south line of Berry Street a distance of thirty (30) feet; thence southeasterly on a straight line to the place of beginning. Also, Lots Numbered 1, 2 and 3 Moran's Subdivision of Taber's Addition; also, Lot Number 5 and a portion of Lots Numbered 1, 2 and 3 Taylor's Subdivision of Lots Numbered 386 and 387 Hanna's Addition, described as follows: Commencing at a point in the west line of Hanna Street ninety-seven (97) feet north of the north line of Wayne Street; thence north along the west line of Hanna Street fifty (50) feet to the south line of the alley north of Wayne Street; thence west along the south line of the alley north of Wayne Street to the west line of Lot Number 3 Taylor's Subdivision; thence southeasterly on a straight line to the place of beginning. Also, that portion of vacated Canal Street extending from Clay Street to Hanna Street; also, the vacated alley east of Monroe Street extending from vacated Canal Street to the alley south; also, a portion of Lots Numbered 367, 368, 369, 370 and 371 Hanna's Addition, described as follows: Commencing at a point in the east line of Hanna Street ninety-two (92) feet north of the north line of Wayne Street; thence northeasterly on a straight line to a point in the west line of the alley east of Hanna Street one hundred fifty (150) feet north of the north line of Wayne Street; thence north along said west line of said alley east of Hanna Street to the south line of the alley north of Wayne Street; thence westerly along the south line of the alley north of Wayne Street to the east line of Hanna Street; thence south along the east line of Hanna Street to the place of beginning. Also, Lots Numbered 372, 373 and 374 Hanna's Addition; also a portion of Lot Number 375 Hanna's Addition, described as follows: Commencing at the northwest corner of said lot; thence south along the west line of said lot a distance of twenty (20) feet; thence in a northeasterly direction on a straight line to the northeast corner of said lot; thence west along the north line of said lot to the northwest corner thereof, the place of beginning.

All as shown by a plan of such proposed condemnation as above described now on file in the office of the Department of Public Works of said City.

The property which may be injuriously or beneficially affected by the proposed condemnation for street purposes as above described, is described as all lots and lands lying withinthe corporate limits of the City of Fort Wayne, Indiana.

All according to the method and manner provided for in a Act of the General Assembly of the State of Indiana, entitiled, "An Act Concerning Municipal Corporations, "approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said entitled act and all amendments thereto and supplements thereof.

All of said streets and alleys and lots and lands affected by the above described condemnation being situated within the corporate limits of the City of Fort Wayne, Indiana.

The Board then upon motion took a recess until 3:00 o'clock P. M., Tuesday, November 27, 1934.

-- oOo --

The Board re-convened Tuesday, November 27, 1934, at 3:00 o'clock P. M., and proceeded as follows:

Motion was made, seconded and carried that a communication be sent to the City Controller, Julian F. Franke, requesting an appropriation of $8300.00 for the purchase of Lot 53 and the North 65 feet of Lot 54, Rockhill and Nelson's Addition to the City of Fort Wayne, located at the Southeast corner of Jefferson Street and Garden Street, in connection with Road 24 improvement.

Motion was made, seconded and carried that Notice to Public and Publishers, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 28th day of November and the 5th day of December, 1934, that bids will be received and opened at 10:00 o'clock A. M., Tuesday, December 18th, 1934, for the printing of the PROCEEDINGS OF THE COMMON COUNCIL FOR THE YEAR 1935, all in accordance with Section 10283 of Burns Annotated Indiana Statutes.

The Board then upon motion adjourned.

HELEN SHEETS
SECRETARY PRO TEM.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 6, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, November 27th and Tuesday, December 4th, 1934, stand approved, as read.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements be granted: 124 East Berry Street; corner of Berry Street and Harrison Street; 1027 Broadway; 3124 South Clinton Street; 630 South Harrison Street; 702 Kinnaird Avenue; 306 West Lewis Street; 212 West Washington Boulevard.

Motion was made, seconded and carried that the following communication from the American Engineering Company, be made a matter of record:

"In consideration of your arrangement to make final payment under our contract for furnishing Taylor Stokers to your Board at this time we hereby agree that the guarantee period for the Hele-Shaw transmission units included in this equipment shall be extended for one year from November fifteenth, 1934. This guarnatee provides for the replacement without cost to you f.o.b. our works at Philadelphia of any parts requiring replacement due to defects in workmanship or material".

Yours truly,

AMERICAN ENGINEERING COMPANY,

(SIGNED) BY C. L. CUSHMORE
TREASURER

Motion was made, seconded and carried that the Order for Extra Work issued by the Froehlich & Emery Engineering Company to Charles R. Wermuth and Son, Inc., Contractor, for the furnishing of labor and materials necessary for the construction of three stoker drive foundations and one top heater foundation, for alterations of the turbine room building in connection with the improvements at the City Light & Power Works, in the amount of $246.90 be approved.

Motion was made, seconded and carried that the Order for Extra Work issued by the Froehlich & Emery Engineering Company to Charles R. Wermuth and Son, Inc., Contractor, for the furnishing of labor and materials to construct additional sidewalk and to make changes in the first floor slab, for the alterations of the turbine room building, in connection with the improvements at the City Light & PowerWorks, in the amount of $114.79 be approved.

Motion was made, seconded and carried that the following Order for Extra Work issued by the Froehlich & Emery Engineering Company to the General Electric Company, Contractor, in connection with the improvements at the City Light & Power Works, in the amount of $565.50 be approved:

Item No. 1
Furnish, install and connect three additional 3-conductor, #10, temperature indicating cables in 1½" galvanized conduit, as an addition to Circuit No. 3, page 49 of the specifications. This addition is required as we deem it advisable to have six, rather than three, generator temperature indications at the switchboard.

Item No. 2

Furnish, install and connect three additional generator temperature indicating jacks on Panel #5 of Item No. 1-A, page 42 of the specifications, for the same reasons as outlined for Item No. 1 herein.

Item No. 3

Furnish and install 40 disconnect switch barriers 18" x 29" x 1/2" thick, with necessary fittings on house service switchgear, removing 40 disconnect switch barriers 18" x 20" x 1/2" thick. The removed barriers are to be the property of the General Electric Company and a credit is taken herein for the return of these barriers. It is understood that the General Electric Company is to replace the bus supports and copper connections in Bays #1 to #5 inclusive, to make them match the new work, without charge to the City. The removed materials are to be the property of the General Electric Company.

Item No. 4

Furnish and install in Power Distribution Cabinet No. 6 one 200 amp. 3 pole, carbon breaker, instead of one 100 amp., 3 pole, carbon breaker, Note that credit is taken for the 100 amp. breaker which is not to be furnished, and

Whereas, such construction requires additional labor and materials over and above that included in your contract for Division No. 1

Item No. 1 - 1-A, Switchboard.
1-B, Cell Structures
1-C, Wiring

Item No. 2 - 2-A, Circulating Pump Motor Controller (2300 volt)
2-B, 440 Volt Motor Starters

Item No. 3 - Power Distribution Cabinet No. 6

Item No. 4 - Lighting Transformers.

Motion was made, seconded and carried that the following Order for Extra Work issued by the Froehlich & Emery Engineering Company to Hatzel & Buehler, Inc., Contractor, in connection with the improvements at the City Light & Power Works, in the amount of $915.22, be approved:

Item No. 1

Furnishing and installing main bus and connection insulation for Bays Nos. 1 to 5 inclusive of the power plant house service switchgear, including the furnishing and installation of new varnished cambric insulated, weatherproof braided cable connections from oil circuit breakers to cable potheads.

Bushings, studs, bus bar clamps, etc., are to be smoothly finished with 3/8" round asbestos wicking, or G.E. Co. #831 compound with fibre cones at oil circuit breaker studs and are then to be insulated with ten tapings, one half lapped, of bias cut, .012" thick, varnished cambric tape, bound with one taping, one-half lapped, of 1" wide, non-elastic webbing and finished with two coats of grey flameproof insulating paint.

Item No. 2

Furnishing, installing and connecting on battery panel one two-pole, 50 ampere, 250 volt, General Electric Co., type AF1 breaker for operating circuit No. 3 of Item 4C, page 68 of the specifications.

Item No. 3

Furnishing, installing and connecting two #12, 30% D.B.R.C. conductors in 3/4" galvanized conduit from the starter for the turning gear motor (#46) to the oil pressure switch in the turbine bearing oil lines. This circuit is to be connected as an interlock on the turning gear motor, to prevent its operation unless oil pressure is on the turbine bearings.

Item No. 4

Furnishing, installing and connecting a circuit from a 100 ampere carbon breaker in power cabinet #6 to the distribution center for motors Nos. 1, 2, 3, 40, 41, 42 and 43. This circuit shall consist of 3 No. 1, 30%, D.B.L.C. conductors in 2" galvanized conduit installed beneath the basement floor in the switchbay of the power plant.

Note that the existing circuit from the breaker in the cable room to this load center is to remain intact as a standby circuit, and a credit is taken herein for the work covered in the specifications for this circuit.

Item No. 5

Furnishing, f.o.b. Pittsburgh, Penna., one solid, cast, statuary bronze tablet, 24" wide, 36" high, with Jas. H. Matthews & Company border design, "Rennaissance 355". The raised flat surface of the lettering shall be polished to a rich golden bronze. Each individual character shall be carefully hand tooled and chased to perfect contour and clean-cut relief. The ornamental border shall be softly high lighted and shadowed in attractive relief. The design shall be in accordance with Jas. H. Matthews & Company's drawing.

Item No. 6

Furnishing necessary labor and materials required to increase depth of manhole No. 1 eighteen inches from that shown on The Froehlich & Emery Engineering Company's plans and specifications, made necessary by an unforseen interference of existing duct lines north of manhole No. 1.

Furnishing necessary labor and materials required to increase depth of ducts between manholes Nos. 1 and 2 and between manhole No. 1 and the first bent north of manhole No. 1, made necessary by an unforseen interference of existing duct banks north of manhole No. 1 and the lowering of manhole No. 1, which this interference made necessary.

Additional materials and labor required are as follows:

15 cu. yds. excavation	$4.00 cu. yd.
143 " " backfill	1.00 cy. yd.
250 bricks in manhole necks	70.00 M.

Item No. 7

Furnishing necessary labor and materials to reroute and rebuild a 6" power plant roof drain that interfered with the duct bank construction north of manhole No. 1, and,

Whereas, such construction requires additional labor and materials, over and above that included in your contract for Division No. 2 -

Item No. 1 - Underground Duch and Manhole System.
Item No. 2 - 13,800 Volt Circuits.
Item No. 3 - 2400 Volt Circuits.
Item No. 4 - 4-A, 440 Volt motor circuits.
  4-B, Field Circuits.
  4-C, Operating Circuits.
  4-D, Grounding.
Item No. 5 - Building Lighting Circuits.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company be approved and that the City Light & Power Works be instructed to pay same: Estimate of the American Engineering Company in the amount of $1,971.50; estimate of the General Electric Company in the amount of $4,086.70; estimate of the Industrial Piping and Engineering Company in the amount of $1,755.25; estimate of Charles R. Wermuth and Son, In in the amount of $114.79; also estimate of Charles R. Wermuth and Son, Inc., in th amount of $246.90; estimate of Hatzel and Buehler, Inc., in the amount of $2,791.2 also estimate of Hatzel and Buehler, Inc., in the amount of $307.22 covering Items 2-3-4-6 of Extra Work Order No. 1.

The Board then upon motion adjourned.

Harvey E. Crane
BOARD OF PUBLIC WORKS.

ATTEST:
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, December 11, 1934,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report from the Building Department for the month of November, 1934, be placed on file.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

John B. Ankerbruck & Son,	signed by the Builders and Mfgs. Mutual Casualty Co.
Ehle Brothers,	signed by the Builders and Mfgs. Mutual Casualty Co.
The Electric Shop,	signed by the Hartford Accident and Indemnity Co.
Henry J. Hoffman,	signed by the Builders and Mfgs. Mutual Casualty Co.
Max Irmscher & Sons,	signed by the Builders and Mfgs. Mutual Casualty Co.
The Kruse Electric Company,	signed by the London & Lancashire Indemnity Company;
George Kronmiller & Son,	signed by the Builders and Mfgs. Mutual Casualty Co.
August C. Lampke,	signed by the Standard Accident Insurance Company;
Henry N. Leykauf & Sons,	signed by the Globe Indemnity Company;
Charles B. Rundell,	signed by the Builders and Mfgs. Mutual Casualty Co.;
Sheets Construction Co. Inc.,	signed by the Builders and Mfgs. Mutual Casualty Co.;
Albert Weinmann,	signed by the Builders and Mfgs. Mutual Casualty Co.;
Clarence L. Schust,	signed by the Standard Accident Insurance Company;
Henry Yobst,	signed by the London & Lancashire Indemnit Company.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the closing of Catalpa Street across the Pennsylvania right-of-way.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the condemnation for street purposes, the North 65 feet of Lot No. 54 Rockhill and Nelson's Addition to the City of Fort Wayne, at the Southeast corner of Jefferson Street and Garden Street.

Motion was made, seconded and carried that the purchase of Lot No. 53, Rockhill and Nelson's Addition to the City of Fort Wayne, for street purposes in the amouht of $2300.00, be approved.

Motion was made, seconded and carried that the estimate from the Froehlic & Emery Engineering Company, in favor of the American Engineering Company in the amount of $554.23, be approved and that the City Light & Power Works be instructed to pay same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resoltuion Number 3151, which provides for the improving of Belle Avenue from Fox Avenue to the alley west of Fox Avenue; after hearing all persons interested who appeared; and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution asoriginally adopted, the same being confirmd without modification; a number of property owners having appeared voicing themselves against the improvement, however no remonstrance being filed, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Monday, the 24th day of December, 1934, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

Thursday, the 8th day of November, 1934, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3142, which provides for the improving of Anthony Boulevard from the Maumee River to the north property line of the alley south of [illegible] Street, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there having appeared no objections or remonstrances of any nature whatsoever, the same being TAKEN UNDER ADVISEMENT until Thursday, November 15th, 1934, at 7:30 o'clock P. M., and again TAKEN UNDER ADVISEMENT until Thursday, November 22nd, 1934, at 7:30 o'clock P. M., and again TAKEN UNDER FURTHER ADVISEMENT; after re-considering the same, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

David Erwin
Harvey E. Crane
BOARD OF PUBLIC WORKS.

ATTEST: SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Thursday, December 13, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved and that the City Light & Power Works be instructed to pay same: Estimate of the General Electric Company in the amount of $565.50; also estimate of the General Electric Company in the amount of $5,350.00.

Motion was made, seconded and carried that the City Light and Power Works be instructed to pay the Froehlich & Emery Engineering Company, the estimates due as follows: Balance due on boiler contract in connection with the improvements at the City Light Plant in the amount of $144.78; amount due on 15,000 K.W. turbine contract the amount of $3,247.63; for engineering service in connection with underground system at Anthony Boulevard pumping station, the amount of $208.24.

The City Engineer now submitted plans and specifications for the following public improvements, which plans and specifications were upon motion approved:

For the condemnation for street purposes the north sixty-five (65) feet of Lot Number 54 Rockhill and Nelson's Addition, as more fully set out in Declaratory Resolution Number 670.

For the vacation of Catalpa Street from the north right-of-way line of the Pennsylvania Railroad to the south right-of-way line of the Pennsylvania Railroad, as more fully set out in Declaratory Resolution Number 671.

Motion was then made, seconded and carried that the following resolutions, be adopted:

DECLARATORY RESOLUTION NUMBER 670 - 1934.

For the condemnation for street purposes the north sixty-five (65) feet of Lot Number 54 Rockhill and Nelson's Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn and appropriate for street purposes the north sixty-five (65) feet of Lot Number 54 Rockhill and Nelson's Addition.

All as shown by a plan of such proposed condemnation as above described now on file in the office of the Board of Public Works of said City.

The property which may be injuriously or beneficially affected by the proposed condemnation for street purposes is described as being the north sixty-five (65) feet of Lot Number 54 Rockhill and Nelson's Addition.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, "approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate of certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for insaid above entitled act and all amendments thereto and supplements thereof.

The above described property being situated in the Northeast Quarter of Section 10, Township 30 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Indiana.

DECLARATORY RESOLUTION NUMBER 671 - 1934.

For the vacation of Catalpa Street from the north right-of-way line of the Pennsylvania Railroad to the south right-of-way line of the Pennsylvania Railroad.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to vacate that portion of Catalpa Street from the north right-of-way line of the Pennsylvania Railroad to the south right-of-way line of the Pennsylvania Railroad.

All as shown by a plan of such proposed vacation as above described now on file in the office of the Board of Public Works of said City.

The property which may be injuriously or beneficially affected by the vacation of Catalpa Street is identical to the tract of land above described.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

The above described street and lands affected by the above described street vacation being situated in the Northeast Quarter of Section 9, Township 30 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolutions Numbered 670 and 671, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 15th and 22nd days of December 1934, and that Thursday, the 10th day of January, 1935, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 668, which provides for the relocation of Washington Road from the east right-of-way line of the Grand Rapids and Indiana Railroad to the west right-of-way line of the Grand Rapids and Indiana Railroad; motion was made, seconded and carried that the confirmation of the resolution be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the following petition to the Public Service Commission of the State of Indiana, be approved:

BEFORE THE PUBLIC SERVICE COMMISSION)
OF THE STATE OF INDIANA. :
)

PETITION OF THE CITY OF FORT WAYNE)
TO LOWER RATES OF CITY LIGHT AND :
POWER WORKS.)

The City of Fort Wayne shows to the Public Service Commission that it owns, operates and maintains an electric light and power works consisting of a plant for the production and distribution of electricity for the lighting of the streets of the City of Fort Wayne, and for homes, industries, public buildings, business and commercial places, and also furnishing power and heat for domestic, industrial and commercial uses.

That said plant and works is under the jurisdiction, control and management of the Board of Public Works.

That improvements have been made on said Electric Light and Power Works, and the distribution system within the last ten years to the extent of approximately One Million Dollars. That said improvements have been or will be paid or nearly so before January 1, 1935.

That the gross earnings of the plant for the year 1934 were $1,037,195.27. That the gross earnings for the year 1935 will be approximately $1,161,658.00. That of these earnings there should be set aside a fund of $120,000.00 in a Depreciation Fuhd. That the estimated net earning for 1935 will be $434,254.24. That the net earnings for the year 1934 have been paid for improvements at the plant. That said plant can be maintained in a proper and efficient operating condition by reducing the rate in first block from five cents to four cents per kw. hr. for residential lighting and in second block from four cents per kw. hr. to three and one-half cents per kw. hr., and the same reductions in the schedule for commercial lighting. That a financial statement of the City Light and Power Works owned and operated by the City of Fort Wayne is attached hereto and made a part hereof and marked "Exhibit B". That the City Light and Power Works of the City of Fort Wayne can furnish reasonably adequate services and facilities at a rate as set out above. That this rate will be reasonable and adequate to maintain said plant, pay operating expenses and reserve a sufficient fund for depreciation.

That a complete schedule of the rates and rules which the undersigned desire to have the Public Service Commission aprove is hereto attached and marked "Exhibit A."

WHEREFORE, the undersigned, Mayor and Board of Public Works of the City of Fort Wayne ask that the rate of the City Light and Power Works of the City of

Fort Wayne, Indiana, be modified and changed as provided in schedules in "Exhibit A" attached hereto and made a part hereof, and that the same go in effect for all billings on and after January 1, 1935.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 20, 1934,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, Harvey E. Crane,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Thursday, December 13th and the meeting of Tuesday, December 18th, 1934, stand approved,as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements be granted: Corner of Francis Street and Hugh Street; corner of Hayden Street and Francis Street.

Motion was made, seconded and carried that the application of Ellison L. Meier, to make a cut into the curbing to a width of 13 ft. and to construct a driveway to a width of 9 ft. at 1709 Pemberton Drive, be granted.

Motion was made, seconded and carried that the following estimate from the Froehlich & Emery Engineering Company in favor of Hatzel and Buehler, Inc., in the amount of $108.00 for furnishing one solid, cast, statuary bronze tablet 24" wide by 36" high with border design Renaissance 355 as manufactured by the James H. Matthews Company in accordance with drawing submitted, be approved and that the City Light & Power Works be instructed to pay same.

Motion was made, seconded and carried that the City Light Construction Department be instructed to install the following lights:

Street light at the corner of Franklin Street and High Street;
Street light at the corner of Ferguson Street and Kentucky Avenue.

THE BROOKS CONSTRUCTION COMPANY reported the work completed under Street Improvement Resolution Number 3144-1934, which provides for the improving of Harrison Street from Wayne Street to Superior Street. Motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the Annual Purchase Agreement, covering Watthour Meters from December 1, 1934 to December 1, 1935, also Distribution Transformers from the same period of time, between the Board of Public Works and the General Electric Company, be approved.

Thursday, the 13th day of December, 1934, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Declaratory Resolution Number 668, which provides for the relocation of Washington Road from the east right-of-way line of the Grand Rapids and Indiana Railroad to the west right-of-way line of the Grand Rapids and Indiana Railroad; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the proposal submitted by the Michigan Mutual Liability Company, covering fleet automobile insurance be placed on file.

A communication from John H. Scott, Street Commissioner, relative to ice which collects at the Pennsylvania elevation on Broadway, Wabash elevation on Lafayette Street and the Pennsylvania elevation on Anthony Boulevard, was received. Motion was made, seconded and carried that the same be placed on file and that a communication be sent to the Wabash and Pennsylvania Railroad Companies, with reference to same.

Motion was made, seconded and carried that the opinion submitted by Walter E. Helmke, City Attorney, relative to the affidavit executed by Ulysses L. Bowman, be placed on file and that further investigation be made with reference to the matter and in event, sufficient evidence be found that Mr. Bowman was authorized by David Erwin, a member of the former Board of Public Works, to do the work as he sets out in his affidavit, that the same be ordered paid.

Motion was made, seconded and carried that the following bonds be approved:

Edward B. Deininger,	signed by the Columbia Casualty Company;
Derheimer Brothers,	signed by the Royal Indemnity Company of New York;
Hipskind Heating & Plumb. Co.,	signed by the Hartford Accident & Indemnity Company;
Sylvester O. Horstman,	signed by the U. S. Fidelity and Guaranty Company;
Michael Kinder & Sons,	signed by the U. S. Fidelity & Guaranty Company:
Perfection Biscuit Company,	signed by the Hartford Accident and Indemnity Co;
Wayne Knitting Mills,	signed by the Hartford Accident and Indemnity Co;
Joseph A. Weaver,	signed by the Hartford Accident and Indemnity Co;
E. Woebbeking,	signed by the London & Lancashire Indemnity Company.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 668, which provides for the relocation of Washington Road from the east right-of-way line of the Grand Rapids and Indiana Railroad to the west right-of-way line of the Grand Rapids and Indiana Railroad, be and the same is hereby APPROVED and that Thursday, the 14th day of February, 1935, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The City Engineer submitted an assessment roll of benefits and damages for Declaratory Resolution Number 671, which provides for the vacation of Catalpa

Street from the north right-of-way line of the Pennsylvania Railroad to the south right-of-way line of the Pennsylvania Railroad, motion was made, seconded and carried that the same be placed on file.

The Board then upon motion adjourned.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, February 14, 1935,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: Robert G. Beams, A. T. Andersen, John H. Johnson,
Charles F. Hess, Secretary,
Walter E. Helmke, City Attorney.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A petition, providing for the installation of a water main on Perth Street from Pontiac Street to Raymond Street, was received. Motion was made, seconded and carried that the same be referred to the Water Works Construction Department for investigation and report on cost.

Motion was made, seconded and carried that the City Light Department be instructed to install a street light at the corner of Clermont Avenue and Tacoma Avenue.

A report was received from John H. Scott, Street Commissioner, stating that the alley at the rear of 315 Kinnaird Avenue is about 1 foot higher than at the rear of 327 Kinnaird Avenue; the alley at the rear of 345 Kinnaird Avenue is about 4 ft. higher than at the rear of 327 Kinnaird; also advising that a catch basin be installed at the rear of 327 Kinnaird Avenue, to take care of the water which collects at this point. Motion was made, seconded and carried that the Board of Works make investigation of same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 668, which provides for the relocation of Washington Road from the east right-of-way line of the Grand Rapids and Indiana Railroad to the west right-of-way line of the Grand Rapids and Indiana Railroad; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3143, which provides for the improving of Columbia Street from the east curb line of Harrison Street to the Maumee River; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each pieceor parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, February 19, 1935,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: Robert G. Beams, A. T. Andersen, John H. Johnson,
Charles F. Hess, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A report was received from L. R. Mathews, Superintendent of the Three Rivers Filtration Plant, stating that the cost for the installation of a 6" Water Main on Perth Street from Pontiac Street to Raymond Street and on Raymond Street from Perth Street to Birchwood Avenue to provide circulation of water will be $1719.23. If ERA labor is used, deduct $675.00 from cost. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the graveling of Elyetta Street from Taylor Street to Middle Street, was received. Motion was made, seconded and carried that the same be referred to the City Street Department.

A petition, providing for the grading of Abbott Street in the 2700 Block was received, the work to be done under an FERA project. Motion was made, seconded and carried that same be referred to the City Street Department.

A petition, providing for the paving of the alley between Arlington Avenue and South Wayne Avenue from Maxine Drive to Clermont Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

The Board then upon motion adjourned.

ATTEST: Chas. F. Hess
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, February 21, 1935,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: A. T. Andersen, John H. Johnson,
Charles F. Hess, Secretary,
Walter E. Helmke, City Attorney.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make a cut into the pavement on Fairfield Avenue, 125 feet south of Hendricks Street, be granted.

Motion was made, seconded and carried that the report from Chauncey R. McAnlis, City Engineer, on the property the City will need to acquire for U. S. Road No. 24 and U. S. Road No. 30 on Maumee Avenue, be placed on file.

Motion was made, seconded and carried that John H. Scott, Street Commissioner, be instructed to re-condition the alley at the rear of 315 to 345 Kinnaird Avenue, in accordance with his report submitted to the Board.

A petition, providing for the cindering of the alley between Nuttman Avenue and Dayton Avenue from Indiana Avenue to Ramsey Avenue, was received. Motion was made, seconded and carried that the same be referred to the Street Department for investigation and report.

A petition, providing for the installation of a water line from the Engle Road to the Sand Point Greenhouses, a distance of 650 feet of which 300 feet is to run on the property of Sand Point Greenhouses and 350 feet to be run on the property of Adolph Schilling, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the paving of Clayton Avenue, from Sherman Boulevard to St. Mary's Avenue, the labor to be done as an ERA project, was received. The same was referred back to Howard Reese, who presented the petition, so that he could get the signatures of property owners owning vacant lots along said street.

In the matter of the petition, providing for the leveling of the grade on Barthold Street from the New York Central Railroad north about 150 feet and the resetting of the pavement to same length.the work to be done as an FERA project, after re-considering the same, Mr. David Byerley, having appeared before the Board with reference to the petition, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT FOR FURTHER INVESTIGATION.

In the matter of the petition, providing for the paving of Bowser Avenue from Baxter Street to McKinnie Avenue, the work to be done as an ERA project, Mr. Kirt Hanke appeared before the Board with reference to the petition, and it was agreed that they get the appraisement of the vacant lots to be assessed for the aforesaid street and report same back to the Board.

The Board then upon motion adjourned.
